WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, commercial houses, etc., for furnishing labor and supplies. Communications from the heads of the departments interested were as follows:

CITY MESSENGER.

BOSTON, August 14, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

For purposes of clarification and in order to rectify an omission in my letter of July 24, 1950, to your Honor, approved July 25, 1950, I should like to amend that communication and respectfully request that you approve the award, without public advertising, of the contract to F. C. Dolan & Sons, Inc., 18 Aldworth street, Jamaica Plain, Mass., in a sum not to exceed \$3,500.

Respectfully,

WILLIAM J. O'DONNELL,
City Messenger.

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, August 30, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

During the month of July, 1950, 44 orders totaling \$1,276.54 were issued to the Modern Blue Print Company to cover blueprinting for this department. During the month of August, 1950, 38 orders totaling \$968.48 were issued to the same company for the same purpose. At the time the orders were placed there was no way to determine the volume of work which would be performed.

That the provisions of chapter 216 of the Acts of 1950 may be complied with, I respectfully request your Honor's approval for the payment of these two accounts to the Modern Blue Print Company, 51 Cornhill, Boston, in the sum of \$2,246.02.

As it is reasonable to assume the volume of business for the remainder of the year may exceed the sum of eight hundred (800) dollars per month and as there is absolutely no way of determining the exact or approximate amounts, I consulted Mr. Charles J. Fox, City Auditor, concerning the problem. Mr. Fox concurred with my suggestion that we invite proposals based on a square foot area unit cost. The proposals received have been forwarded to you in a letter of this date and with your approval future orders will be issued on the basis of predetermined approved unit costs per square foot.

Very truly yours,

JAMES H. MOONEY,
Superintendent of Construction.

HOSPITAL DEPARTMENT.

BOSTON, August 17, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On July 31, 1950, your Honor authorized the purchase of a sterilizer from William Barnstead Engineering Corporation, 39 Sudbury street, Boston, Mass., at a cost of \$1,495.

In order to fully comply with section 30, chapter 486, of the Acts of 1909, as amended, your permission is further requested to dispense with public advertising and to award a contract to William Barnstead Engineering Corporation for furnishing and installing one sterilizer, autoclave steam operated, dressing type, double wall, for Pathological Building, Boston City Hospital, at a cost of \$1,495.

As indicated in the aforementioned letter, informal bids were solicited from three well-known firms who furnish and install such material, and the lowest informal quotation was received from William Barnstead Engineering Corporation.

For your additional information, the sterilizing equipment now being used is very badly worn and in order to insure the continuing operation of such facilities, it is necessary to have this installation completed as quickly as possible.

Respectfully yours,

MARTIN J. ENGLISH, M.D.,
President, Board of Trustees.

PARK DEPARTMENT.

BOSTON, August 23, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Under date of July 25, 1950, the Boston Chapter, Knights of Columbus,

held an outing for underprivileged children from Boston, at the White City Amusement Center in Worcester, Mass. Twelve buses were rented from the Metropolitan Coach Service, Inc., to transport the children from the following institutions:

Daly Industrial School, 111 Train street, Dorchester.

Little Flower Home, Hale street and Gordon avenue, Hyde Park.

Blessed Sacrament Home, 60 Vernon street, Roxbury.

Catholic Children's Home, 788 Harrison avenue, Boston.

Italian Children's Home, 1125 Centre street, Jamaica Plain.

Maryknoll Mission Center, 78 Tyler street, Boston.

St. Joseph's School, 841 Huntington avenue, Boston.

St. Francis' Home, Fulda and Ellis streets, Roxbury.

In the past it has been customary for this department to give outings during the summer months to underprivileged children, and on one occasion a few years ago we paid for the transportation of children from all these orphanages, on a similar outing, from the income of the Randidge Fund. It would appear that this is a proper use of the money, provided the Mayor's approval is obtained, as the money was left with the understanding that it was to be used to provide outings for children who otherwise would not be in a position to have one.

Accordingly, we respectfully request your approval to pay the bill of the Metropolitan Coach Service, Inc., for transportation of these children. The rate is \$50 per bus, or a total amount of \$600, to be charged to the income of the Randidge Trust Fund.

Respectfully yours,

FRANK R. KELLEY, *Chairman.*

PUBLIC WORKS DEPARTMENT.

BOSTON, August 28, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On Saturday, August 26, 1950, at 7:35 A.M., the drawspan of the Chelsea Street Bridge, over the Chelsea River, failed to open for the passage of water traffic, and upon investigation it was found that one of the operating struts had a broken rack pinion, making it impossible to operate the draw.

The nature of the failure is such that it is expected that the necessary repairs will not be completed until late Tuesday, August 29, 1950.

The General Ship & Engine Works, Inc., 336 Border street, East Boston, Mass., has been called in to do the work and that company is now in the process of removing the broken section of rack, which must be repaired and reinstalled in place.

It is anticipated that the work will cost approximately \$2,000, but at this time a more accurate estimate cannot be made.

Time will not permit of advertising for bids and in view of these facts I respectfully request the authority of your Honor to dispense with advertising and to enter into a contract with the General Ship & Engine Works, Inc., to make the necessary emergency repairs.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, August 24, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is respectfully requested to award a contract, without public advertisement, to National Cash Register Company for furnishing the following to the Boston City Hospital:

Two each Class 2000 NCR posting machines.

Two each stands for Class 2000 machines.

A new billing program is being inaugurated at the City Hospital and the above machines are equipped with a special keyboard for the hospital's use. Inasmuch as there are no competing companies in this particular line, no advantage would be gained by publicly advertising for bids.

Total amount of contract is \$8,740.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, August 28, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On May 29, 1950, and June 7, 1950, your Honor approved awards to Berry Brothers, Inc., and Protective Coatings, Inc., for furnishing paint to the Traffic Commission on the basis of tests conducted by that department. Bids for this paint were publicly advertised on May 2, 1950.

Requisitions for furnishing the same materials to the Traffic Commission from September 1, 1950, to December 31, 1950, have been received in this office. The Boston Traffic Commission, by experience and tests, has found the products offered by Berry Brothers, Inc., and Protective Coatings, Inc., best suited for its needs. Therefore, in my opinion, no advantage would be gained by publicly advertising for bids.

It is requested that authority be granted me to award contracts, to Berry Brothers, Inc., 17 Milwood street, Dorchester, and Protective Coatings, Inc., 257 Cabot street, Newtonville, for the items and amounts listed below:

Berry Brothers, Inc.—Approximately 600 gallons Berrylac white Traffic lacquer at \$2.70 per gallon and approximately 150 gallons Berrylac lacquer thinner at \$1 per gallon.

Protective Coatings, Inc.—One hundred gallons "Tuffy" yellow at \$4.35 per gallon; 100 gallons "Tuffy" white at \$5.10 per gallon; 50 gallons "Tuffy" red at \$4.60 per gallon; 50 gallons "Tuffy" Traffic white at \$3.45 per gallon; 175 gallons thinner at \$1 per gallon; 50 gallons "Tuffy" vinyl primer at \$4.75 per gallon; 30 gallons "Tuffy" catalyst at \$4 per gallon, 20 gallons "Tuffy" primer reducer at \$1.75 per gallon.

Total amounts of contracts will be as follows: Berry Brothers, Inc., \$1,770; Protective Coatings, Inc., \$1,915.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, August 28, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On February 2, 1950, your Honor approved a request to purchase clothing for the Child Welfare Division of the

Institutions Department in the open market without publicly advertising.

Under the provisions thereof, it is requested that permission be granted me to award a contract to the A. Sandler Company, 15 Rusfield street, Roxbury, Mass., for furnishing the Child Welfare Division of the Institutions Department 1,397 pairs of shoes, as required, from September 1, 1950, to December 31, 1950.

The A. Sandler Company has satisfactorily supplied the City of Boston for twenty years, including the war years when footwear was difficult to procure, and is the largest manufacturer of sport shoes in the United States.

Below are the descriptions and prices of the shoes to be purchased:

275 pairs growing girls' shoes, 3½ to 8, loafer and scout oxford, Sandler, No. 761-14, or equal, sizes detailed as needed, \$4.20 per pair, \$1,155.

150 pairs girls' shoes, 12½ to 3, Sandler, No. 461-14, or equal, \$3.90 per pair, \$585.

150 pairs girls' shoes, 8½ to 12, Sandler, No. 351-14, or equal, \$3.90 per pair, \$585.

62 pairs children's shoes, Sandler, No. 160, or equal, \$2.85 per pair, \$176.70.

60 pairs little boys' shoes, 8½ to 12, Sandler, No. 343-14, or equal, \$3.65 per pair, \$219.

350 pairs boys' shoes, 12½ to 3, scout style, Sandler, No. 443-14, or equal, \$4.20 per pair, \$1,470.

340 pairs men's shoes, 3½ to 11, scout moccasins, or equal, \$4.85 per pair, \$1,649.

Total amount of contract, \$5,839.70.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, August 28, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is requested to award a contract, without public advertisement, to Taller & Cooper, Inc., 75 Front street, Brooklyn, New York, for furnishing two Taller & Cooper treadles 9 feet long to the Public Works Department for the Summer Tunnel.

Inasmuch as Taller & Cooper, Inc., is the manufacturer of the treadles requested, no advantage will be gained by publicly advertising for bids.

Total amount of contract is \$1,430.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

EXTENSION OF CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with P. J. Dinn & Co. for erecting chain link fence, Lafayette School, from August 10 to September 19, 1950. This extension was requested due to unusually slow delivery of materials from the mill.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 12-inch pipe in Gallivan Boulevard, between 170 feet northeast of Clover street and 168 feet southeasterly and northeasterly, in the Dorchester district, at an estimated cost of \$2,600.

CHANGES IN CONTRACTS.

HOSPITAL DEPARTMENT.

PARK DEPARTMENT.

Carriere Construction Company has been ordered to make the following changes in the contract for filling and grading proposed playground, Washington street, Dorchester:

1. Omit the sowing, raking in of grass seed and watering seeded areas which were called for in the contract under Item 14, Miscellaneous Work, and which were to be paid for on the basis of the cost of labor, plus 25 per cent, plus the cost of Workmen's Compensation, Public Liability and Social Security taxes, plus the actual cost of material and the rental cost of equipment. For omitting this work, the estimated sum of \$300 will be deducted from the contract price.

2. Sow grass seed furnished by the city where directed over the loamed areas according to the hydraulic seeding method as specified by the Cle-Land Company, Inc., Waltham.

The seed before sowing shall be immersed and thoroughly agitated in water. It shall be sown by hydraulic methods, mixed in a water spray under such pressure as is required to embed the seed in the soil and at a rate of approximately 150 pounds of seed to the acre. This method shall require no raking in of the seed, no rolling or further watering of the seeded areas. Any area upon which the grass seed has been sown by

this method and upon which the seed has failed to germinate within 15 days after sowing, as evidenced by a growth of grass satisfactory to the engineer, shall be reseeded by the same methods until satisfactory results are obtained and this shall be done at no additional cost to the city. For each acre of loamed areas seeded by the hydraulic seeding method, the amount of \$50 shall be added to the contract price.

Deduction: hand sowing of grass seed, rolling, watering, etc., \$300.

Addition: 6.5 acres sowing grass seed by hydraulic method at \$50 per acre, \$325;

Net addition, \$25.

Contract price, \$41,896; addition as per amendment signed July 26, 1950, \$2,600; net addition as per this order, \$25; contract as standing, \$44,521.

SCHOOL COMMITTEE PROCEEDINGS.

Monday, August 28, 1950.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair. Absent Councilor Yerxa.

The meeting was opened with the salute to the Flag.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment: Patrick J. Barca, 348 Park street, Ward 17, as Constable, with authority to serve civil process upon filing of bond, for the term ending April 30, 1951.

Referred to the Committee on Confirmations.

REMOVAL OF OLD FIRE APPARATUS AT K AND EAST FOURTH STREETS, SOUTH BOSTON.

The following was received:

City of Boston,
Office of the Mayor, August 28, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Acting Fire Commissioner relative to your order of August 21, 1950, concerning the removal of the old fire apparatus at fire station at K and East Fourth streets, South Boston, and place showers in said yard for the children.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Fire Department, August 25, 1950.
Hon. John B. Hynes,
Mayor of Boston.
Attention: Thomas G. J. Shannon, Chief Clerk.

Dear Sir:

Relative to attached order from City Council of August 21, requesting the removal of old fire apparatus at fire station at K and East Fourth streets, South Boston, for play showers in said yard for the children, plans are under way now to use the old underground loop at the MTA Station, at Broadway, for the storage of apparatus, and workmen are now engaged in making alterations for this purpose.

As soon as this is accomplished the old fire apparatus will be removed to said location and the provision of the City Council order will be carried out.

Very truly yours,

JOHN F. McDONOUGH,
Acting Fire Commissioner.

Placed on file.

ABATEMENT OF DUST NUISANCE ON SPRINGDALE ROAD, WARD 13.

The following was received:

City of Boston,
Office of the Mayor, August 28, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of August 21, 1950, concerning abating the dust nuisance on Springdale road, Ward 13.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
August 25, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

This is in reference to the following order that was passed in the City Council under date of August 21:

"Ordered, That his Honor the Mayor direct the Commissioner of Public Works and the Park Commissioner to abate the dust nuisance on Springdale road, Ward 13."

Some years back, the department had annual street oiling contracts which provided for the applying of oil to roadway areas to eliminate the condition referred to in the above-referenced order. We were restricted, however, to oil public streets only. The above referenced Springdale road is a private way and this department can take no steps to abate the existing condition.

I think it should be accepted as a public highway and I so recommend for consideration by the Board of Street Commissioners.

Very truly yours,

GEORGE G. HYLAND.

Commissioner of Public Works.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Edward T. Quinn, for compensation for collapse of hot water boiler at 721 Hyde Park avenue, Roslindale, caused by water being shut off.

Mrs. Alice Sheffries, for refund for license fee issued to deceased husband.

John Sullivan, for compensation for damage to property at 28 Pleasant Hill avenue, caused by blasting.

Theresa Zawelski, for compensation for collapse of hot water boiler at 14 Howell street, caused by installation of water meters.

Executive.

Petition of Mrs. William E. Jennings to be paid an annuity on account of the death of her husband, William E. Jennings, late member of the Police Department.

Petition of Hanora G. Iskra to be paid an annuity on account of the death of her husband, Anthony E. Iskra, late member of the Police Department.

APPOINTMENT OF FRANCIS A. McMAHON.

Notice was received from the secretary of the Boston Health Department of the appointment (emergency) of Francis A. McMahon as food inspector at \$2,500 a year, effective August 23, 1950.

Placed on file.

PAYMENT OF SUM OF MONEY TO ARTHUR GENUALDO.

Coun. COFFEY offered the following:
Ordered, That chapter 738 of the Acts of 1950 entitled "An Act Authorizing the City of Boston to Pay a Sum of Money to Arthur Genualdo," be, and hereby is, accepted.
Referred to the Executive Committee.

ENLARGEMENT OF NURSING STAFF AT CITY HOSPITAL.

Coun. ANSEL offered the following:
Ordered, That the Board of Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to immediately hold a special meeting for the purpose of enlarging the nursing staff in the wards throughout the Boston City Hospital, as the present nursing accommodations are inadequate and have led to a general breakdown of efficiency and morale and the well-being of the patients confined in the hospital; and he it further

Ordered, That the Board of Trustees of the Boston City Hospital invite members of the Boston City Council to sit in with the Board at its special meeting.

Passed under suspension of the rule.

NAMING OF SQUARE IN HONOR OF EDWARD A. BLUESTONE.

Coun. ANSEL offered the following:
Ordered, That the committee on naming squares be requested, through his Honor the Mayor, to name the intersection at Stanwood street and Blue Hill avenue, the Edward A.

Bluestone Square, in honor of the distinguished hero, Edward A. Bluestone, who died in the service of his country on June 6, 1944.
Passed under suspension of the rule.

CHANGE OF HARBOR LINE IN SAVIN HILL BAY.

Conn. BEADES offered the following:
Resolved, That the Boston City Council go on record as respectfully requesting the Port of Boston Authority to change the present harbor line in Savin Hill Bay so that it will run southerly from the location of the present bridge now on Old Colony Boulevard to Freeport street, since such a change would protect the adjacent State-owned beach and also the adjacent beach location which is not under State ownership but might, in the near future, be taken over by the State for beach facilities. This change is respectfully requested since it is in the interest of the public at large.
The resolution was adopted under suspension of the rule.

LIGHTS ON HURON PASSAGEWAY, NEAR ASHMONT MTA STATION.

Coun. BEADES offered the following:
Ordered, That his Honor the Mayor, through his Excellency Governor Dever, request the trustees of the Metropolitan Transit Authority to immediately take steps to install lights on Huron passageway, which passageway is used by pedestrians in order to enter and leave Ashmont Station. The darkness of this passageway constitutes an extremely dangerous condition for all those who use this as a means of entrance and exit to and from the MTA Station at Ashmont.
Passed under suspension of the rule.

PROCEEDINGS OF SCHOOL COMMITTEE

June 26, 1950.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at seven o'clock P. M., the Chairman presiding.

Present: Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward and White.

The Chairman announced that this meeting had been called for consideration of the salary increases granted at the meeting of June 16, 1950. Prior to the meeting a conference was held and the matter was discussed.

Inasmuch as no decision was reached by the Committee on this question, no action may be taken in public meeting at this time.

The Committee adjourned.

Attest:

LOUISE KANE,

Secretary.

July 10, 1950.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 4.50 o'clock P. M., the Chairman presiding.

Present: Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward, and White.

TAKING OF LAND

The following communication was received:

CITY OF BOSTON

LAW DEPARTMENT

11 Beacon Street, Boston 8, Mass.

June 29, 1950.

School Committee of the

City of Boston,

15 Beacon Street,

Boston, Mass.

Attention: Miss Louise Kane,

Secretary

Gentlemen:

As you undoubtedly know, by an order of taking adopted on Janu-

ary 3, 1950, a copy of which order of taking was duly recorded on January 9, 1950, with Suffolk Deeds, Book 6574, Page 411, the Department of Public Works of the Commonwealth of Massachusetts, acting under G. L. (Ter. Ed.) c. 81, s. 29A, as inserted by St. 1943, c. 416, did in behalf of the City of Boston take in fee simple for highway purposes certain land of the City of Boston which at the time was under the jurisdiction of the School Committee, namely: the land shown as Parcel 39 on the attached plan—being a portion of the estate of the B. F. Tweed School.

This is to notify you that no petition for damages is being filed on behalf of the City against the Commonwealth in connection with the taking of said Parcel 39 because, the taking being in behalf of the City and so effecting not a divestiture of title but rather a mere change of purpose for which the parcel is held, the City would not appear to have suffered any damage.

Yours very truly,

(Signed) William L. Baxter
Corporation Counsel

PRAYER FOR DIVINE GUIDANCE AND WISDOM DURING PRESENT CRISIS

The following prayer was offered by the Chairman:

Most Americans during normal times are passively aware of both the privileges and the responsibilities that are the natural corollary of citizenship in a Free Democracy.

During a period of national anxiety such as we are living in today, all real Americans are conscious of their duty as citizens and are willing to make great personal sacrifices and contributions for the preservation of our American way of life.

Differences among us are subordinated to a common effort.—Energies are strained towards a common goal. We can afford debate and controversy during halcyon days—in fact that is one of the great privileges that we militantly unite to preserve whenever it is threatened.

As a group of citizens who both understand and appreciate the gravity of the decisions to be made and the magnitude of the obstacles to be met in the present crisis, we would like to publicly express our concern for the welfare of our men in the Armed Forces and profess our loyalty to the American ideals of democracy for which they are fighting. We stand ready to do all in our power to cooperate with those who are destined to assume the leadership of a world in chaos.

For the guidance of all who are in high places and for the safety of all who are in dangerous places

we offer our prayers this morning. We ask Almighty God for wisdom to know and for moral fortitude and physical courage to do the right thing. We commend to His Divine Providence our political and military leaders, our fighting men and those who may be called to join them in this national emergency. May His Will be done.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Lasell street, West Roxbury district, as a highway, extension to Addington road, bounded and described as follows:

An extension of the highway named Lasell street is hereby laid out, from southwest of Chellman street to Addington road, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Part between a point approximately eighty-five feet southwest of Chellman street and Chellman street:

Southwesterly by Lasell street (highway), forty and 18-100 feet; northwesterly by the northwesterly line of said Lasell street as hereby laid out, eighty-six and 68-100 feet; northeasterly by Chellman street, forty and 36-100 feet, and southeasterly by the southeasterly line of said Lasell street as hereby laid out, eighty-five and 5-100 feet.

Part between Chellman street and Lyall street:

Southwesterly by Chellman street, forty and 2-100 feet; northwesterly by the northwesterly line of said Lasell street as hereby laid out, two hundred twenty and 8-100 feet; northeasterly by

Lyall street, forty and 2-100 feet, and southeasterly by the southeasterly line of said Lasell street as hereby laid out, two hundred twenty and 8-100 feet.

Part between Lyall street and Addington road:

Southwesterly by Lyall street, forty and 2-100 feet; northwesterly by the northwesterly line of said Lasell street as hereby laid out, two hundred twenty and 8-100 feet; easterly by Addington road, ninety-seven and 96-100 feet, and southeasterly by the southeasterly line of said Lasell street as hereby laid out, one hundred thirty-one and 82-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of said extension of Lasell street as laid out under this order from southwest of Chellman street to Addington road will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of said department.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT IN DANA AVENUE, WARD 18, FROM HYDE PARK AVENUE TO TRUMAN HIGHWAY; EASTON AVENUE, WARD 18, FROM DANA AVENUE TO APPROXIMATELY 690 FEET SOUTHWESTERLY; PERKINS STREET, WARDS 10 AND 19, FROM JAMAICAWAY TO APPROXIMATELY 160 FEET WEST OF DAY STREET; PERKINS STREET, WARD 19, BROOKLINE LINE TO FRANCIS PARKMAN DRIVEWAY, WITH A SECTION OF PRINCE STREET, AND WALTER STREET, WARD 20, FROM WELD STREET TO APPROXIMATELY 120 FEET SOUTH OF CENTRE STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Dana avenue, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Dana Avenue, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of WEDNESDAY, SEPTEMBER 27, 1950, with a certified check for TWO THOUSAND (2,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,

(Sept. 16.) Commissioner of Public Works.

The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within 30 days after the actual opening thereof.

The rate per hour of wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Plans and specifications and other contract documents may be obtained at the office of the Awarding Authority upon deposit of a certified check for \$100 payable to the City of Boston. The full amount of the deposit will be refunded to each actual bidder upon return of all documents in good condition within 15 days after the opening of the bids. Plans and specifications and other contract documents may be examined without charge at the Boston office of Gaine's Construction News Letter, Dodge Reports, Brown's Letters or Construction Reports.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Eastern Standard Time, Friday, October 6, 1950.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum of not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor. Information relating to performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

RECENT FEDERAL ACTIONS AFFECTING CITIES.

The Housing Act of 1949, approved on July 15, authorized a uniform 10 per cent payment to cities in lieu of taxes on housing projects, but the independent offices appropriation bill passed on August 15 contains a provision that for the fiscal year ending June 30, 1950, only payments provided for in the

original contract between the housing authority and the city are authorized for federal reimbursement.

Federal aid for hospital construction has been approved for nearly 800 projects; more than 600 are general hospitals and the great majority are in towns of under 10,000 population.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT IN BEAUFIELD STREET, WARD 18, FROM GRANITE AVENUE TO 274 FEET WESTERLY AND SOUTHERLY; SKYLINE ROAD, WARD 18, FROM PROSPECT STREET 472 FEET NORTHWESTERLY; WHITBY TERRACE, WARD 13, FROM PLEASANT STREET APPROXIMATELY 278 FEET SOUTHWESTERLY, AND WOODLEDGE STREET, WARD 13, FROM CUNNINGHAM STREET APPROXIMATELY 225 FEET NORTH-ERLY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Beaufield street, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Beaufield Street, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, SEPTEMBER 27, 1950, with a certified check for TWELVE HUNDRED (1,200) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

BOSTON BOUND TO GROW INTO A METROPOLITAN UNION WITH ADJOINING CITY AS AN EVENTUALITY, MAYOR JOHN B. HYNES PREDICTS—POINTS TO CITY'S RATINGS IN FINANCE AND INDUSTRY AS COMPARED WITH REMAINDER OF COUNTRY—THE DECENTRALIZATION OF POPULATION AS WELL AS DIVERSIFICATION OF INDUSTRY IS MAKING CITY GROW IN GREATNESS AND IMPORTANCE—PAINTS HIGHLY OPTIMISTIC PICTURE IN ADDRESS BEFORE THE ADVERTISING CLUB OF BOSTON AND ANNUAL CONVENTION OF FINANCIAL PUBLIC RELATIONS ASSOCIATION.

MAYOR HYNES EXTENDS GREETINGS OF BOSTON CITIZENS TO NATIONAL ASSOCIATION OF GOVERNMENTAL LABOR OFFICIALS—PAYS HIGH TRIBUTE TO SECRETARY OF LABOR MAURICE J. TOBIN AND STATE LABOR COMMISSIONER JOHN DEL MONTE—ALSO NOTES GOOD RELATIONS EXISTING BETWEEN EMPLOYMENT AND LABOR IN STATE.

In welcoming the delegates of the National Association of Governmental Labor Officials to the City of Boston for their convention, Mayor John B. Hynes spoke as follows:

It is a pleasure, once again, to greet in the name of Boston and its citizens, the delegates and members of the National Association of Governmental Labor Officials.

We are especially proud that you are holding your convention in Boston—

TRAFFIC COMMISSIONER REILLY APPEALS TO MOTORISTS AND PARENTS TO LESSEN SCHOOL-CHILD ACCIDENTS NOW THAT SESSIONS HAVE BEGUN—ASKS THAT CERTAIN RULES BE OBSERVED.

Traffic Commissioner William Arthur Reilly has appealed to motorists and parents alike for increased cooperation in connection with the recent opening of schools. He urged parents to cooperate with motorists by instructing their children to obey the safety practices they will be taught in school, in order to keep child traffic deaths and injuries at least as low as during the past six months.

During the past six months two boys and three girls have been killed, while two hundred and fourteen boys and one hun-

The following is the address of Mayor John B. Hynes, delivered at the joint session of the Advertising Club of Boston and the 35th Annual Convention of the Financial Public Relations Association, Main Ballroom, Hotel Statler, September 19:

Mr. Chairman, President Strawbridge of the Advertising Club, President Carver of the Financial Public Relations Association, President Blake of the Chamber of Commerce, and All You Vice Presidents.

It is a very great pleasure for me to accept the invitation of the Advertising Club and to extend to the convention of financial advertising men and women the official welcome of the City of Boston. I hope that your stay with us will be enjoyable, that your deliberations will be fruitful, that your memories of us and of our city will be pleasant.

Ours is an ancient city as time is measured in the new world. Last Sunday we celebrated the 320th anniversary of our founding. But unlike man who goes his doddering way into senility with the passing years, a city can remain virile and young as each passing generation makes a gift of rejuvenation. That process of rejuvenation has changed us many times over. We are not the same city in appearance, in outlook, or perhaps in attitude that we were 320 years ago, or 20 years ago when last your convention was here. But we are—at least we like to think we are—the same in character, for there has been bequeathed to us a sacred heritage which has not failed to touch and mold the character of every Bostonian. In your travels listen to the little children on the streets of old North square, outside of Paul Revere's home; on the Prado, and in teeming Salem street, near the Old North Church; or on the crest of Bunker Hill. Ask these little ones about Boston's history. You will be surprised and delighted at their responses. They learn as children what we as adults have come to treasure.

Battle For Freedom.

Men have shed their blood on our streets that this nation might be free. Men have fought raging battles within our confines for religious freedom, for free education, for political justice. At times Boston may seem to have strayed from the course charted in the earlier days, but to the confounding of her critics and the satisfaction of her citizens she has usually returned to keep faith with her heritage.

Contemporary historians of the pulpwood and slick paper magazines have reaped a profitable harvest in recent years conjuring up new descriptions of the Bostonian, all of which seem to have had the desired effect of getting us pugnacious and defiant. But we survive them and as a matter of fact get a kick out of seeing ourselves as others see us, or pretend to see us.

(Continued on page 968.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE

NEW INSTRUCTIONS GOVERNING PAYROLL DEDUCTIONS ON NEW WITHHOLDING INCOME TAX PLANS ISSUED BY CITY AUDITOR CHARLES J. FOX — ROLL CLERKS ASKED TO COOPERATE IN FACILITATING NEW ADJUSTMENTS.

City Auditor Charles J. Fox has issued the following new payroll clerk instructions:

September 21, 1950.

To Payroll Clerks.

Because of the Korean War, the President has recommended to Congress a tax increase bill. Among the measures included in this bill is one providing for an increase in individual income tax rates. Adoption of this particular recommendation will mean that amounts currently withheld from salaries and wages must be increased. It now appears that Congress will pass the bill tomorrow and that it will go then immediately to the President for signature. Under the provisions of the measure, the higher withholding rates become effective October 1, 1950, and must be applied against all wages or salaries paid on or after that date. This means that in the case of weekly paid employees, the new withholding schedule will apply against the payroll for the week ending October 3, 1950. Since preparation of this roll will start next week, it is evident that our entire payroll organization is faced with a most serious problem, especially since, at the moment, official withholding tables are not available. In the hope, however, that it will be possible for the entire payroll organization to comply with the new law when it is adopted, the following procedure will be followed in connection with the payrolls for the week ending October 3, 1950.

Preliminary payrolls for the week ending October 3 will be available on Tuesday, September 26. These rolls will not reflect permanent changes appearing on the rolls for the week ending September 26. No amounts will appear on these rolls in the "Withholding Tax Amount" and "Total Net Amount" columns. The following procedure should be followed in the preparation of these weekly rolls:

1. Determine from the schedule which will accompany the rolls the new withholding rates and enter the same in the "Withholding Tax Amount" column.

2. Add all deductions, except Blue Cross, subtract this total from the figure appearing in the "Amount" column and enter the remainder in the "Total Net Amount" column.

3. For employees with Blue Cross deductions, subtract the amount appearing in the "Blue Cross" column from the new "Total Net Amount" and enter the remainder in the "Remarks" column.

4. Secure a total for each of the three columns and place these amounts in the total squares at the bottom of the roll. Add all deduction totals, except Blue Cross, and subtract this total from the total appearing in the "Amount" column. This remainder should equal the total appearing in the "Total Net Amount" column.

5. Subtract the "Blue Cross" total from that appearing in the "Total Net Amount" column. This remainder should agree with the total appearing at the bottom of the "Remarks" column.

Because of the great number of changes which will appear on these rolls, it is requested that all adjustments of a temporary nature, such as pay adjustments, overtime, deductions for absence, etc., be withheld for a subsequent payroll. In order to avoid delay in the payment of these rolls, it is imperative that they be returned to Room 60 at the earliest possible moment. Rolls to be paid on Wednesday, October 4, should be returned to Room 60, before 5 P.M., on Monday, October 2; and rolls scheduled for payment on Thursday, October 5, should be returned before 5 P.M., on Tuesday, October 3.

I appreciate that these eleventh hour instructions will impose a heavy burden on the entire payroll organization. I trust, however, that everyone connected with this branch of municipal service will cooperate to the fullest extent so that the payroll division involved will be accomplished without any dislocation in the paying schedule of the Treasurer's Office.

CHARLES J. FOX,
City Auditor and Auditor
of the County of Suffolk.

TRAFFIC COMMISSIONER REILLY APPEALS FOR SAFETY OF SCHOOL CHILDREN.

(Continued from page 965.)

dred and thirteen girls have been injured, all under seventeen years of age. Among the boys, the most vulnerable age group was four to six years of age, in which ninety-two were victims of auto accidents. Girls between four and seven years of age were most often injured. More than half of these child pedestrian accidents occurred during the hours from 2 P.M. to 7 P.M.

No section of the city has been without this type of accident, but Hyde Park was the safest, reporting seven accidents. Sixty-two children were injured in Dorchester.

Carelessly crossing the street and running suddenly from the sidewalk are the principal causes of accidents, but following closely were the dangerous habits of running from in front of, or from behind, parked vehicles; carelessly riding bicycles; and playing in the street.

With more than two thousand crosswalks already painted throughout the city, together with seventy pedestrian push-button signals, Commissioner Reilly asked parents to discipline their children, in these few simple rules, to:

1. Always cross at crosswalks.
2. Cross on red and yellow lights.
3. Keep away from parked or moving autos and trucks.
4. Ride bicycles carefully and alone.

MAYOR HYNES' ADDRESS BEFORE THE ADVERTISING CLUB AND ANNUAL CONVENTION OF FINANCIAL PUBLIC RELATIONS ASSOCIATION.

(Continued from page 965.)

An anonymous historian of the 1930's set out to list some of the symbols used to describe us and came up with this listing which I will struggle through with some effort. The writer of this epistle said: "The Bostonian has been pictured as a kind of dormant volcano, the red-hot lava from one eruption hardening into a crater which impedes the next; as a river with two main currents of transcendental metaphysics and catchpenny opportunism running side by side; as an asocial discord consisting mainly of overtones and undertones; as a petrified backbone, 'that unblossoming stalk.' To these may be added the cartoonist's Bluenose, the debunker's Puritan, the Gentleman with the Green Bag, Aunt Harriet with her *Boston Transcript*, and the late lamented Little Waldo of the spectacles and the painfully corrugated brow."

The writer of that classic was on the W.P.A. at the time—shades of Henry Wallace—and may possibly have been embittered in outlook, one calculated to have given him the type of appearance ascribed to our one-time resident, Governor and President, Calvin Coolidge. Wasn't it Alice Longworth who said of Cal, "He looks as if he were weaned on a pickle."

A much earlier historian, William Houghton, way back in the 1660's wrote this of us. "God sifted a whole nation that he might send choice grain over into this wilderness." Calvin Coolidge, by the way, in one of his bits of prose referred to that line as "this sober and judicial statement."

Somewhere in between those extremes is the Bostonian, of another description which although of fairly recent date is also anonymous. It encompasses a wider region—our State. "Massachusetts is parochial, yet it is never long out of the main currents of American life. It is a State of tradition, but part of its tradition is its history of revolt. Its people are fiercely individualistic, yet they have fierce group loyalties. It is noted for conservatism, yet it exports not only shoes and textiles but rebels to all corners of the earth. Its sons and daughters live in small houses, worship in small churches, work in small factories, produce small things, and vote in small political units, yet time and again their largeness of spirit has burst beyond State borders."

IMPRESSIONS MADE.

It is our hope that you who have come as visitors within our borders will find some of that largeness of spirit. In a recent issue of your nationally circulated journal of human relations in the financial field, your President, John Carver, wrote "The visitor is a potential ambassador of good will or ill will, the moment he leaves our doors. In the space of a few minutes we have an opportunity to create the most valuable advertising medium we have. What impressions are we creating upon the visitor? Is he a guest, or an intruder?"

I hope that when you leave Boston you will feel that you have been a wanted guest, that you will be ambassadors of good will for us. And not just ambassadors for the historic past which I have briefly touched upon here, but for today's Boston which is in fact the cultural, political and economic Hub for more than

two and a half million people residing within our immediate marketing area and for more than 9,000,000 people known to you as New Englanders.

The very first thought I would leave with you is that Boston is a victim of mathematics and so at the very outset I discard the census figures. In an earlier phase of my brief political career I espoused the ultimate incorporation of the metropolitan area which surrounds the political entity of Boston into Boston's body politic. I fear that our neighboring cities and towns are not yet ready for such a marriage and so presently I am not playing the role of an urban John Alden soliciting the hand of a suburban Priscilla for my principle, the Greater City of Boston. But some day I feel that such an act of incorporation will be enacted willingly for reasons which will face all of you in your respective cities in years to come.

We, in Boston, have just about lived through the period of decentralization of our population. Some of your cities of more recent origin have not yet reached that stage, but undoubtedly will. Boston, having passed through the period of decentralization of population, is now faced with something more serious to her economic well-being, and that is the decentralization of industry. This was, until five years ago, a not unnatural movement, but since we entered upon the atomic age, the trend toward decentralization of industry has received an impetus which seems destined to make it compulsive. And since June of this year, when international Communism moved from subversion to aggression in Korea, the decentralization of industry has moved from the economic sphere into the military sphere.

A natural process which first witnessed, as we have in ancient Boston, the decentralization of population would inevitably be followed by some decentralization of industry in the normal course of events. But we are not witnessing a normal course of events today as we understand the meaning of the word "normal." And the result is that the natural trend is reversed. Industrial decentralization by compulsion takes precedence; with decentralization of population following.

The scary approach to this problem, the pessimistic approach would be to forecast the doom of our great industrial centers, whether they be on the seaboard or inland, since all are magnets for atomic warfare, and the scattering of industry and peoples the length and breadth of the land. If that were the future, then the cities we have known and the cities in which we have lived and raised our families and built our little temporal estates are a thing of the past.

FACE UP TO THE FACTS.

Your endeavors, my endeavors, the work of every man and woman in this room would be disrupted by the revolution which would necessarily take place in production and distribution.

The sane and optimistic approach is to face up to the facts as we can judge them and accommodate ourselves and our political and industrial groupings to a new age. And the saner and optimistic approach is, as I see it, the necessity for evaluating the advantages as well as the

disadvantages of change. For example, New England has been fighting for its own integrated steel mill as an essential aid to the small industries of this region. Decentralization of industry might be an unmixed blessing, in a sense, if it were to decentralize a steel mill into our area.

On the other side of this question, Boston might well be one of the cities best suited to resist further decentralization because of the varied nature of her industries and the lack of concentration here in any single category. We are not a steel city. We are not a motor city, not a packing house city, only incidentally a chemical city. Boston and all New England is made up of many thousands of small industries so that, with the exception of some textile centers which remain in New England, no essential source of needed material, mined or fabricated, would be lost to the whole national economy by any conceivable loss which we might sustain.

In our diversification then, as I see it, there is to be found new guarantees of our continued existence in a form not greatly different to that we now enjoy. That cannot be said of some other cities.

If the military threat to our continued existence in the present economic groupings were to be removed in the near future, the spectre of decentralization of industry would continue, although not at such a rapid pace. And to that prospect I would like to address a few thoughts.

Decentralization, as we have seen it, does not consist of pulling up the roots of a business and moving it to another state. That, of course, has happened in New England in the case of the cotton textile industries which have expanded into the South. But that situation is unique and not really applicable to the many other industries of our area which demand a skill and a precision not to be found in many sections of the country. And so, decentralization, as we observe it, consists at times of simply moving to an adjoining city or county. It might be for reasons of taxes, it might be for reasons of available source of labor; various reasons enter into these decisions which lead to decentralizations.

The all-important fact for those of us charged with the responsibility of conducting the affairs of a large city is this: The loss in tax revenue when industry moves cannot be shifted to the residential areas; a sacrifice in the services now demanded by the people is inevitable and were decentralization to be carried out on a large scale it could spell ruin for some cities unless a way is found to fill the gaps or to redraw boundary lines. It is the latter method which I believe will provide the ultimate solution.

METROPOLITAN BOSTON.

A metropolitan Boston in which the spokes running out from the Hub 10, 20, 30, perhaps 40 miles, all contributing to the support of the Hub, may be the answer. A greater Boston, a greater New York, a greater Chicago, a greater Philadelphia. These are the prospects as industry follows population.

Running parallel to that type of solution is the imperative need of bringing in new industries to take the place of the old. For a prime example of ingenuity in this respect I mention the City of Manchester, N. H., which in the depression years faced ruin with the loss of a single textile industry, an industry which had been virtually the sole support of the community. Many small and diverse industries were attracted to the buildings vacated by the great textile center.

Manchester is back on its feet again and one of the most prosperous cities of the New England community. It was a case where the city had to lift itself by its own bootstraps. It was an example of Yankee ingenuity and perspiration which could be standard for other municipalities facing similar problems, although not for similar reasons.

Inasmuch as 63 per cent of the manufacturing firms of Massachusetts are located in the Boston area, employing more than half of the State's industrial wage earners and paying more than half of the wage bill, you can see the concern of the Mayor over prospects of further decentralization.

And I submit this problem is not just the problem of an older city but may well be the problem of the younger cities, even as traffic has become the problem of cities from coast to coast. When I took office as Mayor of Boston the two biggest problems as they loomed were: first, in terms of human needs, our housing problem; and second, in terms of our economic welfare, our traffic problem. Boston was not laid out as were the cities of the West; Boston just grew around cow paths. Our traffic problem is probably more acute than in any other major city. With the aid of the state, steps are now being taken to solve that problem. You will find (and delegates from the California Chambers take notice) that we have just constructed over the Mystic River a bridge longer than the Golden Gate, as the first stage. The state is about to enter the second phase by building an overhead artery straight across the city. These projects may gain impetus as strategy dictates the construction of avenues of access and egress consistent with the military requirements of the hour. And that applies not only to Boston but to the other congested cities of the nation.

COMMERCIAL DISTRICT PROBLEM.

Our problem here is to clear the commercial district of the traffic which is not on our streets to do business, but is using our streets as a through-way in all four compass directions. And our second problem is to provide parking facilities for those who want to do business with the merchants of our city. You bankers, not only here in Boston but across the country, have taken your own steps to solve that problem with the creation of drive-in tellers' windows and off-street parking spaces. Many cities will insist in the future that office buildings, apartment houses, and the stores of tomorrow must provide ample off-street parking areas, and the whole complexion of our cities will undergo another lift and change. It has already begun here in Boston. For example, when next your convention comes here we will be able to park 4,000 cars under historic Boston Common.

Not so very long ago when the city tried to substitute an asphalt surface for a red brick sidewalk on Beacon Hill, the residents staged a sit-down on the sidewalk. They still have a red brick sidewalk. We are hopeful that when the Common project gets under way similar opposition will not be expressed, but if there isn't some strange protest it wouldn't be Boston.

The accent which I have placed on critical problems facing Boston (and your own cities in varying degrees) may give the impression that we are in bad shape. Don't leave with that impression.

Aside from these major problems of industrial decentralization, housing, and traffic, Boston is doing real well, thank you, ma'am. Military procurement is turning to us again as it did from 1941 to 1945, and millions of dollars will be spent here on the products of our precision workmen. Our employment situation is steadily better. Our area has lost textile business to the South, but still maintains its woolen and worsted industry and is fast moving to the fore in the use of the new synthetic fabrics.

We comment on the fact that Federal expenditures in New England are less than Federal receipts, but our hand is not out, at least not too far out. You in banking are aware of the Boston approach to fund raising for industry and new corporations. This is the home of the open end investment trust and the even newer development corporations.

The average liquid savings per person in our area is \$1,780 as compared with the national average of \$1,180. The annual income of the people of our state on a per capita basis is 13 per cent above the national level. And that is a stable income with a variance of only 7 per cent as compared with a 10 per cent change on the national level. The comparative family income in Boston gives us second rank among American cities. Per capita bank deposit figures here are 53 per cent higher than the national average, and our state is third among all the states.

A pretty good field for banking: There's gold in these here hills.

BOSTON IN LEADING PLACE.

A Boston University survey shows Boston holding 45 per cent of the wealth of the six New England states; as normally the third leading city in Federal income tax payments; fourth in volume of bank clearings; and, as I said, with per capita savings nearly three times the national average.

Boston's effective buying income is 50 per cent above the national average, and Suffolk County; of which Boston is the major part, has the largest effective buying income per family among all counties embracing the ten largest cities in the United States.

Contrary to a rather widespread belief, our population is not following the old admonition, "Go West, young man," but, strange enough, young men are coming East. For one hundred years we have consistently remained in eighth place in the ranking of states by population. In the past decade our proportionate population growth outstripped the United States as a whole and more than two thirds of all the states. And New England's gain in population has been greater than any region excepting the Pacific Coast. Somewhat to our surprise—because we were perhaps beginning to be overwhelmed by the prophets of our decline—the returning veteran flocked to New England after the war in numbers exceeded only by those who went to the lower Pacific Coast.

We have troubles to beset us, problems to solve, but, barring another world catastrophe, this Boston intends to go ahead and grow, never so old as to forego new opportunities, never so conservative, despite the red brick sidewalk episode, as to place artistic ruins ahead of human needs, never so offish and cold as to refuse to answer the door when the bell rings and to extend the hand of welcome. Welcome to our city! Thank you for your visit! Come again!

MAYOR HYNES EXTENDS GREETINGS TO GOVERNMENTAL LABOR OFFICIALS.

(Continued from page 965.)

the Mother City of our nation—and the native city of one of our leading citizens, Maurice J. Tobin, the Secretary of Labor.

He epitomizes the type of man who is ideally suited for the high office he holds. If all government labor officials had the personality, the vitality, the versatility, and the spirituality that Maurice Tobin gives to his job in the President's Cabinet—how sweet would be the accord between the forces of labor and management. He is truly a Galahad—in a field of endeavor, where understanding, judgment, and the art of delicate diplomacy are such invaluable assets.

Another of our leading citizens of this Commonwealth is here tonight, the Labor Commissioner of our State, John DelMonte.

During his term of office, labor relations in our community have reached a new peak of understanding and accomplishment. Forceful and dynamic—slow to anger and swift to smile—he has been the type of public official who brings closer and closer together the employer and the employee—with the result that this State, under his surveillance, has had a minimum of serious long drawn-out labor disputes and work stoppages.

Boston is proud of Maurice Tobin and John DelMonte—just as we are proud and happy that you gentlemen have chosen our city as your meeting place.

Your jobs—in the period in which we live—are not enviable ones—what public job is today? Thrust upon you are involved situations which call for the wisdom of Socrates and the patience of Job. Your decisions must never be less than fair and equitable at all times—for frequently, how you decide a problem has a far-reaching effect on business, on unionism, on the economic balance of our country. That you do, on the whole an excellent job, under pressure, and under trying circumstances, is a credit to your collective abilities, knowledge and sound judgment.

We are honored that you are with us. Come as often as you can, for we, here in Boston, feel that there is inspiration in our historic old city. Come ye who are heavily burdened and be refreshed, for here in Boston the well-springs of pure democracy will never run dry—the flag of welcome is always out.

DEPARTMENT CHANGES.

CONTRACTS AWARDED.

Permission to award contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon September 11 the Mayor approved a contract as requested in the following letter:

September 7, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In response to an advertisement in the *City Record* of July 29, 1950, the following list of bids for egress alterations in various schools in Group H-4, was received and publicly opened and read aloud on August 17, 1950:

M. Spinelli & Sons Company, Incorporated, \$36,400; M. Solimando, \$41,455.10; Martin J. Kelly Company, Incorporated, \$43,430; James S. Kelliher, \$45,254; P. J. Cantwell & Sons, \$46,840; Construction Units, Incorporated, \$52,739.10.

In submitting their proposal, M. Spinelli & Sons Company, Incorporated, carried a subbid in the amount of \$12,250.00 for kalamein work submitted by Craftsmen, Incorporated, Boston, Mass. The record copy of the subbid proposal for kalamein work submitted to this office by Craftsmen, Incorporated, was a qualified bid in that it was submitted subject to its being accepted within twenty-one days from the date (August 14, 1950) upon which the subbid was required to be in possession of the Awarding Authority. Therefore this subbid has been rejected as not acceptable since this subbidder did not submit a subbid proposal in conformity with the terms of the proposal as prepared by the Awarding Authority. The other subbid for kalamein work in the amount of \$18,500.00 submitted by

James S. Kelliher, Quincy, Mass., has been rejected because in my opinion the price is unreasonably high for the work involved.

Therefore, in accordance with the procedure outlined in comparable circumstances in Chapter 480 of the Acts of 1939 as amended, the so-called sub-contractor's law, I solicited bids by written invitation sent to four kalamein contractors for the kalamein work to be done in connection with egress alterations in various schools in Group H-4. These bids were received and publicly opened and read aloud on September 5, 1950, and the lowest qualified bidder for the work is The Parker Company, Incorporated, Boston, Mass., in the amount of \$8,700.00. I am substituting The Parker Company, Incorporated (\$8,700.00), in place of Craftsmen, Incorporated, as a subbidder for kalamein work in proposal submitted by M. Spinelli & Sons Company, Incorporated. This substitution will necessitate a deduction of \$3,550.00 in the contract sum submitted by M. Spinelli & Sons Company, Incorporated.

Also M. Spinelli & Sons Company, Incorporated, carried a subbid for painting work in the amount of \$2,725.00, submitted by John T. Bradley, West Newton, Mass. I have rejected all bids for painting in connection with egress alterations in various schools in Group H-4 and the subbid for painting work is being deleted from the specifications. This work will be done at a later date after the general contractor has finished his work. A deduction of \$2,725.00 in the contract sum submitted by M. Spinelli & Sons Company, Incorporated, will be necessary on account of this rejection.

The above substitution for kalamein work and the rejection of the painting work, both of which are agreeable to M. Spinelli & Sons Company, Incorporated, will necessitate a total deduction of \$6,275.00 in the contract sum submitted by M. Spinelli & Sons Company, Incorporated.

Subject to Your Honor's approval therefore, I am awarding a contract to M. Spinelli & Sons Company, Incorporated, 79 Milk street, Boston, Mass., the lowest responsible bidder, in the amount of thirty thousand one hundred twenty-five (\$30,125.00) dollars.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

Upon September 12 the Mayor approved a contract with bidders as indicated in the following letter:

September 12, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

In response to an advertisement in the *City Record* of August 26, 1950, the following list of bids was received and publicly opened and read aloud on September 8, 1950, for installation of emergency lighting with generator at the James P. Timilty School:

Argus Electric Service Company, \$6,280*; \$6,380**; D. A. Robbins Electric Company, \$6,285; Aetna Electric Company, \$6,530; Emerson Electrical Manufacturing Company, \$6,539; Kay Electric Company, \$6,679.

The \$6,280.00 figure set forth in the proposal submitted by the Argus Electric Service Company, which figure was the lowest submitted by any general

contractor, was in fact, as revealed by the letter accompanying this bidder's proposal, a bid based on the furnishing of alternate equipment rather than equipment designated by trade name in the specifications, as was made mandatory by the terms thereof. The Argus Electric Service Company did not submit such proposal and thus I have rejected the bid submitted by this company.

In view of the foregoing and subject to your approval, I will award a contract in the amount of six thousand two hundred eighty-five dollars (\$6,285.00) to D. A. Robbins Electric Company, 229A Boylston street, Brookline, Mass., the lowest bidder who submitted a proposal based on the furnishing of the particular equipment designated in the specifications, as was required under the terms of the specifications.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

* Alternate bid.

** Proposed contract sum per specifications.

FIRE DEPARTMENT.

Upon September 11 the Mayor approved a contract with Modern Engineering Company, Incorporated, for the installing of two new steam boilers in fire stations—one at Engine House 30, 1940 Centre street, West Roxbury, and one at Ladder House 18, 9 Pitts-burgh street, Boston.

The following bids were received and opened, Wednesday, August 30:

Modern Engineering Company, Incorporated, \$4,690; P. J. Riley and Company, \$5,041; W. A. Shephard Company, \$5,140; J. W. Praught Company, \$5,424; Fred Williams, Incorporated, \$5,436; J. M. McCusker Company, \$6,230.

SUPPLY DEPARTMENT.

Upon September 14 the Mayor approved a contract with Armour & Co. as requested in the following letter:

Boston, September 13, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Attached is tabulation of bids received on proposals for furnishing soap to the various city departments from September 15 to December 31, 1950. Those bids were publicly opened and read in this office on September 8, 1950.

Your permission is respectfully requested to award a contract to Armour & Co., the only bidder, on Items 1 and 2. Authority is also requested to award orders to Acme Soap Company, the low bidder, on Item 3. No bids were received on Item 4, and therefore authority is requested to dispense with further advertising and purchase 210 cases white floating soap, as needed, in the open market.

Total amounts of awards will be as follows:

Armour & Co., \$2,069; Acme Soap Company, \$537.50.

Both companies are offering 2 per cent cash discount for payment within 10 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Bids were as follows:

Item 1. 125 Barrels Soap Powder, 200's, Per Pound.—Armour & Co., 5.63 cents,* Armour, No. 4794.

Item 2. 135 Cases Laundry Soap, 120/8-Ounce, Per Case.—Armour & Co., \$4.90,* Armour, No. 4690.

Item 3. 5,000 Pounds Built Soap, Hot Water, Per Pound.—Armour & Co., 12.38 cents, Giant, No. 4758; 250-pound barrel; 11.88 cents, Giant, No. 4749; 135-pound bag; Acme Soap Company, 10.75 cents,* Acme, 250-pound barrel on Auditor's copy only.

Item 4. 210 Cases White Floating Soap, Unwrapped, 200/3-Ounce.—No bids.

Discount.—Armour & Co., 2 per cent; Acme Soap Company, 2 per cent, Auditor's copy; net, Supply copy.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, supply houses, etc., for furnishing labor and supplies. Communications from the heads of the departments interested were as follows:

PARK DEPARTMENT.

Boston, September 11, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

With the opening of the football season it is vitally necessary that we arrange for roping facilities, particularly for the football games in the top league of this department which are held on Sundays throughout the fall season. We have exceptionally large crowds attending our games and in order to properly maintain order, it is necessary that the fields be roped.

Accordingly, after a survey, we believe that it would be good business if we were to hire a contractor to do the work of roping and staking the football fields, furnishing his own materials, rather than purchase the ropes and stakes ourselves and then use our own trucks and employees to set them up. The purchase of ropes and stakes would be quite expensive and, in addition, we would have to operate at least six department trucks each Sunday with a crew of three men to a truck who would have to be paid overtime.

We have received a quotation from F. C. Dolan & Sons, Inc., 18 Aldworth street, Jamaica Plain, who have agreed to rope and stake 15 locations on each Sunday for a period of seven weeks during the football season. They will furnish the ropes and stakes, the trucks, and all necessary help, for approximately \$40 to \$45 per location, or a total sum for the entire season not to exceed \$4,500.

This concern has done all the roping and staking for several years for the City Messenger's office. They are experienced and have the necessary equipment.

Accordingly, it is respectfully requested that the Board of Park Commissioners be allowed to award a contract, without public advertising, to F. C. Dolan & Sons, Inc., for roping and staking football fields as explained above, for a sum not to exceed \$4,500 for the 1950 season, to be charged to Park Department, 2-42.

Respectfully yours,

FRANK R. KELLEY, *Chairman.*

PUBLIC BUILDINGS DEPARTMENT.

Boston, September 12, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Health Department has made arrangements to have a dental clinic in

Curtis Hall Municipal Building and has notified the various schools, both public and parochial, to arrange their schedules so as to have classes ready for the 25th of September.

There has been considerable delay in finding suitable quarters for this purpose due to the fact that all available space is occupied by the various tenants in this building such as the Community Nurses, Library Department, Park Department, and our own department. Finally today, Mr. Frank Kelley, Park Commissioner, gave permission to utilize a room on the second floor for this purpose.

In view of the above, I have had the J. M. McCusker Company, together with my inspectors, make a survey to the end that two dental chairs be installed. All necessary cold water piping, all gas piping, waste and vent piping, also the installation of air piping from compressor to chairs were included in this survey. Other necessary work in order to make their quarters suitable, includes furnishing and installing of new toilet, new lavatory and necessary gas work to comply with the regulations of the Building Department.

I am in receipt of a proposal from the J. M. McCusker Company, which includes the setting up of dental chairs, all cutting for and the furnishing and installation of all air, gas, hot and cold water, waste and vents necessary for the completion of this installation; all work incidental to this work, such as furnishing and installing lavatory complete, including hot and cold water piping; also the furnishing and installing of new toilet bowl in toilet room assigned to clinic. This proposal includes all electrical outlets, double plugs and fixtures necessary for the operation of this clinic, and is for the sum of \$1,938.

As time is of the essence, and in view of the difficulty of properly writing up this work in order to advertise, I respectfully request that your Honor grant me authority to dispense with advertising and to award a contract to the J. M. McCusker Company, 17 Chestnut avenue, Jamaica Plain, to do the work outlined above on a time and material basis in the sum of one thousand nine hundred and thirty-eight (1,938) dollars.

Very truly yours,

GEORGE P. DONOVAN,
Superintendent of Public Buildings.

SUPPLY DEPARTMENT.

Boston, September 7, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On August 31, 1950, your Honor approved an award of a contract to Sparrow-Chisholm Company for sheets and pillow cases in the amount of \$14,497.50.

The Boston Sanatorium was the only city department mentioned in the letter to be furnished the bedding; however, other city departments should have been named.

It is therefore requested that the letter be changed to include the Fire Department and Long Island Hospital as well as the Boston Sanatorium.

The total amount of the contract is the same, \$14,497.50.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

AMENDMENT TO CONTRACT.

INSTITUTIONS DEPARTMENT.

M. Solimando has been allowed to amend the contract dated May 31, 1950, for alterations to Ward 3, Long Island Hospital, Boston Harbor, as follows:

Furnish and install tile in remaining toilet room walls, and the entire bathroom walls, the height to be 6 feet x 6 feet. Subcontract, \$1,350; general contractor's fee, 10 per cent, \$135; total, \$1,485.

Original contract, \$8,230; additional cost, \$1,485; total contract to date, \$9,715.

It is further agreed by and between the parties hereto that said contract also be amended as follows: By substituting as the date of completion of the work "October 16, 1950," in place of "August 5, 1950." Delay is due to additional work.

All provisions of the aforesaid contract except as specifically modified by this agreement shall continue in full force and effect. The published letter with the Mayor's approval of addition to contract sum dated July 31, 1950, is hereby incorporated herein.

Boston, July 27, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I have received notification from the architect that certain tile work on the alterations being made on Ward 3, Long Island Hospital, was not included in the contract approved May 29, 1950.

This work was found to be necessary after the contract was awarded and work had begun. The amount of the work figured in the original estimate was not sufficient to meet the standards of a Class A hospital.

The subcontractor, Freeport Marble & Tile Company, are now performing their work at the hospital and have all the necessary equipment on hand. Because of the expense involved in transporting equipment from the mainland, the City of Boston would be best served by not advertising for new bids.

I respectfully request your permission to amend the contract of M. Solimando, 584 Columbia road, Dorchester, for alterations to Ward 3, Long Island Hospital, by the addition of tile work in the amount of \$1,485.

Respectfully yours,

JOHN R. MCGILLIVRAY,
Commissioner.

ADDITION TO CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

R. Tweed & Son have been directed to make the following addition to the contract for the Dorchester High School for Boys.

Painting exposed brickwork in cafeteria not called for in contract: Labor, \$112; material, \$12; total addition, \$124, and the amount of \$124 will be added therefor, making the account as follows: Contract price, \$2,392; total additions, \$124; amount of contract, \$2,516.

POPULATION DISTRIBUTION.

Another important population change has been the geographic redistribution of the American people. According to Census Bureau estimates for July 1, 1948, seven states had lost population since 1940, and 41 states and the District of Columbia had gained population. The most impressive population gains were in the West; the losses were concentrated in a few states in the upper Missouri River Basin and in the South.

TRAFFIC COMMISSION RULINGS.

Voted, That the Traffic Rules and Regulations of the City of Boston are amended as follows, effective October 2, 1950:

Article IV, Section 2 (Stopping, Standing, and Parking Prohibited in Certain Places), is amended by striking out the following:

Dudley Street, Roxbury.

South side, from a point fifty-seven (57) feet west of Winslow street to Winslow street, 24 hours.

Article IV, Section 2 (Stopping, Standing, and Parking Prohibited in Certain Places), is amended by adding the following:

Dudley Street, Roxbury.

South side, from a point eighty (80) feet west of Pevear place to a point twenty-five (25) feet east of Pevear place, 24 hours.

Article IV, Section 3, Part 2 (Prohibition of Parking), is amended by striking out the following:

Brighton Avenue, Brighton.

North side, from Malvern street to Union square, 4 P.M. to 6 P.M.

South side, from Commonwealth avenue to Union square, 8 A.M. to 10 A.M.

Chelsea Street, Charlestown.

Both sides, from City square to Vine street, 24 hours.

Northwest side, from Vine street to Chelsea South Drawbridge, 8 A.M. to 10 A.M.

Southeast side, from Vine street to Chelsea South Drawbridge, 24 hours.

Creston Street, Roxbury.

POLICE DEPARTMENT ORDERS.

General Order No. 1,364.

The Acting Superintendent of Police is hereby directed to make the following details in connection with the State Primaries in this city on Tuesday, September 19, 1950.

1. The necessary number of patrolmen from the several police divisions to attend the several polling places in this city on State Primaries Day, to preserve order and protect voters in the full exercise of their rights.

2. Three patrolmen for duty in the office of the Board of Election Commissioners, 111 City Hall Annex, on arrival of ballots for the State Primaries at 10 o'clock a. m., Monday, September 18, 1950, such details to continue until all ballots cast at the Primaries have been received.

3. One patrolman for duty in parking area surrounding City Hall Annex from 4 o'clock p. m., Monday, September 18, 1950 (the night before Primary Day), to properly place "No Parking" signs and to keep the entire area clear for the following morning, so that twenty-five trucks coming to the Election Commissioners' Office for ballots at early hours on primary morning will be able to park without interference or delay.

4. One superior officer for duty at the City Hall Annex, to supervise the police detail for motor trucks from 5 o'clock a. m., Tuesday, September 19, 1950, until relieved.

One patrolman from 4 o'clock p. m., on the same date, until relieved, for duty at the same place, to keep clear the approaches to the office of the Board of Election Commissioners for motor vehicles returning from the polling places with ballot boxes, etc.

5. One sergeant for duty at basement vault of Board of Election Commissioners from 9 o'clock p. m., on Tuesday, September 19, 1950, until such time as all returns from the 362 precincts are in.

6. Twenty-five sergeants, one to a motor vehicle, to report at the office of the Board of Election Commissioners in ample time, to be prepared to leave that office for their respective destinations, according to the following schedule, in such vehicle with ballot boxes, ballots, etc., and deliver such ballot boxes, ballots, etc., to the police officer detailed in each precinct.

SCHEDULE FOR HOURS OF DEPARTURE OF SERGEANTS SO DETAILED FROM OFFICE OF BOARD OF ELECTION COMMISSIONERS ON MORNING OF SEPTEMBER 19, 1950.

(One motor vehicle for each of the twenty-two wards, excepting Ward 14, Dorchester; Ward 18, Hyde Park and Ward 20, West Roxbury, for which two trucks, each, have been engaged.)

Wards 1 to 4, inclusive, 6.30 a. m.
Wards 5 to 7, inclusive, 6 a. m.
Wards 8 to 10, inclusive, 5.30 a. m.

Wards 19 and 20, 5.20 a. m.
Ward 21, 5.25 a. m.
Ward 22, 5.30 a. m.

7. For proper coordination in the delivery of ballot boxes, ballots, etc., by the sergeants as herein set forth, to the police officers detailed at the various precincts, it is of the utmost importance

that such sergeants leave the City Hall Annex on time as per schedule.

8. One patrolman to report at each of the three hundred and sixty-two precincts, as hereinafter set forth, on Tuesday, September 19, 1950, to receive ballot boxes, ballots, etc., from the sergeants detailed on motor trucks. Regardless of the use of voting machines in some precincts, a ballot box will be delivered to each one as usual, and it is essential that officer be there to receive it.

Attention is called to the necessity of having officers, so detailed, to report at their posts on time, so that there will be no delay in the opening of any polling place.

One patrolman shall be assigned outside each polling place to report at 4 p. m. and remain until close of the polls at 8 p. m. Officers assigned to duty outside the polls are to enforce the law which prohibits the distribution of campaign literature within 150 feet of the entrance to a polling place.

9. The detail of patrolmen at the various precincts will continue until the ballots are counted and the results declared. The officers are then to bring the ballots and returns to the Election Commissioners' office.

10. Cards with the ward and precinct number and location of voting booth printed thereon will be forwarded to the several police divisions, on which the Division Commander will write the name, the division number, and the number of the officer detailed at the time stated on the morning of September 19, 1950, at the voting booth of each respective precinct on his division. This card, to be given to the officer so detailed at the voting booth, will be retained in his possession until delivery by him to an employee of the Board of Election Commissioners, who will arrive accompanying a sergeant on motor vehicle from the Election Commissioners' office on the morning of September 19, 1950, with the ballot boxes, ballots, etc., as hereinbefore stated.

This card, when returned by such employee to the office of the Election Commissioners will be its receipt that the ballot boxes, ballots, etc., have arrived at their proper destination.

11. On receipt by the patrolman from the sergeant, detailed on motor vehicle, as herein provided, of registering ballot box, ballots, voting lists and such other documents as may have been received from the Election Commissioners, the patrolman detailed at polling place will deliver same to the warden or clerk of the precinct, allowing no person to take or handle them before such delivery, and hand the key of the registering ballot box to the warden. On delivery of the ballots to the warden, the patrolman will take from him a receipt for the same, which receipt will be returned to the Election Commissioners.

12. After the warden has opened the box and allowed the election officers and the public to see that it is empty, the box is to be again locked and the key given to the patrolman who is to retain it until after the polls have closed, except that, at the request of the warden, the patrolman may allow him to open the box for the purpose of pressing down the ballots, in order to make room for more ballots, after which the patrolman will see that the box is again locked, and the key returned to the police officer.

13. The patrolman will obtain from the warden copies of poster, which will be sent to the latter, in relation to smoking and the use of liquor in polling places, and post same in conspicuous places where they may be easily read. Tacks will be sent for the purpose.

14. The warden will deliver to the patrolman detailed at the polling place for his use at that place a copy of the descriptive voting list, which must be returned to the warden at the close of polls.

15. When the polls are opened, the patrolman will mark in the place indicated on tag attached to the key the figures which the register shows before any ballots are cast.

16. At 8 p. m., Tuesday, September 19, 1950, when the polls close, one sergeant

will report in each of the 22 wards (excepting Ward 14, Dorchester; Ward 18, Hyde Park, and Ward 20, West Roxbury, for which wards two sergeants and two motor trucks, each, are provided), to meet motor vehicle at last point of morning distribution; thence to proceed to each of the several precincts in his respective ward, and receive registering ballot box (which must be locked), and key thereof, voting lists envelope, signed by the warden and other election officers, receipts for ballots, unused ballot box, sealed and certified (containing unused and spoiled ballots), stamps for marking spoiled ballots and check lists, and individual envelopes containing keys to each voting machine, carry them to the Election Commissioners' office and deliver same to some member of the Board of Election Commissioners.

17. When the polls are closed, the patrolman will mark on the same tag the figures which the register shows after all ballots have been cast. He will then hand the key to the warden, who will open the box and take out all the ballots to be sorted and counted. The warden will then cause the voting lists, including the list used by the police officer, to be sealed up in an envelope, and the envelope certified by the signatures of himself and the other election officers and the same returned to the Election Commissioners. The patrolman will not allow this envelope to be put into the ballot box. The sergeant who will report on motor vehicle will keep it about his person until delivery at the office of the Election Commissioners.

The unused and spoiled ballots are then to be put into the box for unused ballots and the box sealed and certified, to be delivered to the office of the Board of Election Commissioners.

18. When returning from polls, all motor vehicles must drive to the easterly side of City Hall Annex, Court square, where ballot boxes will be conveyed by chute to the basement.

19. It is important that the patrolman sees that the voting lists envelope is signed by the warden, clerk and all the inspectors. The patrolman will also see that the special book for signatures of voters is returned in the registering ballot box.

20. In case a patrolman is detailed to relieve another after the close of the polls, the commanding officer will see that he is properly instructed as to the duty of bringing official return, the box of ballots cast, and the press return to the Election Commissioners' office as soon as they are delivered to him by the election officers.

21. When the ballots have all been counted, the ballots thus counted, tally sheets and nothing else (the ballots to be in their separate party boxes or envelopes) shall be placed by the warden in the leatheroid box sent for that purpose, which must be sealed up and signed by all the election officers. The patrolman will particularly see that this box is properly sealed up and that all the election officers have signed their names to the certificate on the box. The patrolman will then bring the box, official return, record book and press return to the City Hall Annex, Court square, and deliver same to the Election Commissioners.

The patrolman is directed not to allow the official return, press return or record book to be placed in the

leatheroid box with ballots cast, but are to be returned by the officer to the Board of Election Commissioners.

22. While the polls remain open an officer of rank will visit the polling place in each division at stated intervals, to be designated by the captain, and in case of any disturbance will report the fact to the commanding officer of the station house without delay. If additional men are needed beyond the number available in that division, the officer in charge will communicate immediately with headquarters.

He shall remind the officer and the warden on duty at the polls, that the official return, press return and record book are not to be placed in the leatheroid box, but shall be safely delivered to the Election Commissioners with the leatheroid box.

23. Attention is called to the fact that the polls at the State Primaries on Tuesday, September 19, 1950, shall open at 8 o'clock a. m., and close at 8 o'clock p. m.

24. Commanding officers of divisions will see that the officers detailed for duty on State Primaries Day, are furnished with a copy of the circular issued by the Board of Election Commissioners, entitled: "Instruction to Police Officers on Primary . . . Days."

25. Voting machines will be used in the following precincts at the coming State Primary:

Ward 1, all precincts.

Ward 21, Precincts 1, 14 and 15.
Ward 22, Precincts 14 and 16.

Officers assigned to duty in these precincts should be apprised of the procedure to be followed. When the warden has set up the machines for voting and the polls are declared open, he will give keys Nos. 2, 3 and 4 of each machine in the precinct to the police officer. The officer will have custody of these keys until the close of the polls. Since the law requires that a ballot box be furnished for challenged ballots, the officer will also have custody of the ballot box key during the polling hours. At the close of the polls, the officer will return the keys to warden. Keys Nos. 2 and 3 will be automatically locked into the voting machines. Key No. 4 will be given to the police officer to return to City Hall. This key is to be enclosed in a sealed envelope signed by all the election officers. Since the procedure is most important, the officers will check the envelopes—one for each machine—to be certain that they are in proper order. If any challenged ballots are cast in the precincts where machines are used, the officer will have ballots to return, but in any event he will return to City Hall Annex the box sent to the polling place for ballots cast, in addition to the envelopes containing the No. 4 keys.

IMPORTANT NOTES.

A. Officers shall strictly enforce the law pertaining to smoking. Smoking is prohibited within the confines of the polling places, during the entire day, while the polls are open, as well as after they are closed.

As polling places and their approaches and exits are, in many instances, in buildings used for places of religious worship, to say nothing of the danger to valuable property from careless persons, the importance of these instructions is apparent.

B. During the hours from 6 o'clock p. m. to 8 o'clock p. m., there has been a large increase in the number of persons who congregate outside the polling places. This makes it disagreeable to voters who are entering and leaving the polling places. Officers shall exert every effort to relieve this congestion.

Officers are reminded that it is the privilege of the voters to watch the count of the votes cast. It is understood that no disturbance or crowding is to be permitted and that the voters are to remain outside the rails.

C. Officers shall handle ballot boxes with great care.

D. At the close of the polls all persons waiting to vote, including any who might be in line at the entrance to the polling place, are to be placed in line by the warden and given cards bearing their names. The police officer is to stand at the end of this line to be certain that no additional persons are permitted to join it. All voters in the line are to be permitted to cast their ballots, whether by paper ballots or by machine.

E. A candidate running on "stickers" (or his representative) may stand at the entrance to the polling place to distribute "stickers."

F. Corrected books showing the locations of the polling places will be sent to each division. You will note that in many instances precincts have been combined in one building, but the number of precincts is 362.

G. Commanding officers shall direct all officers detailed at the polling places in the various precincts to report promptly according to schedule.

H. Officers shall be informed that in many instances there are two precincts located in the same building, as follows:

Acting Police Commissioner.

Commanding officers of divisions will promulgate this order by reading it to their men at roll call this P.M.

JAMES F. DALEY,
Acting Superintendent of Police.

General Order No. 1,365.

The following-named officers having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that they are incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that they be retired from active service in the Police Department, effective Saturday, September 16, 1950, at 7.45 o'clock A.M.:

Sergt. Francis M. Burke, Division 6, 30 years of service.

Patrolman Joseph F. Crowley, Division 6, 29 years of service.

Patrolman Henry E. Kreinsen, Division 14, 30 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,366.

In accordance with the authority granted by chapter 639 of the Acts of 1950, a Volunteer Unpaid Auxiliary Police Force is hereby established in the Boston Police Department for the purpose of providing for the safety of the city during the existence of an emergency resulting from disaster or hostile action.

Commanding officers shall exert every effort to recruit suitable persons for this vital work. Persons appointed to the Volunteer Unpaid Auxiliary Police Force shall have all the powers of a constable, except the power of serving and executing civil process. They shall exercise and perform such of the powers or duties of police officers as may be prescribed by the Police Commissioner, provided such powers or duties shall not be exercised or performed by them except while they are on active duty and dis-

playing an authorized badge, after being called to such duty by the Police Commissioner to meet a situation which, in his opinion, cannot be adequately handled by the regular police force. They shall be equipped with a badge, a helmet, and a night stick. All duties performed by members of this organization shall be under the immediate supervision of a uniformed member of the Force.

No person shall be appointed to the Volunteer Unpaid Auxiliary Police Force who advocates, or has advocated, a change by force or violence in the constitutional form of the government of the United States, or of this commonwealth, or the overthrow of any government in the United States by force or violence, or who has been convicted of, or is under indictment or information charging any subversive act against the United States. Each person who is appointed to serve in an organization of civil defense shall, before entering upon his duties, take an oath, in writing, before a person authorized to administer oaths in this commonwealth, which oath shall be substantially as follows:

"I . . . do solemnly swear that I will support and defend the constitution of the United States and the constitution of the Commonwealth of Massachusetts against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties on which I am about to enter.

"And I do further swear that I do not advocate nor am I a member of any political party or organization that advocates the overthrow of the government of the United States or of this commonwealth by force or violence; and that during such time as I am a member of the Volunteer Unpaid Auxiliary Police Force, I will not advocate nor become a member of any political party or organization that advocates the overthrow of the government of the United States or of this commonwealth by force or violence."

Application and oath forms will be provided.

The Volunteer Unpaid Auxiliary Police Force shall be divided into seventeen units, one to each police division. Each unit shall be under the supervision of the commanding officer of that division.

Capt. Andrew Markhard, Drillmaster, is hereby designated Supervisor of the Volunteer Unpaid Auxiliary Police Force and shall have general supervision over all members, making arrangements for suitable training and the proper distribution of the prescribed equipment.

He shall set up a procedure for the recording of all members in the various police divisions and in the office of the supervisor.

The following rules shall be followed for recruiting members of the Volunteer Unpaid Auxiliary Police Force:

1. Candidates must be 21 years of age or over.

2. Candidates must be citizens of the United States.

3. Candidates must be of good character and reputation.

4. Candidates will be required to be fingerprinted and photographed.

5. Persons may be recruited among the residents of a division or persons engaged in business or employed on the division.

No organization for civil defense established under the authority of this act shall participate in any form of political activity, nor shall it be employed directly or indirectly for political purposes.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 52.

I. LETTER OF APPRECIATION.

The following letter, received by the Fire Commissioner, is hereby promulgated for the information of the department:

"2035 Commonwealth Avenue
Brighton, Mass.

September 10, 1950.

MICHAEL T. KELLEHER, Fire Commissioner, Boston, Mass.

DEAR MR. COMMISSIONER:

It is with everlasting gratitude that I acknowledge thru you my heartfelt thanks and appreciation to the following men: Private William Doherty, Private John F. Shannon, Private William Murphy, Private David J. Hansford, Engine 1 and Ladder 5, District 6, South Boston, and Lieutenant John F. Doherty, Ladder 18, for answering an appeal for blood donors for my son, Albert L. McGeorge, who underwent very serious stomach surgery on July 10, at Carney Hospital, South Boston.

Thru their generosity, an operation was a success, and a life spared, after many, many hours of uncertainty. Surely, indeed, such young men, willing to give their blood in an emergency, to a dangerously ill unknown, deserve commendation from their superiors — and from us, their benefactors, our prayers always to a Loving Father, that He will never be outdone in generosity towards them, because as He said in so doing, 'You did it unto Me.'

Thru you, Mr. Commissioner, please extend to them, our everlasting thanks for a debt of gratitude, which shall never be forgotten.

With the best of wishes for the success and advancement of these men in the department, I am, indeed,

Gratefully,

MRS. ALBERT L. McGEORGE."

II. RESIGNATIONS.

The following resignations, which became effective at 8 A.M., Tuesday, September 19, 1950, are hereby announced:

Hoseman James T. Prendergast, Engine Company 14.

Hoseman Vincent J. Kilduff, Rescue Company 2.

Hoseman Roland P. Sferrazza, Rescue Company 2.

By order of Fire Commissioner
MICHAEL T. KELLEHER.

DANIEL MARTELL,
Acting Chief of Department.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Savin Hill court, Dorchester district, as a highway, from Savin Hill avenue, approximately 250 feet northerly, bounded and described as follows:

A highway named Savin Hill court is hereby laid out from Savin Hill avenue, approximately 250 feet northerly, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by Savin Hill avenue, twenty-four and 59-100 feet; westerly by the westerly line of said Savin Hill court as hereby laid out, by two measurements, two hundred four and 22-100 feet and fifty-four feet; northerly by the northerly line of said Savin Hill court as hereby laid out, twenty-four and 53-100 feet; and easterly by the easterly line of said Savin Hill court as hereby laid out, by two measurements, forty-three and 92-100 feet and one hundred ninety-five and 79-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on all sides of Savin Hill court, as laid out under this order, from Savin Hill avenue, approximately 250 feet northerly, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

PROPOSALS FOR DEMOLITION OF BUILDINGS AT THE GIBSON STREET CITY YARD, DORCHESTER, AND THE WESTERN AVENUE CITY YARD, BRIGHTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for demolition of buildings at the Gibson Street City Yard, Dorchester, and the Western Avenue City Yard, Brighton. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Demolition of Buildings at the Gibson Street City Yard, Dorchester, and the Western Avenue City Yard, Brighton," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, OCTOBER 4, 1950, with a certified check for ONE HUNDRED FIFTY (150) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 162 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(Sept. 23.) Commissioner of Public Works.

Vacancies: At present there is one vacancy in the Washington branch office, to be filled on a permanent basis.

Duties: To take care of clerical work and of office detail in the Washington branch office of the Port of Boston Authority; to prepare personal expense accounts of the branch representative of the Port of Boston Authority for payment of incurred bills through the office of the Comptroller of the Commonwealth; and to perform related work as required. Some familiarity with the various government departments such as the Maritime Commission, War Department, and Interstate Commerce Commission is required.

Entrance Requirements: Applicants must have at least five years of experience in clerical work of which two years must have been in work of more than

ordinary difficulty and responsibility. *Substitution:* High school or equivalent education may be substituted for the general experience, year for year, but not for the specified two years in clerical work of more than ordinary difficulty and responsibility.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5. Also a practical test in stenography with dictation at the rate of 80 words a minute.

Passing Requirements: Applicants must obtain at least 70 per cent in each

subject and in the practical test in order to become eligible.

The examination is limited to persons who have domiciled in the Commonwealth of Massachusetts for one year next preceding the date of filing application, but an appointee must establish residence in Washington, D. C., or vicinity.

INVITATION FOR PROPOSALS FOR CERTAIN PAINTING AND PAINTERS' WORK AT THE BRIGHTON BRANCH LIBRARY, 40 ACADEMY HILL ROAD, BRIGHTON AND PARKER HILL BRANCH LIBRARY, 1497 TREMONT STREET, ROXBURY.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for certain painting and painters' work in the branch libraries listed above.

Proposals will be received until 12 o'clock noon, Tuesday, October 3, 1950, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the business office, Boston Public Library, Copley square, Boston. Each copy of the proposal shall be properly filled out, signed, and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of two hundred and fifty dollars (\$250), shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the awarding of the contract.

Specifications may be obtained on and after Monday, September 25, 1950, at the business office of the Boston Public Library.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to accept or reject any or all bids, and to accept or reject any portion or portions of bids, and to award the contract as he deems for the best interests of the city.

PROPOSALS FOR FURNISHING STEEL DESKS AND CHAIRS FOR THE REGISTRY OF DEEDS.

The Commission for the Care, Custody and Control of the Suffolk County Court House invites sealed proposals for furnishing steel desks and chairs for the Registry of Deeds, Old Court House, Pemberton square, Boston, Mass. A bond of a surety company satisfactory to the Court House Commission for the full amount of the contract price to secure the due performance of the contract and the full protection of the County of Suffolk will be required. Proposals and specifications may be obtained at the office of the Superintendent, Room 119, Old Court House. Each proposal must be signed by the bidder, placed in an envelope, properly sealed, and marked "Proposal for Steel Desks and Chairs for the Registry of Deeds," and left at the office of the Court House Commission, Room 318, New Court House, Boston, before 12 o'clock noon of Tuesday, October 10, 1950, with a certified check for \$100, payable to and to become the property of the County of Suffolk if the proposal, after acceptance, is not carried out. Said proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the duplicate copy with the certified check to be left as above stated, but the original copy, without check, to be filed with the City Auditor, City Hall, Boston, Mass., before the time given above for the opening of the bids. The Commission reserves the right to reject any and all bids which, in its opinion, it may deem for the best interests of the County of Suffolk. Bidders will specify the time necessary for the completion of the contract.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN COWING STREET, HAVEY STREET, AND TEMPLE STREET BROOK, WEST ROXBURY, AND CENTOLA STREET, BRIGHTON.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Cowing street, Havey street, and Temple Street Brook, West Roxbury, and Centola street, Brighton. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Cowing Street, Havey Street, and Temple Street Brook, West Roxbury, and Centola Street, Brighton," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, OCTOBER 4, 1950, with a certified check for ONE THOUSAND (1,000) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

MAYOR JOHN B. HYNES NAMES JOINT BOARD OF PUBLIC OFFICIALS TO AID IN DEVELOPMENT OF MASTER HIGHWAY PLAN FOR BOSTON — CHARLES A. MAGUIRE & ASSOCIATES AWARDED CONTRACT FOR PREPARING REPORT ON ALL ASPECTS OF HIGHWAY SYSTEM — INTERIM REPORT TO BE READY BY DECEMBER 15 SO LEGISLATION FOR PUTTING PROPOSALS INTO EFFECT MAY BE DRAWN UP FOR PRESENTATION TO GENERAL COURT — PUBLIC WORKS COMMISSIONER CHOSEN TO ACT AS CHAIRMAN OF BOARD — PLAN ENVISIONS FEDERAL AND STATE AID FOR COMPLETING PROJECTS TO BE DEvised AND RECOMMENDED.

MAYOR HYNES OFFICIATES AT DEDICATION OF NINTH HEALTH UNIT AT BLUE HILL AVENUE AND HARVARD STREET, DORCHESTER — POINTS TO GREAT BENEFIT TO HEALTH OF BOSTON CITIZENS THESE UNITS HAVE BEEN AND WILL BE — PRAISES BOSTON'S GREATEST BENEFactor FOR BROTHERLY SPIRIT THAT PROMPTED GIFTS.

At the dedication exercises of the ninth health unit erected by the City of Boston out of funds of the George Robert White Fund, on Monday, September 25, Mayor John B. Hynes spoke as follows:

It is, of course, an event of great significance to accept in the name of

On Sunday, September 24, Mayor John B. Hynes joined with other patriotic citizens of Boston in honoring the memory of Commodore John Barry, lovingly known as the "Father of the

The following letter is being sent by Mayor Hynes to all members of the Joint Board:

I have selected you to serve as a member of a so-called Joint Board — comprising the Commissioner of Public Works, the Traffic Commissioner, the Chairman of the Planning Board, the Chairman of the Board of Street Commissioners, and the Chairman of the Board of Park Commissioners — to assist in the development of a master highway plan for Boston.

In connection with this matter, I have awarded a contract to Charles A. Maguire & Associates, which provides for the preparing of a report on all phases of the highway system of this city and requires that the report be completed on or before March 1 of 1951, with the understanding that

MAYOR NAMES REHABILITATION COMMITTEE FOR THE HOMELESS AND INDIGENT MEN OF THE CITY OF BOSTON.

Mayor Hynes on September 22 announced the following members of a rehabilitation committee for the homeless and indigent men of the City of Boston: John R. McGillivray, Commissioner of Institutions; Col. Thomas F. Sullivan, Police Commissioner; William G. O'Hare, Secretary, Overseers of Public Welfare; Francis X. Cotter, Commissioner, Department of Veterans' Services; Dr. J. V. Sacchetti, Medical Director, Long Island Hospital; Dr. John W. Cass, Jr., Executive Medical Staff, Long Island Hospital.

These homeless men are the dormitory patients at Long Island Hospital. In the past many of them would go and come from Long Island Hospital with no outlook for employment or an established residence. This committee will try to evolve the necessary medical and financial needs to rehabilitate them. The "Skid Row" of Boston has been well publicized; but little or nothing has ever been done to try to correct this condition.

Mayor Hynes realizes the difficulties that will be encountered in a program of this type, but even a partial correction of this situation will be worth the time and effort put into it.

A request has already been made to establish an alcoholic clinic at Long Island Hospital, and all members of the Boston Committee for Education on Alcoholism, Inc., are invited to assist in this program.

an interim report will be submitted on or before December 15 of this year, if it is deemed advisable to prepare legislation for enactment into law which will be beneficial to the City of Boston in connection with the construction, financing, etc., of highways. The consultant will be required to meet every two weeks or more often, if necessary, with the members of the Joint Board to keep them informed of the progress being made and to consult and discuss with the members of the Board various phases of the study.

Technical Committee to Advise.

I suggest that you appoint one or more engineering representatives from your department to serve on a Technical Committee that will work closely with the consulting engineer on this important study. The Technical Committee is to act as an intermediary between the consulting engineer and the city and will obtain for the consulting engineer any information, data, or plans available in the city departments that would be useful to the consultant, in connection with the preparation of the report.

While it is my intention to have both the Joint Board and the En-

MAYOR HYNES APPOINTS BOARD TO AID IN THE DEVELOPMENT OF MASTER HIGHWAY PLAN.

(Continued from page 989.)

gineering Committee work closely with the consulting engineer in an advisory capacity, it is not my intention to have any member of the Board or of the Technical Committee undertake any function that normally is the responsibility of the consultant.

As the subject matter principally involves the Public Works Department, I have designated Commissioner George G. Hyland to act as chairman of the Joint Board. He will advise you as to the time of the first meeting.

The communication on which the Mayor acted was received from the Public Works Commissioner and reads as follows:

BOSTON, September 21, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I have felt for some time that it would be most desirable, and in the best interests of the City of Boston, to engage the services of a competent firm of consulting engineers to prepare a master highway plan of the city that not only would provide a schedule of street improvements to be effected by the city in the next five-year period, but would also provide us with the necessary information and data to obtain federal and state aid—where possible—for the construction or reconstruction of our more important arteries, and would serve as a basis for the passage of legislation that would relieve the real estate owners of the city of the heavy financial burden that they are now required to assume in paying for highway construction and reconstruction costs.

In the past, there has been little or no real advance planning, with the result that the highway construction and reconstruction program followed, to some extent, the pattern of a patchwork quilt, rather than a systematic and orderly plan developed from an engineering point of view and based on the necessity for the improvement and the order of priority that should be followed in including a particular street in the highway construction program. We have 720 miles of public streets in this city, and, if each one were reconstructed every 20 years, it would require an annual expenditure of approximately \$2,500,000, which would include bridge repair, where necessary. In expending such a large sum year after year, it is only good business to see that we are spending it advantageously, judiciously, and in the best interests of all the taxpayers of our city.

OUTLINES OF WORK.

For these reasons, I feel that we should now have prepared a real comprehensive master plan that will include a study and report on all phases of the highway system

in this city. It is my intention that the master highway plan shall include, but shall not be restricted to, the following:

1. The preparation of a schedule, by wards, of street improvements (sidewalk and roadway) that should be effected in the next five-year period, listing the streets in the order in which they should be reconstructed.

2. The preparation of a list of all private streets that should be accepted and constructed in the next two, three, or five years, depending on the number of streets in this category.

3. The designating of the extent and type of roadway construction for all streets listed under the above items No. 1 and No. 2. This information will be needed by the consulting engineer for estimating purposes and will also be useful to the department and will serve as a guide in connection with the preparation and development of plans and specifications for the actual construction work.

4. A list of streets where roadway areas can be widened—thereby increasing traffic capacity—through the simple expedient of narrowing sidewalk areas, and also the listing of intersections where traffic movement can be expedited and facilitated by increasing the radii of the corner edgestones.

5. The examination of the previous report of the master highway plan for the Boston Metropolitan area insofar as it affects downtown Boston. This examination is for the purpose of determining and recommending the street widenings that should be effected to expedite the flow of traffic to and from the ramps of the proposed central artery.

6. The examination of our system of main highways for the purpose of determining what highways—based on traffic volumes and their relation to the Metropolitan Boston traffic pattern—should be reconstructed, widened, or improved by the State Department of Public Works or the Metropolitan District Commission or transferred to the jurisdiction of those state departments.

7. The preparation of a financial plan showing, in detail, the annual expenditures that it is estimated the city will be required to make to effect the improvements that are to be paid, partially or entirely, by Boston, and the preparation of a tabulation showing the expenditures made by the City of Boston from 1940 to 1950 for highway improvements, and also the preparation of a tabulation showing the financial assistance received by the city from the state during that period for street improvement work.

8. The supervisory examination of bridges—with special attention to the decking—and the preparation of a general report on defects. Also the preparing of proposed cross sections for highways that are used by heavy traffic.

9. The submitting of a plan of street improvements on arterial highways that will be coordinated with the proposed program of the State Department of Public Works for through highways.

10. The preparing and submitting of information that will be of assistance to the city in obtaining federal participation in the cost of highway construction work.

11. A financial report outlining the methods and cost of financing the work, based on the issuance of ten- and fifteen-year bonds.

CONTRACT AWARDED.

I have discussed the preparing of the master highway plan for Boston with three of the leading firms of consulting engineers in this city, and it is my unqualified opinion that it would be in the best interests of the city to award a contract for the study to the consulting engineering firm of Charles A. Maguire & Associates of 294 Washington street, Boston. The latter-referenced firm—with two associate consulting engineering firms—prepared a master highway plan for the Boston Metropolitan area which is accepted as a model throughout the country and as a report of the highest standard by consulting engineers. The firm is recognized nationally as outstanding in the consulting engineering field, and is thoroughly familiar with the present and proposed traffic patterns, not only in the intown area of Boston, but in the entire Metropolitan Boston area. It is currently engaged in the design of the Boston Central Artery, and has also been retained by the State Department of Public Works to conduct a highway study in the City of Worcester. I feel—on the basis of experience, background, and qualifications—that the firm of Charles A. Maguire & Associates is singularly and eminently qualified to undertake the important study of the highway system of this city.

I have received a proposal from that firm agreeing to prepare the master highway plan for a fee of \$58,000, with the understanding that the complete report will be finished and delivered on or before March 1 of 1951, and an interim report will be submitted on or before December 15 of the current year, with sufficient data contained therein to permit the drafting of a bill for submission to the Legislature, if it is determined necessary to have any laws passed by the next Legislature that will be beneficial to the city in connection with the maintenance, extension, transfer, or financing of highways. The above-referenced fee, in my opinion, is reasonable, but is sufficiently high to insure the completeness and quality of the type of report that we need. Unquestionably, we could have the study made at a lower price, but I feel that a study of this nature is so important that we should not attempt to obtain a fee so low that it would affect its thoroughness or the quality of the report.

In view of this, therefore, there would be no advantage in publicly advertising for proposals. I have complete confidence in the ability of the above-referenced firm of consulting engineers to submit a report that will prove most beneficial to the city in the next five-year period, and, in my opinion, the fee will more than be offset by the savings that will result if the recommendations contained in the report are adopted and followed.

I respectfully request, therefore, that you authorize the awarding of a contract—without publicly advertising for bids—to Charles A. Maguire & Associates, consulting engineers, of 294 Washington street, Boston, in the lump sum of \$58,000, for the development, preparation, and submitting of a master highway plan for the City of Boston, in accordance with the provisions of a contract to be prepared, which will include, but which shall not be restricted to, a study and report of the items listed herein.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

MAYOR JOHN B. HYNES IN TRIBUTE TO COMMODORE JOHN BARRY.

(Continued from page 989.)

American Navy." In placing wreaths at the monument erected in his honor, Mayor Hynes spoke as follows:

In the long pages of American history there are many illustrious names—the record of many gallant deeds. Shining bright on that long list of great names and great patriots is the name of the man whom we honor today, John Barry, better known as "Commander Jack Barry."

Unbiased historians of the early struggles of this republic point to him as the "Father of the American Navy," and give to him the full meed of credit for inspiring the American sailors to fight and defeat a better equipped, a better trained, and a far stronger fleet than that of the Colonists.

George Washington, at the close of the Revolutionary War and upon the establishment of a new United States Navy, commissioned six naval captains, and the name of Jack Barry was first on George Washington's list. It is fitting, therefore, that annually we pay tribute to this great, courageous Irishman who spurned, as every true Irishman would, the offer to desert America for 20,000 pounds, and take command of a British naval squadron.

John Barry brought no treason to America. He brought heroism and a strong, courageous, fighting heart. We of Irish blood have reason to be proud of Jack Barry, and we can point to him as a glorious example of the kind of man who helped start this great country on its long and glorious course. A great Irishman, a great American, the name of Jack Barry will never cease to shine brilliantly on the scrolls of our honored dead.

MAYOR OFFICIATES AT THE DEDICATION OF HEALTH UNIT IN DORCHESTER.

(Continued from page 989.)

our city this new, modern, and beautiful health unit, built from the income of the estate of the city's greatest benefactor, George Robert White. This is the ninth health unit constructed in our city through the generosity of Mr. White.

From their very inception, as a new and radical step in preventive medicine, the health units have proven to be a most necessary and helpful adjunct to the health facilities of our community. In fact, they have so well proved their worth and their necessity that they have been copied in many of the larger American cities.

Boston has always been noted for its leadership in matters of health and hospitalization. It is a record to which we can all point with pride, for it speaks loudly of our community spirit and our common desire to help the sick, the injured, and the aged.

Our health units, begun under the administration of Mayor Curley in 1924, have played an increasingly essential part in the effort to better the health of our population. And it is significant that every Mayor—Curley, Nichols, Mansfield, Tobin—has recognized their value to the extent of increasing their numbers and broadening their scope.

This new unit in our series is located most conveniently in the most populous ward of our city, where the need for it is self-evident and where its facilities, I am certain, will be fully taxed, thereby justifying its construction.

I am happy, therefore, to accept this building and to turn its keys over to our Health Department for operation and maintenance. Under Dr. Cauley and Dr. Wilinsky, whose fertile mind conceived the health unit as we know it, this building will not be merely a mass of stone and steel, but a building where those who are heavily burdened will find hope and help—and the keys to better health.

This is a grand, eventful day for Boston, and for this particular section of our great city. It is a day—another day—for us to offer another prayer of thanksgiving to that gentleman who loved his fellow men, George Robert White.

CIRCULAR LETTER.

CITY OF BOSTON,

MAYOR'S OFFICE, September 22, 1950.

To All Department Heads.

GENTLEMEN:

You are hereby directed to grant leave of absence, without loss of pay, to employees in your department who are delegates and alternates of the Italian-American World War Veterans of the United States, to attend the National Convention, to be held in Boston, Mass., on October 12, 13, 14, and 15, 1950.

Respectfully,

JOHN B. HYNES, Mayor.

MAYOR URGES CHRISTMAS FESTIVAL COMMITTEE TO INCLUDE PLANS FOR GIFTS TO BOSTON BOYS IN KOREAN BATTLE ZONE.

Mayor John B. Hynes on September 22 requested the newly formed City of Boston Christmas Festival Committee to include in its plans the presentation of gifts during the Christmas season to all Boston boys on duty in the Korean battle zone. The committee is composed of 150 leading Boston businessmen whose representatives are now at work formulating plans for an elaborate observance of Christmas in Boston during the entire month of December. Mr. Harry J. Blake, president of the Boston Chamber of Commerce, is chairman. Under the plan of the Mayor the gifts will be made in the name of the "grateful people of Boston."

The Mayor's letter to Chairman Blake reads: "I am pleased to learn that progress is being made in the organization and promotion of the Christmas Festival. If the 1950 Festival meets with even reasonable success, it should be the basis for an annual event that will grow in size and beauty with the years."

"With reference to this year's festival, I would be highly pleased, as would the general public, if your committee were to include in its plans the presentation of Christmas gifts to the Boston boys on duty in Korea, as a remembrance from the grateful people of this city. Their sacrifices and heroic deeds must not be forgotten."

"I understand that there are about 300 Boston boys now there, with more to follow. If each of them were sent even a small package of sweets and useful articles, I am sure they would be grate-

fully received and deeply appreciated. Sufficient funds to pay for them can be obtained through public subscription, I feel certain."

"The most difficult phase of the operation will be obtaining their names and addresses. However, with the cooperation of the newspapers and radio stations, the information can be obtained from their next of kin."

"My office will assist in every way that it can to assure the success of the plan."

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of city employees have been made:

FIRE DEPARTMENT.

Approval has been given to the appointment of the following-named firemen (men on probation) at \$2,800 a year:

Anthony C. Ciampa, 249 Prescott street, East Boston; Anthony J. Serra, 8 Emmet street, South Boston; James L. Collins, 19 Sherbrook street, West Roxbury; John P. Fleming, Jr., 112 Garfield avenue, Hyde Park; John J. Hurley, Jr., 115 Walnut street, Neponset; George F. LeBlanc, 80 Trenton street, East Boston; Francis J. Belmore, 2 Lincoln park, South Boston.

HEALTH DEPARTMENT.

The following retirements from active service have been approved:

Mary Finnegan, Kathryn F. Kelley, public health nurses; James J. Pontuso, inspector of housing and sanitation.

HOSPITAL DEPARTMENT.

Approval has been given to the emergency employment of Joseph Finnerty, 249 River street, Mattapan, as elevator operator, \$38.17 a week.

General Division.

CONTRACTS AWARDED.

Permission to award contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PARK DEPARTMENT.

Upon September 21 the Mayor approved a contract with Fred Ralston & Company for "Removal and Disposal of Dead or Diseased Trees in the City of Boston." Bids opened Thursday, September 7, were as follows:

Fred Ralston & Company, \$27,440; Superior Tree Service, \$29,600*; Eastern Tree & Landscaping Company, \$32,536; G. DeLuca Company, Incorporated, \$35,275.*

* These are the amounts no doubt intended by the bidders, although there is a question whether the court would not construe the amount of each of these bids as much larger.

PUBLIC WORKS DEPARTMENT.

Upon September 22 the Mayor approved a contract with the Beacon Piping Company as requested in the following letter:

TO THE MAYOR OF BOSTON:

Your approval is respectfully requested to the award of a contract for a new heating system and other mechanical work at the Calf Pasture Sewage Plant, Dorchester, to the Beacon Piping Company, 200 Freeport Street, Dorchester, the second bidder, at an estimated cost of \$38,046.

One of the fundamental principles of good contract practice that is generally and almost universally recognized by so-called awarding authorities in connection with contract awards is that the general contractor should do the major part of the work, although it is recognized that sub-contractors are necessary to perform certain specialized work.

This principle is followed, for example, by federal authorities in connection with the award of highway contracts involving federal aid. The requirement is understandable because it eliminates the possibility of having contractors acting in the capacity of brokers. Such a situation would prevail if the subject contract were awarded to the low bidder, James A. Freaney, Incorporated. The latter-referenced contractor, in my opinion, is not qualified, by ability or experience, to undertake the work required under the provisions of the contract and would be required to sub-let practically all of it. In such a case, the contractor would be acting in the capacity of a broker and not as a general or principal contractor.

The contract provides for the furnishing and installing of a new heating system; a new 30 KW generator; a motor-driven compressor; and the making of mechanical repairs to sluice gates. The new heating system constitutes the major part of the work and therefore, a contract of this kind would, under normal conditions, be awarded to a heating contractor or a contractor in that field or category. The low bidder, James A. Freaney, Incorporated, has never done work of the kind required under this contract, and he would be obliged, as stated, to sub-let practically all of it to sub-contractors.

The second low bidder, Beacon Piping Company, is thoroughly experienced in performing the type of installation required under the contract, and would do the major part of the work, although it is recognized that part of it would be sub-let. It is my unqualified opinion, therefore, that the best interests of the city would

be served if the contract were awarded to the second low bidder, at the total bid price of \$38,046, which is only \$66 higher than the bid of the low bidder.

In making this recommendation, I wish to call to your attention that it is contrary to the recommendation of Division Engineer Robert P. Shea, of the Sewer Division, who recommended that the contract be awarded to James A. Freaney, Incorporated, "because I believe that his sub-contractors, namely J. W. Prought & Company, heating; Skellings Electric Company, electrical work; and Carlson Brothers, machine work; are first class concerns."

Mr. Shea's reasons for his recommendation coincide with my opinion that the general contractor intends to sub-let practically all of the work required by the contract. The work to be sublet to the above-listed sub-contractors constitutes, on the basis of the bid prices of the general contractor, over 90 per cent of the contract.

The work contemplated in the contract is to be completed within ninety days after the contract is approved by the Mayor.

The following bids were received September 6 after advertising in the City Record, August 19, 1950:

James A. Freaney, Incorporated, \$37,980; Beacon Piping Company, \$38,046; P. J. Riley & Company, \$43,513.

GEORGE G. HYLAND,
Commissioner of Public Works.

Upon September 12 the Mayor approved a contract with John F. Amara for artificial stone sidewalks in Boyle street, Cordis Street avenue, Edgeworth street, Frothingham avenue, Henley, Ludlow, Medford, South Eden, and Sullivan streets, Ward 2, at an estimated cost of \$16,181.

The work to be done under this contract is to be completed December 31, 1950.

The following bids were received September 6:

John J. Amara, \$16,181; Dale Construction Company, \$17,567; Charles Todesca, \$18,385; James D'Amico, Incorporated, \$18,581; Rufo Construction Company, Incorporated, \$19,662; G. DeLuca Company, \$20,941.

Upon September 12 the Mayor approved a contract with James A. Freaney, Incorporated, for bituminous concrete pavement in Call street, Wards 11 and 19; Peter Parley road, Ward 11; Woodside avenue, Ward 11; and sheet asphalt pavement in Amory street, Ward 11, at an estimated cost of \$42,733.

The work to be done under this contract is to be completed December 31, 1950.

The following bids were received September 6:

James A. Freaney, Incorporated, \$42,733; S. J. Tomasello Corporation, \$44,444; James A. Susi, \$44,503; Walter Reed Corporation, \$46,283; James D'Amico, Incorporated, \$48,842.

Upon September 12 the Mayor approved a contract with the Industrial Welding Company for repairs by welding on the draw span of the Charlestown bridge, at an estimated cost of \$1,280.

The work is to be commenced on a date to be specified on a written order from the commissioner and shall be fully completed within two weeks from that date.

The following bids were received September 6:

Industrial Welding Company, \$1,280; Frederick W. Byron, \$1,450; Atlantic Steel Company, \$1,575; Metro-Morey, Incorporated, \$1,675; Welding & Engineering Company, \$2,850.

Upon September 18 the Mayor approved a contract with Atlantic Steel Company as requested in the following letter:

TO THE MAYOR OF BOSTON:

Your approval is respectfully requested to the award of a contract for repairing sidewalk on West Newton Street Bridge to the Atlantic Steel Company, 174 Webster street, East Boston, the second bidder, at an estimated cost of \$2,345.

The bid submitted by the low bidder, James D'Amico, Incorporated, is less than the actual cost of doing the work required under the contract and far below our engineer's estimate prepared prior to the obtaining of the bids.

In view of this, therefore, I had a conference with Mr. D'Amico and he stated that he submitted a hurried bid and did not realize that he had to pay for the services of flagmen required by the railroad, nor did he realize that it would be necessary to provide for forms to support the concrete sidewalk slab. He admitted that he would lose money on the project if we awarded the contract to him.

It is my opinion that no contract should be awarded to any contractor who submits a bid which is less than the actual cost of the work required under the contract specifications. I have, therefore, rejected the bid submitted by James D'Amico, Incorporated, and recommend that the contract be awarded to the second low bidder, the Atlantic Steel Company, at its bid price of \$2,345.

The work is to be commenced on a date to be specified on a written order from the commissioner and shall be fully completed within two months from that date. The following bids were received September 6, after advertising in the City Record, August 26, 1950:

James D'Amico, Incorporated, \$1,700; Atlantic Steel Company, \$2,345; Martin J. Kelly Company, Incorporated, \$2,780; Dale Construction Company, \$3,000; John F. Shea & Company, Incorporated, \$3,200.

GEORGE G. HYLAND,
Commissioner of Public Works.

Upon September 21 the Mayor approved a contract with Baker & Company, Incorporated, for laying and relaying water pipes in Itasca, Ellington, and Greenwood streets, Dorchester, and Maywood street, Roxbury, at an estimated cost of \$16,110.

The work contemplated in the contract is to be completed on or before December 30, 1950.

The following bids were received September 13:

Baker & Company, Incorporated, \$16,110; C. Russo, Incorporated, \$16,224; John Williams, \$18,580; H. DiTullio & Sons, Incorporated, \$19,896; A. Grande, \$19,900; Joseph Capone & Son Company, \$21,455; James D'Amico, Incorporated, \$24,320.

Upon September 21 the Mayor approved a contract with Baker & Company, Incorporated, for sheet asphalt pavement in Boylston street and Brookline avenue, at an estimated cost of \$100,664.

The work to be done under this contract is to be completed December 31, 1950.

The following bids were received September 13:

Baker & Company, Incorporated, \$100,664; S. J. Tomasello Corporation, \$124,923.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor has approved contracts with commercial houses and contractors for furnishing labor and supplies. Communications from the heads of the departments interested were as follows:

PUBLIC WORKS DEPARTMENT.

BOSTON, August 18, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

A serious break occurred in the 20-inch High Service water main last night

on Boylston street at Clarendon street, City Proper.

The roadway pavement has been seriously undermined for the entire width of roadway for a length of approximately 60 feet north of Clarendon street. The employees of the Bridge and Highway Division and Water Division of this department have been engaged, respectively, in removing the undermined pavement and repairing the break in the water pipe, and it is believed that this important artery will again be opened for the passage of vehicular traffic next Monday morning, weather conditions permitting.

In order to achieve such an objective, it has been necessary for me to make arrangements with the Central Construction Company of 228 Southamptton street, to furnish the necessary bituminous and sheet asphalt material, and also to furnish some equipment and supervisory help. It has also been necessary for me to engage a tractor-type, front-end loader from S. J. Tomasello of 25 Huntington avenue, to assist in the pavement removal work. The rental of the latter-referenced piece of equipment will amount to only a small sum and, in any event, will be under \$1,000, but it is anticipated that the materials and services to be furnished by the Central Construction Company will exceed \$1,000. Incidentally, all of the above-referenced is work of an emergency nature.

I therefore request your authority to dispense with advertising—for reasons as outlined above and in view of the emergency condition created by the water break—and to authorize the award of a contract to the Central Construction Company of 228 Southamptton street, for furnishing bituminous and asphaltic materials, equipment, and supervisory help to repair the section of the roadway pavement on Boylston street at Clarendon street that was damaged by the break in the 20-inch High Service water main, with the understanding that the contract cost will be charged to the appropriation of the Water Division.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, September 1, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of July 10 of the current year a contract was awarded to James D'Amico, Inc., of 49 Ellison avenue, Dorchester, for constructing Avila road, Valencia road, and a part of Linwood street, all in the Hyde Park section.

The section of Linwood street included in the above-referenced contract is a new highway ordered laid out and constructed by the Board of Street Commissioners under provisions of chapter 393 of the Acts of 1906. The remaining section of Linwood street from the starting of the new highway to River street is a very old street, the roadway of which is in a poor condition. The sidewalk areas are surfaced with gravel. Unquestionably, the latter-referenced section of Linwood street should be reconstructed at this time, particularly in view of the fact that the new section of Linwood street is under construction and the adjacent and connecting street, Avila road, is also under construction by the above-referenced contractor.

In view of this, therefore, I have made arrangements with the contractor to reconstruct the old section of Linwood street on the basis of the itemized prices for which he is doing the work provided under the contract, with the exception of the item providing for a bituminous concrete sidewalk on the old section of Linwood street. There is no item in the current contract for bituminous sidewalks, and in view of this I have negotiated with him and have agreed upon a price for that particular item.

Practically all of the rest of the street reconstruction involving the old Linwood street will be done at the prices that obtain in the current contract. This contract was awarded as the result of publicly advertising for bids. In view of the circumstances, therefore, no advantage, in my opinion, would accrue to the city if we publicly advertised for proposals providing for the reconstruction of the old section of Linwood street referred to above.

I respectfully request your authority, therefore, to dispense with publicly advertising for bids for reasons as described above and to award a contract to James D'Amico, Inc., of 39 Ellison avenue, Dorchester, in the estimated amount of \$6,210, for the reconstruction of that section of Linwood street, Hyde Park, that extends from River street to a point 569 feet northwest, which is the starting point of the new section of Linwood street which is now under construction by the above-referenced contractor.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, August 24, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On June 27, 1950, your Honor approved a letter of award for furnishing surgical supplies to the various city departments. At that time no awards were made on hypodermic needles and hypodermic syringes.

It is respectfully requested to award a contract for both these items to T. J. Noonan Company, one of six tie bidders on acceptable merchandise.

Approximate total amount of contract will be: hypodermic needles, \$8,000; hypodermic syringes, \$12,000.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, September 13, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On May 2, 1950, your Honor approved an award for furnishing uniforms and uniform overcoats to the Fire Department to the lowest bidder, J. Hollis Company, Inc., in the amount of \$31,027.

The award on Item No. 4 for trousers was based on delivery of stock sizes. Since the award, it has been found more advantageous to have the trousers custom made. The J. Hollis Company will fit each pair of trousers for an additional 50 cents per pair, making the cost \$11.05 per pair. This company is still the lowest bidder.

It is therefore requested that permission be granted me to amend the contract, without further advertising, for uniforms

and uniform overcoats between the J. Hollis Company, Inc., and the City of Boston by allowing an additional 50 cents per pair of trousers on Item No. 4 to cover the cost of custom tailoring.

Total amount of contract will then be \$31,527.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, September 19, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under the provisions of the permission granted by your Honor on February 2, 1950, to purchase clothing for the Child Welfare Division without publicly advertising, authorization is requested to award contracts to Payson Ambach Company, 43 Kingston street, Boston, and to Brown Durrell Company, 75 Cambridge Parkway, Cambridge, for furnishing clothing to the Child Welfare Division of the Institutions Department.

Contract period will be from October 1 to December 31, 1950, and deliveries will be made as requested during that period.

Total amounts of contracts will be: Payson Ambach Company, \$6,000; Brown Durrell Company, \$2,000.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, September 19, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your approval is respectfully requested to award a contract, without public advertisement, to Perkins-Eaton Machinery Company, 376 Dorchester avenue, Boston, Mass., for furnishing the following to the Public Works Department:

One (1) Barber-Greene bucket loader, Model No. 543.

The Perkins-Eaton Machinery Company is the sole distributor of the above equipment in this area, and therefore, in my opinion, no advantage would be gained by publicly advertising for bids.

Total amount of contract will be \$8,700, less 1½ per cent cash discount for payment within 15 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, September 20, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Boston Traffic Commission for 300 traffic signal signposts, as manufactured by Union Metal Manufacturing Company, to be delivered immediately.

The only company which can deliver the signposts before December 31, 1950, is the R. W. LeBaron Company, local agent for the Union Metal Manufacturing Company.

Owing to the fact that prices on the above equipment are standard, no advantage could be gained by publicly advertising for bids. Since time is of the essence relative to delivery, it is respectfully requested to award a contract, without public advertisement, to R. W. LeBaron for 300 traffic signal

signposts, to be delivered to the Boston Traffic Commission before December 31, 1950.

Total amount of contract will be \$19,825.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, September 20, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On August 29, 1950, your Honor approved an award of a contract to Protective Coatings, Inc., for furnishing paint to the Traffic Commission in the amount of \$1,915. The correct name of company should be Protective Coating Company.

It is therefore requested that the award to Protective Coatings, Inc., be cancelled, inasmuch as no such corporation exists, and a contract be awarded, without public advertisement, to Protective Coatings Company for furnishing paint to the Traffic Commission.

The materials to be furnished by this company are the only ones acceptable to the Boston Traffic Commission on the basis of tests conducted.

The amount of the contract is \$1,915.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Baker & Co., Inc., has been directed to perform the following extra work under the contract for laying sheet asphalt pavement in D street, East Third street, and Emerson street, dated September 19, 1949. Items ordered: Rebuild one catch basin in D street. Price to be paid, the lump sum of \$125.

National Gunite Corporation has been directed to perform the following extra work under the contract for rebuilding of brick sewer with gunite at Cathedral Housing Project (formerly East Dedham street), between Harrison avenue and a point 360 feet northerly, City Proper, dated May 17, 1950. Items ordered: Remove gravel, etc., which was allowed to enter sewer through the operations of the contractor for the Cathedral Housing Project and not known to exist when the sewer contract was negotiated, \$400; furnish and place extra thickness of gunite where sewer is distorted for the sum of \$8 per bag of cement used, \$2,400; remove existing wood bracing, posts, and cap and replace with 3-inch I beam and posts (I beam to be incorporated in new gunite lining), at a cost of \$2.75 per foot of I beam, \$250; build brick bulkhead required to control roof water from housing project building, \$200; estimated cost of extra work, \$3,250.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with Herrick Company for furnishing and delivering sheet metal machines to Boston Trade High School, from September 1, 1950, to October 15, 1950. Contract approved July 14, 1950. This extension is requested because of delay in securing material from factory.

Approval has been given for the extension of the time of completion of the

contract with J. & M. Brown Company, Inc., for installing emergency lighting with generator at the South Boston High School, from August 31, 1950, to October 15, 1950. Contract approved May 17, 1950. This extension is requested because of delay in delivery of equipment.

Approval has been given for the extension of the time of completion of the contract with John F. Shea Company, Inc., for roofing and other work at the Dorchester High School for Boys, from July 28, 1950, to October 1, 1950. Contract approved May 22, 1950. This extension is requested because of difficulty in obtaining proper glass for repairs to the skylight.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with National Gunite Corporation, 101 West Dedham street, Boston, dated May 17, 1950, for rebuilding brick sewer with gunite at Cathedral Housing Project (formerly East Dedham street), between Harrison avenue and a point 360 feet northerly, City Proper, from September 17, 1950, to October 17, 1950. This extension is requested for the reason that, due to distorted condition of sewer, it was necessary to place extra shoring and extra thickness of gunite.

CONTRACTS AMENDED.

Howard and Greeley City Planning Consultants, 84 State street, Boston, have been allowed to amend the contract for the furnishing of certain expert services to the city by striking out the language in Article 4 thereof, reading as follows: "September 15, 1950," and inserting in place thereof the following language: "December 31, 1950." This time extension is agreed upon because it is now considered mutually advantageous to the parties to enable the Board to spread the consultants' total 33-day performance period over a greater number of months. All other provisions of the contract, except as herein modified, shall remain in full force and effect.

ADDITIONS TO CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Donato Antonellis has been directed to make the following additions to the contract for various schools, District 4:

George Baneroff School.—Rebuild front wall in fire box, \$100.

High School of Commerce.—Take out all grate bars in No. 2 boiler and reset bearing bars; replace grates and renew all grate and cotter pins where necessary, \$100.

Boston Trade High School.—Furnish and install all new bearing bars and dead plate in No. 1 boiler; renew front beader supporting bar in No. 1 boiler and replace fire brick on both side walls, \$325.

John J. Williams.—Renew broken bracket bolted to foundation of boiler No. 1 from the shaker arm; take out the necessary brick to install new bolts and reset brick, \$50.

For the above additional work not called for in the contract, the amount of \$575 will be added, making the account as follows:

Contract price, \$12,972; total additions, \$575; amount of contract, \$13,547.

PARK DEPARTMENT.

New England Building Wrecking Company has been ordered to do the following additional work on the contract for

demolition of buildings, Boston, Massachusetts, signed August 23, 1950:

Take down and dispose of all the materials now incorporated in the swing shelter located at the westerly end of the Matthew J. Sweeney Playground, West Fifth street, between D and E streets, South Boston. Cut off the eight concrete piers flush with the surrounding grade. All material to become the property of the contractor. The premises are to be left in a slightly condition satisfactory to the supervisor. For completing the above additional work the sum of \$110 will be added to the contract price.

Contract price, \$3,300; addition as per this order, \$110; contract as standing, \$3,410.

BUILDINGS RAZED.

Approval has been given to enter the building or other structure, or the abutting land or buildings, at rear 21 Charter street, Ward 3 (also known as 21½ and 21¾), with such assistance as required, and make safe, vacate forthwith, or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

Approval has been given to enter the building or other structure, or the abutting land or buildings, at 158 Athens street, Ward 6, with such assistance as required, and make safe, vacate forthwith, or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

Approval has been given to enter the building or other structure, or the abutting land or buildings, at 443 and 445 Border street, Ward 1, with such assistance as required, and make safe, vacate forthwith, or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

FIRE DEPARTMENT ORDERS.

General Order No. 53.

I. LIEUTENANT ROY E. BURRILL.

It is with deep regret that the Fire Commissioner announces the death of Lieut. Roy E. PROCEEDINGS OF CITY COUNCIL.

Monday, September 11, 1950.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President HURLEY in the chair. Absent, Councilor McCormack.

The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Constables with authority to serve civil process upon filing of bond for term ending April 30, 1951: Caetano Lopes, 81 East Lenox street, Ward 8; Bernard M. Mullen, 4 Neptune road, Ward 1.

Weighters of Coal for term ending April 30, 1951: Robert E. Powers, 12 Bates street, Revere, Mass.; John G. Freeman, 41 Tremont street, Malden, Mass.

Referred to Committee on Confirmations.

FENCE IN CITY-OWNED PROPERTY, 151 AND 153 WEST THIRD STREET.

The following was received:

City of Boston,
Office of the Mayor, September 11, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Real Estate Commissioners relative to your order of July 24, 1950, concerning the fencing of the city-owned property at 151 and 153 West Third street, Ward 6.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Board of Real Estate Commissioners,
August 30, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.
Re: City Council Order of July 24, 1950, Requesting the Board of Real Estate Commissioners to Fence in City-Owned Property at 151 and 153 West Third Street, Ward 6.

Dear Mr. Shannon:
I have had the property at 151-153 West Third street, South Boston, investigated by our Custodian of Foreclosed Real Estate. He reported that this land consisted of three parcels, two of which are owned by this department.* He indicates that most of the land is level and that on the land not owned by the city there are some piles of dirt which should be leveled off. The abutter to 151 West Third street has created a small garden to the right rear of our land, and the lot is fairly clean.

Our Custodian of foreclosed Real Estate suggested that a fence would be of little value, as it would only act as a trap for papers and refuse, and that the fence would make it more difficult for the lot to be cleaned from time to time by this department.

In the event that it would have been necessary to fence the lot in, and we feel that it is not, we would have insufficient funds to do the work this year.

Very truly yours,

HERMAN CARP, Chairman.

ACCEPT AND LAY OUT GOULDVILLE TERRACE.

The following was received:

City of Boston,
Office of the Mayor, September 11, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Chairman of the Board of Street Commissioners relative to your order of August 21, 1950, concerning the advisability of laying out and constructing Gouldville terrace, Ward 13, as a public way.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Board of Street Commissioners,
September 1, 1950.

Thomas G. J. Shannon
Chief Clerk, Mayor's Office.

Dear Sir:

Reference is made to the following Council order.

"Ordered, That his Honor the Mayor direct the Street Commissioner to consider the advisability of laying out and constructing Gouldville terrace, Ward 13, as a public way."

I have ordered the necessary survey and plans for the laying out of Gouldville terrace, Dorchester. A public hearing will be scheduled for the earliest practicable date.

Very truly yours,

GERALD F. SCALLY, Chairman.

BUSES FROM ARBORWAY TO HEATH STREET.

The following was received:

City of Boston,
Office of the Mayor, September 11, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the General Manager of the Metropolitan Transit Authority relative to your order of August 28, 1950, concerning the removal of the tracks on Centre street, Jamaica Plain, and South Huntington avenue, and running buses from the Arborway to a transfer point at Heath street.

Respectfully,

J. B. HYNES, Mayor.

Metropolitan Transit Authority.

September 6, 1950.

Mr. Thomas G. J. Shannon,

Chief Clerk, Mayor's Office.

Dear Sir:

The Board of Trustees have directed me to reply to your reference of August 31 in connection with the Centre Street, Jamaica Plain, and South Huntington Avenue car line.

They have given the request consideration, and it is physically impractical, because of a number of different factors, to make such a change.

The Forest Hills subway line is one of the heavy main lines of the system. The loop at Heath street, which is all we were able to secure from the government, is totally inadequate for such a transfer interchange point, and the cars that would have to run from that loop to the subway—if it were adequate—would not have efficient access to the carhouse from which they run.

Very truly yours,

EDWARD DANA, General Manager.

PAY SCHEDULES FOR ORDERLIES AND MAIDS AT CITY HOSPITAL.

The following was received:

City of Boston,
Office of the Mayor, September 11, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Budget Commissioner relative to your order of August 21, 1950, concerning the effecting of a fair and equitable pay schedule for orderlies and ward maids at the Boston City Hospital.

Respectfully,

J. B. HYNES, Mayor.

City of Boston.

Budget Department, September 7, 1950.

Mr. Thomas G. J. Shannon,

Chief Clerk, Mayor's Office.

Dear Sir:

City Council order of August 21, 1950, reading as follows, has been received.

"Ordered, That his Honor the Mayor confer with the Budget Commissioner and the Trustees of the Boston City Hospital for the purpose of effecting a fair and equitable pay schedule for orderlies and ward maids at the Boston City Hospital."

Several years ago, the employees in the labor service of the Boston City Hospital were reclassified by the Civil Service Commission. This reclassification abolished the then existing classifications in the labor service which, of course, included the classifications of orderlies and ward maids. In place thereof the Civil Service Commission established the classifications of hospital medical worker, hospital kitchen worker, hospital laundry worker, and hospital house worker. All these classifications are interchangeable without examination under the rules and regulations of the Civil Service Commission.

Upon completion of this reclassification by the Civil Service Commission, and after many conferences with hospital officials and representatives of employees involved, a Pay-Plan, consisting of minimum and maximum salaries with intermediate increments was established and put into effect. The range of compensation for this Pay-Plan is the same for each of these classifications mentioned above. Otherwise, the interchangeability established by civil service would be defeated. As far as I can determine, this Pay-Plan has met with full approval of the employees at the hospital as being fair and equitable.

Respectfully yours,

JOHN A. SULLIVAN,
Budget Commissioner.

Re: Council Order Dated August 28, 1950, Requesting that Commercial Vehicles Be Kept from Using Washington Street, from Nonantum Street to the Newton Line.

Dear Sir:

A survey of this area indicates that it would not be feasible to restrict commercial vehicles from the use of Washington street, from Nonantum street to the Newton line, due to the following factors:

1. It is difficult to enforce such a restriction inasmuch as commercial vehicles cannot be completely excluded because of local needs for deliveries.

2. There is no alternate route which could be used efficiently by such vehicles without creating an identical problem in whatever route was adopted.

I am in receipt of a memo from your office with attached enclosure, City Council order, dated August 21, requesting to submit to the Boston City Council a report setting forth the plans which the Park Department has developed to replace the playground facilities which were lost in the land-taking at the Jefferson Playground.

I desire to state that more than half the area lost was ledgy land and was absolutely of no use for playground purposes. The rest of the area was used as a softball field.

We are now using the area below the school between the ledges for the purpose of playing ball. At the present time there is nothing that we can promise for the development of the Jefferson Playground as it appears that this playground is sufficient to accommodate the play facilities for which it is now being used.

I am in receipt of a memo from your office with attached enclosure, City Council order dated August 21, requesting to make the area at the corner of Calumet and Darling streets a play area for the children of the neighborhood.

Located within a short distance from this area is the McLaughlin Playground. According to the latest Planning Board reports there are enough play areas in this vicinity of Roxbury.

At the present time we have no funds for acquiring additional land for play areas, and the development of same.

Accordingly it would be impossible at this time to recommend the acquisition of this area.

GRASS PLOT IN MIDDLE OF COLUMBIA ROAD.

The following was received:

To the City Council.

Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of August 28, 1950, concerning the construction of the middle of Columbia road, particularly in front of St. Kevin's Church, in Ward 13, with a grass plot.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Public Works Department,

September 5, 1950.

Thomas G. J. Shannon,

Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council on August 28:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to construct the middle of Columbia road, particularly in front of St. Kevin's Church, in Ward 13, with a grass plot."

While I am anxious to do everything within reason to beautify the roadway area of Columbia road, in front of St. Kevin's Church, I believe that it would be most impractical to provide for a grass plot in the 7-foot center reservation that is to be constructed in the center of that important artery in front of the church. Grass areas are very attractive and enhance the appearance of a highway if they can be properly maintained. However, it would be impossible to maintain any grass area in the center island in front of St. Kevin's Church, because of the large number of pedestrians who would have occasion to cross Columbia road going to and from the church.

Aside from this point, it is almost impossible, in my opinion, to maintain a grass area in a proper condition in an island as narrow as the one that is to be installed in Columbia road. The only type of surface that should be provided in a 7-foot center island is a durable one similar to concrete, stone flagging, or asphalt. This type of surface requires little or no maintenance and can be considered attractive, particularly with the addition of adequate street lights which are to be provided in the center reservation of Columbia road.

GEORGE G. IYLANDO,

Commissioner of Public Works.

REOPENING OF HYDE PARK OFFICE OF WATER DEPARTMENT.

To the City Council,
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of August 28, 1950, concerning the reopening of the Hyde Park office of the Water Department in order to meet the needs and demands for service in the outlying districts.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
September 8, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.
Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of August 28:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to reopen the Hyde Park office of the Water Department in order to meet the needs and demands for service in the outlying districts."

The Hyde Park district is now served from the local water yard that is located on Child street, Jamaica Plain. The latter-referenced yard is not ideally located to cover the Hyde Park area, although I have never received any complaints from the residents or businessmen of Hyde Park concerning service rendered to that district in connection with the maintenance, repair, and operation of the water system.

However, an investigation is now being made to determine the best site for a district water yard to serve the Jamaica Plain, Hyde Park, and West Roxbury districts, because the existing location on Child street is in the process of being taken by the Boston Housing Authority as a site for a housing project. Possibly, this investigation will disclose the necessity of reopening another yard in the Hyde Park area.

In any event, you may be assured that every consideration will be given to locate the new yard or yards in the West Roxbury-Hyde Park districts so that we shall be able to render satisfactory service to the residents and businessmen of these areas.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

TRANSFER OF APPROPRIATION IN PUBLIC WELFARE DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, September 11, 1950.

REPORT OF FINANCE COMMISSION ON 1950 TAX RATE.

The following was received:

City of Boston,
Finance Commission, August 25, 1950.
To the Honorable the Mayor and City Council,
Gentlemen:

The Finance Commission herewith presents an analysis of the 1950 Boston tax rate. It is essentially an enumeration of the factors which enter the computation of the tax rate and an explanation of the changes in these factors from the previous year.

The purpose of this analysis is to promote a wider understanding of the elements involved; it is not to attack the 1950 rate as unwarranted, or to defend it as unavoidable. It is, rather, to explain its evolution and to place the figures of the computation on an accessible record. In order that the mechanics of the computation may be easily understood, a short explanation is offered.

From the figures of the sum appropriated to run the city and county governments (called Warrants and Appropriations) there is subtracted all the income expected (except that derived from property taxation). This income is known as the "Credits and Deductions." The result of this subtraction is the "Net Requirements Before Adding Overlay." The overlay is a sum added to serve as a cushion to absorb the refunds on account of abatements. A sum representing the estimated Poll Tax is also subtracted. The result is the final amount to be raised by taxation, which, being divided by the number of thousands of dollars in the assessed valuation of property in the city, determines the tax rate per \$1,000 of valuation.

The rate established for 1950 is \$63 per \$1,000 of valuation. It compares with \$56.80 in 1949. It is the highest rate of taxation in the long history of the city.

The starting point in the rate computations is the Table of Warrants and Appropriations, which follows.

Totals.....	\$131,512,358 58	\$130,369,600 57

The items in Table 1, may be classified in five categories:

1. City, County, and School Administration and Debt Requirements. (This category accounts for the first seven items in the table.)
2. Pension and Retirement Requirements.
3. Overlay Deficit Requirements.
4. M.T.A. and Boston Elevated Requirements.
5. Metropolitan District Commission Requirements.

The first category, which shows an increase in 1950 of almost \$7,000,000, represents areas which are under the control of the city, county, and school administrations. The second category represents an accumulation outside of executive control.

In the case of the third category, the city is entering changed conditions. Heretofore, the law required that Overlay Deficits, the amount by which the Overlay which had been put in the tax levy failed to meet the amount of abatements granted, be provided for in the current levy. In 1949 the amount of \$5,823,463 had to be provided for in the tax levy; but an item called Surplus Revenue of \$5,410,000 was a substantial offset in this case. In 1950, the city found itself faced with an amount of over \$11,000,000 in an inherited deficit, and petitioned the Legislature to be spared the impact of such an amount in the levy. The Legislature then permitted the financing of this amount over a period of years and permitted the city to appropriate \$2,000,000 for this purpose in 1950.

The fourth category, the Metropolitan Transit Authority assessments, likewise finds Boston entering a new era. The item, "Metropolitan Transit Authority Bond Payments—\$410,929.19,"

represents Boston's share in 1950 of the charge on all the cities and towns in the Transit District, incurred when the Metropolitan Transit Authority took over the city's subway properties under the 1949 Act. This act abolished the city's Transit Department and transferred its subway construction functions to the Metropolitan Transit Authority, but Boston will continue for many years to pay its share of the financing entailed.

Besides such Metropolitan Transit Authority debt requirement, there is also the matter of the railway deficit. The Legislature authorized the various cities and towns in the district to borrow for the purpose of financing these accumulated deficits in 1949. Boston borrowed \$10,150,000, and the city will make annual payments of \$1,015,000 from 1950 through 1959 for this purpose. In further addition there is Boston's share of the subsequent operating deficit of \$836,976.

Obviously, therefore, Boston is entering a period of transit financing which will entail bond retirement for many years, and may also entail operating deficits, not to mention its share of the cost of expansion of the railway. This expansion will cost approximately \$80,000,000, of which Boston's share would be about 65 per cent.

Another item of interest is the sizable increase in Metropolitan District Assessments of approximately \$400,000 over 1949. The appropriation for this item has just about doubled since 1945. Of course, the Metropolitan District Commission has absorbed many administrative responsibilities formerly borne by the city.

DETAIL OF GENERAL APPROPRIATIONS.

The following table supplies a breakdown of the appropriations for city and school functions and shows the changes over 1949.

* Includes Pensions and Annuities, Non-Contributory (\$2,423,131.19).

The third column in Table 2 shows the extent of the change in appropriation in the several areas of administration. Schools are seen to have risen by \$821,025; serial debt plus interest on city debt has increased \$1,343,062. The latter figure includes the \$1,015,000 which is the 1950 payment on account of the Metropolitan Transit Authority deficits previously mentioned. Other named departments are self-explanatory. The item "General Purposes" refers to those other departments not specified; however, it should be noted that this figure includes an amount of \$2,423,131 for Pensions and Annuities (non-contributory). The "Overlay" situation has been explained previously.

A surface examination of this table may be misleading. For example, the apparent decrease in appropriations for the Fire and Police Departments is accounted for by the fact that in 1950 for the first time "Non-Contributory Pensions and Annuities" have been taken out of the department's appropriation and grouped with similar costs for other departments in the general item "Pensions and Annuities (non-contributory)." In this general item there is the sum of \$980,000 for pensioners and annuitants of the Fire Department

and \$1,133,260 for pensioners and annuitants of the Police Department. Accordingly, adding those sums to the other appropriations for Fire and Police Departments would make the Fire Department total \$9,678,067 and the Police Department total \$11,411,793, which would make the total cost of the needs for the Fire and Police Departments actually above 1949 figures.

The collective figure of \$2,423,131 for "Non-Contributory Pensions and Annuities" which appears at the bottom of the list is incorporated in the item labeled "General Purposes," which means "Other Departments, not separately listed." However, throwing the appropriations for "Pensions and Annuities" into "General Purposes" has the effect in this table of lowering individual department appropriations, while increasing the figure for a miscellaneous group of departments.

CREDITS AND DEDUCTIONS.

The following table of income apart from property and poll taxes shows a net loss in 1950 over 1949 of over \$8,500,000.

NAMING OF CRIPPS-LEBLANC SQUARE.

The following was received:

City of Boston,
Office of the Mayor, September 11, 1950.
To the City Council.
Gentlemen:

I submit herewith an order rescinding a prior order passed by your Honorable Body on August 21, 1950, and approved by me on August 22, 1950, naming the junction of Franklin street and Appian Way, Ward 22, the John A. Cripps Square.

A second order submitted, herewith, provides for the naming of this same intersection the Cripps-LeBlanc Square in joint honor of John A. Cripps and Paul LeBlanc, two veterans of World War II who were killed in action.

The Committee to Memorialize Veterans after due consideration of this requested change by your Honorable Body has recommended that this site be named the Cripps-LeBlanc Square.

I recommend that your Honorable Body give approval to the accompanying orders.

Respectfully,

J. B. HYNES, Mayor.

—

City of Boston,
Board of Street Commissioners,
September 6, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

At a meeting of the Committee to Memorialize Veterans it was voted to request that the order passed by the City Council on August 21, 1950, and approved by your Honor on August 22, 1950, naming the space at the junction of Franklin street and Appian Way, Ward 22, the "John A. Cripps Square," be rescinded, and that the same intersection be designated the "Cripps-LeBlanc Square"

in joint honor of John A. Cripps and Paul LeBlanc, two veterans of World War II who were killed in action.

Respectfully submitted,
L. W. COSTELLO, Secretary.

Ordered, That the order passed by the City Council on August 21, 1950, and approved by the Mayor on August 22, 1950, naming the space at the junction of Franklin street and Appian Way, Ward 22, the John A. Cripps Square, be, and hereby is, rescinded.

Ordered, That the space at the junction of Franklin street and Appian Way, Ward 22, be named Cripps-LeBlanc Square in joint honor of John A. Cripps and Paul LeBlanc, late veterans of World War II.

Referred to the Executive Committee.

APPROPRIATION FROM INCOME OF WATER DIVISION.

The following was received:

City of Boston,
Office of the Mayor, September 11, 1950.
To the City Council.
Gentlemen:

I am advised by the Public Works Commissioner that owing to the unsettled conditions of the country, water materials are rising in price and in the case of water pipe and meters, there is at the present time a delivery delay of from two to four months. In order to make certain that the Water Division has sufficient stock on hand for the year 1951, he is of the opinion that orders should be placed now for the purchase of water pipes, meters, and fittings.

The Public Works Commissioner also requires an additional sum to provide sufficient funds to pay judgments already recommended by the Water Division and approved by the City Council. Before the Public Works Commissioner can proceed with these expenditures it is necessary that an appropriation be made available. Under the circumstances, therefore, there is forwarded herewith an order transferring from the income of the Water Division the sum of \$185,000 to be allocated as follows:

\$110,000 for purchase of water pipe and fittings.
65,000 for purchase of water meters.
10,000 for payment of damage claims.

\$185,000

Consideration and adoption of the above-mentioned order is hereby recommended by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That to meet the current expense payable during the financial year beginning with the first day of January, 1950, an additional sum of \$185,000 be, and the same hereby is, appropriated from the income of the Water Division of the Public Works Department for the following purposes:

C. Equipment.....	\$65,000
E. Materials.....	110,000
F. Special Items.....	10,000
	<u>\$185,000</u>

Referred to the Executive Committee.

General Revenue Discounts.....	45,000 00	—
Totals.....	\$13,223,500 00	\$16,942,962 65

While the revenue from many departments is expected to fall off, sizable increases in other departments may be seen, notably the Public Welfare Department, which shows an increase of approximately \$3,000,000. The latter is due to increase in public assistance allowances and reimbursements due from the State.

It may be seen from Table 3 that several sources of revenue from the State show a variation between these two years. While Boston may estimate \$2,178,000 more in income tax and business corporation tax than in 1949, in the latter year Boston had the advantage of an item, "Estimate Receipts (Authority of Henry Long)," of \$2,388,203 which is not available in 1950.

Increases in Educational Income and State-Owned Lands may be noted. An increase of half a million dollars in Motor Excise is expected. However, the chief factors in the net drop in total "Credits and Deductions" are the three items in the 1949 list (viz., City Treasurer's Certificates, Welfare Loan, and Surplus Revenue Accounts)—which have no counterpart in 1950.

CONCLUSION OF COMPUTATION.

The difference between "Credits and Deductions" and "Warrants and Appropriations" having produced the figure for "Net Requirements," the calculation of the rate proceeds as follows:

	1949.	1950.
Net requirements before adding Overlay.....	\$88,822,400 70	\$96,369,530 10
Overlay, 3 per cent.....	2,649,358 50	2,891,085 90
Amount to be raised by Taxation on Real and Personal Property, including Polls, in 1949 and 1950.....	\$91,471,759 20	\$99,260,616 00
Poll Tax.....	510,450 00	508,116 00
Amount to be raised by Taxation on Real and Personal Property in 1949 and 1950.....	\$90,961,309 20	\$98,752,500 00
Assessed Valuation.....	\$1,601,431,500 00	\$1,567,500,000 00
Tax Rate.....	\$56 80	\$63 00

These figures indicate that almost \$8,000,000 more will have to be raised by taxation than in 1949.

PROPERTY VALUATION.

The next change between 1949 and 1950 to be noted, and which is a factor in the increased tax rate of 1950, is the reduction in assessed valuation. The fact that the 1950 valuation is \$33,931,500 lower than that for the year 1949 represents the first reversal of valuation trend since the valuations started to climb in 1945. City valuations which had reached their highest point in 1930 started to decline thereafter and continued that decline until 1944 when the drop was suddenly and arbitrarily arrested. The year 1945 marked the beginning of a rise which persisted until this year.

The reduction in valuation in 1950 of some \$34,000,000 is actually and relatively not so substantial as appears at first glance. The 1949 valuation, with which this reduction is compared, was set a year ago, but during the elapsed year some \$115,000,000 was trimmed from that figure by abatements. If those abatements are justifiable, the 1950 valuation figure, which is only \$34,000,000 below the original 1949 valuation figure, is actually about \$80,000,000 more than the final valuation figure after abatements. Moreover, some

\$25,000,000, according to the mayor's statement at the time the rate was set, represents "eliminated" valuations, e.g., exemption of Metropolitan Transit Authority property, the taking of a pier by the Port Authority, et al.

However, it was recognized in the determination of the property valuation that to suddenly reduce the valuation of property in the city to a radically low level might have severe repercussions. Accordingly, a policy of continuously reducing the valuation level over a period of years has been promised. If this promise is fulfilled, the real valuation level may eventually be approached. A concomitant of this policy is the expectation of a cooperative taxpayer attitude with respect to abatements.

The following table of real property valuations shows that the greatest devaluation in any ward came in Ward 5, which represents the downtown section of Boston, and accounts for over 30 per cent of the entire valuation of the city. In this ward, the 1950 valuation is \$16,175,309 lower than it was in 1949. In only seven of the twenty-two wards was there an increase in the 1950 valuation. This totaled about \$10,000,000, and the increase in Ward 4, Back Bay, accounts for most of it.

THE NEXT MEETING.

On motion of Councilor Sullivan, it was voted that when the Council adjourned it would be to meet again on Monday, September 25, 1950, at 2 P.M.

CONCRETE SIDEWALKS ON I STREET.

Coun. WENZLER offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install concrete sidewalks on Ninth street, from Broadway to First street, Ward 6.
Passed under suspension of the rule.

ARC LIGHT AT FOURTH AND JAY STREETS, WARD 6.

Coun. WENZLER offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install an arc light at the corner of Fourth and Jay streets, Ward 6.
Passed under suspension of the rule.

REPLACEMENT OF GAS LAMPS ON EAST FOURTH STREET.

Coun. WENZLER offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to remove all gas lamps on East Fourth street, between G and H streets, Ward 6, and replace same with modern electric lights.
Passed under suspension of the rule.

SURVEY OF STREETS IN D STREET HOUSING PROJECT FOR USE BY FIRE APPARATUS.

Coun. WENZLER offered the following:
Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to make a survey of the streets in the D street housing project for the purpose of ascertaining whether or not fire apparatus can get in there if necessary.
Passed under suspension of the rule.

INSTALLATION OF TELEVISION ANTENNA AT D STREET PROJECT.

Coun. WENZLER offered the following:
Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to install television antenna for the 2,000 families now living in the D street project, who have been deprived of the use of their sets.
Passed under suspension of the rule.

NEW BOUNDARIES OF HEALTH DISTRICT COVERED BY CURTIS HALL.

Coun. P. A. TRACY offered the following:
Ordered, That the Health Commissioner be requested, through his Honor the Mayor, to redraw the boundaries of the health district covered by the clinics in Curtis Hall so as to include sections of Roxbury which are not conveniently located in the Whittier street health district.
Passed under suspension of the rule.

ELIMINATION OF REFUSE COLLECTION DURING EARLY MORNING HOURS.

Coun. P. A. TRACY offered the following:
Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to report to the Council the plans which have been developed to eliminate the collection of refuse during the early morning hours.
Passed under suspension of the rule.

HARRY E. BURROUGHS NEWSBOYS FOUNDATION.

Coun. ANSEL and LANIGAN offered the following:
Ordered, That his Honor the Mayor call for a conference with Community Fund leaders and other social agencies for the purpose of keeping the Harry E. Burroughs Newsboys Foundation open and in operation. The closing of this building will be a flagrant injustice to the memory of Harry E. Burroughs, late beloved leader in civic endeavors who made this foundation possible.
Passed under suspension of the rule.

SAFETY PATROLS IN ALL ELEMENTARY SCHOOLS.

Coun. RAMSEY offered the following:

Ordered, That his Honor the Mayor be requested to confer with the School Committee and Police Commissioner for the purpose of organizing safety patrols in all of the elementary schools in the city as there are not enough police officers in any one station to cover all crosswalks while children are going to and coming from schools.

Passed under suspension of the rule.

ACCEPT AND LAY OUT ALBERTA STREET, WARD 20.

Coun. BRYAN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Alberta street, Ward 20, as a public highway.

Passed under suspension of the rule.

REPORT OF FINANCE COMMISSION ON 1950 TAX RATE.

(Continued from page 1007.)

The year 1950 is a propitious time to note the changes in the valuation picture of the city which have taken place since 1930, the year of highest valuations. The following grouping is indicative:

In 1930, Wards 1 to 4 represented 49.26% of total city valuation.

In 1950, Wards 1 to 4 represented 44.06% of total city valuation.

In 1930, Wards 5 to 13 represented 29.23% of total city valuation.

In 1950, Wards 5 to 13 represented 29.06% of total city valuation.

In 1930, Wards 14 to 22 represented 21.51% of total city valuation.

In 1950, Wards 14 to 22 represented 26.89% of total city valuation.

It may be seen by the following table that the wards show varying degrees of change. The only wards which exhibit an actual increase in dollar valuation are Wards 18, 20, and 22, but many others show a resistance to the pronounced downward trend.

Ward 3, 4, 5, and 6 represent the heaviest-valued area in the city; in 1930 they represented 61.55 per cent of the total valuation, in 1950, 53.73 per cent.

SUMMARY.

The rise in Boston's tax rate from \$56.80 in 1949 to \$63.00 in 1950 was occasioned by significant changes in the several components of that rate. Although Warrants and Appropriations for City, County, and School Departments increased from \$124,263,966 to \$127,314,151, the drop in State Warrants from \$7,248,393 to \$3,055,450 reduced the grand total of Warrants and Appropriations from \$131,512,359 to \$130,369,601.

A substantial increase of over \$3,700,000 occurred in the Auditor's Estimate of Departmental Receipts and \$2,178,000 more in income tax and business corporation tax is available in 1950; but the loss in other income items pulled the total of Credits and Deductions down from \$42,689,958 to \$34,000,070.

In brief, almost \$8,000,000 more will have to be raised by property taxation in 1950 and this must come from a city valuation which is reduced by approximately \$34,000,000.

Respectfully submitted,

EDWARD F. MULLEN, Chairman,

LEO J. DUNN,

FREDERICK DEANE,

JOSEPH K. COLLINS,

EDWARD U. LEE,

The Finance Commission.

ROBERT E. CUNNIFF,
Secretary.

CONGRESS VOTES COMPREHENSIVE HOUSING PROGRAM.

Under the new federal housing law signed by the President on July 15 federal funds for slum clearance and public housing are now available to cities that demonstrate a need for low-rent housing. Cities generally must supply proof of blight, a master redevelopment plan for the blighted area, and temporary housing for displaced slum dwellers. The new law provides advance money to help cities map plans. Many cities, especially those that have housing authorities, already have the necessary information and are among the first to qualify for federal aid. Among the cities that are making studies to determine their housing needs are Chicago, Louisville, Miami, Milwaukee, Philadelphia, and Boston. Legislatures of 42 states have authorized local governments to establish low-rent housing authorities, and at least 25 states have laws authorizing local participation in federally supported slum clearance projects. Iowa, Kansas, Oklahoma, South Dakota, Utah, and Wyoming do not as yet have housing-enabling laws that will qualify their cities for federal funds for public low-rent housing.

OF SUB-DRAIN, VICTORY ROAD AND ADAMS
STREET PROJECT.**

The City of Boston, acting by and through the Boston Housing Authority, in accordance with the provisions of chapter 372 of the Massachusetts Acts of 1946, as amended, Room 303, 230 Congress street, Boston, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States for installation of sub-drain, Victory Road and Adams Street Project.

A bond will be required for doing the work of a surety company approved by the Boston Housing Authority in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 303, 230 Congress street, Boston, on Monday, October 2, 1950. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Installation of Sub-drain, Victory Road and Adams Street Project," and left at Room 303, 230 Congress street, Boston, Mass., before 2 P.M., Eastern Standard Time, on Monday, October 9, 1950, with a certified check for 5 per cent of the amount of the proposal, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Boston Housing Authority. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as it deems best.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, Mass., hereinafter referred to as the Awarding Authority, invite sealed proposals for construction of a shelter and sanitary building at the Cummings Estate, Woburn, Mass.

Proposals will be received until 2 P.M., Friday, October 13, 1950, at the office of the Awarding Authority, 33 Beacon street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$2,000, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 2 P.M., Tuesday, October 10, 1950.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

DEPARTMENT OF SCHOOL BUILDINGS.

TO ROOFING CONTRACTORS.

INVITATION FOR PROPOSALS FOR ROOFING AND OTHER WORK AT THE OLIVER HOLDEN SCHOOL, PEARL STREET, CHARLESTOWN, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for roofing and other work at the Oliver Holden School, Pearl street, Charlestown, Mass.

Proposals will be received until 12 o'clock noon, Monday, October 9, 1950, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate, on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$100, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids.

JAMES H. MOONEY,
(Sept. 30.) Superintendent of Construction.

PROPOSALS FOR ARTIFICIAL STONE SIDEWALKS IN COREY ROAD, WARD 21, FROM WASHINGTON STREET TO BELLVISTA ROAD (BOTH SIDES); RANELEIGH ROAD, WARD 22, FROM HOBART STREET TO RIVERVIEW ROAD (BOTH SIDES); AND STELLMAN ROAD, WARD 19, FROM WASHINGTON STREET TO 882 FEET SOUTHWESTERLY (BOTH SIDES).

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for artificial stone sidewalks in Corey road, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Artificial Stone Sidewalks in Corey Road, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of WEDNESDAY, OCTOBER 11, 1950, with a certified check for EIGHT HUNDRED (800) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

MAYOR JOHN B. HYNES, THROUGH BUDGET COMMISSIONER JOHN A. SULLIVAN, IS INVITING THE SERVICES OF EXPERTS TO AID IN CLASSIFICATION AND COMPENSATION PLAN FOR CITY AND COUNTY EMPLOYEES—SEEKS TO ELIMINATE INEQUALITIES AND TO SYSTEMATIZE OPERATIONS IN INTEREST OF GREATER EFFICIENCY AND GREATER ECONOMY—SPECIFICATIONS OUTLINE AIMS AND PURPOSES OF PROPOSAL.

APPEAL MADE BY MAYOR JOHN B. HYNES FOR ALL CITIZENS TO JOIN IN SENDING CHRISTMAS GIFTS TO MORE THAN 300 LOCAL BOYS AND GIRLS SERVING WITH UNITED STATES FORCES BATTLING IN KOREA—ASKS RELATIVES AND FRIENDS TO SEND IN NAMES AND A. P. O. ADDRESSES AND SERIAL NUMBERS, SO COMMITTEE CAN DISPATCH GIFTS IN TIME FOR HOLIDAY.

The following is Mayor Hynes' address over Station WEEL, on Friday evening at eight o'clock, in appeal for Christmas boxes for local boys and girls in Korean fighting zone:

Ladies and Gentlemen.

The residents of Boston are recognized as a warm-hearted, generous people. May I, therefore, call upon my fellow

TEAM OF LIVE REINDEER TO FEATURE BOSTON'S CHRISTMAS FESTIVAL SEASON—ONE OF MANY ATTRACTIONS PLANNED TO MAKE OBSERVATION MEMORABLE—MAYOR HYNES TELLS GROUP OF LEADING CITIZENS ASSEMBLED TO LEARN OF PLANS AND TO VOLUNTEER TO SHARE IN WORK.

At the meeting of business leaders and other citizens to discuss plans for Boston's Christmas Festival Season, Mayor Hynes outlined the scope of work in the following address:

Gentlemen: I feel most gratified at your response to my request to serve on the City of Boston Christmas Festival Com-
(Continued on page 1019.)

Through Budget Commissioner John A. Sullivan, Mayor John B. Hynes has sent out to a selected group of consultants on classification and compensation a request for their aid in the committee's plans for the reclassification of certain positions in the city and county service. Specifications have been drawn and are being submitted with the letter of invitation, so that those who may be interested may have a definite idea of the proposals and the efforts to be achieved.

The letter of invitation from Mayor Hynes reads as follows:

GENTLEMEN:

The City of Boston is considering the engagement of experienced and qualified consultants to assist in the preparation of a classification and compensation plan to cover certain positions in the service of the city and the County of Suffolk.

If this type of engagement comes within the scope of your experience and you feel qualified to handle the project, a proposal to do the work outlined in the enclosed specifications should be submitted to Mr. John A. Sullivan, Budget Commissioner of the City of Boston, Room 44, City Hall, Boston 8, Mass., not later than October 23, 1950.

Very truly yours,

JOHN B. HYNES, Mayor.

In naming his committee, Mayor Hynes commented that Boston was perhaps the only large city in the nation without a comprehensive position classification and pay plan for its 15,000 employees. The

MAYOR HYNES, WITH ALL CITIZENS, MOURNS PASSING OF FORMER MAYOR JOHN F. FITZGERALD.

In company with so many other Bostonians, I deeply regret the passing of former Mayor John F. Fitzgerald, who, for so many years, was symbolic of vigorous, progressive Boston. His life, an epic of America, is a perfect example of the opportunities that exist in America. His accomplishments as Congressman and Mayor will be remembered as long as our community continues. John F. Fitzgerald loved people—he loved Boston—he loved America. His passing will leave a void here in this city which he held so close to his heart.

I extend to Mrs. Fitzgerald and the family of former Mayor Fitzgerald my deepest sympathy.

personal service item in the city budget amounts to 53.2 per cent of the total budget. Up to the present, employment and salary adjustments are made by heads of individual departments with the approval of the Mayor. Thus there has been no general plan, but many inequalities have evolved for positions with comparable duties and responsibilities. The classification and compensation plan has for its general purpose the elimination of these inequalities. The inauguration of the classification and compensation plan is expected to give the city a more streamlined basis of operation and to provide greater efficiency at a lesser expense.

LIVE REINDEER ONE OF MANY ATTRACTIONS FOR BOSTON'S CHRISTMAS FESTIVAL.

(Continued from page 1017.)

mittee. Such a display of civic spirit is most encouraging to me. As you were told in the notice of the meeting, I shall endeavor to make it as brief as possible.

The purpose of the organization of the Christmas Festival Committee is no other than to encourage the people of Boston to observe the Christmas season in a more modern and elaborate manner than they have in the past. It is my hope this year that all of the merchants and building owners along the business thoroughfares and streets of downtown Boston and the Back Bay business areas will cooperate in decorating and lighting up their properties in a most festive manner. I understand that some of the downtown merchants have already made arrangements to decorate their properties in a most attractive manner and in conformity with a uniform plan that they have worked out among themselves. This is most heartening.

But my hope is that, in addition to the decoration of the streets and thoroughfares, we will be able to stage on Boston Common some spiritual and festive scenes that are certain to attract to Boston large numbers of people from all sections of New England. Under the plan contemplated, we will not only have on the most prominent part of Boston Common a nativity scene such as has never before been presented in New England, but also features of an unusual festive nature designed particularly to please the children.

EIGHT LIVE REINDEER.

Among the attractions for the children will be the housing of Santa's eight tiny reindeer—real live reindeer—at the enclosure on the Boston Common known as Playland, and a most attractive reproduction of Santa's workshop with all the trimmings. There will also be, I hope, a number of other features on the Common and in the Public Garden, also, for that matter, if my plans are fully realized.

However, in order to do this effectively, money is needed. It is my belief that, if we can raise \$35,000 among the business interests and public-spirited rich citizens, together with what money is appropriated by the city government, we can provide a scene of spirituality, splendor, and festivity on the Common that will attract large numbers of people to Boston during the Christmas season. I assure you that the gentlemen handling the public relations end of the Festival will see to it that at least every person in New England knows about the event.

We are also contemplating a well-balanced program of Christmas music to be presented continuously throughout the entire month of December.

The center of music activity will probably be the Parkman Bandstand, which we hope we can glass in sufficiently so as to make it comfortable for the musicians to perform even in wintry weather.

The city, of course, will have its usual Christmas tree on the Common, but we hope this year to make it bigger and more ornate than ever.

If all of the businesses that will benefit directly or indirectly by attracting large numbers of people here during the month

of December will each contribute a little, we should have no difficulty in raising the necessary funds.

If the Festival meets with the success we hope it will, we plan to make it an annual event. To assure its being a permanent Boston feature I shall set up a corporation to operate it with representation on the board of the Chamber of Commerce, Retail Trade Board, and such other interests as will benefit directly or indirectly by such an annual event.

Our present thinking contemplates buying any equipment or decorations we may use this year and adding to them from year to year until we have such an abundance of them that we will be able annually, at Christmas, to convert both the Common and Public Gardens into veritable fairylands. For the first year or so, at least, the city will find storage space for the equipment during the remainder of the year.

CHRISTMAS PACKAGES FOR SOLDIERS.

In anticipation of your endorsement, the committee has undertaken as its first activity the purchase of Christmas packages for the 300 or more Boston boys and girls on duty in Korea. We are arranging to pay for these packages through public subscriptions. The total cost, including transportation expenses, should not exceed \$3,000. Already, through a radio program staged last Friday night over Station WEEI through the courtesy of our good friend, Harold Fellows, we have been pledged more than \$1,200. Through similar programs on other stations and through the press, we hope to raise the balance.

Each package will contain a specially prepared S. S. Pierce assortment of delicacies, plus a few inexpensive and useful articles not available to the service men and women in the armed forces canteens. The packages will be shipped not later than October 15, the deadline set by the post office for Christmas shipments. At a later date we shall send a different type of package to the Korea wounded at the Greater Boston hospitals.

As you know, Harry Blake has kindly consented to serve as chairman of the Christmas Festival Committee for this year, and Bob Cutler has kindly accepted the treasurer-ship of the committee. It is my hope that Mr. Lloyd Brace will serve as chairman of the finance committee and designate one of his live-wire vice presidents to do the work.

A committee composed of representatives of the various trade groups will be named to assist him. I hope that any of you who may be requested to serve on that committee will willingly respond. If everyone will just do a small share of the work, there will be no hardship on anyone.

My own office, under the direction of Paul Hines, will work out the details of the Festival. Any assistance you may give to him will be most appreciated.

The headquarters of the Festival Committee will be at Room 37, City Hall. I assure you that the city government will more than do its share in promoting the Festival.

I understand the Chamber of Commerce is contemplating a Christmas Festival luncheon the day before Thanksgiving as a signal for the opening of the Festival. I think that is fine. I hope they do it.

Gentlemen, give me your cooperation, and I shall endeavor to develop a Christmas Festival that not only will be a credit to the city, but will be the basis for an annual event that will grow with the years.

MAYOR HYNES INVITES EXPERTS TO AID IN RECLASSIFICATION OF CITY AND COUNTY EMPLOYEES.

(Continued from page 1017.)

The specifications for development and installation of a classification and compensation plan for certain positions in the service of the City of Boston and the County of Suffolk are as follows:

SCOPE OF PLAN.

The plan shall include the positions occupied by employees of all city and county agencies, except the School Department, the uniformed forces of the Police and Fire Departments, county employees exempt under the provisions of section 49, chapter 35, of the General Laws, and chapter 455 of the Acts of 1950 from the County Classification and Compensation Plan, bibliotecal employees of the Library Department, and printing trade employees of the Printing Department.

The study is to include all positions in the agencies covered, even though such positions may be vacant at the time of the study. Part-time jobs will be included in the plan where they exist in the agencies to be studied.

It is estimated that the number of positions covered by the plan is approximately 12,000, divided roughly by groups as follows:

Clerical.....	2,200
Inspectional.....	500
Investigational.....	600
Labor.....	4,800
Mechanical.....	1,700
Penal or Correctional Officers.....	150
Professional.....	2,050
	12,000

SERVICES TO BE PERFORMED.

1. Study existing statutes and ordinances as well as civil service laws and regulations with respect to the employment and compensation of employees occupying the positions covered by the plan so as to be certain that any recommendations included in the final plan do not conflict with existing statutes, ordinances, or regulations.

2. Secure and analyze pertinent facts as to the current actual duties, responsibilities, and organization relationships of all of the positions to be covered by the plan.

3. Conduct extensive field audits of work of individual positions, discussing duties and work requirements of positions with individual employees and their supervisors at their places of work and with departmental officials.

4. Establish on the basis of information secured through the above steps classes of positions which in effect constitute sound grouping of all positions on the basis of duties, responsibilities, and qualification requirements.

5. Prepare class specifications for all classes, describing in some detail the nature and requirements of the work of each class.

6. Place or assign each and every individual position to the appropriate classification or class on the basis of an analysis of its distinguishing characteristics and an evaluation of its grade, rank, and relative worth.

7. Review proposed classifications and allocations with appropriate departmental officials.

8. Collect information with respect to current rates of pay for positions in com-

parable public jurisdiction and in private employment in the Boston area comparable to those in the city's service.

9. Analyze such salary and wage information and such related factors as the relative difficulty and responsibility of the work of the various classes, the cost of living, and the city's recruitment problems, and pay and financial policies and requirements.

10. Prepare a comprehensive compensation plan with rates or ranges of pay for all classes of positions included in the classification plan.

11. Calculate by departments the budgetary effects of the recommended pay plan, showing the estimated costs of putting the plan into effect.

12. Participate in such hearings on, and discussions of, the classification and pay plans as may be deemed desirable by the city.

13. Revise the classification and pay plans until fully satisfactory to the appropriate agencies or officials of the city.

14. Advise and assist whatever official city agency or agencies may be selected to notify employees of the proposed classification of their positions.

15. Prepare a final report in quadruplicate for submission to the city officials which presents the classification and compensation plans, discusses factors considered in their development, presents supporting information, indicates legislative action necessary to implement the plans, and summarizes estimated budgetary effects.

16. Provide for the training of selected city personnel during the course of the whole survey so that a unit will be available for carrying on the work of maintaining sound classification after the consultants have left, and outline the necessary machinery for the proper administration of the classification and pay plans recommended.

17. The project shall be started not later than thirty days after the award of the assignment.

18. Be available for consultation for a period of at least two months after the submission of the final report.

19. A performance bond covering faithful and satisfactory service in the amount of \$10,000 will be required from the consultant whose proposal is finally accepted.

SPECIFIC INFORMATION TO BE INCORPORATED IN PROPOSAL.

1. State explicitly what services, supplies, and facilities are to be furnished by you and what the city will have to supply in the way of clerical and other personnel, office space, equipment, supplies, and other facilities.

2. State the time required for the completion of the entire project.

3. State the total fee required for performing the services outlined in the foregoing section.

BACKGROUND INFORMATION.

Answers to the following questions should be submitted with your proposal.

1. For what period of years have you been engaged in similar projects for public bodies and private business enterprises?

2. Cite municipal, state, county, or other public classification projects similar to the one described herein that you have performed, giving the name of the jurisdiction.

3. Have you had any experience or contacts that would tend to acquaint you with the governmental structure of the City of Boston? If so, describe it.

CHRISTMAS GIFTS FOR ARMED FORCES IN KOREA.

(Continued from page 1017.)

Bostonians to join with me in sending Christmas gifts to the more than 300 Boston boys and a few girls now on duty at the battlefronts of Korea.

That these men and women, the sons and daughters of Boston, are serving valiantly is not surprising. The men and women of Boston have been always among the first to respond to the call to colors in every generation since the birth of this Republic. We can be counted upon to do our bit in every national crisis, no matter how extreme the sacrifice. We have always responded to a righteous cause, and, God willing, we always will.

Obviously, we at home have duties toward our fighting men that we must not lightly forget. We not only have the duty to see to it that they are properly fed, clothed, and equipped, and help them to re-establish themselves in civil life when they return home, but we have the obligation to sustain their morale while they are far from home. Let us not forget that these men and women are crusaders in the fight to obtain and maintain permanent world peace. Any service they render, any sacrifice they make, any suffering they undergo, they do for us. May God in His wisdom bless their undertaking and send them home to us again unscarred and unharmed.

Long before the outbreak of the Korean War, we had planned in Boston this year a Christmas Festival, to be held during the entire month of December. We are going ahead with these plans, but first and foremost in the Festival Committee's plans is "Operation Christmas Gift," in which all armed forces' personnel from Boston in the Korean war zone will be remembered by the thoughtful people of their home city. Our boys in combat in Korea have been engaged in more than a bitter, relentless struggle against a stubborn foe—they have been participants in a twentieth century crusade against godlessness and the destruction of civilization.

As a means of promoting their morale, I have requested the Boston Christmas Festival Committee to provide all Boston men and women at the battle areas of Korea with a Christmas package. The committee, though only in the process of formation, is already at work selecting the gifts, and is launching this campaign tonight to raise the necessary funds through public subscription. To this committee and to Harold Fellows, and his staff at WEEL, I extend my profound thanks for their generous cooperation.

The plan of the committee is to provide each Boston man and woman in Korea with a box containing a number of different kinds of delicacies, and a few inexpensive but useful articles not available for purchase at the Army, Navy, Air Force, or Marine Corps canteens. Under the plan, all of the packages will be sent by October 15, in order that they may arrive at the battlefront areas in time for Christmas. All of the packages will be sent in the name of the "The Grateful People of Boston." The wounded, no matter where they may be, will not be forgotten.

One of the biggest difficulties facing the committee is obtaining the names and addresses of the 300 or more boys and girls on duty in Korea. There is no agency in the Department of Defense prepared to give us that information at

this time, without interfering with the war effort. I therefore request the families of all Boston boys and girls in the Korean battle areas to send their names, serial numbers, and A.P.O. addresses to the headquarters of the Christmas Festival Committee, Room 37, City Hall, as promptly as possible. The committee has already received a number of the names and addresses, but it will not be content unless every single Boston boy and girl on duty at the Korean front receives a Christmas package.

The total cost of the packages and shipment charges should not exceed \$3,000. Contributions may be sent to the Christmas Festival Committee, care of the Old Colony Trust Company, 1 Federal Street, Boston, or care of President Robert F. Cutler, treasurer of the committee, at the same address. All contributions, no matter how large or small, will be most gratefully received. I am sure we will meet our goal.

It is rather early to extend Christmas greetings to my fellow citizens, and so I shall refrain from doing so until a later date. However, there is a thought I would like to leave with you tonight. It is this: Christmas in Boston comes early for our fellow Bostonians fighting in faraway Korea. Your contribution, modest as it may be, will bring to them happy memories of home on Christmas Day.

NATIONAL EMPLOY THE PHYSICALLY HANDICAPPED WEEK PROCLAMATION.

Whereas, It is known that some 9,000 physically handicapped citizens of Massachusetts are actively seeking work through the employment offices of the Division of Employment Security; and

Whereas, Some 4,000 of this number are handicapped as a result of their service in World War II; and

Whereas, All of these handicapped individuals are seeking employment for which they are fitted; and

Whereas, A number of these handicapped persons are citizens of our community; and

Whereas, All of these handicapped citizens, veteran and nonveteran, deserve self-supporting, self-respecting jobs in which they can make useful contributions to our community, state, and nation; and

Whereas, The cities and towns of Massachusetts wish to lend all possible aid and assistance to the handicapped; and

Whereas, The President of the United States has designated October 1-7 as "Employ the Physically Handicapped Week"; and

Whereas, The Governor of the Commonwealth of Massachusetts has given his approval to the aims of Handicapped Week; now

Therefore, I, John B. Hynes, Mayor of the City of Boston, do concur in this designation of October 1-7 as "Employ the Physically Handicapped Week," and I call upon all local officials, employers, organizations, and all citizens to assist in every way possible, to the end that attention of the community will be focused on the fact that disabled veterans and handicapped civilians are fully capable of productive work in many different occupations.

I urge all citizens and, in particular, the employers of our community to cooperate actively with our local in-

teragency committee for the observance of "Employ the Physically Handicapped Week."

And I further urge that all employers place their job openings with the employment office operated by the Massachusetts Division of employment Security located at Boston, Mass., so that all handicapped workers may be given an opportunity to prove that, when placed in the right jobs, they are *not* handicapped, but instead are safe workers who make *good production records* because they *stay on the job*.

MOTOR VEHICLE FATALITIES FOR 1950 FORECAST TO BE GREATER THAN IN 1949—PREDICTION MADE BY TRAFFIC COMMISSIONER WILLIAM ARTHUR REILLY—IN NINE MONTHS PER CAPITA DEATH TOTAL 7.6 PER CENT.

"Hopes are fading for a reduction of motor vehicle deaths in the City of Boston for the fourth successive year," commented Traffic Commissioner William Arthur Reilly in studying accident figures for the year 1950 to date.

He noted that 44 persons have been killed by motor vehicles in Boston during the last nine months, while during the entire year of 1949, 54 people were killed.

With the three worst months in the year for auto killings still to be passed, the Commissioner expressed doubt that the total number of fatalities could be held much below the total of 70 for the year 1950.

Extreme caution, however, on the part of motorists and pedestrians alike during October, November, and December, when 40 per cent of the year's total are killed, will reduce this figure, he observed.

Pedestrians accounted for 34 of the deaths in which 45 drivers were involved with ten of these drivers listed in the sixteen to twenty-five year age group which had a record of five pedestrians killed.

All pedestrian deaths occurred in but two age groups—eleven children between the ages of three and eleven were victims, with 23 more pedestrians between fifty-five and ninety years the other victims.

On the basis of the nine month's experience, Boston now has a per capita motor vehicle fatality death rate of 7.6.

Rock Salt: To be 98 per cent sodium chloride, size as specified when ordered.

Remarks.—The Chemical Corporation, to be considered a part of above proposal: The salt price quoted is based on a charge of \$7 per ton for bulk salt f.o.b., Ludlowville, New York. This price is firm subject to notification of acceptance or rejection within 30 days of the date of opening of this proposal, and is subject to quarterly adjustment per manufacturer's schedule. In the event of a decrease in salt prices, the decrease will be credited to the purchaser's account. Freight rates quoted (\$6 per ton) are those in effect as of September 13, 1950, and any increase or decrease in rail rates shall be for the purchaser's account.

Upon September 21 the Mayor approved a contract with low bidders as indicated for furnishing bread and pastry flour, as required, to the various city departments from October 1 to December 31, 1950.

A contract for the bread flour to American Flour Company, the low bidder; and orders to Thurman Company, the low bidder on pastry flour as checked.

Singarella & Son has been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Acacia road, Ansonia road, Freeman avenue, Hackensack road, Leland road, Rendall road, and Worley street, dated October 4, 1949. Items ordered: In Worley street remove two 12-foot trees (back of street line) that are a menace to public safety at \$50 each. Supply two manhole covers and frames at \$50 each. Lay approximately 180 square yards of concrete mat 6 inches thick over sewer trench, including labor, materials, equipment, and preparing site, at \$3.50 per square yard. Estimated cost of extra work, \$830.

In Acacia road lay approximately 18 square yards of concrete mat 6 inches thick over sewer trench, including labor, materials, equipment, and preparing site, at \$3.50 per square yard. Furnish and erect approximately 38 linear feet of chain link fence, including labor, materials, and equipment, for the lump sum of \$140. Estimated cost of extra work, \$203.

Central Construction Company has been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Blue Hill avenue, from Dudley street to Warren street, dated October 31, 1949. Items ordered: Eliminate existing artificial stone driveway in front of 20 Blue Hill avenue, including the removal of existing edgestone returns, existing corners, the concrete base, and the granite block roadway, and set edgestone across old driveway, including labor, material, and equipment in doing the above work for the lump sum of \$65. Estimated cost of extra work, \$65.

General Ship and Engine Company has been directed to perform the following extra work under the contract for general repairs to ferryboat "Charles C. Donoghue," dated July 3, 1950. Items ordered: Furnish four new forged steel crossheads for main engines, including all machining and all incidental work; all workmanship, materials, dimensions, etc., to conform with plans and specifications covering the original installation. Estimated cost of extra work not to exceed \$1,600.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with Michael Racioppi for alterations at the Wyman School, from August 15, 1950, to November 15, 1950. Contract approved December 30, 1949. This extension is requested because of delay in securing steel material.

Approval has been given for the extension of the time of completion of the contract with Daniel Russell Boiler Works, Inc., for repairing and retubing boilers in various schools, from September 20, 1950, to December 15, 1950. Contract approved August 4, 1950. This extension is requested because of delay in receiving boiler tubes from the mill, due to present war condition.

Approval has been given for the extension of the time of completion of the contract with James F. Sullivan Company for furnishing and installing new oil-burning equipment in the Boston Technical High School, from September 15, 1950, to November 15, 1950. Contract approved July 25, 1950. This extension is requested because of delay in obtaining critical material.

HOSPITAL DEPARTMENT.

Approval has been given for the extension of the time for completion of the contract with Viking Automatic Sprinkler Company, Inc., for flushing the complete installation of sprinkler system at Boston City Hospital, from September 28, 1950, to October 10, 1950. This extension is requested because of the fact that pipes in many sections of the hospital were found to be so badly corroded and filled with dirt and foreign matter that new pipe has been required in many places.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with Dooley Brothers, Inc., 39 George street, Roxbury, for sheet asphalt pavement in Arlington, Duncklee, Etna, Faneuil, Harriet streets, Lane park, Langley road, and Tip Top street, from September 15, 1950, to October 15, 1950. Contract dated November 18, 1949. This extension is requested for the reason that the contractor has been delayed by the difficulty in obtaining edgestone and concrete.

PROCEEDINGS OF CITY COUNCIL.

Monday, September 25, 1950.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President HURLEY in the chair, and all the members present.

The meeting was opened with the salute to the Flag.

NEW COUNCILOR JOHN J. McCOLGAN.

Notice was received from the Board of Election Commissioners that at a special city election held in Ward 7 on September 12, 1950, for choice of one member of the City Council to fill a vacancy for an unexpired term, John J. McColgan, 23 Col. Michael J. McDonough Way, was elected.

Placed on file.

The following was received:

City of Boston,
Office of the Mayor, September 20, 1950.
To the Members of the City Council.
Gentlemen:

You are hereby notified that John J. McColgan, having been duly elected to be a member of the City Council from Ward 7, to fill a vacancy, this day appeared and took the prescribed oaths of office as such member before me,

J. B. HYNES, Mayor.

Placed on file.

President HURLEY appointed, as a committee to escort Councilor McColgan into the chamber, Councilors Hannon and Wenzler, who performed the duty assigned.

Councilor McColgan was greeted with applause upon entering the chamber.

President Hurlley appointed Councilor McColgan to the following committees: chairman of Claims Committee and chairman of Committee on Public Housing; member of the Executive Committee and the committees on Finance, Prisons, Military Affairs, and Ordinances.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor appointed Robert P. Santis, 40 Lorna road, Dorchester, to be weigher of coal for the term ending April 30, 1951, and Louis E. Grace, 97 Wellington Hill street, Mattapan, to be constable authorized to serve civil process upon filing of bond for the term ending April 30, 1951.

Referred to Committee on Confirmations.

VETO OF ORDER RE PENSION INCREASE TO CERTAIN FORMER EMPLOYEES.

The following was received:

City of Boston,
Office of the Mayor, September 21, 1950.
To the City Council.
Gentlemen:

I return herewith, without my signature and disapproved, the order passed by your Honorable Body accepting chapter 820 of the Acts of 1950, which provides for the increase of pension retirement allowances, annuities, etc., to the amount of \$100 in each case.

If the aforementioned Act were to go into effect it would result in an additional appropriation of \$366,000 per year.

The beneficiaries under this Act, among others, are those persons now receiving between \$1,500 and \$2,000 annually as pensioners, the bulk of whom were not members of the contributory pension system.

The annual pension requirements of the city are now \$4,765,281, more than half of which is paid to persons who made no contributions to the city.

I am of the opinion that the state of the city's finances cannot withstand annual increases in pension requirements, as has occurred each year since 1946. On the other hand, I recognize that increased costs for necessities of life make it difficult for persons on pensions to provide for ordinary needs. However, until and unless there is a decided upward rise in the present cost of living, I am disinclined to add this additional expense to the budget of the city.

Respectfully,

J. B. HYNES, Mayor.

Placed on file.

SMOKE NUISANCE, DORCHESTER LOWER MILLS.

The following was received:

City of Boston,
Office of the Mayor, September 25, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the chairman of the Department of Public Utilities of the Commonwealth of Massachusetts relative to your order of July 31, 1950, concerning the smoke nuisance from the Walter Baker Company in Dorchester.

Respectfully,

J. B. HYNES, Mayor.

The Commonwealth of Massachusetts,
Department of Public Utilities,
Boston, September 18, 1950.

Mr. Thomas J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

As requested in your communication dated August 4, 1950, there are submitted herewith reports covering an investigation into an alleged smoke and soot nuisance at Walter Baker Mills in Milton, Mass. Since it is indicated in the final report received from the Smoke Inspection Division that there is no violation of the smoke law involved, the case is now considered closed.

Very truly yours,

THOMAS A. FLAHERTY, Chairman.

September 15, 1950.

FINAL REPORT BY THE DIVISION OF SMOKE INSPECTION OF THE BOSTON CITY COUNCIL COMPLAINT AGAINST SMOKE FROM THE WALTER BAKER COMPANY IN DORCHESTER. (Preliminary Report Dated August 15, 1950.)

The chief engineer, Mr. Hewins, of the Walter Baker Company, adopted our suggestion of blowing the tubes four times in a 24-hour period instead of twice, as was formerly done.

All blowing occurred during the nighttime hours, as the front office will not permit blowing of tubes during the daylight hours. This practice was continued for six days from August 15, and then was discontinued. In going back to blowing the tubes twice a day their engineers observed no appreciable difference in the amount of matter emanating from the stack. Therefore they are continuing their usual routine of tube-blowing twice a day.

An inspector from this division checked the stack for smoke on the night of September 14, 1950. Tubes were blown from 8.21 to 8.31 p.m. There was one minute of heavy black smoke observed at the beginning of the blowing of the first pass of the boiler. During the remainder of the period there was no indication of smoke at the top of the chimney.

As far as noise is concerned, the inspector, at a distance of 150 yards, could hear the tube blowers operating during the 10-minute period.

The plant was subsequently observed for an entire hour from 8.45 to 9.45 p.m., with no smoke seen.

Since the stack does not violate the smoke law, it would seem the Walter Baker Company is keeping smoke and soot at an absolute minimum.

We shall continue to keep this stack under routine observation.

August 15, 1950.

INVESTIGATION BY THE DIVISION OF SMOKE INSPECTION OF THE BOSTON CITY COUNCIL COMPLAINT CONCERNING SMOKE FROM THE WALTER BAKER COMPANY IN DORCHESTER.

The order for the investigation was passed by the City Council on July 31, 1950, received by the Mayor's Office August 4, 1950, by the Public Utilities August 8, 1950, and by the Division of Smoke Inspection August 14, 1950.

Four hours' observation of the Walter Baker stack was made, two in the afternoon of August 14 and two on the morning of August 15, a total of 3½ minutes of No. 2 (40 per cent black) or greater smoke was observed in this period.

The inspector visited the plant and talked with a Mr. Hewins, chief engineer, and a Mr. Dailey, superintendent of maintenance. At the present time the plant is composed of two B. & W. boilers, burning No. 6 fuel oil. This fuel oil is preheated in storage tanks and by heaters in the boiler room to a temperature of 220 degrees. There also is an incinerator containing a separate connection to the stack. The chief engineer has no control over the incinerator operation, and this is under the supervision of Mr. Dailey, who is in charge of house-keeping conditions throughout the factory. The incinerator is in constant use throughout the day and is cleaned out weekly. The refuse burned in the incinerator is of the usual character to be found in a mill or factory, cardboard boxes, papers, etc., with the exception that occasionally papers which contained cocoa butter are burned. Mr. Dailey, however, informed the inspector that at no time have these cocoa butter papers been burned in concentration, but rather they are fed into the incinerator sparingly with the other refuse.

The boiler tubes are blown twice in each 24 hours. This is always done during the night watches.

As far as the incinerator is concerned, it is highly doubtful if it smokes heavy at any time. However, the superintendent of maintenance has declared that he will supervise the incinerator operation carefully to see that it is not forced at any time.

The oil burners themselves should not smoke, and, as general conditions in the boiler room can be classified as "very good," it is doubtful that this stack violates the smoke law or even smokes heavy except for occasional puffs. Records in this office show no smoke violations in the last five years.

As far as the soot is concerned, it is probable that the nuisance is being caused by the blowing of the boiler tubes. However, this is an absolutely necessary supplement to efficient operation. The only suggestion which I have to make is that it might be possible to alleviate this soot condition slightly by more frequent blowing of these tubes. I have talked with Mr. Hewins, chief engineer of the Baker plant, today about this. He is going

to experiment with blowing the tubes four times in a 24-hour period instead of twice, starting today. We, in turn, are going to observe the stack while this is taking place in order to see to it that this will not cause the stack to violate the smoke law. The theory behind it is that lesser amounts of soot will be blown out at one time and will be dispersed more thinly over a much wider area by the winds.

The Walter Baker people are most cooperative and have assured us that they do not wish to be a nuisance to their neighbors in any sense.

Respectfully submitted,

GEORGE C. DORLE,
Director, Division of Smoke Inspection.

Placed on file.

SURVEY OF STREETS IN D STREET HOUSING PROJECT FOR USE BY FIRE APPARATUS.

The following was received:

City of Boston,
Office of the Mayor, September 25, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Fire Commissioner relative to your order of September 11, 1950, concerning the survey of the streets in the D Street Housing Project for the purpose of ascertaining whether or not fire apparatus can get in there if necessary.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Fire Department, September 20, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Your Honor:

In compliance with your request to consider and report on the City Council order of September 11, 1950, requesting that a survey be made of the streets in the D Street Housing Project for the purpose of ascertaining whether or not fire apparatus can get in there if necessary, I enclose herewith a communication from the acting chief of the department which is self-explanatory.

This report contains the thinking of the acting chief of the department, the deputy chief in charge of the division, and the district chief in charge of District 6, in which the project is located.

I concur with their recommendations and I trust that measures will be taken to carry same out and remedy the conditions which exist in the vicinity of this project.

Respectfully yours,

MICHAEL T. KELLIHER,
Fire Commissioner.

September 18, 1950.

From: The Acting Chief of Department.

To: The Fire Commissioner.

Subject: Parking Hazard, South Boston Project.

Sir:

In compliance with your request, I report making an investigation at the D Street Housing Project, accompanied by Deputy Chief Patrick E. Collins of Division 2 and District Chief Michael Foley of District 6. Ladder Company 5 was driven through the various streets. This was very shortly after 11 a.m., Friday, September 15, 1950.

Parking is permitted on one side of these narrow streets, and not too much space is left for apparatus to pass the parked automobiles.

On account of the narrow ways, it was quite a problem in making turns at some corners. Traffic directional poles are too near corners to allow clearance for overhang of aerial ladder. Permissible parking of automobiles is also allowed too near corners.

After 6 p.m., of the same day, September 15, Acting Deputy Chief Miles V. Murphy of Division 2 and District Chief William Jeffers of District 6 made an inspection tour of traffic conditions at this project.

In laying out the ways in this project, the necessity of passing through was not considered. Automobile parking at night is greater than during the day.

On November 14, 1949, a communication was submitted by District Chief William B. Coughlan of District 6 calling attention to the parking hazard and the narrow streets. The buildings in this project are three stories and of brick construction. Considering that the project is already built and occupied and in order to facilitate the progress of fire apparatus into this project in case of fire, I recommend:

That parking of automobiles be prohibited within forty feet of intersection and corners of ways—not to apply to parking areas.

That directional signs be moved as far from corners as conditions will permit. That curbing, dividing the ways and grass plots and sidewalks, at corners of two ways, be cut back to allow more room at these corners for the apparatus to make the necessary turns.

Respectfully submitted,

DANIEL MARTELL,
Acting Chief of Department.

NURSING ACCOMMODATIONS AT BOSTON CITY HOSPITAL.

The following was received:

City of Boston,
Office of the Mayor, September 25, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the president of the Board of Trustees of the Boston City Hospital relative to your order of August 28, 1950, concerning the present nursing accommodations at the Hospital.

Respectfully,

J. B. HYNES, Mayor.

—
Boston City Hospital,
September 8, 1950.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

At a meeting of the Board of Trustees held today the following order of the City Council was presented:

"Ordered, That the Board of Trustees of the Boston City Hospital be requested, through his Honor the Mayor, to immediately hold a special meeting for the purpose of enlarging the nursing staff in the wards throughout the Boston City Hospital, as the present nursing accommodations are inadequate and have led to a general breakdown of efficiency and morale and the well-being of the patients confined in the hospital, and be it further

"Ordered, That the Board of Trustees of the Boston City Hospital invite members of the Boston City Council to sit in with the Board at its special meeting." (City Council order of August 28, 1950 — Councilor Ansel).

A conference was held between the Trustees and Miss Ennis (acting nursing director in the absence of Miss Welch, who is on vacation), and the entire nursing personnel at the hospital was discussed in minute detail.

I am enclosing a copy of the nursing statistics at the Boston City Hospital as of September 1, 1950.

In perusing this statistical report, you will note that the male and female personnel of the entire group under Miss Welch's direction totals 1,165. The actual number of head nurses in the hospital floor duty nurses (who are graduate nurses of the hospital), nurses in the training school, affiliate nurses, and ward attendants totals 587; so that the female nursing personnel, outside of administrators and teachers in the training school, figures the entire personnel in actual contact with the patients.

The above figures show that, with 587 active bedside nurses and a hospital population of 1,400 to 1,500 patients, there is about one nurse to every two to three patients, which is just about the standard required by the State and National Nursing Associations. Any further increase of this quota would entail a much larger increase in the hospital budget. Of course, during the summer when many are on vacation and the number of patients at the hospital is a little less, with no epidemic present, this ratio might be temporarily less.

A breakdown of the above statistics is enclosed herewith.

The Trustees feel that the nursing personnel is adequate to take care of the patients, as noted on the attached statistical report and breakdown. They also feel that this report and breakdown answers Councilor Ansel's order in the City Council.

Sincerely yours,
MARTIN J. ENGLISH, M.D.

City of Boston,
Public Works Department,
September 18, 1950.

To: Mr. Thomas G. J. Shannon, Chief Clerk, Mayor's Office.
From: George G. Hyland, Commissioner, Public Works Department.

Subject: Order in Council, September 11, 1950.
Receipt is acknowledged of your memorandum of September 13, attaching order in Council, request of Councilor P. A. Tracy, dated September 11, 1950, as follows:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to report to the Council the plans which have been developed to eliminate the collection of refuse during the early morning hours."

Since traffic congestion, weather conditions, and habits of the residents have to be taken into consideration, no rigid plan can be developed to govern the hours of refuse collections.

However, when a complaint is received from a street or neighborhood, the foreman in charge of

the district is instructed to alter his schedule to collect the refuse at a later hour in that specific area.

APPROPRIATION FROM PARKMAN FUND.

The following was received:
City of Boston,
Office of the Mayor, September 25, 1950.
To the City Council.

Gentlemen:
I am in receipt of the attached communication from the Board of Park Commissioners, requesting the appropriation of \$20,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Board of Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1950 budget estimates of the Personal Service requirements of the Park Department included an estimate of the total income of \$180,000 from the Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$20,000, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, September 15, 1950.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

By vote of the Board of Park Commissioners, you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$20,000, which is now available, to be expended under the direction of the Board of Park Commissioners as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of \$20,000

When making up the budget estimates for the year 1950, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1950, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
FRANK R. KELLEY, Chairman.

Ordered, That the sum of twenty thousand dollars (\$20,000) be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance and
Improvement of \$20,000

Referred to Committee on Parkman Fund.

TRANSFERS OF APPROPRIATIONS.

The following was received:
City of Boston,
Office of the Mayor, September 25, 1950.
To the City Council.
Gentlemen:

The enclosed requests for transfer of appropriations, together with the accompanying orders, are forwarded for consideration and adoption by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Public Works Department, Sewer Service, A, Personal Service, \$1,000, Paving Service, C, Equipment, \$1,000, Sanitary Service, B, Contractual Services, \$1,000, to the appropriation for Public Works Department, Automotive Division, C, Equipment, \$3,000.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Special Appropriation, Public Works Department, Reconstruction of Streets, \$3,000, to the appropriation for Special Appropriation, Public Works Department, Street Signs, \$3,000.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for General Government, Special Appropriation, Conventions and Entertainment of Distinguished Guests, \$10,000, to the appropriation for General Government, Special Appropriation, Public Celebrations, \$10,000.

Referred to the Executive Committee.

TRANSFER OF APPROPRIATION TO LAW DEPARTMENT, WORKMEN'S COMPENSATION SERVICE.

The following was received:
City of Boston,
Office of the Mayor, September 25, 1950.
To the City Council.
Gentlemen:

When the so-called Workmen's Compensation Law first became operative with respect to employees of the City of Boston and employees of the County of Suffolk, its application was limited to laborers, workmen, and mechanics as those terms are commonly understood. The majority of all laborers, workmen, and mechanics then

employed either by the city or by the county were attached to the City Public Works Department. Administration of the Workmen's Compensation Law was, therefore, made an adjunct of that department.

By orders adopted by the City Council on March 22, 1948, and approved by the Mayor on April 1, 1948, the advantages of the Workmen's Compensation Law were extended to all employees of the city and of the county except members of the police and fire forces. Two and one-half years' experience under this action has demonstrated that the Public Works Department is no longer the principal department involved, but that the Hospital and School Departments are affected equally as much, if not more, than the Public Works Department. Accordingly, for efficiency's sake, the function of the Workmen's Compensation Agent should be in a department in constant contact with all city departments and county offices. The Public Works Department is not such a department, having little contact with other city departments and practically none with county offices. The Law Department, on the other hand, is such a department and, in investigating claims and handling suits, does essentially similar work. It would seem, therefore, that the greatest efficiency would be attained by having the Workmen's Compensation Service in the Law Department. To do so requires a transfer from the Public Works Department budget to the Law Department budget of the unexpended balance of funds appropriated for the Workmen's Compensation Service.

Transmitted herewith is an order affecting such transfer. I recommend its adoption.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer on October 11, 1950, the unexpended and unencumbered balance of the appropriation for the Public Works Department, Workmen's Compensation Service, to the appropriation for the Law Department, Workmen's Compensation Service. Referred to Committee on Public Works.

EXEMPTION OF LIBRARY EMPLOYEES FROM 40-HOUR WORK WEEK.

The following was received:

City of Boston,
Office of the Mayor, September 25, 1950.
To the City Council.
Gentlemen:

This is written to withdraw the order submitted by me to your Honorable Body on August 21, 1950, for exemption of persons on the payrolls of the Library Department from G. L. (Ter. Ed.) c. 149, s. 33A, as amended, restricting the service of employees to five days and forty hours in any one week. The specific object which the Library Trustees sought to attain by the exemption has been accomplished administratively by a change in the City Auditor's procedure.

Respectfully,

J. B. HYNES, Mayor.

Referred to the Executive Committee.

SALARY INCREASE TO COLLECTORS OF MILK SAMPLES.

Coun. F. P. TRACEY offered the following: Ordered, That the Health Commissioner, through his Honor the Mayor, be requested to increase the salary of five collectors of milk samples, of the Milk Inspection Division, \$300 a year. This increase will place these men on the same pay scale as other health inspectors.

Passed under suspension of the rule.

REDUCTION IN OLD AGE ASSISTANCE BY COMMONWEALTH.

Coun. F. P. TRACEY offered the following: Resolved, That the Boston City Council go on record as opposed to the reduction in Old Age Assistance payments now granted by the Commonwealth of Massachusetts to its elderly, needy citizens. This reduction has been deemed advisable, apparently, in view of the increase granted in social security payments by the federal government.

This reduction in Old Age Assistance by the Massachusetts Authorities would seem to thwart the intent of the federal government to grant a decent living allotment to its citizens.

The resolution was adopted under suspension of the rule.

INVESTIGATION OF USE OF VOTING MACHINES.

Coun. F. P. TRACEY offered the following:
Resolved, That the Boston City Council, the Mayor, and Election Commission conduct a thorough investigation into conditions surrounding the use of voting machines in Boston in the past Primary Election.

Public indignation, not without cause, has arisen in every section of our city where voting machines were in use. A very definite question has formed in the public mind as to the fairness of listing the various candidates names on the machines. The failure of these machines, in many cases, especially in the crowded closing hours on Election Day, has caused severe critical comment.

It would seem evident to any fair-minded person that there is now a serious question as to the advisability of continuing the use of voting machines in Boston.

The privilege of our citizens to vote in a free and uncontrolled manner, without misleading arrangements, is the most sacred privilege of our citizenry. No authority, whether it be vested in the Boston Election Commission, or in the person of the Secretary of State, can be allowed to deprive the people of their privilege; whether by carelessness or incompetence.

A complete investigation is necessary to restore the confidence of our people in free elections.

The people of Boston demand an explanation for the confusion and uncertainty which surrounded the past Primary Election.

Referred to the Executive Committee.

Coun RAMSEY in the chair.

BOOKMOBILE STOP AT FOREST HILLS STREET AND GLEN ROAD.

Coun. P. A. TRACEY, offered the following:

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BITUMINOUS CONCRETE PAVEMENT IN CHURCH STREET, WARD 20, FROM WELD STREET TO BROOKLINE LINE; CYPRESS STREET, WARD 20, FROM BAKER STREET TO SPRING STREET; DANVILLE STREET, WARD 20, FROM BELLEVUE STREET TO WREN STREET; ELY ROAD, WARD 16, FROM FREDERIKA STREET TO KENMARE ROAD; FREDERIKA STREET, WARD 16, FROM GALLIVAN BOULEVARD TO MINOT STREET; MAXFIELD STREET, WARD 20, FROM LA GRANGE STREET TO BELLEVUE STREET, AND RUTLEDGE STREET, WARD 20, FROM BELLEVUE STREET TO PARK STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Church street, Ward 20, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposals for Bituminous Concrete Pavement in Church Street, Ward 20, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, OCTOBER 18, 1950, with a certified check for TWENTY-FIVE HUNDRED (2,500) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,

(Oct. 7.) Commissioner of Public Works.

Subjects and Weights: Training and experience, 3; practical questions, 2; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

PARK DEPARTMENT.

INVITATION FOR PROPOSALS FOR CONSTRUCTION OF A SHELTER AND SANITARY BUILDING AT THE CUMMINGS ESTATE, WOBURN, MASS.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, Mass., hereinafter referred to as the Awarding Authority, invite sealed proposals for construction of a shelter and sanitary building at the Cummings Estate, Woburn, Mass.

Proposals will be received until 2 P.M., Friday, October 13, 1950, at the office of the Awarding Authority, 33 Beacon street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$2,000, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 2 P.M., Tuesday, October 10, 1950.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder, with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

AMERICA IS STILL THE LAND OF HOPE FOR CITIZENS OF ALL RACIAL STRAINS AND GROUPS—THE LAND OF OPPORTUNITY, MAYOR HYNES TELLS AUDIENCE AT ANNUAL BANQUET OF ITALIAN CHARITABLE SOCIETY AT COPLEY PLAZA—PREDICTS THAT TIME NOT DISTANT WHEN MEMBER OF RACE THAT GAVE COLUMBUS MAY BE GOVERNOR OF MASSACHUSETTS OR MAYOR OF CITY OF BOSTON—URGES ALL TO STRIVE EVER TO KEEP THIS A LAND OF OPPORTUNITY FOR ALL.

At the annual banquet of the Italian Charitable Society at the Copley Plaza on Wednesday evening, October 11, Mayor Hynes delivered the following address:

I am happy to extend the greetings of the citizens of Boston to their fellow citizens of Italian ancestry who are represented here tonight in the membership of this virile and fast-growing organization—the Italian Charitable Society.

I am happy, too, to extend to Governor Pastore, of our neighboring state of Rhode Island, the greetings of a popula-

MAYOR TO SPONSOR EXHIBIT OF PORTRAITS OF OUTSTANDING AMERICANS OF NEGRO ORIGIN—COMMITTEE OF LEADING PUBLIC-SPIRITED CITIZENS NAMED TO MANAGE AND PRESENT DISPLAY.

Mayor John B. Hynes' plan for sponsoring an exhibit of portraits of outstanding Americans of Negro origin was given enthusiastic support and pledges of cooperation by leading public-spirited citizens of Boston at the first organizational meeting in the Council Chamber of City Hall on Tuesday afternoon, October 10.

The exhibit, which has been held in many of the leading cities of the country is planned for the month from November 15 to December 15. The Mayor has accepted the sponsorship of the exhibit for Boston as an opportunity for doing a great and unique work in the field of race relations since the exhibit will be open during the Museum hours for visits by citizens in all walks of life who desire to know, at least by portraiture, some

MAYOR JOHN B. HYNES JOINS WITH CITIZENS OF BOSTON AND PARTICULARLY EAST BOSTON, IN RENDERING TRIBUTE TO THE GREAT DISCOVERER, CHRISTOPHER COLUMBUS—SPEAKS AT ANNIVERSARY IN EAST BOSTON HIGH SCHOOL DURING ANNUAL BANQUET BY SONS OF ITALY AND FRIENDS—SCORES THOSE WHO, IN INGRATITUDE FOR BLESSINGS COMING TO CONTINENT SINCE DISCOVERY, FOR TURNING BACKS ON CROSS OF CHRIST, IGNORE AND SCORN IT, WITHOUT THE LEADERSHIP OF WHICH THIS LAND MIGHT STILL BE BENIGHTED.

In his address at the annual Columbus Day banquet in East Boston High School, October 10, Mayor John B. Hynes spoke as follows:

Tonight, here in East Boston, and throughout our city, state, and nation, we begin the celebration of the 458th anniversary of the discovery of the American continent by Christopher Columbus.

It is difficult for us, in our time, to realize that this great continent on which we live, and which now harbors upwards of 250,000,000 people, was unknown, uncharted, and practically uninhabited when discovered by the great navigator, whose name we honor tonight.

For all the centuries before Columbus, this immense continent, with natural resources beyond the dreams of man, with its rivers, its mountains, its fertile fields and its hidden treasures, seemed to be awaiting discovery so that the good things that God has prepared for man could be utilized by man.

It has always seemed to me, and this is not an unreasonable supposition by any means, that it was the hand of God which directed Christopher Columbus to the shores of this new land, the fairest of all the lands on the face of the earth.

It has always seemed to me, too, that God, in His infinite wisdom, created and preserved this continent to be the hope, the haven, and the refuge of mankind from all corners of the world, and then, in His own good time, gave to Christopher Columbus the inspiration and the guidance to sail his three little ships across unknown seas to this land we now call America.

MAYOR HYNES ACTS TO SEE THAT OLD AGE ASSISTANCE RECIPIENTS HAVE ALLOWANCES IMMEDIATELY ADJUSTED TO PREVENT HARDSHIP.

On October 9 the Mayor issued the following statement:

It has come to my attention that, because of a new system of payments to old age recipients, checks to these recipients have been delayed in some cases. I am informed by the Public Welfare Department that any old age recipient who has not received his or her full allowance may proceed to the local welfare office and have the matter adjusted immediately.

It has always seemed to me that one of the most tragic travesties of history is that so many people living on this continent, upon which Christopher Columbus, as his first act, planted the cross of Christ, turn their back upon that cross, ignore it, and even heap scorn upon it. It has always seemed to me that God intended this continent, of all His creations, to be the most abundant and bountiful of all His earthly kingdoms, and unless the people of America, and all the other peoples of this continent, acknowledge the supremacy of the Divine Creator, we might well go down in the history books of tomorrow as

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

MAYOR HYNES PAYS TRIBUTE TO COLUMBUS AT ANNUAL BANQUET OF SONS OF ITALY.

(Continued from page 1041.)

another ungrateful nation and continent which flourished for a time, but fell into the limbo of ancient civilizations which embraced the pleasures of paganism as against the omnipotence of God.

The Italian people have reason to be intensely proud of the Father of America, Christopher Columbus. He came from a race of people whose sons and daughters have enriched humanity in a multitude of ways, for no other race of people has given to the world such a galaxy of artists, sculptors, inventors, composers, and saints. On this day then, and most appropriately so, a grateful America and a grateful people pay tribute to the memory of that dauntless son of Italy, Christopher Columbus, who gave to the world a new continent, and who dedicated that continent to the honor and glory of God.

All hail, tonight, to our first great American, Christopher Columbus.

MAYOR HYNES ADDRESSES ITALIAN CHARITABLE SOCIETY.

(Continued from page 1041.)

tion here in Boston which has for you — Governor — an admiration which is not confined, I assure you, to any single, racial group. Your fame has preceded you. We recognize you as one of our ablest public officials, and tonight as we pay tribute to that dauntless navigator who discovered this continent, and to the long list of men of Italian blood — painters, sculptors, artists, composers, and saints, who have by their inspired works enriched the world, we say to you, may God continue to give to you the strength, the wisdom, and the guidance to bring greater glory to yourself, to your family, to your state, to your Nation, to your ancient faith, and to the people from whence you sprang.

It might well be that before many harvest moons have passed we may be honoring some gentleman in this audience who will be the Chief Executive of this Commonwealth, or the Chief Executive of this city — for there is no race in these parts which is growing stronger in numbers and in influence than the sons and daughters of those who claim a common ancestry with Christopher Columbus.

This great society, which is fast taking its proper place in the life of our community, can be a powerful agency, not only to preserve the traditions of a people with a glorious record of achievement, but also as a conduit from which will flow the type of good American to whom all people of whatever racial strain will look with pride and hope.

When Columbus discovered this continent with its fertile fields and hidden treasures, it became a land of hope and opportunity for struggling humanity all over the world.

It is still — this nation of ours — a land of hope and opportunity. For you. For me. For men of every color and every race.

Let us keep it a land of opportunity. Let us stay on the side of God, Who created this, and all other lands. Let us work together, live together, yes, and pray together that this continent will remain as courageous and as God-fearing as that great son of Italy who sealed the discovery of this continent by planting on its shores the one hope of humanity — the Cross of Christ.

MAYOR NAMES COMMITTEE TO MANAGE AND PRESENT PORTRAITS OF OUTSTANDING AMERICAN NEGROES.

(Continued from page 1041.)

of the outstanding members of the Negro race who have accomplished great things to the credit of America as a whole.

The portraits are the work of two leading American artists of the Negro race, Mrs. Laura Wheeler Waring and Mrs. Betsy Graves Reyneau. Among the portraits to be exhibited are those of Judge William Henry Hastie, Marion Anderson, the late Dr. George Washington Carver, Mary McLeod Bethune, Harry T. Burleigh, Dr. Mordecai W. Johnson, Dr. W. E. B. DuBois, and many others.

Already the exhibit has been shown in 34 leading cities of the country and has been everywhere widely acclaimed for the improvement in race relationships.

At the meeting on Tuesday afternoon, Joseph C. White, chairman of the School Committee, was elected permanent chairman. William G. Dooley, Director of Education for the Art Museum, was chosen chairman of the Exhibit Committee. Henry L. Shattuck was chosen temporary chairman. The meeting adjourned to meet again October 24.

SCHOOL CHILDREN HEAD FIRE PREVENTION WEEK.

Boston school children have brought home in Fire Prevention Week, October 8 to 14, home check sheets in an all out effort to reduce fire hazards in the home.

Over 100,000 of these home sheets have been donated to the Boston Fire Department by the Boston Board of Fire Underwriters. The Division of Fire Prevention, under Deputy Chief Edward N. Montgomery, will distribute these home check sheets to every elementary school in Boston, both public and parochial. The cooperation of parents and dwelling occupants is sought.

The information gained from these check sheets will be of inestimable value in aiding the fire department to plan its protection of the city. Because of the emphasis placed upon defense preparations, it is more important than ever that Boston cooperate in reducing the loss of life and property due to fire.

Insurance offices, stores and libraries will have on display hundreds of fire prevention art posters contributed by the school children who have participated in the Junior Fire Department programs.

Saturdays, \$25 per hour; Sundays and holidays, \$37.50 per hour. 4 P. M. to 8 A. M., Mondays through Saturdays, \$36 per hour; Sundays and holidays, \$48.50 per hour.

Tug Night Service.—On deliveries made before 8 A. M. and after 4 P. M. for the convenience of vessel owner an additional charge of \$11 per hour will apply for all time tug is engaged after 4 P. M. and before 8 A. M. When tugboat steam is furnished for pumping, charges for such service shall commence upon arrival of the tug alongside the barge. In the case of waiting to pump, the first hour will be charged at the tug pumping rate. Any additional time waiting over and above that hour until pumping has actually commenced, shall be invoiced as detention.

Free Time, for discharging, is calculated as follows: 3 hours, plus the time required to discharge cargo at 1,000 barrels per

hour. In case freight is invoiced on basis of minimum cargo, the free time allowance shall be calculated on such minimum cargo.

Barge Detention: For this service on Esso barge No. 11, \$19.67 per hour; for this service on Esso barge No. 321, \$16.14 per hour.

Maximum Price.

White Fuel Corporation.—Delivered price guaranteed not to exceed \$2.469 per barrel through December 31, 1950.

Union Oil Company of Boston.—The maximum tank car price through December 31, 1950, will be \$2.35 per barrel.

Esso Standard Oil Company.—Maximum price of \$2.40 per barrel, f.o.b. Everett, until December 31, 1950, plus applicable barge charges.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms and commercial houses for furnishing supplies, labor, etc. Communications from the heads of the departments interested were as follows:

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, September 19, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Recently this department issued an order for the purpose of investigating a structural condition of what appeared to be lintels forming the soffit of four double window openings at the tenth floor level of the School Administration Building, 15 Beacon street, Boston.

The investigation discloses that the steel facias, which may form part of the lintels, are so badly corroded and out of plumb that they project in some instances more than 2 inches beyond the building line, and the stone belt course immediately above them is now out of line due to the corrosive action of the metal facias which partially, at least, support the stone. There is the danger that the metal facias and possibly some of the stone might fall from this tenth story height unless repairs are made immediately.

The condition is not superficial and necessitates removal of parts of the exterior wall so that corrective measures can be taken, but there is absolutely no way of determining the amount of labor or the quantities and kinds of materials that will have to be used to correct the condition. A cantilevered scaffold of a type that can be jacked to different height elevations will have to be erected before any further work can be done, and it is quite probable that it will be necessary to shore the existing masonry.

The whole amount of work is so indeterminate that it is not possible to obtain competitive figures, but I am of the opinion that work necessary to correct conditions described could be accomplished for an amount not in excess of five thousand dollars.

Mr. Donato Antonellis, 15 Sparhawk street, Brighton, a contractor who has done work for this department for approximately twenty-five years, has been doing the investigatory work to date, and it is my intention to continue his services upon receiving your authority to proceed with the work in a manner herein described.

The contractor would be required to pay prevailing rate of wages for mechanics as established by the Massachusetts Department of Labor and Industries, and collect from the city the amounts allotted

in the schedule of wages established by this department and used by the City Auditor for payment of mechanics' wages in all city departments which employ contractors. In addition the contractor will be compensated for the cost of all materials and all charges for rented equipment, such as portable scaffolding, as reflected on certified vouchers plus 10 per cent.

The condition existing does, in my opinion, constitute an emergency and should be corrected without delay, and inasmuch as it is not possible to determine the amount of work required or the cost of same, I ask your Honor's authority to enter into a contract with Donato Antonellis to perform the work required without advertising for competitive bids, with the understanding that a force account will be kept of all costs and the total cost shall not exceed five thousand dollars (\$5,000).

I am certain that such procedure will be in the best interests of the City of Boston.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

HEALTH DEPARTMENT.

BOSTON, September 18, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

Your approval is respectfully requested for the City of Boston to enter into a contract with the Animal Rescue League of Boston, for one year, from October 1, 1950, under the following agreement:

The Animal Rescue League of Boston contracts to board for the necessary period of quarantine all dogs which may be quarantined at said Animal Rescue League by the City of Boston and to perform the work necessary for complete rabies control in the City of Boston, as designated by the City of Boston, for the sum of eight thousand dollars (\$8,000).

The Animal Rescue League of Boston has been performing the work since 1941, to the entire satisfaction of the Health Department and the contract for the year just ending was approved on an identical basis.

Inasmuch as the Animal Rescue League of Boston is the only organization in Boston equipped to perform this service, your authorization to dispense with advertising is also requested.

Yours respectfully,

JOHN H. CAULEY, M.D.,
Health Commissioner.

INSTITUTIONS DEPARTMENT.

BOSTON, September 18, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your permission to award a contract, without publicly advertising for bids, to J. M. McCusker Company, 17 Chestnut avenue, Jamaica Plain, Mass., for engineering services in connection with proposed additions and alterations in the water supply system, Morris Building, Long Island Hospital.

The estimated cost of the proposed additions and alterations is \$10,000, and the engineer will be paid a fee equal to 10 per cent of the actual total cost of these additions and alterations.

In view of the professional nature of the services involved, it is felt that nothing would be gained by publicly advertising for bids.

Yours very truly,

JOHN R. MCGILLIVRAY,
Commissioner.

PRINTING DEPARTMENT.

BOSTON, September 20, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your Honor's permission is respectfully requested to permit the Printing Department to award a contract, without advertising, to the Remington Rand, Inc., 557 Commonwealth avenue, Boston, Mass.

This request is being made in order that we may furnish the Assessing Department with key punch cards in the sum of \$1,924, as follows:

500,000 manila key punch cards No. P 15220 (real estate), \$1.07 per M, \$535.

100,000 manila key punch cards No. P 15391 (personal property), \$1.09 per M, \$109.

400,000 manila key punch cards No. P 15535 (motor vehicle), \$1.08 per M, \$432.

800,000 manila key punch cards No. P 11782 (plain), \$1.06 per M, \$848.

Total, \$1,924.

The above materials are to be used on key punch card machines manufactured by the Remington Rand, Inc., and it would therefore seem that the best service could be rendered by purchasing these cards from the same company, and in my opinion no advantage could be gained by public advertising for bids.

Respectfully,

JOHN J. TWOMEY,
Superintendent.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, October 2, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On Thursday, September 28, at 11.30 A.M., I met a P. J. Riley Company man at the North Grove Street Mortuary in relation to installing new grates in boiler and at that time I cautioned them about taking care of boilers properly. The custodian at that time recommended that an oil burner be installed as their help was subject to call and it was very difficult to keep a careful and steady watch on the fires.

On Friday, September 29, I received a call from Mr. Donovan at the mortuary that the fusible plug had melted. Investigation showed that both the front and rear sections of boiler had cracked.

I called the P. J. Riley Company, and to replace these sections would cost approximately \$1,000. The city would then still have an old boiler and I do not deem it advisable to make this repair in view of the present conditions of the rest of boiler.

The P. J. Riley Company have submitted an estimate to remove this boiler and replace same with a new National Radiator boiler (Novus) Serial No. M.C. 2 1755, or equal, including all necessary new piping, valves, etc., together with a new oil burner boiler water feeder; and low water cut-off in the sum of \$2,212. All work is to be done so as to have approval of Massachusetts Division of Boiler Inspection and the Boston Fire Department.

In view of the emergency nature of this work, I recommend that this work be awarded to the P. J. Riley Company, 295 Highland street, Roxbury, on a time and material basis in a sum not to exceed \$2,212, without the usual form of advertising. The P. J. Riley Company has an excellent reputation and in view of the

season of the year the city cannot afford to gamble with the weather.

Respectfully yours,

THOMAS F. KENNEDY,
Acting Superintendent Public Buildings.

PUBLIC WORKS DEPARTMENT.

BOSTON, September 12, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time, the Vulcan Construction Company of 193 Hanover street, Boston, is engaged in the restoration of permanent roadway pavements in the Brighton district, in areas opened by public service corporations where the roadway surface is constructed of sheet asphalt or bituminous concrete. This contractor was designated by me in May to do this work for these corporations, at established rates.

It would be desirable for this contractor to restore concurrently with the pavement work being done for the public service corporations, the permanent pavement restoration work in roadway areas where openings have previously been made by the Water Division of this department, in connection with the maintenance and repair of the water system. The contractor has agreed to do the pavement restoration work over openings made by the Water Division at approximately 27 per cent less than the prices established by me for work done by said contractor for the corporations. We are able to obtain this substantial reduction in price because the contractor has his organization and equipment in operation performing the pavement work for the public service corporations, and the additional expense involved in permanently resurfacing so-called "water openings" is far less than it would be if the contractor were engaged in resurfacing the latter-referenced openings only. The above-referenced contractor is well qualified to do this type of work and the agreed price, in my opinion, is fair and reasonable, and no advantage would accrue to the city by publicly advertising for bids.

I respectfully request, therefore, that you authorize the awarding of a contract, without publicly advertising for bids, to the Vulcan Construction Company of 193 Hanover street, Boston, in the amount of \$4,000, for pavement restoration work in roadways where so-called "water openings" have been made and which are surfaced with sheet asphalt or bituminous concrete.

It is understood that the contractor's work will be restricted to the Brighton section.

There is an available appropriation in the budget of the Water Division to pay for the cost of this contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

—

BOSTON, September 18, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time, four contractors are engaged in contracts for this department which provide for earth excavation and related work in all sections of the city in connection with the maintenance and repair of the water system. This contract was awarded by the previous administration, without publicly advertising for bids, on the same basis and at the same bid prices submitted by these

four contractors on January 25, 1949, as the result of publicly advertising for proposals.

The contract sums of the present contracts, the names of the contractors, and the districts covered are as follows:

James A. Freaney, Inc., West Roxbury and Hyde Park districts, \$42,327.50.

Edward X. Taaffe, Brighton district, \$22,593.50.

Appel & O'Toole, Dorchester district, \$59,725.

Construction Units, Inc., City Proper, South Boston, East Boston, Charlestown, and Roxbury districts, \$69,900.

In all cases, the above-referenced contract sums have been practically expended, although it is necessary to continue the type of work provided under the contracts. In that the present contracts were based on the bid prices that were received as the result of publicly advertising for bids in January of 1949, I do not feel, in view of increased cost of materials and labor since that time, that we would obtain any lower prices if we now publicly advertised for bids for this work.

I respectfully request, therefore, that you authorize the awarding of contracts, without publicly advertising for bids, to the above-referenced contracting firms under the terms of their present contracts with the department and limiting the amounts of the contracts as follows:

James A. Freaney, Inc., \$12,000; Edward X. Taaffe, \$10,000; Appel & O'Toole, \$12,000; Construction Units, Inc., \$12,000.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, September 22, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of several requisitions from the Water Division of the Public Works Department for parts for Hersey meters.

It is respectfully requested that authority be granted me to award a contract, without public advertisement, to Hersey Manufacturing Company. Inasmuch as this company manufactures the parts requested, it is my opinion that no advantage could be gained from a public advertisement for bids.

Total amount of contract will be \$2,624.26.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, September 25, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Fire Department for one Hercules engine complete and one complete clutch.

Engine 21, Maxim pump is in need of extensive repairs and the Maxim Motor Company has offered to install the above new equipment on an exchange basis which will result in a considerable saving to the city. Inasmuch as the Maxim Motor Company is the agent for Maxim fire apparatus, no advantage could be gained by publicly advertising for bids.

Total amount of contract will be \$1,820, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, September 25, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Municipal Criminal Court for two cash registers as per specifications submitted.

It is respectfully requested that I be granted authority to award a contract, without public advertisement, to the National Cash Register Company. This company is prepared to furnish the type of machine necessary and therefore it is my opinion that no advantage will be gained by publicly advertising for bids. Owing to the present conditions of the steel market, delivery date of these machines cannot be determined until the order is placed.

Total amount of contract will be \$3,200, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, September 25, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under the provisions of the permission granted by your Honor on February 2, 1950, copy attached, to purchase clothing for the Child Welfare Division, without publicly advertising, authorization is requested to award a contract to Brown Durrell Company, 75 Cambridge Parkway, Cambridge, for furnishing clothing to the Child Welfare Division of the Institutions Department.

Contract period will be from October 1 to December 31, 1950, and deliveries will be made as requested during that period.

Total amount of contract will be \$3,000, less a cash discount of 2 per cent for payment within ten days except on the item of socks on which no discount is allowed.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, September 28, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Fire Department for battery parts.

Informal quotations for prices were solicited among four battery companies but only one responded. It is respectfully requested that authority be granted me to award a contract, without public advertisement, to Atlantic Battery Company, the only bidder.

Total amount of contract will be \$1,349.90, less cash discount of 1 per cent for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, October 2, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the City Clerk's office for the following:

One Model "D" Recordak microfilm machine with equipment specified.

It is respectfully requested that I be granted authority to award a contract, without public advertisement, to Recordak Corporation, 99 Bedford street,

Boston. Inasmuch as the Recordak Corporation is the only company that manufactures the type of machine requested, no advantage could be gained from a public advertisement for bids.

Total amount of contract will be \$2,433.34, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

CONTRACTS AMENDED.

INSTITUTIONS DEPARTMENT.

Construction Units, Inc., has been allowed to amend the contract for the construction of a laundry building at Long Island Hospital, as follows:

Whereas, The original contract was \$199,900, which sum is now \$207,187.90 because of certain extra work required to be done by the contractor; and

Whereas, Certain additional work costing \$6,717.80, namely, the construction of a concrete floor in the basement of the building and the relocation and reinstallation of a compressor for the laundry has become necessary; and

Whereas, The reasons in detail for the additional costs have been set forth in a letter to the Mayor dated August 17, 1950, approved by the Mayor August 17, 1950, and subsequently published in the City Record, which letter, approval and publication are incorporated herein by reference and made a part hereof.

It is agreed, therefore, by and between the parties hereto that the aforesaid contract be amended so as to provide for a new total contract cost of \$213,905.70, to cover the cost of the aforesaid additional work in the amount of \$6,717.80.

CITY OF BOSTON, INSTITUTIONS DEPARTMENT.

August 17, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested to permit the Institutions Department to amend the contract of Construction Units, Inc., 294 Washington street, Boston, Mass., now existing, for the building of a laundry at the Long Island Hospital, Boston Harbor, Mass. The cost of the additional work will be \$6,717.80. The original contract is dated December 23, 1949.

I have been notified by the architect, John M. Gray Company, that the original contract did not call for a concrete floor in the basement of the building. The earth floor would not be suitable for any purpose. The concrete floor will be used for much-needed storage space. The cost of this item will be \$6,075.

A compressor for the laundry was originally placed in an unfavorable location. The cost of moving this will be \$350 as estimated by the P. J. Riley Company, subcontractor. The cost of the extra electrical equipment by the M. B. Foster Company, electrical subcontractor, will be \$448.

A 10 per cent profit figures on both items will be \$44.80.

The general contractor's work will be \$150.

Total additions to the contract will be \$8,717.80.

The John M. Gray Company, architects, approved this work for suitability, and the price is fair. The City Auditor, Charles J. Fox, has approved this work as to the availability of the appropria-

tion. The Construction Units, Inc., is erecting this laundry and has available equipment at Long Island to complete the contract. Therefore, no advantage could be gained by publicly advertising this amendment to the original contract.

Respectfully yours,

JOHN R. MCGILLIVRAY,
Commissioner.

LIBRARY DEPARTMENT.

White Electric Company, 381 Dudley street, Roxbury, has been allowed to amend the contract to furnish all the labor and materials required for the installation of new lighting of the basement book storage area under the front platform at the Central Library Building, Copley square, Boston, by striking out the words "within sixty days" as they appear in Article II on page 7 of said contract and substituting therefor the words "on or before November 1, 1950."

This agreement is made subject to the provisions of the contract hereinbefore referred to.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with General Ship & Engine Works, Inc., 336 Border street, East Boston, for general repairs to ferryboat, "Charles C. Donoghue," to October 30, 1950. This extension is requested for the reason that delivery of the boat to the contractor was delayed; and also due to extra work required.

Approval has been given for the extension of the time of completion of the contract with M. & R. Construction Company, 139 Coleridge street, East Boston, for removing the draw span, approach sections, etc., of the Meridian Street Bridge over the Chelsea River, to November 15, 1950. This extension is requested for the reason that the demolition of the center pier foundation is proving more difficult than expected; further delay has been caused by extreme high tide and inclement weather.

ADDITION TO CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

J. F. Stack & Company have been ordered to make the following addition to the contract for Dorchester High School for Boys:

Boiler No. 2, rebuild left-hand side wall of firebox, \$220, and the amount of \$220 will be added therefor, making the account as follows:

Contract price, \$10,967; total additions, \$220; amount of contract, \$11,187.

FIRE DEPARTMENT.

Approval has been given of the following additions to the contract of the Bethlehem Steel Company, for dry-docking and repairs to Fireboat, Engine 41, "Matthew J. Boyle":

Addition No. 1.

Fresh water suction line: Renew section of 2-inch suction line from forward fresh water tank at after side of bulkhead, between fire room and engine room, under floor plates, \$50.

Addition No. 2.

Auxiliary steam line: Remove defective tee. Fabricate new 2-inch x 3½-inch x 2-inch extra heavy flanged steel tee, approximately 1-inch longer on vertical 2-inch connection; to eliminate strain in pipe line, and install in auxiliary steam line, in way of after boiler, port side, \$215.

Addition No. 3.

Forced draft blower turbines, two: 1. Starboard turbine: machine and polish rotor shaft in way of journals and carbon packing rings; machine and refit carbon packing rings for h.p. and l.p. ends of turbine; furnish and install new shaft oil sealing rings in bearing housing on h.p. and l.p. ends of turbine; total of four rings, each ring made in two halves. Furnish one new oil ring for each of two bearings; total of two. 2. Port turbine: machine and polish rotor shaft in way of carbon packing rings; machine and refit carbon packing rings for h.p. and l.p. ends of turbine; furnish and install new shaft oil sealing rings in bearing housing on h.p. and l.p. ends of turbine; total of four rings; each ring made in two halves; furnish one new oil ring for each of two bearings; total of two, \$220

Total of additions 1, 2, and 3, \$485; original contract, \$3,484; total contract with additions 1, 2, and 3, \$3,969.

The foregoing repairs are in addition to the work contemplated in the original contract, and were ordered done by the inspectors of the Marine Inspection Bureau, U. S. Coast Guard, which organization grants the license for the operation of the fireboat. It is therefore compulsory, under federal law, the additional repair work be performed.

CHANGE IN CONTRACT.

The Mayor has approved the following request:

METROPOLITAN TRANSIT AUTHORITY,

Boston, September 6, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On June 26, 1950, you approved a contract between the Metropolitan Transit Authority, acting as agent for the City of Boston, and Giustina & Johnson Company for furnishing labor, materials, and equipment required for building foundations and performing required renovating and repairing in connection with the relocation, under chapter 191 of the Acts of 1949, as amended, of certain houses in the East Boston district of Boston.

In order to permit the use of special building moving equipment and thereby expedite and facilitate the relocation of the houses in question, it has become necessary to construct the upper part of the new foundations with concrete blocks rather than with poured concrete as provided in the aforesaid contract. Accordingly, I transmit herewith for your Honor's approval five copies of an appropriate Change Order prepared under the "extra work" provision in the aforesaid contract.

For your information, I might add that the extra cost due to the change is in the amount of \$3,869.55.

Very truly yours,

EDWARD DANA,
General Manager.

METROPOLITAN TRANSIT AUTHORITY,

Boston, August 1, 1950.

Giustina & Johnson Company, 187 Bennington Street, East Boston, Mass.
Re: Change Order—Contract between the City of Boston, Acting by and through the Metropolitan Transit Authority, and Giustina & Johnson Company.

GENTLEMEN:

In reply to your request of July 21, 1950, as submitted to the Allied Engineering Corporation, our consultant for the House Relocation Project, East Boston, this Change Order authorizes you to employ your requested substitution of concrete block for the upper sections of the poured concrete foundations in order to expedite the work of relocating buildings, by providing clearance for the special building-moving equipment used by the Associated Building Movers, Inc.

Under the provisions of the contract, Article 3, Control of the Work, on page 11, you are hereby ordered to do the following described work and at the prices additional to the original contract sums as stipulated below.

(a) Pour concrete foundations to within 4 feet of required front and rear elevations, and to within 2 feet of required side elevations.

(b) After each building is temporarily supported over its new foundation, furnish and place courses of concrete block (8-inch x 16-inch x 12-inch) on the poured foundation thereby bringing entire house foundation up to required grade.

(c) The cells of all concrete blocks shall be filled with concrete.

(d) The exterior of all concrete block masonry shall have two coats of cement plaster finish to match the poured concrete foundation.

(The Authority reserves the right to reject any of the following items and the contractor agrees that all remaining items, the proposal form, contract and specifications shall remain in full force and effect.)

Item 1. For No. 2 Milton street, the lump sum of \$187.20.

Item 2. For No. 4 Milton street, the lump sum of \$187.20.

Item 3. For No. 6 Milton street, the lump sum of \$187.20.

Item 4. For No. 8 Milton street, the lump sum of \$192.50.

Item 5. For No. 10 Milton street, the lump sum of \$192.50.

Item 6. For No. 12 Milton street, the lump sum of \$190.80.

Item 7. For No. 14 Milton street, the lump sum of \$205.10.

Item 8. For No. 157 Cowper street, the lump sum of \$126.60.

Item 9. For No. 37 Milton street, the lump sum of \$188.25.

Item 10. For No. 541 Bennington street, the lump sum of \$190.80.

Item 11. For No. 669 Bennington street, the lump sum of \$168.60.

Item 12. For No. 159 Cowper street, the lump sum of \$192.30.

Item 13. For No. 158 Wordsworth street, the lump sum of \$133.50.

Item 14. For No. 150 Coleridge street, the lump sum of \$151.80.

Item 15. For Nos. 66 and 68 Horace street, the lump sum of \$206.85.

Item 16. For No. 79 Homer street, the lump sum of \$209.40.

Item 17. For No. 430 Lubec street, the lump sum of \$131.70.

Item 18. For Nos. 53 and 55 Barnes avenue, the lump sum of \$195.90.

Item 19. For Nos. 57 and 59 Barnes avenue, the lump sum of \$188.25.

Item 20. For Nos. 61 and 63 Barnes avenue, the lump sum of \$195.90.

Item 21. For No. 61 Homer street, the lump sum of \$247.20.

It is understood that in your acceptance of this order that you agree that the prices given above shall be full remuneration for all work done, labor, material and equipment furnished, and all additional expense caused by this work.

All other provisions and conditions of the contract and specifications as are not necessarily affected by this Change Order shall remain in force.

It is hereby ordered that payments for the above work will be included in subsequent monthly estimates for work done under your contract, in accordance with Article 7, Payments.

Very truly yours,

E. B. MYOTT,
Superintendent of Engineering and Maintenance.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

J. J. Struzziery Company, Inc., has been directed to perform the following extra work under the contract for sewerage works in Manila avenue, Vaughan street, Nelson street, Como road, Imbaro road, and Norton street, Hyde Park, dated July 28, 1950.

Items ordered: In Buttonwood street excavate and remove approximately 10 cubic yards of rock at \$10 per cubic yard. Estimated cost of extra work \$100.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Traffic Rules and Regulations of the City of Boston are amended as follows, effective October 6, 1950:

Article IV, Section 3, Part 2 (Prohibition of Parking), is amended by adding the following:

Smith Street, Roxbury.

Both sides, from Parker street to St. Alphonsus street, 7 A.M. to 6 P.M.

AGREEMENT CANCELING CONTRACT.

PUBLIC WORKS DEPARTMENT.

Central Construction Company has been allowed to cancel the contract for furnishing and laying sheet asphalt pavement and doing certain other work in South Huntington avenue, from Centre street to Huntington avenue.

That the bond annexed to said contract may be canceled as of the time of its execution.

That Central Construction Company does hereby remise, release and forever discharge the City of Boston, its successors and assigns, of and from all debts, demands, actions, causes of action, suits, accounts, covenants, agreements, damages and any and all claims, demands, and liabilities whatsoever of every name and nature, both at law and in equity, which against the City of Boston Central Construction Company now has or ever had from the beginning of the world to this date on account of said contract.

That the City of Boston does hereby remise, release and forever discharge Central Construction Company, its successors and assigns, of and from all debts, demands, actions, causes of action, suits, accounts, covenants, agreements, damages and any and all claims, demands, and liabilities whatsoever of every name and nature, both at law and in equity, which against Central Construction Company the City of Boston now has or ever had from the beginning of the world to this date on account of said contract.

That the City of Boston, as further consideration for the execution of this agreement by Central Construction Company, does hereby promise to pay to Central Construction Company within one month after the execution of this agreement the sum of \$133.80, which sum, together with the sum of \$758.20, paid by the City of Boston to Central Construction Company under said contract on or about December 31, 1949, Central Construction Company hereby agrees to accept as full reimbursement for all work done, and all expenses incurred, by Central Construction Company in connection with said contract.

September 19, 1950.

At a meeting of the Directors of the Central Construction Company duly called and held at 228 Southampton street, Boston, Massachusetts, on September 19, 1950, at which a quorum was present and acting, it was

Voted, That Harry I. Timilty, President and Treasurer of the Central Con-

struction Company, is hereby authorized and empowered to make, enter into and sign an agreement canceling the contract between the City of Boston and the Central Construction Company dated November 10, 1949, and approved by the Mayor of Boston, November 29, 1949, for furnishing and laying sheet asphalt pavement and doing certain other work in South Huntington avenue, from Centre street to Huntington avenue, Boston.

I do hereby certify that the above is a true and correct copy of the record, that said vote has not been amended or repealed and is in full force and effect as of this date, and that Harry I. Timilty is the duly elected President and Treasurer of this corporation.

Attest:

JOHN F. BUCKLEY,
Clerk of the Corporation.

FIRE DEPARTMENT ORDER.

General Order No. 56.

I. FIRE PREVENTION WEEK.

In recognition of the Proclamation of the President of the United States and the Proclamation of His Excellency the Governor of the Commonwealth of Massachusetts, Fire Prevention Week will be observed in the City of Boston from October 8 to 14, inclusive.

An organized campaign to emphasize the importance of fire prevention is being undertaken by the Boston Fire Department, by means of a series of activities, concentrated into the Fire Prevention Week period.

Fire stations shall be open to the public between the hours of 12 noon and 9 P.M. for inspection of the premises and for the conveyance of information concerning Fire Department functions and fire prevention matters. When citizens come to a station during Fire Prevention Week, the man on house patrol shall summon the commanding officer who should be available and ready to either show the visitors around the quarters and to answer questions regarding the department, or to have a suitable person assigned to this duty.

Children under 12 years of age should not be allowed in the fire stations unless accompanied by adults.

Canvas signs giving notice that Fire Prevention Week is in progress should be displayed from fire stations. Most stations have these signs in their possession from exhibitions of previous years and it is the responsibility of company officers to see to it that these signs are kept in good condition from year to year. Signs should be displayed from Sunday to Saturday.

District chiefs are required to take an active interest in the fire prevention program in the following manner:

(a) By arranging special visits to plants and large industrial premises in their districts during the week and arranging to have a special fire drill held during Fire Prevention Week, particularly where there are now fire brigades already existing. Notices of the date of the fire drill held and the rating of the drill as either "Fair," "Poor" or "Good," should be forwarded to the Fire Prevention Division so that a summary may be made of the number and location of indus-

trial fire drills conducted in the City of Boston during Fire Prevention Week, on each day of the week.

(b) All public and private schools within each district should be visited by a district chief or such officers as may be detailed by the district chief to assist in this work. School fire drills are to be held and permission should be obtained for the presentation of a five-minute talk on the subject of fire and fire prevention at an assembly of the pupils. Such talks should not be read from any manuscript or printed pamphlet, but should be delivered directly by the district chief or by some uniformed member of the Fire Department capable of presenting such a talk effectively and promptly.

(c) Home inspection blanks should be provided to various school principals or head masters for distribution and collection by the Teacher-Fire Councilor of the building. Collection of the filled-out home inspection blanks from Teacher-Councilors by the Fire Department is an important feature of the use of these forms and should not be neglected. A list of the schools from which such forms have been collected should be forwarded to the Fire Prevention Division on or before October 24.

(d) Officers assigned by the district chief to deliver addresses in schools likewise should be assigned to attend Rotary Clubs, Kiwanis, Board of Trade and other neighborhood and local organization functions, including women's club meetings in the district held during the week or if no meeting is scheduled during the week, to attend any meeting held during the month of October. Chief officers should know the various representative social organizations in the community and should keep a list of them for reference at such times when fire prevention messages of importance to the community are to be conveyed to such organizations quickly.

Throughout the week all firemen are to pay special attention to the observance of fire hazards and to the duty of observing and locating fire hazards along the route followed by them in their coming to and going from daily work. Dilapidated buildings, rubbish accumulation, and other hazards should be reported to the Fire Prevention Division. The public expects uniformed members of the Fire Department to know something about fire prevention work and to have an interest in this subject, since they are public employees engaged in this field. Firemen, therefore, during Fire Prevention Week, should have this subject uppermost in their minds and they should not pass by any fire hazard at any time without making a note of it for reference to the Fire Prevention Division. In short, every uniformed man in the Fire Department is a fire prevention inspector at all times.

An extensive program of radio broadcasts, news releases, store window displays, public exhibitions, has been arranged for Fire Prevention Week, notice of which will appear through the usual channels.

By order of Acting Fire Commissioner
JOHN F. McDONOUGH.

PATRICK E. COLLINS,
Acting Chief of Department.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 15-inch pipe in Truman Highway (at Faraday street) between existing manhole and 40 feet southerly (to private land), in the Hyde Park district, at an estimated cost of \$350.

POLICE DEPARTMENT ORDERS.

General Order No. 1368.

The following-named officers having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that they are incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that they be retired from active service in the Police Department, effective Monday, October 2, 1950, at 7.45 o'clock A.M.:

Patrolman John P. H. VanLier, Division 8, 30 years of service.

Patrolman William McGuire, Division 9, 29 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

IMPROVEMENTS TO FATHER BUCKLEY PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, October 2, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the Secretary of the Board of Park Commissioners relative to your order of September 25, 1950, concerning the removal of the glass and rubbish which has accumulated on the Father Buckley Playground for the past two months.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, September 28, 1950.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I have your memorandum, with enclosure, City Council order of September 25, 1950, requesting the removal of the glass and rubbish which has accumulated on the Father Buckley Playground for the past two months and to keep said playground in good condition.

This matter has been referred to the deputy commissioner of this department, who will have this debris removed from this playground if same has not already been done.

Very truly yours,

ARTHUR J. O'KEEFE, Secretary.

Placed on file.

REMOVAL OF TREE AT 408 EAST BROADWAY.

The following was received:

City of Boston,
Office of the Mayor, October 2, 1950.
To the City Council.

Gentlemen:

I transmit herewith communication from the secretary of the Board of Park Commissioners relative to your order of September 25, 1950, concerning the removal of a tree in front of 408 East Broadway, Ward 6, because of its dangerous condition.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Park Department, September 28, 1950.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

I have your memorandum, with enclosure, City Council order that the Park Commission be requested, through his Honor the Mayor, to remove the tree in front of 408 East Broadway, Ward 6, because of its dangerous condition and the hazard to pedestrians.

The foreman of the Tree Division of this department examined this tree and reported that it is not in a particularly dangerous condition. Due to the fact that all the tree men are now working on the removal of the trees afflicted with the Dutch elm disease, located on city properties, it will not be possible to remove this tree. However, the Tree Division will keep this tree on their list for future inspection and, if it appears at any time to be in a dangerous condition, steps will be taken to have it removed.

Yours very truly,

ARTHUR J. O'KEEFE, Secretary.

Placed on file.

LAYING OUT AND ACCEPTING WRENTHAM PARK.

The following was received:

City of Boston,

Office of the Mayor, October 2, 1950.

To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the Board of Street Commissioners relative to your order of July 24, 1950, concerning laying out and accepting Wrentham park as a public way.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Street Laying-Out Department,
September 26, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

Reference is made to the following City Council order, dated July 24, 1950:

"Ordered, That his Honor the Mayor request the Board of Street Commissioners to lay out and accept Wrentham park as a public way."

Wrentham park, Dorchester, a private way 25 feet wide, extends westerly from 1853 Dorchester avenue approximately 205 feet to a dead end at the Dorchester Rapid Transit location. Five dwellings facing directly thereon would derive a substantial benefit from the laying out of this street. Two buildings housing local business establishments fronting on Dorchester avenue and situated on the two corners of Wrentham park would receive a lesser benefit.

Construction would cost approximately \$3,000. No petition is on file in this office.

This street will be included with those to be laid out for construction in 1951.

Very truly yours,
GERALD F. SCALLY, Chairman.

SALE OF LAND ON UNION STREET, BRIGHTON.

The following was received:

City of Boston,

Office of the Mayor, October 2, 1950.

To the Honorable City Council.

Gentlemen:

I transmit herewith an order whereby the City of Boston may convey to Thomas C. Tempesta of 70 Union street, Brighton, approximately ten thousand (10,000) square feet of vacant land on the southwesterly side of Union street.

Thomas C. Tempesta is a paraplegic veteran of World War II, and at the present time resides with his parents at 70 Union street adjacent to the parcel of land proposed to be sold.

The Veterans Administration plans to provide a ramp type of house for Mr. Tempesta, and the purpose of this sale is to permit the house to be built near to the home occupied by his parents, as Mr. Tempesta is in constant need of nursing care.

The Legislature in the current year has authorized the city to sell this particular parcel of land, and I enclose herewith a communication received from Arthur J. O'Keefe, secretary to the Board of Park Commissioners, certifying that the land is no longer required for public purposes.

I therefore recommend the speedy adoption of the accompanying order in order that actual construction of a home for a most deserving veteran of World War II may be commenced.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,

Park Department, September 26, 1950.

Hon. John B. Hynes,

Mayor of Boston.

Dear Sir:

Under date of July 27, 1950, the Massachusetts Senate and House of Representatives, assembled in General Court, authorized the City of Boston under chapter 886 of the Acts of 1950 to sell and convey to Thomas C. Tempesta, 70 Union street, Brighton, a certain parcel of land on Union street in said Brighton district of the City of Boston. This measure was signed and approved by the Speaker of the House of Representatives and the President of the Senate on July 27, 1950, and approved by His Excellency the Governor on July 31, 1950.

Thomas C. Tempesta is a permanently disabled, bedridden veteran of World War II and lives with his parents in a three-apartment house located adjacent to the Union Street Playground in Brighton. He has made application for the right to purchase part of the land held by the Park Department as a playground, for the purpose of erecting thereon a ramp type of house suitable for a paraplegic veteran.

The Board of Park Commissioners has given serious thought to his request and, accordingly, as the necessary authority has been given by the Legislature, the Board of Park Commissioners in meeting on September 18, 1950, all members being present, namely, Frank R. Kelley, chairman, and Theodore C. Haffenreffer and Joseph Lee, associate commissioners, voted unanimously:

That it be, and hereby is, determined to be the opinion of this Board that the land hereinafter described is no longer required for public purposes, to wit, that portion of the Union Street Playground shown on plan entitled "City of Boston, Union Street, Brighton, June 12, 1947, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department," bounded and described as follows:

Northeasterly by Union street, 100 feet; southeasterly by land of Loreto and Donato Tempesta and land of Ellen Murphy, 107.99 feet; southwesterly by land of the City of Boston, 86.64 feet; northwesterly by land of the City of Boston, 107.16 feet; containing 10,000 feet more or less. It was further voted:

That the secretary be, and he hereby is, authorized and directed to notify the City Council on behalf of the Board that in the opinion of the Board said land is no longer required for public purpose and that the Board recommends the sale of said land to Thomas C. Tempesta for the sum of \$450.

Respectfully yours,
ARTHUR J. O'KEEFE, Secretary,
Board of Park Commissioners.

Whereas, The City of Boston is the owner in fee of approximately ten thousand (10,000) square feet of land on the southwesterly side of Union street, Brighton district of the City of Boston, held by said city for park purposes; and

Whereas, By the provisions of St. 1950, c. 686, the City of Boston was authorized to sell and convey to Thomas C. Tempesta of Boston the aforementioned ten thousand (10,000) square feet of land; and

Whereas, At a meeting of the Board of Park Commissioners held September 18, 1950, it was voted that in the opinion of the Board the said land is no longer required for public purposes and that the City Council of the City of Boston be so notified; now, therefore, it is hereby

Ordered, That the parcel of land situated on the southwesterly side of Union street, Brighton district, hereinafter described, be sold to Thomas C. Tempesta of Boston for a minimum price of four hundred fifty dollars (\$450), and that his Honor the Mayor of the City of Boston be, and he hereby is, authorized to deliver in the name and behalf of the City of Boston to the said Thomas C. Tempesta an instrument in writing satisfactory in form to the Corporation Counsel of the City of Boston whereby the City of Boston may grant to the said Thomas C. Tempesta all the City of Boston's right, title, and interest in and to a certain parcel of land situated on the southwesterly side of Union street, Brighton district of the City of Boston, bounded and described as follows:

Northeasterly by Union street, one hundred (100) feet; southeasterly by land of Loreto and Donato Tempesta and land of Ellen Murphy, one hundred seven and 99-100 (107.99) feet; southwesterly by land of the City of Boston, eighty-six and 64-100 (86.64) feet; northwesterly by land of the City of Boston, one hundred seven and 16-100 (107.16) feet; containing ten thousand (10,000) square feet of land more or less.

The above-described parcel of land, together with the location and the dimensions thereof, is shown on a plan marked "City of Boston, Union Street, Brighton, June 12, 1947, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department."

On motion of Councilor Lane, the rules were suspended, and the order was given its first reading and passage, yeas 17, nays 0:

Yeas—Councilors Ansel, Beades, Bryan, Cantwell, Cook, Farin, Hannon, Kinsella, Lane, Lanigan, McColgan, Ramsey, Shanley, F. P. Tracey, P. A. Tracy, Wenzler, Yerxa—17.

RECONVEYANCE OF LAND IN EAST BOSTON TO FORMER OWNERS.

The following was received:

City of Boston,
Office of the Mayor, October 2, 1950.
To the City Council.
Gentlemen:

As you know, upon the abolition of the Transit Department of the City of Boston on August 3, 1949, the Metropolitan Transit Authority was empowered and directed by St. 1947, c. 544, s. 8A, par. (h), as appearing in St. 1949, c. 572, to complete as agent of the City of Boston the project authorized by St. 1949, c. 191, and consisting of the removal to other sites of dwellings within the location of the East Boston Rapid Transit Extension now under construction. In the course of completing this project, the Metropolitan Transit Authority on December 16, 1949, took by eminent domain as agent of the City of Boston various lands in East Boston, including land at 16 Milton street belonging to Mr. and Mrs. Domenick Warrino as Trustees under a Declaration of Trust, land of Mrs. Ernestina Struzziero at 398 Frankfort street, land of Mr. and Mrs. Carmine Capone at 437 Frankfort street, land of Mr. and Mrs. John Ricci at 56 Homer street, and land of Mr. James J. Collins at 62 Homer street.

The Metropolitan Transit Authority as agent of the city is accomplishing the house moving project contemplated by St. 1949, c. 191, without using the lands just specifically mentioned. In every instance the owner at the time of taking is most anxious to regain his land and has never accepted the damage awards. Enclosed herewith are copies of plans showing said lands and a communication from the Metropolitan Transit Authority notifying your Honorable Body of the Authority's determination that said lands are no longer needed for public purposes. Also transmitted are five orders respectively authorizing the reconveyance of said lands to their former owners. I recommend the early adoption of these orders by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

Metropolitan Transit Authority,
September 27, 1950.
To the Honorable the City Council.
Gentlemen:

As authorized and directed by vote of the Board of Trustees of the Metropolitan Transit Authority, a certified copy of which vote is annexed hereto and made a part hereof, I hereby notify you on behalf of the said Authority that it is the opinion of the Authority that the parcels of land in East Boston numbered 16 Milton street, 56 Homer street, 62 Homer street, 398 Frankfort street, and 437 Frankfort street, described in said vote as parcels IV, VIII, and IX on plan 18467 and parcels I and II on plan 18473, respectively, are no longer required for public purposes and that the said Authority recommends the conveyance of parcel IV on said plan 18467 to Domenick Warrino and Amerise Warrino, his wife, Trustees under a Declaration of Trust dated August 26, 1927, recorded with Suffolk Deeds, Book 4927, page 373; parcel VIII on said plan 18467 to John Ricci and Mary Pia Ricci, husband and wife, as tenants by the entirety; parcel IX on said plan 18467 to James J. Collins; parcel I on plan 18473 to Ernestina Struzziero; and parcel II on said plan 18473 to Carmine Capone and Frances Capone, husband and wife, as tenants by the entirety; these persons being the respective owners of the several parcels at the time of taking, in consideration of the execution in each instance by the respective grantees and in the case of parcel IV on plan 18467 by the Merchants Cooperative Bank, holder of a mortgage on said parcel at the time of taking, of releases under seal of any and all claims for damages arising from the taking by eminent domain of the respective parcels, which the said persons, their successors, heirs, and assigns now have or hereafter may have against the City of Boston and the Metropolitan Transit Authority or either of them.

Very truly yours,
WALTER J. WALDRON,
Chairman of the Board of Trustees.

Metropolitan Transit Authority,
September 27, 1950.

I, Emma E. Mullen, recording secretary of the Board of Trustees of the Metropolitan Transit Authority, hereby certify that at a meeting of the Board of Trustees of said Authority acting under the provisions of chapter 544 of the Acts of 1947, as amended, duly called and held on the twentieth day of September, 1950, at which all

the members were present, the following vote was adopted unanimously:

On motion, duly made and seconded, it was Voted, That it be, and hereby is, determined to be the opinion of the Metropolitan Transit Authority that the parcels of land hereinafter described, which were taken by eminent domain by vote and order of taking of the Metropolitan Transit Authority as Agent for the City of Boston, dated December 16, 1949, under chapter 191 of the Acts of 1949, as amended, are no longer required for public purposes, to wit:

"SCHOOL" AND "SLOW, CHILDREN" SIGNS AT FLORENCE NIGHTINGALE SCHOOL.

Coun. FARIN offered the following:
Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to install "School" signs at the Florence Nightingale School on Park street, Dorchester, and to paint "Slow, Children" on the roadway at both ends so that motorists will see it on approaching the school.
Passed under suspension of the rules.

USE OF PAPER BALLOTS AT STATE ELECTION, NOVEMBER 7.

Coun. BRYAN offered the following:
Ordered, That the Board of Election Commissioners be requested, through his Honor the Mayor, to take the necessary steps to provide for the use of paper ballots at the State Election on November 7 next, due to the fact that there has been too much confusion in the operation of voting machines. This will have a tendency to make the people come out and vote, as many citizens had their names checked off at the primaries, but walked out without casting their votes because of the difficulty in operating the voting machines.
Passed under suspension of the rules.

Adjourned at 4.43 P.M., on motion of Councilor Beades, to meet on Monday, October 9, 1950, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

In Blue Hill avenue, Roxbury district; consisting of the installation of traffic island at Washington street, and the widening of existing roadways between Washington street and Seaver street.

In Dudley street, Roxbury district; consisting of the removal of 3-foot diameter island at intersection of Blue Hill avenue.

In Boylston street, Roxbury district; consisting of the reduction of sidewalk widths between Ipswich street and Brookline avenue.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Joyce road, Hyde Park district, as a highway, between Wood avenue and George street, bounded and described as follows:

A highway named Joyce road is hereby laid out, between Wood avenue and George street, and ordered constructed.

For the making of the aforesaid improvement, an easement for street purposes is taken in the following described lands, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Mario Corsi, bounded:

Easterly by George street, fourteen and 91-100 feet; southerly by other land supposed to belong to said Corsi, fifteen and 29-100 feet; again southerly by other land supposed to belong to said Corsi, by two measurements, twenty-five and 60-100 feet on a curve of twenty feet radius and two hundred fifty-eight and 43-100 feet; westerly by land hereinafter described as taken from Kontoff, five and 1-100 feet; and northerly by the southerly line of Joyce road as it at present exists, two hundred ninety-three and 58-100 feet, containing seventeen hundred and eighteen square feet, more or less.

A parcel of land, supposed to belong to Mildred Kontoff, bounded:

Easterly by land hereinafter described as taken from Corsi, five and 1-100 feet; southerly by other land supposed to belong to said Kontoff, by two measurements, one hundred four and 26-100 feet and sixteen and 42-100 feet on a curve of ten feet radius; westerly by Wood avenue, fifteen and 75-100 feet; and northerly by the southerly line of Joyce road as it at present exists; one hundred and fifteen feet, containing six hundred square feet, more or less.

A parcel of land, supposed to belong to John J. and Emily Griffin, bounded:

Southerly by the northerly line of Joyce road as it at present exists, nine and 31-100 feet; westerly by Wood avenue, nine and 31-100 feet; and northerly by other land supposed to belong to said Griffin *et al.*, fourteen and 99-100 feet, containing eighteen square feet, more or less.

The land, owners unknown, being the private way known as Joyce road.

Trees or structures standing upon or affixed to the aforesaid lands shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Joyce road as hereby laid out is bounded:

Westerly by Wood avenue, fifty-five and 14-100 feet; northerly by the northerly line of said Joyce road as hereby laid out, by three measurements, fourteen and 99-100 feet on a curve of ten feet radius, three hundred sixty-six and 63-100 feet and seventy and 39-100 feet on a curve of

fifty-five feet radius; southerly by George street and by land supposed to belong to Corsi, thirty-five feet; and again southerly by the southerly line of said Joyce road as hereby laid out, by three measurements, twenty-five and 60-100 feet on a curve of twenty feet radius, three hundred sixty-two and 69-100 feet and sixteen and 42-100 feet on a curve of ten feet radius.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Joyce road, as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to; and on file in the office of this department.

CONGRESS VOTES COMPREHENSIVE HOUSING PROGRAM.

Under the new federal housing law signed by the President on July 15 federal funds for slum clearance and public housing are now available to cities that demonstrate a need for low-rent housing. Cities generally must supply proof of blight, a master redevelopment plan for the blighted area, and temporary housing for displaced slum dwellers. The new law provides advance money to help cities map plans. Many cities, especially those that have housing authorities, already have the necessary information and are among the first to qualify for federal aid. Among the cities that are making studies to determine their housing needs are Chicago, Louisville, Miami, Milwaukee, Philadelphia, and Boston. Legislatures of 42 states have authorized local governments to establish low-rent housing authorities, and at least 25 states have laws authorizing local participation in federally supported slum clearance projects. Iowa, Kansas, Oklahoma, South Dakota, Utah, and Wyoming do not as yet have housing-enabling laws that will qualify their cities for federal funds for public low-rent housing.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR ARTIFICIAL STONE SIDEWALKS IN CANAL STREET, WARD 3, FROM CAUSEWAY STREET TO HAYMARKET SQUARE AND VARIOUS LOCATIONS IN STREETS, TO BE DESIGNATED BY THE COMMISSIONER OF PUBLIC WORKS, IN DOWNTOWN AREA OF CITY, NORTH OF MASSACHUSETTS AVENUE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for artificial stone sidewalks in Canal street, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Artificial Stone Sidewalks in Canal Street, etc." and left at Room 508, fifth floor, City Hall Annex, before 12 m. of WEDNESDAY, OCTOBER 25, 1950, with a certified check for SEVEN HUNDRED (700) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

(Oct. 14.) *Commissioner of Public Works.*

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

INVITATION FOR PROPOSALS FOR PURCHASE OF GARBAGE.

The City of Boston, acting through its Commissioner of Public Works (hereinafter called the Commissioner), hereby invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for purchasing from the City of Boston garbage accumulating at said city's Victory Road Receiving Station in Dorchester. Proposal forms, together with the form of contract, may be had daily, between 9 A.M. and 5 P.M., at the Commissioner's Office, 508 City Hall Annex, Boston.

Proposals shall be submitted in duplicate on forms obtained as aforesaid. A proposal may be submitted for the calendar year 1951 or for the calendar years 1951, 1952, and 1953, or for the calendar years 1951, 1952, 1953, 1954, and 1955. A bidder may submit his proposal on any one, two, or all three of the contract periods just mentioned. Each copy of the proposal shall be properly filled out, signed, enclosed in an envelope, sealed, and marked "Proposal for Purchase of Garbage." One copy of the proposal, accompanied, ir-respective of the contract period(s) bid on, by a bid deposit in the form of a certified check for \$1,000, to become the property of the City of Boston if, after acceptance, the proposal is not carried out, shall be filed with the Commissioner at his said office on or before 12 m., Wednesday, October 25, 1950, at which time all proposals will be publicly opened and read in the Street Commissioners' Hearing Room, 401 City Hall Annex. The other copy of the proposal, without a bid deposit, shall be filed by the bidder before said day and hour at the office of the City Auditor, City Hall, School street, Boston. No proposal shall be withdrawn after the time hereinbefore set for the opening of proposals.

The Commissioner reserves the right to reject any and all proposals.

TREASURY DEPARTMENT.

OFFICE OF THE CITY TREASURER.

CITY HALL, BOSTON, MASS., October 10, 1950.

In pursuance of the authority given by orders of the City Council of Boston and Acts of Massachusetts, the undersigned will receive proposals until 12 o'clock M., Eastern Standard Time, Wednesday, October 25, 1950, for the purchase of all but no part of the following described coupon serial bonds.

Coupon Serial Bonds.

Bidder to name rate of interest in multiples of $\frac{1}{4}$ of one per cent; no bid to be less than par and accrued interest and a different rate of interest may be bid for all but no part of each purpose loan to be issued.

PUBLIC WAYS, CONSTRUCTION OF, \$2,000,000.

Order of City Council of Boston of May 9, 1950, effective May 31, 1950. Payable \$200,000 annually, November 1, 1951, to November 1, 1960, inclusive.

CITY OF BOSTON, LONG ISLAND VIADUCT LOAN, ACT OF 1949, \$1,000,000.

Order of City Council of Boston of August 16, 1949. Payable \$50,000 annually, November 1, 1951, to November 1, 1970, inclusive.

All loans will be issued in Coupon Bond Certificates of \$1,000 each, and will be paid on the dates specified for each loan, all with interest payable semiannually on the first days of May and November in each year, at the office of the City Treasurer, Boston.

In comparing bids, preference will be given to the bidder whose bid provides for the lowest net interest cost to the city. (Total interest for the duration of the loan from November 1, 1950, less the amount of premium bid.)

The bonds will be dated November 1, 1950, and will be ready for delivery on or about November 17, 1950. Delivery of the bonds will be made either in Boston or in New York City at the option of the purchaser. Interest will begin November 1, 1950, and will cease on the dates on which the bonds are payable.

These bonds are exempt from taxation in Massachusetts and from the present Federal Income Tax.

Proposals must be sealed and addressed to Thomas F. White, City Treasurer, Boston 8, Mass., endorsed "Proposals for Loans." Each proposal must be accompanied either by a cashier's check or by a certified check in the amount of \$30,000, drawn on a Boston or New York City National Bank or Trust Company, the check made payable to the City of Boston, Thomas F. White, City Treasurer. The check of any bidder to whom an award is made will be retained as part payment for the loans awarded. All other checks will be returned.

Accrued interest from November 1, 1950, to date of delivery, is to be paid by the purchaser.

All proposals will be opened in the office of the City Treasurer, Wednesday, October 25, 1950, at 12 o'clock M., Eastern Standard Time. The City Treasurer reserves the right to reject any or all bids or to accept such bid or bids as may seem to him to be the most advantageous to the city.

INSTITUTIONS DEPARTMENT.

INVITATION FOR PROPOSALS FOR ALTERATIONS TO ADMINISTRATION BUILDING, LONG ISLAND HOSPITAL, BOSTON HARBOR, MASS.

The Commissioner of Institutions of the City of Boston, hereinafter referred to as the Awarding Authority, invites sealed proposals for the alterations to Administration Building, Long Island Hospital, Long Island, Boston Harbor, Mass.

Proposals will be received until 12 o'clock noon, Friday, October 27, 1950, at the office of the Commissioner of Institutions, 1109 City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the architect, the John M. Gray Company, 175 High street, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the amount of 10 per cent of the base proposal shall be submitted with each bid filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract; and also comply fully with the rules and regulations governing the taking down of buildings and other structures as contained in Bulletin No. 49, revised as of January 2, 1944, of the Building Commissioner of the City of Boston.

Plans and specifications may be obtained at the office of the architect, the John M. Gray Company, 175 High street, Boston, Mass., on Tuesday, October 17, 1950. A deposit of \$50 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to the bidders upon receipt of said plans and specifications in good condition by the architect.

Subbidders bidding on the work of subcontractors shall use the proposal form obtainable from the architect upon request.

Subbids will be taken on the following portions of the work:

- A. Plumbing.
- B. Heating and Ventilating.
- C. Electrical.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidders no later than 12 noon, Wednesday, October 25, 1950.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston shall be submitted by subbidders listed under Item 2 of the general contractor's bid form, in not less than 10 per cent of the subbidder's bid price, and shall be submitted with each subbid.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The City of Boston reserves the right to reject any or all bids of the general bidders and to waive any informalities in bidding, if

it be in the public interest to do so. The City of Boston also reserves the right to reject all bids of the subbidders on any item or items and to waive any informalities in the bidding, if such rejection or waiver be in conformance with section 44C of chapter 149 of the General Laws.

INVITATION FOR PROPOSALS FOR MAKING ALTERATIONS IN VARIOUS SCHOOLS, GROUP A-3.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for making alterations in various schools, Group A-3.

Proposals will be received until 12 o'clock noon, Thursday, November 2, 1950, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$3,500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, October 30, 1950.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A deposit of a certified check in the sum of \$50, payable to the City of Boston, will be required in order to procure a complete set of plans and specifications. This deposit shall be returned, providing that all plans and specifications are returned in satisfactory condition within ten days after opening of bids.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

No. 42

REPORT BY PARK COMMISSION TO MAYOR HYNES SHOWS THAT 927 LEAGUE BASEBALL GAMES WERE PLAYED UNDER SUPERVISION OF RECREATION SYSTEM DURING SUMMER SEASON—THESE REQUIRED 934 UMPIRING OPERATIONS COSTING \$4,670—THE UMPIRES EMPLOYED TOTALED 75.

Following the close of the summer sports season by the Park Department, Chairman Frank R. Kelley of the Park Commission has released figures and presented a report to Mayor John B. Hynes to show that there were 927 league baseball games played during the season, with 934 umpiring services being employed to conduct them. These included Intercity All-Star floodlight games at South Boston, Junior League contests, and softball contests.

The report reads as follows:

CITY OF BOSTON,
PARK DEPARTMENT,
33 Beacon Street,
Boston, Mass.,
September 13, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

The following is a report of the baseball games played in the 1950 Boston

MAYOR APPROVES CONTRACT FOR CONSTRUCTION OF ARTIFICIAL STONE SIDEWALKS IN SEVERAL OUTLYING WARDS OF CITY—ALSO INCLUDES BUILDING OF TRAFFIC ISLAND IN OAK SQUARE, BRIGHTON—WORK TO COST \$26,325.35.

Mayor Hynes has approved the request of Public Works Commissioner George G. Hyland to award contracts for artificial stone sidewalks in several of the outlying wards of the city, at a cost of \$26,325.35. The work is to be done by the Rufo Construction Company of Brighton, who will also construct a traffic island in Oak square, Brighton.

The letter of approval reads as follows:

CITY OF BOSTON,
PUBLIC WORKS DEPARTMENT,
October 9, 1950.

To the Mayor of Boston.

Your approval is respectfully requested of the award of a contract for artificial stone sidewalks in Browning avenue, Ward 14; Cedar Grove street, Ward 16; Gaylord street, Ward 17; Montello street, Ward 15; Queen street, Ward 16; Ridgewood street, Ward 15; Wales street, Ward 14; and construction of new traffic island in

EXPENDITURES OF DEPARTMENT OF VETERANS' SERVICES CONTINUE TO INCREASE THE DRAIN ON CITY FINANCES—THIS IS SHOWN IN REPORT FOR MONTH OF AUGUST PRESENTED BY COMMISSIONER FRANCIS X. COTTER TO MAYOR JOHN B. HYNES—FIGURES SHOW AN INCREASE OF \$24,631.13 OVER THE SAME PERIOD IN 1949—SERVICES CALLED ON TO AID 101 MORE CASES AND TO PAY HOSPITAL BILLS OF VETERANS—TOTAL OF 1,514 CASES OR 2,993 INDIVIDUALS GIVEN AID BENEFITS.

The Department of Veterans' Services continues to show increases in expenditures each succeeding month over the same period of the previous year. The figures for the month of August, as presented to Mayor John B. Hynes by Francis X. Cotter, Commissioner, show that there was an increase of \$24,631.13 over the same month in 1949. This was due, it is explained, to the fact that the department was called on to aid 101 more cases this year than last, in this month. The figures also were augmented by the payments of hospital bills contracted by veterans who were forced to accept treatment at the City Hospital. This factor did not exist in 1949, the statement says.

There were 1,514 cases aided in August this year, representing a total of 2,993 individuals. There were 301 cases closed during the month due to veterans securing employment and thus leaving the rolls.

The full report reads as follows:

Boston, October 5, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

I have the honor to submit the report of the Department of Veterans' Services for the month of August, 1950.

Very truly yours,

FRANCIS X. COTTER, *Commissioner.*

Expenditures for veterans' benefits for August, 1950, show an increase of \$24,681.13 in comparison with expenditures for the corresponding period of 1949. This increase is attributable to the fact that the department aided 101 more cases than in August, 1949. Another factor involved in causing a greater expenditure in August, 1950, over August, 1949, is the payment of Boston City Hospital bills, a factor which did not exist at that time one year ago.

The 1,514 cases aided during the month of August, 1950, represent a total of 2,993 individuals benefited through the financial facilities of the Department of Veterans' Services.

There were 301 cases closed during the month of August, 1950, because of obtaining employment, having been awarded unemployment compensation, and becoming ineligible to receive financial assistance for miscellaneous reasons.

MAYOR APPROVES CONTRACT FOR SIDEWALK CONSTRUCTION, ETC.

(Continued from page 1065.)

Oak square, Ward 22, to the Rufo Construction Company, Inc., 1 Allen road, Brighton, the second bidder, at an estimated cost of \$26,325.35.

I am recommending that this contract be awarded to the second low bidder, because the low bidder, John J. Amara, is now engaged on a similar contract with the department and he is unable to fulfill it because of his inability to have any of the concrete plants in and around Boston deliver concrete to him. This is understandable because the latter-referenced contractor is new in the business and cement is so scarce that concrete companies are furnishing concrete, in limited quantities, to their old customers only.

The contract on which John J. Amara is now working is his first one and was awarded under date of September 29 as the result of publicly advertising for proposals. It provides for the removal of existing brick sidewalks in the Charlestown area and the replacing of them with artificial stone walks. About ten days ago Mr. Amara called at this office and informed me that he had removed the old sidewalk bricks and excavated the north sidewalk of Medford street and was ready to pour concrete but that the project was delayed because he was unable to obtain concrete from any plant in this area. He, therefore, requested me to authorize the substituting of bituminous walks in Medford street in place of the artificial stone walks, as provided in the contract. While bituminous sidewalks might be suitable for the highly industrialized Medford street, they are not so satisfactory as artificial stone in residential streets.

In view of the circumstances, I think that Mr. Amara will do well if he obtains enough concrete to complete his current contract this year, and I do not feel that we should add to his woes or to ours by awarding another similar contract to him. The second low bidder, Rufo Construction Company, Inc., is one of the oldest sidewalk contractors in the city, and I believe, therefore, that the latter firm can obtain the necessary concrete to do the work required under the subject contract. It is my unqualified opinion that the interests of the city will be best served if the contract is awarded to the Rufo Company.

The work to be done under this contract is to be completed December 31, 1950.

The following bids were received October 4, 1950, after advertising in the *City Record* September 23, 1950:

John J. Amara, \$25,179.65; Rufo Construction Company, Inc., \$26,325.35; Charles Todesca, \$26,812.60; Dale Construction Company, \$34,069.60; James D'Amico, Inc., \$34,678.30.

GEORGE G. HYLAND,
Commissioner of Public Works.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, occasioned by Rapid Transit Subway construction, for a period estimated to be two (2) months, vehicles are excluded from the following street, effective October 17, 1950:

Frankfort Street, East Boston.

From Swift street to a point three hundred (300) feet southwest of Neptune road.

PARK COMMISSION REPORT ON SUMMER RECREATION SEASON.

(Continued from page 1065.)

Park Department Association of Baseball Leagues, together with a list of the umpires who officiated at these events.

It was agreed that the Park Department would pay for one umpire at the rate of \$5 for each game upon the presentation of an "Official Assignment Card" signed by the umpire and playground custodian and countersigned by a supervisor assigned by the Recreation Division.

These signed cards submitted weekly to the Park Department office at 33 Beacon street were checked against the league schedules and then posted to the individual earning card of each umpire. In no case has an umpire received credit for any game without these signed cards. Both the cards and league schedules are on file at the Park Department office, 33 Beacon street, and are available for inspection at all times.

There were a total of 921 league games played, and in addition umpires were furnished for the Intercity All-Star play-off floodlight game at South Boston Stadium on August 16 between the City of Boston and the City of Worcester (3 umpires), Boston Park Junior League Championship at Braves Field on August 16 (Midget Class, 2 umpires; Juniors, 2 umpires; Intermediate, 2 umpires), Boys' Softball Championship (2 umpires), and Girls' Softball Championship (2 umpires) at South Boston Stadium on August 9, making a grand total of 927 games played, with 934 umpires.

OUTSTANDING CITY EMPLOYEES TO RECEIVE CITATIONS AND AWARDS FOR CONSPICUOUS SERVICES.

City Auditor Charles J. Fox has issued the following information to heads of city departments:

October 19, 1950.

To Department Heads.

The Boston Municipal Research Bureau is sponsoring a "Public Service Dinner" at the Parker House on Wednesday evening, November 15, at 6.30 p.m. Mayor Hynes will be the principal speaker and will present a report of the progress made during the current year in the direction of improved management of Boston's municipal government.

A special feature of the dinner will be the presentation of cash awards and citations to six city employees "who have made outstanding contributions to the public service." The responsibility for selecting the persons to whom special tribute will be paid at the dinner has been delegated by Mayor Hynes to the committee whose names appear at the end of this letter. The committee has been requested to complete its assignment not later than Wednesday, November 8, which means that we have only three weeks in which to receive recommendations, review the statements supporting the recommendations, and arrive at a final decision.

Because of the limited time at the committee's disposal, it will be appreciated if at your earliest convenience you will send to the chairman recommendations for employees who, in your opinion, should be considered for the awards in question. You may make two recommendations for employees within your own department, one recommendation covering an employee of division-head rank or one exercising supervisory responsibility, and the other an employee of the so-called rank and file. It is suggested that you interpret the term "outstanding work" in its literal sense, namely, work which stands out above that which is recognized as routine day-in and day-out service. As pointed out by the executive secretary of the Bureau in a letter to Mayor Hynes,

"the fortunate six are merely typical and representative of a large number, and in honoring them we are really paying special tribute to all who serve Boston faithfully and well."

In submitting recommendations, kindly include a statement indicating for each employee the nature of the work performed and the reasons underlying your selection. This statement will be utilized in preparing the citations to be presented to those finally selected. It will be helpful to the committee if your recommendations are submitted not later than November 1.

The Bureau has extended a cordial invitation to all department officials to be present at the dinner. The cost is five dollars (\$5) per plate, and reservations may be made through the City Auditor as chairman of the committee.

CHARLES J. FOX, *Chairman*,
MARY C. BOYLE,
JOHN F. KELLEHER,
WALTER SHAUGHNESSEY,
TIMOTHY L. SULLIVAN.

PUBLIC WORKS DEPARTMENT.

BOSTON, October 2, 1950.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Last May, I designated the contracting firms of Martin J. Kelly Company, Inc., and Ward General Contracting Company to effect repairs to bituminous macadam roadway areas in locations where openings had been made by public service corporations.

These contractors are engaged in this so-called "patch paving" work at the present time and, in many locations, the macadam roadway areas opened by the Water Division of this department should also be repaired by the above-referenced contractors concurrently with the patching work being done for public service corporations. Generally speaking, it would not be good policy or in the best interests of the motoring public, to designate one contractor to patch roadway areas for public service corporations and another contractor to patch areas opened by the Water Division of this department. While it is not my intention to resurface all areas on macadam streets opened by the Water Division, I feel that we should make arrangements to effect permanent surface repairs to openings made by the Water Division on heavily-travelled highways or in locations where the present trench area has settled or is in an unsightly or generally poor condition.

The schedule of prices for which the above-referenced contractors are doing this work for the public service corporations is fair and reasonable, and I do not believe that it would be practical or feasible for the city to publicly advertise for proposals to do this work.

I, therefore, respectfully request that you approve the awarding of contracts, without publicly advertising for proposals, to the contracting firms of Martin J. Kelly Company, Inc., 95 Prince street, Jamaica Plain, and to Ward General Contracting Company, 157 Hampden street, Roxbury, for effecting repairs to bituminous macadam pavement areas in locations where openings have been made by the Water Division of this department, in connection with the maintenance and repair of the water system.

It is understood that the work done by either of the above-referenced contractors will not exceed \$4,000; and it is further understood that the total

sum of \$8,000 for both contracts will be charged to the budget of the Water Division of this department.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, October 9, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

At the present time, the Walsh Asphalt Company of 55 Perham street, West Roxbury, is engaged in the restoration of permanent roadway pavements in the East Boston district, in areas opened by public service corporations where the roadway surface is constructed of sheet asphalt or bituminous concrete. This contractor was designated by me to do this work for these corporations at established rates.

It would be desirable for this contractor to restore concurrently with the pavement work being done for the public service corporations, the permanent pavement restoration work in roadway areas where openings have previously been made by the Water Division of the department, in connection with the maintenance and repair of the water system. The contractor has agreed to do the pavement restoration work over openings made by the Water Division at approximately 27 per cent less than the prices established by me for work done by said contractor for the corporations. We are able to obtain this substantial reduction in price because the contractor has his organization and equipment in operation performing the pavement work for the public service corporations, and the additional expense involved in permanently resurfacing so-called "water openings" is far less than it would be if the contractor were engaged in resurfacing the latter-referenced openings only. The above-referenced contractor is well qualified to do this type of work and the agreed price, in my opinion, is fair and reasonable, and no advantage would accrue to the city by publicly advertising for bids.

I respectfully request, therefore, that you authorize the awarding of a contract, without publicly advertising for bids, to the Walsh Asphalt Company, of 55 Perham street, West Roxbury, in the amount of \$3,000, for pavement restoration work in roadways where so-called "water openings" have been made and which are surfaced with sheet asphalt or bituminous concrete.

It is understood that the contractor's work will be restricted to the East Boston section. There is an available appropriation in the budget of the Water Division to pay for the cost of this contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, October 13, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of October 10, I invited five of the leading granolithic sidewalk contractors in this city to submit bids for the installation of artificial stone sidewalks in that section of Alleghany street, Roxbury, that extends from Terrace street to Parker street.

The bids were opened in this office at 3 P.M. today, and the low bid was submitted by Walsh Company, Inc., 55 Perham street, West Roxbury, in the

total amount of \$2,023. By inviting proposals without publicly advertising for bids, we have gained approximately two weeks' time, which is important at this season of the year.

The unit prices submitted by the low bidder compare favorably with prices that we have received as the result of publicly advertising for proposals, although the unit price per square foot for artificial stone sidewalks is a little higher than normally obtained on publicly advertised bids. However, this slight additional increase is more than compensated, in my opinion, by the superior work done by the Walsh Company, as evidenced on sidewalk work that it has done for the department previously. It is my unqualified opinion, therefore, that it is in the best interests of the city to award this contract to the low bidder. The names of the bidders and the total amounts of their bids are as follows:

Walsh Company, Inc., \$2,023; Rufo Construction Company, Inc., \$2,225.50; Frank J. Guaragna, \$3,091; A. Singarella & Son, \$2,700; Carriere Construction Company, \$3,237.

I respectfully request, therefore, that you authorize the awarding of a contract, without publicly advertising for bids, to Walsh Company, Inc., of 55 Perham street, West Roxbury, in the total bid price of \$2,023, subject to the standard specifications of the department governing the type of work to be included in this contract.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, October 3, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from Long Island Hospital for the following:

One Bell fracture orthopedic and X-ray table with cassette holder.

It is respectfully requested that I be granted authority to award a contract, without public advertisement, to Clarence E. Smith, 74 Oak Hill road, Arlington, agent for Gilbert Hyde Chick Company of Oakland, California.

The purchase of the above type of table has been recommended by both the orthopedic surgeon and orthopedic consultant at Long Island Hospital. One of these tables will be on display in Boston during October at the Congress of the American College of Surgeons and can be delivered to the City of Boston immediately following completion of the meeting.

By accepting this table, the city will be exempt from any freight charges and is also assured of prompt delivery. It is my opinion that these two factors warrant dispensing with any public advertisement at this particular time.

Total amount of contract will be \$1,100, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, October 3, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Institutions De-

partment for the following to be installed in the Surgical Building at Long Island Hospital:

Two only American, Model DMCA, major operating room lights.

It is respectfully requested to award a contract, without public advertisement, to American Sterilizer Company. Since the American Sterilizer Company manufactures these operating room lights and has no distributor, it is my opinion that no advantage could be gained by publicly advertising for bids.

Total amount of contract will be \$1,790, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

LEGISLATION FOR CITIES.

At least 30 of the 44 state legislatures that convened in regular sessions this year enacted important bills directly affecting municipal government. A few new laws—on loyalty, for example—reflect comparatively new problems, but most are the extension of trends that became pronounced a decade or more ago. Legislation for increased state aid is predominant. Some states gave cities limited new taxing powers. Chronic housing needs brought legislation in nearly a dozen states. Several governors signed measures giving cities more power to cope with parking problems.

RECREATION EXPENDITURES GROW.

Expenditures for community recreation facilities and service in 1,917 communities in 1948 totaled \$93,800,000, double the amount reported in any previous year, according to the National Recreation Association. Nearly one-third of this amount was for land, buildings, and improvements, indicating that many cities are carrying out war-delayed plans to provide needed recreation areas and facilities. More than 84 per cent of the expenditures were met by local, county, or state sources in the form of appropriations, tax levies, or bond issues. Only 4 per cent of the funds came from community funds or other private sources. The remaining 12 per cent was derived from fees and charges.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR REDECKING AND GUNITING THE BELGRADE AVENUE BRIDGE, OVER THE NEW YORK, NEW HAVEN & HARTFORD RAILROAD.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for redecking and guniting the Belgrade Avenue Bridge, over the New York, New Haven & Hartford Railroad. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Redecking and Guniting the Belgrade Avenue Bridge, over the New York, New Haven & Hartford Railroad," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, NOVEMBER 1, 1950, with a certified check for SEVEN HUNDRED AND FIFTY (750) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

JOHN V. MORAN,
(Oct. 21.) Superintendent of Supplies.

CITY OF BOSTON.

INSTITUTIONS DEPARTMENT.

INVITATION FOR PROPOSALS FOR ALTERATIONS TO ADMINISTRATION BUILDING, LONG ISLAND HOSPITAL, BOSTON HARBOR, MASS.

The Commissioner of Institutions of the City of Boston, hereinafter referred to as the Awarding Authority, invites sealed proposals for the alterations to Administration Building, Long Island Hospital, Long Island, Boston Harbor, Mass.

Proposals will be received until 12 o'clock noon, Friday, October 27, 1950, at the office of the Commissioner of Institutions, 1109 City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the architect, the John M. Gray Company, 175 High street, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the amount of 10 per cent of the base proposal shall be submitted with each bid filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract; and also comply fully with the rules and regulations governing the taking down of buildings and other structures as contained in Bulletin No. 49, revised as of January 2, 1944, of the Building Commissioner of the City of Boston.

Plans and specifications may be obtained at the office of the architect, the John M. Gray Company, 175 High street, Boston, Mass., on Tuesday, October 17, 1950. A deposit of \$50 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to the bidders upon receipt of said plans and specifications in good condition by the architect.

Subbidders bidding on the work of subcontractors shall use the proposal form obtainable from the architect upon request.

Subbids will be taken on the following portions of the work:

- A. Plumbing.
- B. Heating and Ventilating.
- C. Electrical.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidders no later than 12 noon, Wednesday, October 25, 1950.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston shall be submitted by subbidders listed under Item 2 of the general contractor's bid form, in not less than 10 per cent of the subbidder's bid price, and shall be submitted with each subbid.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The City of Boston reserves the right to reject any or all bids of the general bidders and to waive any informalities in bidding, if

it be in the public interest to do so. The City of Boston also reserves the right to reject all bids of the subbidders on any item or items and to waive any informalities in the bidding, if such rejection or waiver be in conformance with section 44C of chapter 149 of the General Laws.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912, AS AMENDED BY THE ACTS OF MARCH 3, 1933, AND JULY 2, 1946, OF CITY RECORD, PUBLISHED WEEKLY AT BOSTON, MASS., FOR OCTOBER 1, 1950.

STATE OF MASSACHUSETTS.
COUNTY OF SUFFOLK, SS.

Before me, a Notary Public, in and for the state and county aforesaid, personally appeared AMBROSE P. GRIFFIN, who, having been duly sworn according to law, deposes and says that he is the Business Agent of the City Record and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily, weekly, semiweekly or triweekly newspaper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Acts of March 3, 1933, and July 2, 1946 (section 537, Postal Laws and Regulations), printed on the reverse of this form, to wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:

Publisher, CITY OF BOSTON.
Editor, JOSHUA H. JONES, 40 City Hall, Boston.
Business Agent, AMBROSE P. GRIFFIN, 62 City Hall, Boston.

2. That the owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding 1 per cent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a firm, company, or other unincorporated concern, its name and address, as well as those of each individual member, must be given.)

CITY OF BOSTON.

JOHN B. HYNES, Mayor.

WILLIAM F. HURLEY, President of City Council.

WALTER J. MALLOY, City Clerk.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: (If there are none, so state.)

None.

4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the twelve months preceding the date shown above is 423. (This information is required from daily, weekly, semiweekly, and triweekly newspapers only.)

AMBROSE P. GRIFFIN, Business Agent.

Sworn to and subscribed before me this tenth day of October, 1950.

[SEAL.] ANDREW F. MCGETTRICK, Notary Public.

BOSTON AND STATE UNITE IN RECONSTRUCTION OF PORTIONS OF BEACON STREET IN BROOKLINE AND CITY—MAYOR APPROVES REQUEST OF PUBLIC WORKS COMMISSIONER TO ENTER INTO JOINT CONTRACT AT SAVING TO THE CITY—CITY'S PART IS FROM BROOKLINE LINE TO PARK DRIVE.

Boston and the Commonwealth, with the approval of Mayor Hynes, have joined in a project of constructing some sections of Beacon street, partially in the town of Brookline and partially in Boston, from the Brookline town line to Park Drive.

Permission for the city's joining with the state in the project was given in the following request from George G. Hyland, Public Works Commissioner. The project will enable the city to save considerable time and money in the construction. The letter from the Public Works Commissioner, which the Mayor approved, reads as follows:

CITY OF BOSTON,
PUBLIC WORKS DEPARTMENT,
October 2, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Bids were opened by the State Department of Public Works at 100 Nashua

TRAFFIC COMMISSIONER WILLIAM ARTHUR REILLY ANNOUNCES CHANGES IN TRAFFIC RULES FOR CERTAIN DOWNTOWN STREETS TO CLEAR UP SITUATION AT TREMONT AND STUART STREETS.

Traffic Commissioner William Arthur Reilly has announced that the one-way rule in Tremont street, downtown Boston, will be extended to Broadway and the following changes were instituted at the same time, effective Tuesday, October 24:

Shawmut Avenue.

One-way, from Tremont street to Dover street.

Broadway.

One-way, from Tremont street to Stuart street.

Carver Street.

One-way, from Broadway to Stuart street.

Warrenton Street.

One-way, from Stuart street to Tremont street.

MAYOR JOHN B. HYNES REFERS MATTER IN DISPUTE BETWEEN THE SCHOOLHOUSE COMMISSION AND THE FINANCE COMMISSION OVER QUESTION OF QUALITY OF ROOFING WORK ON CERTAIN SCHOOL BUILDINGS TO LAW DEPARTMENT FOR ADVICE AND PROCEDURE—CONTRACTS INVOLVE THE SUM OF APPROXIMATELY \$145,000, AND QUESTION HAS ARISEN AS TO MAYOR'S JURISDICTION IN MATTER AND IF CIVIL SUITS ARE DEMANDED AGAINST CONTRACTORS.

Upon October 25 Mayor John B. Hynes issued the following statement:

In connection with the contracts for waterproofing work in the Schoolhouse Department during the year 1949, the situation may be summed up in this manner.

The Finance Commission, over which the Mayor has no control whatsoever, has reported — "in most instances the work was not done to the extent required by the contracts."

The Schoolhouse Commission, a board of three members, none of whom was appointed by me, and over which the Mayor has very slight control, denies the findings of the Finance Commission.

It is obvious, therefore, that there is a sharp disagreement between the Finance Commission and the Schoolhouse Commission as to the performance of these contracts totaling \$145,000. It is also obvious that while this disagreement exists there will remain grave question as whether or not the city was cheated in the performance of the contracts.

Manifestly, I cannot act as judge and jury in a matter such as this in which two commissions over which I have little or no jurisdiction are in

dispute. Consequently, I am referring the matter to the Corporation Counsel of the city directing that he and his staff analyze the situation, including the reports of the Finance Commission, the report of the expert employed by the Schoolhouse Commission, and the communication of the Schoolhouse Commission.

This is in line with the same action I took in the case of the street contracts, which are now in process of civil suit.

I am also directing the Corporation Counsel to advise me of the action on the part of the city government he may deem necessary in this matter, and exactly what responsibility is reposed in the Mayor in cases such as this.

BROADWAY BRIDGE CLOSED TO TRAFFIC FOR DRAW SPAN REPAIRS.

Commissioner of Public Works George G. Hyland has announced that Broadway Bridge (over Fort Point Channel), from Dorchester avenue to Albany street, will be closed to vehicular use from 8 A.M., Saturday, October 28, to 5 P.M., Sunday, October 29. Emergency repairs are required on the draw span of this bridge, the commissioner added, and in order to correct the condition which exists, with the least possible delay, vehicles will be excluded from the structure during the coming week-end. While the work is in progress vehicular traffic will be diverted to the adjacent Dover Street Bridge.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKELL DOLE.

TRAFFIC RULES FOR DOWN-TOWN STREETS CHANGED.

(Continued from page 1081.)

The one-way changes in Carver and Warrenton streets are reversing the present one-way direction which has been in effect for several years.

The purpose of these changes is to attempt to clear up a bad situation at the intersection of Stuart and Tremont streets.

The Traffic Commission members made a personal tour around this area on Thursday, October 19, and it was their opinion that the proposed regulations should be tried out for a period of 60 days.

PORTIONS OF BEACON STREET TO BE RECONSTRUCTED.

(Continued from page 1081.)

street, Boston, last Tuesday, September 26, as the result of publicly advertising for proposals for constructing two sections of a highway in the town of Brookline, under the provisions of section 34 of chapter 90 of the General Laws.

One section of highway referred to is Beacon street, from St. Paul street to the Boston line at St. Mary's street. During the advertising period for the above-referenced project, I contacted representatives of the State Department of Public Works, and informed them that the section of Beacon street which is located in Boston, from the Brookline line to Park Drive, was in a very poor condition, and asked said representatives to have it reconstructed as a chapter 90 project. The State Department agreed to such a proposal, and as it was too late to publicly advertise for bids, we agreed that we would wait until the bids were in for the Brookline project, and then make arrangements to award a contract for the Boston project, without publicly advertising for proposals, to the successful bidder on the Brookline project, on the basis of the bid prices submitted by said bidder.

The successful bidder for the Brookline project was the S. J. Tomasello Corporation of 25 Huntington avenue, Boston. On the basis of the bid prices submitted by this contractor for the Brookline project, I estimate that the work in Boston can be done for a sum not in excess of \$9,000. It will be necessary for the City of Boston to award a contract to the Tomasello Corporation without publicly advertising for bids, and then the State Department of Public Works will enter into an agreement with the city whereby said department will agree, in substance, to pay to the city one half of the construction cost of the Boston project based on the bid prices submitted by the contractor on the Brookline project.

For reasons as described hereinbefore, therefore, I respectfully request that you authorize the award of a contract, without publicly advertising for proposals, to the S. J. Tomasello Corporation, for reconstructing that section of Beacon street which extends from the Brookline-Boston line to Park Drive, at a total cost not in excess of \$9,000, with the understanding that the contract will be based on the unit prices submitted by this contractor for reconstructing the above-referenced section of Beacon street which is located in Brookline, and with the further

understanding that the work will be done in accordance with the state approved specifications, which were prepared for the Brookline, chapter 90, project. Incidentally, the bid price of the successful bidder, the Tomasello Corporation, for the Brookline project, is in the amount of \$79,827.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

EAST BOSTON MAN, DIRECTOR OF CITIZENSHIP TRAINING DEPARTMENT OF JUVENILE COURT, NAMED BY MAYOR TO BOSTON RECREATION BOARD.

Mayor John B. Hynes, on October 25, named Louis G. Maglio, of East Boston, Director of the Citizenship Training Department of the Boston Juvenile Court, to the Recreation Board to fill the unexpired term of John R. McVey, who resigned because of professional demands on his time.

Mr. Maglio, a long time special worker, succeeded Judge John J. Connelly as Director of the Citizenship Training Group, when the latter was made Presiding Justice of the Boston Juvenile Court. A former army major, a rank to which he rose from private, Maglio makes his home with his wife, Theresa, and his son, Louis, Jr., at 1127 Saratoga street, East Boston. He is vice-president of the Boston Boys' Workers' Conference; a member of the Massachusetts Committee to the White House Conference on Juvenile Delinquency; a member of the National Recreation Association; the Massachusetts Conference of Social Work; the American Camping Association; the National Probation and Parole Association; the New England Crime Prevention Conference; and a director of the Good Will House, East Boston.

He is the author of numerous articles on delinquency and recreation, and was last year nominated by the Boston Junior Chamber of Commerce as one of the ten outstanding young men in the country.

GIRL SCOUT WEEK.

The Mayor has issued the following pronouncement concerning Girl Scout Week:

"Thousands of Boston Girl Scouts will join their sisters throughout the nation on Sunday, October 29, attending their own churches and houses of worship to mark the opening of Girl Scout Week, set apart by the Scout family to honor the memory of their founder, Juliette Gordon Low.

"A million and a half members of a voluntary democratic youth group, dedicated to the principles of service and friendship, the Girl Scouts can wield great influence in shaping an equally dedicated world for tomorrow. 'Come Along With Us,' the Girl Scouts say to all girls, to work to keep our country strong, to further the ideals of democracy.

"To carry out their purposes of consideration for and service to the future of humanity, I hereby declare that October 29 through November 4 be observed in Boston, as throughout the nation, as Girl Scout Week."

MAYOR GETS "FORGET-ME-NOT" FLOWER TO AID DISABLED AMERICAN VETERANS.

On Wednesday, October 25, 1950, the Boston District Council No. 1 of the Disabled American Veterans presented to His Honor, Mayor John B. Hynes, and to His Excellency, Governor Paul A. Dever, the first "forget-me-nots" that will be sold on the streets of Boston on Armistice Day, Saturday, November 11, 1950, by the members of the 16 chapters representing this council.

Chairman Frederick J. Ingerwon, Commander, and Herbert A. Bean, Treasurer of the Council, had with them the three-year-old grandson of the treasurer, "Skippy" Noyons, who presented the flowers that symbolize the memory of all departed comrades. Donations received from the sale of these "forget-me-nots" will be used to assist the needy and hospitalized veterans who are unable to help themselves.

CIRCULAR LETTER NO. 28.

CITY OF BOSTON,

MAYOR'S OFFICE, October 16, 1950.

To the Heads of All City and County Departments.

GENTLEMEN:

By chapter 668 of the Acts of 1950 (effective October 22, 1950), sections 56, 57 and 58 of chapter 32 of the General Laws providing non-contributory pensions for certain war veterans in the public service are amended so that the amount of the retirement allowance of veterans retired after October 22, 1950, under these sections will be fifty per cent (50%) of the highest annual rate of compensation (including any bonuses paid in lieu of additional salary or as a temporary wage increase in addition to regular compensation, and including any allowance for maintenance) payable to the veteran while holding the grade held by him at retirement, with a further allowance of one per cent (1%) of said annual rate of compensation for each year of service over ten years, but not to exceed sixty-five per cent (65%) in any case.

A new form of application on yellow-colored paper has been prepared for use under the new statute. All applications for retirement hereafter submitted must be on the new yellow-colored form, which may be obtained from the Superintendent of Printing.

Respectfully,

JOHN B. HYNES,
Mayor.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of city employees have been made:

I transmit herewith communication from the Public Works Commissioner relative to your order of October 2, 1950, concerning the advisability of reconstructing Verrill street.
Respectfully,
J. B. HYNES, Mayor.
City of Boston,
Public Works Department,
October 5, 1950.

Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.
Dear Sir:
I return herewith order in City Council that the Commissioner of Public Works study the advisability of reconstructing Verrill street, Ward 14, and this will advise you that a survey of this street will be made with a view to placing Verrill street on the list of streets to be given consideration for reconstruction in 1951.
Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.
Placed on file.

RECONSTRUCTION OF JULIETTE STREET.

The following was received:
City of Boston,
Office of the Mayor, October 9, 1950.
To the City Council.
Gentlemen:
I transmit herewith communication from the Public Works Commissioner relative to your order of October 2, 1950, concerning the reconstruction of Juliette street, Ward 15, if possible, this year.
Respectfully,
J. B. HYNES, Mayor.
City of Boston,
Public Works Department,
October 5, 1950.
Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.
Dear Sir:
I return herewith order in City Council that the Commissioner of Public Works reconstruct Juliette street, Ward 15, if possible, this year, and this will advise you that a survey of this street will be made but due to the amount of work on hand and the lateness of the season Juliette street will be placed on the list to be given consideration for reconstruction in 1951.
Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.
Placed on file.

MARINE ROAD SIDEWALK AND MARINE PARK REPAIRS.

The following was received:
City of Boston,
Office of the Mayor, October 9, 1950.
To the City Council.
Gentlemen:
I transmit herewith communication from the commissioner of the Metropolitan District Commission relative to your order of September 25, 1950, concerning the removing of sand and placing the sidewalk on Marine road, opposite Kelly's Landing, Ward 6, in proper condition; also to repair the benches in Marine Park.
Respectfully,
J. B. HYNES, Mayor.
The Commonwealth of Massachusetts,
Metropolitan District Commission,
20 Somerset Street,
October 5, 1950.
Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.
Dear Sir:
Replying back on your request to remove the sand and place the sidewalk on Marine road, opposite Kelly's Landing, Ward 6, in proper condition; also to repair the benches in Marine Park, I have had an inspection made by our superintendent in charge of this division, who states that this work must be left until the spring and if funds are available the part of the work that the superintendent feels is necessary will be done.
All these individual projects, as requested in this order, must receive the approval of the Legislature in our form of budget. We are at the present time making up the budget for 1951, effective as of July 1, and part of this work will be considered in this budget.
Very truly yours,
WILLIAM T. MORRISSEY, Commissioner.

OPENING OF STREETCAR WINDOWS.

The following was received:
City of Boston,
Office of the Mayor, October 9, 1950.
To the City Council.
Gentlemen:
I transmit herewith communication from the General Manager of the Metropolitan Transit Authority relative to your order of August 21, 1950, concerning the windows being opened in the streetcars.
Respectfully,
J. B. HYNES, Mayor.
Metropolitan Transit Authority,
September 29, 1950.
Mr. Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.
Dear Sir:
Referring to your letter of August 23 with accompanying order of the City Council containing request that the Metropolitan Transit Authority "have windows that can be opened in the streetcars because of the inadequacy of the motor fans to supply sufficient cooling air thereby causing a health menace," the cars referred to are certain P.C.C. cars in which the most modern type of

ventilation has been provided which, to obtain maximum efficiency, requires that the windows be kept closed.

Very truly yours,
EDWARD DANA,
General Manager.

DAMAGE TO HARBOR TELEPHONE CABLE.

The following was received:
City of Boston,
Office of the Mayor, October 9, 1950.
To the City Council.
Gentlemen:
I transmit herewith a communication and proposed order this day received from William L. Baxter, Corporation Counsel, and I recommend the immediate passage of the order so that the City of Boston may receive payment of its claim for damages against the United States of America in this matter.
Respectfully,
J. B. HYNES, Mayor.
City of Boston,
Law Department, October 9, 1950.
Hon. John B. Hynes,
Mayor of Boston.
Dear Mr. Mayor:
On January 31, 1949, the City of Boston's submarine telephone cable extending from Moon Island to Long Island in Boston Harbor was damaged by the U. S. S. YSD-34 while engaged in dragging operations for the United States Navy.
This department presented a claim on behalf of the City of Boston to the Navy Department in the amount of \$6,134.21. On October 2, 1950, this department was advised that the Secretary of the Navy had approved a settlement of this claim in the full amount of \$6,134.21.
At the request of the Navy Department I enclose herewith an order for adoption by the City Council whereby your Honor may be authorized to execute a release of the City of Boston's claim against the parties named in the order.
Respectfully,
WILLIAM L. BAXTER,
Corporation Counsel.

Ordered, That the Mayor of the City of Boston be, and he hereby is, authorized to execute and deliver in the name and behalf of the City of Boston an instrument in writing, satisfactory in form to the Corporation Counsel, whereby the City of Boston, in consideration of the sum of six thousand one hundred thirty-four and 21/100 dollars (\$6,134.21) to it paid by the United States of America, releases and forever discharges the United States of America and the Department of the Navy, its successors and assigns, the U. S. S. YSD-34, her officers and crew, their heirs, executors, administrators and assigns, and all persons interested in the said U. S. S. YSD-34, whether as underwriters or otherwise, from all demands, claims, actions and/or suits of any nature whatsoever, in admiralty, law or equity, which the City of Boston ever had, now has, or may have, for, upon or by reason of any matter or thing whatsoever, for all losses, claims, injuries or damages arising out of, or in any way connected with the damage to the City of Boston's telephone cable extending between Moon Island and Long Island, Boston Harbor, caused by the U. S. S. YSD-34 on January 31, 1949.
Referred to the Executive Committee.

PRINTING OF "CALENDAR OF EVENTS IN BOSTON."

The following was received:
City of Boston,
Office of the Mayor, October 9, 1950.
To the City Council.
Gentlemen:
Under the provisions of section 2 of chapter 24 of the Revised Ordinances of 1947, I propose to have printed 125,000 copies of a folder bearing the title "Calendar of Events in Boston, Fall-Winter, 1950-51." This folder will be distributed through hotels, stores, theaters, etc., to the thousands of visitors who will be present in our city attending conventions or spending vacations in the area. It will contain a calendar showing the various sporting, theatrical, and entertainment features scheduled during the period, as well as historical points of interest, sight-seeing trips, and other information to guide visitors in planning their recreational and entertainment program during their stay in our midst. In my opinion, such a publication will not only advertise the facilities available to visitors but will also create a large measure of good will toward our city.
I submit an order authorizing the printing of this pamphlet as a special city document or publication and recommend its immediate consideration and adoption.
Respectfully,
J. B. HYNES, Mayor.

Ordered, That the Superintendent of Printing be authorized to print 125,000 copies of a folder

entitled "Calendar of Events in Boston, Fall-Winter, 1950-51," the expense of such printing to be charged to City Documents.
Referred to the Executive Committee.

LEAVES OF ABSENCE

The Chairman offered the following statement:

At a recent meeting the Boston School Committee pledged the complete cooperation of the School Department in the setting up of a Civilian Defense program for the City of Boston.

His Honor, the Mayor, has asked that the School Committee grant a leave of absence, without loss of pay, to Joseph L. Malone, Head Master of the High School of Commerce, in order that the Mayor may appoint Mr. Malone as Executive Director of the Civilian Defense organization planned for our community. I trust that the School Committee will comply with the Mayor's request.

As a member of the Executive Committee of the Civilian Defense organization developed in the City of Boston for service during World War II, I was impressed by the readiness and the ability with which hundreds of our school employees participated in the work of the Committee on Public Safety. I recall that the then Mayor of Boston turned to the Boston Public Schools for two of the men who developed the splendid Civilian Defense organization that stood ready to meet the needs of our community in the face of emergency. It is a compliment to the School Committee that the present Mayor of Boston likewise wishes at this time to requisition the talents and experience of one of our staff for the purpose of organizing the protective services for the safety of the people of Boston.

A communication was received from the Superintendent, under date of July 27, 1950, recommending that leave of absence without loss of pay, be granted Joseph L. Malone, head master, High School of Commerce, to take effect July 24, 1950, and to continue until otherwise ordered, in order that he may serve as Director of Civilian Defense for the City of Boston.

The communication was placed on file and on roll call the leave

of absence without loss of pay was granted by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, and White—4.

ABSENT—Mr. Ward—1.

A communication was received from the Superintendent, under date of July 27, 1950, recommending that leave of absence for military service without pay be granted the following-named teacher for the period specified, unless earlier terminated by the Superintendent with the approval of the School Committee:

Department of Physical Education—Edward E. Kelleher, instructor, military science, from Sept. 1, 1950 to Aug. 31, 1951, inclusive.

The communication was placed on file and on roll call the leave of absence without pay was granted for the period specified by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, and White—4.

NAYS—0.

ABSENT—Mr. Ward—1.

A communication was received from the Superintendent, under date of July 27, 1950, recommending that leave of absence without loss of pay be granted the following-named teachers for the periods specified, in order that they may serve as exchange teachers in England and France:

Boston Technical High School—Emmet T. Morrill, junior master, Sept. 1, 1950 to Aug. 31, 1951.

Dorchester High School for Girls—Elizabeth G. Sloane, assistant, Sept. 1, 1950 to Aug. 31, 1951.

Department of Household Science and Arts—Edith H. McPeake, teacher of sewing, Sept. 1, 1950 to Aug. 31, 1951.

The communication was placed on file and on roll call the leaves of absence without loss of pay were granted by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, and White—4.

NAYS—0.

ABSENT—Mr. Ward—1.

HONORARY TITLES

The Superintendent offered the following:

ORDERED, That in consideration of their many years of devoted and efficient service in the Boston Public Schools, the following-named persons who have recently retired are granted the honorary titles indicated, to take effect July 1, 1950:

Department of Elementary Supervisors—Teresa M. Flaherty, director emerita.

Department of Extended Use of Public Schools—James T. Mulroy, director emeritus.

Dorchester High School for Girls—Alice M. Twigg, head master emerita.

The Committee adjourned.

Attest:

LOUISE KANE,
Secretary.

August 31, 1950.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 4 o'clock P. M., the Chairman presiding.

Present: Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward and White.

SECRETARY PRO TEMPORE

In the absence of the Secretary, the Committee proceeded to the election of a Secretary pro tempore.

A roll call was ordered and the members, as their names were called, stated that they voted as follows:

For AGNES E. REYNOLDS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward and White.

The Chairman declared Agnes E. Reynolds elected Secretary pro tempore.

APPROVAL OF MINUTES

The reading of the minutes of July 27, 1950, was omitted, the Committee approving them as printed.

SALARY SCHEDULE, 1950-51

The twelve orders establishing a salary schedule for teachers, members of the supervising staff and others, for the year ending Aug. 31, 1951, were offered.

The Secretary proceeded to read the following twelve orders:

1. ORDERED, That effective as of September 1, 1950, the salaries of teachers, members of the supervising staff and others are

hereby established for the school year September 1, 1950, to August 31, 1951, inclusive, in accordance with the following schedule and subject to the following adjustments or limitations. Included in the following schedule are the increases in salaries voted by the School Committee on June 16, 1950.

Chairman: At this time the Chair is going to make a statement. However, before I make this statement, I want to ask the Superintendent two questions.

In your statement of July 21st entitled "Memorandum to the Superintendent" from the Board of Apportionment, signed by the Clerk, which you sent to this Committee, you close with this quotation:

"The unencumbered balance of July 24th is approximately \$215,000. This balance is absolutely necessary for the purposes of essential books and supplies for the pupils of our school system. In view of these facts, it is the unanimous opinion of the Board of Apportionment that unless the vote of June 16, 1950 granting the salary raise of \$204 is rescinded, the School Committee will be compelled to eliminate educational activities and curtail essential service."

In the report you gave to the Committee on August 29th you reaffirmed the opinion that you gave us on July 21st, is that right?

Superintendent: The memorandum is dated July 21st and was given to the School Committee on July 24th.

Chairman: You still reaffirm those statements?

Superintendent: Yes.

Chairman: And your Board of Apportionment unanimously reaffirms those statements?

Superintendent: Yes.

Chairman: After all this discussion on figures, do you still contend that these statements you made have never been refuted or changed and that you have never been shown where there is any additional money?

Superintendent: That is right, Mr. Chairman.

Chairman: In view of that, Mr. Superintendent, I want to refer to the minutes of the conference of June 16th, when the proponent of this motion to increase the salaries of teachers made the motion after the budget was passed and sixteen days after the Mayor or the City Council could even make this money available. When that was brought to the attention of the School Committee at the time of the making of that motion, the Chairman made the statement that he could not do otherwise than advise the Committee that the raise given at that time was bad budgetary procedure.

I also said that if it were the intention of the proponent to give the teachers a bona fide raise because, as he said, he wanted to keep up their morale, he should have provided for it in the budget; and if it had been put in the

budget, then we could have voted on the merits of this raise.

I also said that I had no quarrel with the statement that the school teachers deserve a raise and a certain class of teaching salaries should be adjusted. I also referred to the fact that I went before the Committee on Rules of the Legislature last year and asked for a \$516 raise, and I know that my appearance before the Committee on Rules had no little influence on that Committee's approval of our request.

Then that figure was reduced to \$300, and I voted for the \$300 on the recommendation of Mr. Dalton of the Teachers Alliance that they would settle for \$300, and he advised us to place the \$300 salary raise in the budget, for which I voted. However, I still contended at that time that the teachers were entitled to the adjustment for which we went to the Committee on Rules.

I also said to Mr. Muchnick on June 16th that if he was interested in the morale of the teachers and the welfare of the whole school system, he should postpone action on this \$204 raise until approximately September 1st to see if we could get the money so that they would know what we were doing for this raise.

A motion was made to postpone action just for a two-week period to see if the money could be found, and that was defeated by a three-to-two vote. I voted to postpone action to see if we could get the money.

Mr. Muchnick refused to do that, and here we are now on the day before September 1st, and the members of the Committee who took this action on Mr. Muchnick's proposal did not raise the morale of the teachers but caused confusion throughout the school system all summer long.

The only thing that I could do was ask them to proceed in an orderly fashion, and if the money was there, they could earmark it. To this minute there has been no motion made even to transfer funds, so I assume that Mr. Muchnick still thinks that this money is in the item for "Instruction."

I wish to say that I do not want to take any responsibility for the consequences that Mr. Kerr of the Law Department and the Board of Superintendents have suggested—that either there may be the possibility of the Auditor holding up the payrolls or essential school services may have to be curtailed. As a consequence, I have not changed the opinion I had on June 16th, and I cannot vote for this \$204 raise.

I would like to say that I have as great respect for the teachers as any person who has been associated with them over a period of fourteen years. I have as much respect for them and I am as jealous of their friendship, not only as any member of this Committee but also as any paid representative of the teachers' groups. I have done as much to help the teachers and the morale of this system as I have possibly been

able to do within my very limited ability, and I will continue to try to do that for the welfare of the school system.

I, too, admire the ability of the teachers in our system and their interest in the schools, and I am very zealous about keeping up the morale of the whole system.

I have not to this minute received one request from a teacher for this \$204 raise either by a telephone call or by a letter. Up until June 16th I have never received one call for that raise from one teacher, and I do not believe that any member of the School Department had made such a request.

I read with some interest yesterday the statement of the counsel for the Alliance, who released the statement at ten o'clock in the morning that we did not see until approximately five minutes past twelve.

Here is the release that "... the administration was willing to grant that there would be an unexpended balance of \$146,000 at the end of 1950," but I believe that the Superintendent said that he could not agree to that \$146,000 without a qualifying statement to the effect that it involved curtailing some essential supplies for the children.

Superintendent: That is true, Mr. Chairman.

Chairman: I understand the teachers and their responsibilities pretty well—and our Boston school teachers are a responsible group—and I know well from conversations with them that not one responsible teacher wants this raise at the expense of salaries being held up or at the expense of the education of the children or their physical welfare.

You educators have spent all summer long in a diligent effort to iron out differences of opinion and find the money, and you have had the generous assistance of the adviser from the Corporation Counsel's office, who worked with us trying to see if the money was there. It has not been found, and I do not think that the teachers wish to be put in the position of getting this raise at the expense of the physical, moral, or mental development of the children. I know they do not.

I certainly know that no one wants this kind of a controversy for the small amount of money which is involved from September 1st to December 31st. It only amounts to \$68. This Committee can adjust any situation after January 1st on its merits because then we can go to the Legislature and ask for the money and make adjustments if they will give it to us, but I do not think the teachers want to go to this extremity for \$68. What Uncle Sam will take out of that, I am inclined to believe, may reduce it to \$58 approximately.

I am convinced in view of that situation that this will not raise the morale of the teachers. When this motion was voted on June 16th, the man who made that

knew that we could have discussed it at the time of the budget conferences. He should have put it in the budget, and that would have been the proper way; and no matter what he might have said about other salary adjustments being made without provision for them in the budget, I deny that statement because Mr. Downey has shown that whenever a salary raise was given to any group, the money was carried in the budget either specifically or generally for salary adjustments. Is that right, Mr. Downey?

Mr. Downey: Yes.

Chairman: For the reasons which I have stated, I am voting for the salary schedule eliminating the increase of \$204.

2. ORDERED, That during the period commencing September 1, 1950, and ending August 31, 1951, teachers, members of the supervising staff and others who on August 31, 1950, shall not have reached the maximum of their salary schedules, shall be advanced in accordance with the provisions of the regulations on their respective anniversaries by the amount of the annual increment provided for in the following schedules until the new maxima of the ranks are reached; provided that the final increment shall be such as shall place the person upon the maximum salary of his rank.

3. ORDERED, That in adopting this salary schedule the School Committee reserves the right, in the event that the General Court of Massachusetts does not grant the School Committee in 1951 power to appropriate a sum sufficient in the opinion of the School Committee to pay in full the salaries specified in this salary schedule, to revise this salary schedule at any time between January 1, 1951, and August 31, 1951, both inclusive, by making such reductions therein as would amount in effect to no more than a cancellation as of January 1, 1951, of the salary increases voted by the School Committee on June 16, 1950, and be it further

ORDERED, That all rules and regulations of the School Committee inconsistent with the foregoing reservation of right be, and they hereby are, suspended.

Mr. Ward: Mr. Chairman, as I understand this order, it gives this School Committee, which has already voted for a \$204 increase for teachers, the right to rescind that action in the event the Legislature does not grant the \$1,300,000 increase in appropriating power which is necessary.

The nonacceptance of this order would simply leave us in a more embarrassing position if, after January 1st, we find we are without funds to continue the additional expenditure of \$1,300,000 on an annual basis.

The School Committee already has the right to do that. This particular order, I would assume, is

based on the fact that after January 1st, with this salary schedule in operation, this School Committee will necessarily have to vote to reduce teachers' salaries if our appropriating power is not increased.

Chairman: In that event, we cannot carry the salary schedule any further.

Mr. Ward: Then this Committee will have to take a vote on January 1st to reduce salaries.

Mr. Downey: Not necessarily, Mr. Chairman.

Chairman: You are taking a vote now to assert that you have the right.

Mr. Ward: We are voting that we have the right to reduce salaries. What do we need the order for? We have the right anyway.

Chairman: You cannot increase them, but you can reduce them, can't you? How does the 1875 law affect a situation like this? Does that law say we cannot adjust salaries or that we cannot increase them?

Assistant Corporation Counsel Kerr: You cannot increase them.

Mr. Ward: Am I correct in thinking that this order simply means that if, on January 1st, we find that the school system cannot continue the increase after that date, teachers' salaries revert back to the salaries as of January 1st of this year?

Mr. Downey: Mr. Chairman, the order says that any time between January and the end of August, if the Legislature does not give you increased appropriating power, you may reduce salaries, cancel the raise as of January 1st, and revert to the previous year's salary schedule. It does not mean that you necessarily will do that.

Mr. Ward: That is clear to me. I explained my position this morning, I believe, when I said that as far as the raise is concerned, it is going to cost \$700,000 next year, but I discount the statement of Mr. Downey that the increased cost for custodians is going to be \$600,000.

However, if those figures are correct, that involves \$1,300,000 that this Committee must get from the Legislature, and I cannot see why the taxpayers should be burdened with that \$1,300,000 next year.

Chairman: That will not be determined until you make your preliminary estimates for next year, Mr. Ward.

Mr. Ward: But does voting against the \$204 raise and voting for this particular order make me appear inconsistent?

Chairman: I do not think it makes you inconsistent in your voting. I ought to tell you, however, that if the majority had voted against the \$204 raise, this order would not be necessary. Since the majority voted for the \$204, this order is necessary. If we were going to give them a raise next year and we received the money from the Legislature, well and good. We would not have to do anything about it at all. That order would not be necessary.

However, if the Legislature denies us the additional money, then you have to take action on this. I am not voting for it because I do not think I want to commit myself to reducing a teacher's salary that I have not voted to raise.

Mr. Ward: Mr. Chairman, there is a little confusion in my mind and apparently in the minds of others, and on this particular order I will vote "present."

Mr. Kerr: Mr. Chairman, it seems to me—and I simply offer this as a suggestion in view of this controversy which has just arisen—that these twelve orders really constitute a single order, and my suggestion would be that the Committee take a vote unanimously agreeing to treat them as one single order and take one vote at the end, because it is one single problem.

There may be some motion to make some amendment of some part of it prior to that time. I think there was some discussion of that in the conference. However, one vote should be taken at the end because it is one integral whole. That would be my suggestion. I do not know whether anybody else would feel like that or not.

Chairman: Does that seem to you to be all right? If so, I make the motion to consider this salary schedule as a whole, including all the twelve orders, as a single unit.

A roll call was ordered on the foregoing motion to consider the salary schedule as a single unit and the order passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward and White—5.

Mr. Ward: Mr. Chairman, I make a motion that the Head of Division of the Division of Statistics and Publicity receive an increase of \$500 in both the minimum and maximum salary.

Chairman: Mr. Ward makes a motion that the item of Head of Division, Division of Statistics and Publicity, be changed from minimum of \$5364 to a minimum of \$5864, and from maximum of \$6300 to a maximum of \$6800.

Mr. Muchnick: Mr. Chairman, I would like to amend that motion by having as part of the motion that there be no further payments to the head of this division for services performed during the summer and that this be the annual salary to include all services performed by the head of this division for the entire year.

A roll call was ordered and the amendment passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick, Ward and White—5.
NAYS—0.

The Chairman stated the question was on the passage of the motion to increase the salary of the Head of the Division of Publicity and Statistics, as amended.

On roll call the motion, as amended, was passed by the following vote:

YEAS—Mrs. Dacey, Messrs. McDevitt, Muchnick and Ward—4.
NAYS—Mr. White—1.

DEPARTMENT OF PHYSICAL EDUCATION

	First Year	Increment	Maximum
Director	\$5568	\$144	\$7152

Mr. Muchnick: Mr. Chairman, on the question of the Director of Physical Education, it seems to me that that Director should be treated the same as all other directors. Incidentally, I cannot understand why, in the Bureau of Child Accounting, the Head of the Division of Statistics and Publicity was not treated, prior to the motion, as the Head of the Division of Juvenile Adjustment had been treated; but if all directors come in on this \$204 raise, then I suppose Mr. McKenney should come in on it as well, but he should be on an annual basis the same as everybody else in the system. So far as I know, there is nobody now other than Mr. McKenney and his two male assistants who get extra compensation for summer work.

Mr. Downey. Female, too.

Mr. Muchnick: It seems to me that we ought to establish now an annual salary for Mr. McKenney

and eliminate what I have always maintained is a subterfuge of giving him extra compensation for work done during the summer—I think \$12 or \$14 a day for 120 sessions. That would be \$1440.

Mr. Ward: Mr. Chairman, I think that there are four assistants to Mr. McKenney who are paid, as I understand it, on the same basis.

Mr. Muchnick: We take them up next. Mr. McKenney gets \$1440 extra per year now. He is now down for \$7152. That would give him roughly an \$8600 salary. I move that his annual salary be established at \$8000.

Mr. Ward: That would be giving him less.

Mr. Muchnick: Yes, that is less. I want to change that. I move his salary be established at \$7800. The reason I do it, Mr. Chairman, is that it seems to me very obvious that the Director of Physical Education does not do work that is as important in our system as does the President of Teachers College, and it seems to me further that if the President of Teachers College has a salary of \$8100, then the Director of just one department in our system should get something under that if we are going to evaluate jobs properly—or what I think is properly.

Chairman: Is that a motion?

Mr. Muchnick: That figure should include all summer work—all work done by the Director of that department -- and there should be no additional payments by way of extra compensation for nights, Sundays, and holidays.

Chairman: Do you make that in the form of a motion?

Mr. Muchnick: Yes.

Chairman: Mr. Muchnick has moved that all additional compensation to the Director of Physical Education be discontinued as of September 1st and that his salary be listed as an annual salary of \$7800.

Mr. Muchnick: Mr. Chairman, I moved that it be an annual salary of \$7800. I do not know whether this is proper under the law, but it should not take effect until December 15th, because Mr. McKenney has already received that summer money for this year; and if he now gets the annual salary of \$7800 or whatever it turns out to be—

Chairman: Is that legal?

Mr. Downey: No. This salary schedule becomes effective September 1.

Mr. Muchnick: Then his year he gets a bonus, which is what it amounts to.

Mr. Downey: You are really cutting his salary.

Mr. Muchnick: He has already received his 1950 summer money.

Chairman: But you are cutting his salary \$600, anyway.

Mr. Muchnick: In 1951 he is being cut, yes.

A roll call was ordered and the motion failed of passage by the following vote:

YEAS—Mr. Muchnick—1.

NAYS—Mrs. Dacey, Messrs. McDevitt, Ward and White—4.

Mr. Ward: Mr. Chairman, I would qualify that. I am in harmony with Mr. Muchnick's idea, but on principle I do not like to vote a reduction in salary at this time for anybody.

Mr. Muchnick: I don't, either.

Mr. Ward: I am for the principle; and if the assistant directors and the director had added to their salaries the amounts they were getting on a per diem basis, I would gladly vote for it. I mean that I am for the principle, but in this instance it appears to be a reduction in salary. Therefore, I say, I am for the principle but not for the reduction.

Chairman: I think it is on the record that I am opposed to all temporary summer compensation. I think I made that statement before, Mr. Ward. However, I am not voting for salary adjustments of any kind.

------------------------------------	-------

5. ORDERED, That for the year ending August 31, 1951, any teacher or member of the supervising staff who may be designated by the Superintendent in accordance with the regulations to fill a vacancy caused by the death, disability or absence of a principal of a school or district, or of a director, assistant director in charge of a department, or supervising nurse, for a continuous period exceeding two weeks, shall be paid at the rate of two dollars (\$2) per day of service in addition to the regular salary of his rank. A teacher or member of the supervising staff who may be similarly designated to fill the position of assistant director; assistant in

charge; head of department; coordinator; guidance counselor; sub-master; vice principal; vice principal, special classes; shop foreman; or assistant supervising nurse; shall be paid at the rate of one dollar (\$1) per day for each day of service, in addition to the regular salary of his rank.

6. ORDERED, That for the year ending August 31, 1951, any master, junior master or assistant, Latin and day high schools, who may be designated by the Superintendent in accordance with the regulations as acting head of the department in charge of a single subject where there are in the proposed department not less than two thousand pupil hours, taught by at least four teachers, whole or part-time, shall be paid at the rate of one dollar (\$1) per day for each day of service, in addition to the regular salary of his rank.

7. ORDERED, That for the year ending August 31, 1951, any cafeteria manager, permanent or temporary, who may be assigned by the Superintendent to the office of the Director of School Lunches shall be paid at the rate of five dollars (\$5) per day of service in addition to the regular salary of her rank.

8. ORDERED, That for the year ending August 31, 1951, the Superintendent is hereby authorized to fix the compensation of all persons giving lectures and improvement courses for teachers other than those whose compensation is fixed in the salary schedule for teachers and members of the supervising staff.

9. ORDERED, That holders of present XXXI, or XXXI. B certificate who while serving under said certificate obtain a Bachelor's degree shall be granted the maximum salary of \$4992, provided they have served at least one year on the former maximum of \$4848.

10. ORDERED, That the director and assistant directors of physical education shall be paid for extra services at the following rates per session of three and one-half hours with the following limitations as to the number of sessions:

Director of Physical Education, for vacation, evening and Saturday service, not to exceed 120 sessions per year, per session.....	\$12.00
Assistant Directors of Physical Education (men), for vacation, evening and Saturday service, not to exceed 100 sessions per year, per session.....	10.00
Assistant Directors of Physical Education (women), for vacation service, not to exceed 50 sessions per year, per session.....	10.00

Mr. Muchnick: Mr. Chairman, may I ask one question? Do I understand that if this goes through as it is there will be the summertime payments to the director and assistants?

Chairman: They already have been paid.

Mr. Muchnick: I mean for the future.

Chairman: No. You can stop that at any time you wish, such as January 1st next. Any time before they go to work for the summer, it may be changed. Isn't that right, Mr. Downey?

Mr. Downey: Order No. 10 covers this.

Mr. Muchnick: I would like to move that Order No. 10 be eliminated from the salary schedule. I do that purely as a matter of policy.

Then I would like to ask if there is anything inconsistent between Orders Nos. 3 and 11. I do not think there is, but I want to make sure.

Mr. Downey: No.

Mr. Ward: The first thing you are voting on is the question of summer pay, is that right?

Chairman: He is striking out the order. That is his motion.

Secretary: Mr. Muchnick's motion is that Order No. 10 in the salary schedule be eliminated from the salary schedule.

Chairman: That would eliminate all summer pay. I am going to vote "No" on that at this time.

A roll call was ordered and the motion failed of passage by the following vote:

YEAS—Mr. Muchnick—1.

NAYS—Mrs. Dacey, Messrs. McDevitt, Ward and White—4.

The Secretary continued reading, as follows:

11. ORDERED, That effective as of September 1, 1950, no person holding a position included in the foregoing salary schedule who prior to holding such position held a lower position included in said schedule shall receive under the foregoing salary schedule a lower salary than the salary he or she would have received thereunder if he or she had continued to hold the lower position, and had also received increments attendant upon promotion, and ordinary annual increments received since promotion, provided that credit therefor has not been given in computing the salary in the lower position.

12. ORDERED, That any person holding a position included in the foregoing salary schedule and not covered by Order No. 11 shall as of September 1, 1950, be placed on that step of said salary schedule corresponding to his or her years of service in the specified position.

Mr. Downey: Mr. Chairman, may I say a word? There is an

item here on your agenda for additional compensation for summer service of Joseph A. Hennessey and John J. Quinn, Jr. That is for service already rendered. That is for last summer. Do you want to establish now an annual salary, which matter has been referred to us year after year? If so, now is the time to do it.

Mr. McDevitt: What do you recommend, Mr. Downey?

Mr. Downey: I am not making any recommendation except that they be paid for service they have rendered this year.

Chairman: That is all right.

Mr. Downey: I want you to know that now is the time to take care of next summer if you want to do it on an annual basis.

Mr. McDevitt: What does their summer salary amount to?

Chairman: You want to change their salary today?

Mr. Downey: Yes, if you want to, because this will be your last chance. You are the one who has been talking about giving them an annual salary.

Chairman: Not these two men. I had a little argument with you about it because you argued two different ways on one of them. We adjusted the salary on one basis. You got a salary adjustment on the basis of working summers before.

Chairman: The question comes on the acceptance of the salary schedule as read.

Mr. Muchnick: Mr. Chairman, I intend to vote "Yes," but I want it clearly understood that in voting "Yes" I do not approve of the system of paying the Director or the Assistant Directors of Physical Education.

I repeat that they should be on an annual basis regardless of what that figure might be, and to continue doing it this way is, in my opinion, completely a subterfuge and an attempt to hide the total salaries paid to each of them.

The Chairman stated that the question came on the adoption of the twelve orders establishing the general salary schedule for the year ending Aug. 31, 1951.

A roll call was ordered and the twelve orders were passed by the following vote:

YEAS — Mrs. Dacey, Messrs. McDevitt and Muchnick—3.

NAYS — Messrs. Ward and White—2.

In connection with his vote on the salary schedule, the Chairman stated that he was voting "No" for the reasons specified in his statement at the beginning of this meeting.

The Committee adjourned.

Attest:

AGNES E. REYNOLDS,
Secretary pro tempore.

VI. APPRECIATION.

The Fire Commissioner is pleased to publish the following letter received from the Salvation Army for the information of members of the department:

"October 9, 1950.

DEAR COMMISSIONER KELLEHER:

The Salvation Army owes to you and the men of the department a special expression of thanks and appreciation for the splendid gift to this year's appeal.

The department's contribution has totaled \$956.10 as against \$811.55 last year.

We are happy to serve the department with our fire and emergency truck, and we know from its driver, Harold Patterson, that the appreciation of the men makes his duty at the fires a most agreeable one to perform.

With gratitude for all that you and your department have done for us, I am

Sincerely yours,

W. A. NICOL,
Executive Director."

By order of Fire Commissioner
MICHAEL T. KELLEHER.

JOHN V. STAPLETON,
Acting Chief of Department.

feet radius, and twenty-eight and 86-100 feet; westerly by Brookline boundary line, forty-seven and 80-100 feet, and northerly by the northerly line of said Payson road as hereby laid out, seventy-six and 88-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Payson road, from Hackensack road to Brookline boundary line, will receive benefit of advantage beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

Voled, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Payson road, West Roxbury district, as a highway, from Hackensack road to Brookline boundary line, under the order of October 11, 1950, and awards no damages therefor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of North avenue, West Roxbury district, as a highway, between Centre street and Joyce Kilmer road, with the name of Northdale road or some other distinctive name, bounded and described as follows:

A highway named Northdale road is hereby laid out, between Centre street and Joyce Kilmer road, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Part between Centre street and Keystone street:

Easterly by Centre street, forty and 37-100 feet; southerly by the southerly line of said Northdale road as hereby laid out, by two measurements, five hundred fifty-four and 29-100 feet and seventy-six and 19-100 feet; westerly by Keystone street, forty-two and 20-100 feet, and northerly by the northerly line of said Northdale road as hereby laid out, by two measurements, ninety-one and 95-100 feet and five hundred fifty-one and 12-100 feet.

Part between Keystone street and Joyce Kilmer road:

Easterly by Keystone street, forty-two and 20-100 feet; southerly by the southerly line of said Northdale road as hereby laid out, two hundred two and 2-100 feet; westerly by Joyce Kilmer road, forty-one and 60-100 feet, and

northerly by the northerly line of said Northdale road as hereby laid out, one hundred ninety-nine and 98-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of said Northdale road (formerly North avenue), between Centre street and Joyce Kilmer road, as laid out under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN LATIN ROAD AND OUTLET IN PRIVATE LAND TO CHURCHILL ROAD AND LASELL STREET AND LYALL STREET, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Latin road and outlet in private land to Churchill road and Lasell street and Lyall street, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Latin Road and Outlet in Private Land to Churchill Road and Lasell Street and Lyall Street, West Roxbury," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, NOVEMBER 8, 1950, with a certified check for EIGHT HUNDRED (800) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

DEPARTMENT OF SCHOOL BUILDINGS.

TO ELECTRICAL CONTRACTORS.

INVITATION FOR PROPOSALS FOR INSTALLING EMERGENCY LIGHTING WITH GENERATOR IN EAST BOSTON HIGH SCHOOL, WHITE STREET, EAST BOSTON, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for installing emergency lighting with generator in the East Boston High School, White street, East Boston, Mass.

Proposals will be received until 12 o'clock noon, Thursday, November 9, 1950, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$300, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Plans and specifications may be obtained at the office of the Awarding Authority on or after October 30, 1950.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, November 6, 1950.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A deposit of a certified check in the sum of \$25, payable to the City of Boston, will be required in order to procure a complete set of plans and specifications. This deposit shall be returned, providing that all plans and specifications are returned in satisfactory condition within ten days after opening of bids.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful electrical contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

MAYOR JOHN B. HYNES PRAISES GOVERNOR PAUL A. DEVER FOR AID GIVEN BOSTON DURING ADMINISTRATION AND CALLS ON ALL FRIENDS AND CITIZENS TO RETURN HIM TO OFFICE ON ELECTION DAY—SPEAKS AT RIVERVIEW BALLROOM RALLY AND RECOUNTS THE MANY HUMANE ACTS PERFORMED TO RELIEVE CITIZENS OF HEAVY BURDENS TO TAXPAYERS AND MAKE BOSTON A FINER CITY IN WHICH TO LIVE—ASSURES ALL OF GOVERNOR'S GREAT QUALITIES AS OFFICIAL WITH VISION, COURAGE, AND HIGH CHARACTER—ASKS ALL WHO SUPPORTED HIM TO UNITE IN SUPPORT OF SINCERE, THOUGHTFUL FRIEND OF THE PEOPLE.

In his address in behalf of Governor Dever's candidacy at Neponset rally, Mayor John B. Hynes spoke as follows:

Mr. Chairman, Governor Dever, Democratic Nominees for State Office, and Fellow Citizens.

It is a pleasure for me, as Mayor of Boston, and as a resident of this section of our city, to be here tonight and advocate the retention in office of our present governor, Paul A. Dever.

About one year ago, at this same hall, I was tendered a reception similar to this enthusiastic reception. I left here that night, inspired, and confident of victory. Tonight, when Governor Dever leaves this hall, he, too, will have no doubt of a great victory on November 7th.

During his term as Governor of our Commonwealth, Paul Dever has been a friend to Boston and to the people of Boston.

Not only has he repeatedly reaffirmed his belief that a healthy, progressive, prosperous Boston is essential, if we are to have a healthy, progressive, and prosperous Commonwealth, but he has also done something about it.

Under his leadership, the City of Boston is in the process, with State aid, of expending approximately \$50,000,000 for housing for veterans. When completed, this program will enable about 4,500 men and women who fought for our country in time of need, to be housed in decent and comparatively inexpensive accommodations.

Under his leadership, Boston is receiving aid to the amount of \$300,000 for the construction of new schools.

Under his leadership, the worst traffic bottleneck in Boston, Sullivan square, is being eliminated at little or no cost to the city; and under his leadership, the traffic problem of Boston is being attacked in the right way by the expenditure of \$75,000,000 for arterial highways throughout the city.

Under his leadership, a new market site will be created in our city; a new chronic hospital will be erected on Morton street; and other long-talked of improvements are being made and will be made; improvements of lasting benefit to Boston and the entire Commonwealth.

Paul A. Dever has been a good governor, an able governor, a governor with vision, with understanding, with a will to do what must be done, and the courage to go forward and do it.

In two short years, his record of achievement is little less than remarkable. He has been a doer, not a dreamer. He has been a friend to the great mass of people in our Commonwealth, and certainly, a sincere, thoughtful friend to the people of Boston.

We hail him tonight, an outstanding, worthy leader of our people—our present and our next governor, Paul A. Dever.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

OIL TANKS AT ALBANY STREET GARAGE TO BE REPLACED.

(Continued from page 1109.)

the damaged tanks by a new one of larger capacity. The letter requesting approval of the plan reads as follows:

CITY OF BOSTON,
PUBLIC WORKS DEPARTMENT,
October 23, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

For several years, one of the 1,000-gallon gasoline tanks located under the sidewalk area in front of our central garage at 624 Albany street, has been out of service, due to the development of several major leaks in the tank. About ten days ago, the other tank presumably also developed a serious leak because evidences of gasoline were found in the adjacent cellar area of the garage and approximately 135 gallons of gasoline were unaccounted for.

In view of this, therefore, we feel reasonably certain that this second tank is also in a leaky condition and should be replaced immediately because the loss of both of these tanks seriously interferes with the operation of the department-owned vehicles which normally obtain gasoline in the central garage. The tanks are over twenty-five years old and unquestionably should be replaced.

We are in receipt of a proposal from Beacon Piping Company of 205 Freeport street, Dorchester, stating that they will, for the lump sum of \$1,092, excavate and remove the two existing 1,000-gallon tanks and replace them with one new 2,000-gallon tank and do all incidental work, including backfilling with gravel and connecting the tank to the present pump and also installing a second pump so as to permit both pumps to be operated simultaneously or alternately. Their proposal also included the furnishing of all necessary electrical work, concrete removal, and replacement, etc.

I do not feel that we should publicly advertise for proposals because we would lose from three to four weeks time, which is an important consideration, and aside from this point, the work is so specialized that I feel that we should award the contract to a contractor such as the above-referenced Beacon Piping Company, who unquestionably are expert in this field. The price submitted by this contractor seems to be very reasonable and I question if we would obtain any lower price if we publicly advertised for proposals.

I respectfully request, therefore, your authority to award a contract, without publicly advertising for proposals, for reasons as described hereinbefore, to the Beacon Piping Company of 205 Freeport street, Dorchester, in the amount of \$1,092, for removing the two existing 1,000-gallon tanks located at the central garage of the department at 624 Albany street, and replacing them with one 2,000-gallon gasoline tank, including all incidental work, to provide for a complete and proper functioning installation.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

MOTOR PATROL TO PROTECT PUBLIC WORKS YARDS.

(Continued from page 1109.)

Public Works Commissioner. It is planned to institute a motor patrol service for the city yards to take the place of some 85 watchmen now servicing the city's 20 yards for the protection and safeguarding of property. The change will go into effect, it is planned, on November 8.

Cost of the present system of guarding millions of dollars worth of Public Works Department equipment for 1950 is \$230,256. If the new arrangement proves satisfactory, the budget for this watchman service next year will be cut to \$130,000.

Covering the 20 city yards now are 85 watchmen. They will be replaced by a force of one supervisor, four chiefs, one clerk, and 34 guards.

Motorized patrols will visit each yard every hour or hour and a half at irregular intervals and punch watchman clocks located at strategic locations within the different yards.

Men for the new service will be recruited from the present force of watchmen, and nobody now on the payroll will be discharged.

Those not absorbed by the new system will be given their rates under civil service as laborers and put to work in other divisions of the Public Works Department.

This move by Mr. Hyland and Mayor Hynes is expected to meet with the full approval of the Boston Finance Commission.

Another move made recently by Mr. Hyland is expected to bring more than \$30,000 a year revenue into the department. He has received bids for the purchase of city garbage by hog farmers.

The changeover is solely on the basis of economy and efficiency.

CITY TO TEST WATER FOR SAFETY AND POSSIBLE IMPURITIES.

For the purpose of determining the adequacy of the supply of water in the city's distribution system for fire protection and for domestic use, arrangements have been made by the Public Works Department and the National Board of Fire Underwriters to undertake a check-up in all sections of the city, Public Works Commissioner George G. Hyland has announced.

The tests will be made within the next two weeks and the commissioner states that, as a result, there may be discoloration or a rusty appearance in the water. This condition, Commissioner Hyland explains, will be caused by the reversal of the flow in some of the mains during the time the tests are in progress and while, for short periods, there may be some inconvenience, he assures all water users that this condition will be only of a temporary nature and that every effort will be made to carry on the tests with the least possible inconvenience to the people in Boston.

According to the present plans, the series of tests will begin in East Boston; from there they will extend into Charlestown, into downtown Boston and then to the remaining sections of the city.

One Model ASL-500T Frigidaire, or Equal, 5 H. P., 3-Phase, Self-Contained Air-Conditioning Unit, Complete Assembly, Including Condensing Unit, Cooling Coil Filters, Air Circulating Fans and Thermostat (Set Up Where Requested in Operating Suite.—Commercial Refrigeration Company, \$2,557.00*; Bay State York Company, \$2,686; Jarvis Engineering Company, \$1,493.

Cash Discount.—Commercial Refrigeration Company, 1 per cent, 10 days; Bay State York Company, net, cash; Jarvis Engineering Company, one-half of 1 per cent, 10 days.

Delivery.—Bay State York Company, within seven days from receipt of order; Jarvis Engineering Company, 30 days.

* Contract awarded.

Upon October 23 the Mayor approved a contract with the Boston Ice Company, Division of American Ice Company, for furnishing kerosene to the various city departments from November 1 to December 31, 1950, with the privilege of extending any contract to October 31, 1951. Approximate total amount of contract was \$3,840; net.

There was but one bidder as follows:

Approximately 30,000 Gallons, More or Less, of Commercial Kerosene, Per Gallon.—The Boston Ice Company, Division of American Ice Company, tank car price on date of delivery (New York Journal of Commerce) plus 2.5 cents per gallon; today's posted tank car price is 10.3 cents.

SUFFOLK COUNTY.

COURT HOUSE COMMISSION.

Upon October 23 the Mayor approved a contract with the Boston Desk Company for furnishing 21 steel desks and

21 steel chairs for the Registry of Deeds. The following bids were received:

Paul D. Osborne Desk Company, \$2,463.40; Macey-Morris Company, \$2,326.80; Calley Henderson & Stewart, \$2,315.50; S. M. Levin Company, \$2,150; Business Equipment Corporation, \$2,139.69; Boston Desk Company, \$2,024.90.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor has approved contracts with firms, commercial houses, and contractors for furnishing labor, supplies, etc. Communications from the heads of the various departments were as follows:

OVERSEERS OF PUBLIC WELFARE.

Boston, October 19, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Your approval is requested to the awarding of a contract, without advertising, to the International Business Machines Corporation, 573 Boylston street, Boston, Mass., for the lease of the following equipment:

Printing Punch, No. 12660, \$50 per month.

Printing Punch, No. 19099, \$50 per month.

Horizontal Sorter, No. 19010, \$40 per month.

Horizontal Sorter, No. 19913, \$40 per month.

Electric Accounting Machine, No. 11141, \$85 per month.

Bill Feed, No. 10114, \$20 per month.

Alphabetical Electric Accounting Machine, No. 21164, \$350 per month.

Bill Feed, No. 10627, \$20 per month.

Alphabetical Electric Accounting Machine, No. 12306, \$255 per month.

Bill Feed, No. 10556, \$20 per month.

Automatic Reproducer, No. 12062, \$90 per month.

Check Writing Interpreter, No. 10279, \$60 per month.

Automatic Carriage, No. 19136, \$20 per month.

Multiplying Punch, No. 11267, \$156 per month.

The total cost for the year 1950 will not exceed \$15,660.

This equipment can be obtained only from the International Business Machines Corporation. No advantage would be gained by a public advertisement for bids.

Respectfully,

HENRY E. FOLEY,
Chairman.

PUBLIC WORKS DEPARTMENT.

Boston, October 23, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your authorization is respectfully requested for negotiating a contract, without advertising for bids, with A. Orlando, Inc., for making additional repairs to the roadway and pile bents of Warren Bridge, beyond those called for in the existing contract with the same contractor; the new work to be paid for on the basis of the same unit prices as contained in the present contract, at a total estimated cost not to exceed nine thousand dollars (\$9,000).

The present contract, for which bids were received on August 30, 1950, was

awarded to A. Orlando, Inc., the lowest bidder, and approved on September 12, 1950, and the work called for therein is now practically completed.

It is necessary at this time to make further repairs to certain areas of the roadway underdeck because of defective conditions which did not exist at the time the present contract was drawn up. Furthermore, it is important that these additional repairs be completed as soon as possible, to expedite the resurfacing of the bridge with bituminous concrete as provided for under a separate contract recently awarded to Warren Brothers Roads Company, which work should be done before the cold weather sets in.

Therefore, I feel it would be to the best interests of the city to contract for these repairs at the same unit prices without advertising, thereby gaining valuable time and avoiding a possible increase in cost because of higher current prices for lumber, etc.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, October 4, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition for water meters, not included in present contract, as manufactured by the Hersey Manufacturing Company.

Inasmuch as the Hersey Manufacturing Company has the present contract for water meters and is the manufacturer of those presently considered most suitable for use by the City of Boston, it is my opinion that no advantage could be gained from a public advertisement for bids.

Permission is therefore respectfully requested to award a contract, without public advertisement, to the Hersey Manufacturing Company, South Boston, for the following:

Two only, 6-inch compound meters at \$936 each.

Two only, 6-inch detector meters at \$960 each.

Two only, 4-inch detector meters at \$480 each.

Total amount of contract will be \$4,752, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, October 5, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of requisitions from the Penal Institutions Department for shoe machines to be used at the Suffolk County House of Correction, Industries Department, Deer Island, Boston.

Some of these machines are to replace similar machines that were destroyed by fire in October, 1949. The United Shoe Machinery Corporation, 139 Central avenue, Lynn, Mass., manufactures the machines requested and has submitted a written quotation of prices.

It is therefore requested that I be granted authority to award a contract,

without public advertisement, to the United Shoe Machinery Corporation. Their quotations are based on current prices and are subject to prices prevailing at time of shipment.

Approximate total amount of contract is \$9,454.31, net, f.o.b. Beverly, Mass.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, October 13, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under the provisions of the permission granted by your Honor on February 2, 1950, to purchase clothing for the Child Welfare Division, without publicly advertising, authorization is requested at this time to award contracts to the following companies for the period of time from October 15 to December 31, 1950:

Princess Togs, 19 West 21st street, New York, N. Y.

Nolan Glove Company, 425 Fourth avenue, New York, N. Y.

Marshall Sportswear, Inc., 30 Shrewsbury street, Worcester.

Famous Infants Knitwear, 1350 Broadway, New York, N. Y.

Ace Sportswear Company, 75 Kneeland street, Boston.

Bradbury Trading Company, 77 Bedford street, Boston.

William Carter Company, Needham Heights, Mass.

Derby Sportswear, 1330 Broadway, New York, N. Y.

M. Hamilt Company, 75 Kneeland street, Boston.

LeRoi Hosiery, 115 Chauncy street, Boston.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, October 18, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of several requisitions from the Fire Department for gas masks, replacement parts, and canisters.

Several companies were contacted to submit bids and those that responded submitted identical prices. It is therefore requested that I be granted authority to award a contract, without public advertisement, to American LaFrance Foamite Corporation.

Total amount of contract will be \$4,812, less 2 per cent cash discount for payment within 30 days.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, October 18, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

During the past several years, the city has required traffic signal equipment from the Eagle Signal Corporation. This equipment was purchased by this department as a result of competitive bidding.

To maintain efficient and economical maintenance, it is the desire of the Traf-

fic Commission to continue standardizing on one type of traffic signal equipment. The value of being able to interchange cabinets and parts, when they require repairs from accidents and wear, is obvious and the experience of the department years ago proved it was more expensive when necessary to keep a large inventory of various housings and parts of different manufacturers.

In the interest of promoting continued efficiency and economy in the maintenance and operation of signal equipment, it is respectfully requested that permission be granted me to dispense with public advertising, because no savings or advantage would be gained by publicly advertising, and to award a contract for signal equipment, as requisitioned by the Traffic Commission, to the Eagle Signal Corporation for approximately \$54,802.80, net.

Delivery will be made as soon as possible, but no later than March 31, 1951.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, October 19, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Park Department for 5,000 dozen Hoodsie cups for the annual Halloween celebration.

In past years, the H. P. Hood & Sons was the only company that rendered satisfactory service regarding deliveries of the ice cream. Inasmuch as this is the most important factor to be considered it is respectfully requested that public advertisement be dispensed with at this time and a contract be awarded, without public advertisement, to H. P. Hood & Sons at a price of 50 cents per dozen Hoodsie cups.

Total amount of contract will be \$2,500, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

BOSTON, October 23, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Fire Department for one (1) 1950-51 Cadillac sedan, Model 62, to be delivered as soon as possible.

Because of present world conditions, the production of Cadillac automobiles has been greatly reduced thus making deliveries most uncertain. The Brodigan Motors, Inc., has one Cadillac automobile, as requested, available for immediate delivery.

Inasmuch as the Fire Department has asked for delivery, as soon as possible, it is my opinion that public advertisement should be dispensed with at this time and a contract be awarded, without public advertisement, to Brodigan Motors, Inc.

Total amount of contract will be \$3,533.18, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, October 24, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital is in urgent need of various items of cotton goods which would usually be purchased from the Department of Correction.

This department has been notified by the Department of Correction that it cannot fill many of the requisitions on hand and is issuing releases to purchase the materials from other sources.

Publicly advertised bids for these items will be opened on November 10, 1950. It is requested that permission be granted me to dispense with public advertisement on items needed immediately by the Boston City Hospital and to purchase them in the open market until such time as advertisement can be made and contracts issued. The quantities will not be in excess of the following amounts:

Twenty dozen children's bedgowns; 75 dozen adults' bedgowns; 30 dozen surgeons' long sleeved gowns; 20 dozen surgeons' short sleeved gowns; 100 dozen pillowcases; 20 sets bed restraints.

Contracts will be issued where necessary.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

John F. Shea Company, Inc., has been directed to perform the following extra work under the contract for repairs to the Fairmount Avenue Bridge, over the New York, New Haven & Hartford Railroad, dated July 25, 1950.

Items ordered: Clean rust from approximately 500 linear feet of wire mesh fence, including posts, on the approaches of Fairmount Avenue Bridge, spot area so cleaned with red lead and give entire fence and posts one coat of aluminum paint, all as directed. Estimated cost of extra work \$400.

Marinucci Brothers & Co., Inc., have been directed to perform the following extra work under the contract for deepening Fens Pond at gate houses, Roxbury, dated June 15, 1950.

Items ordered: Furnish and erect about 125 linear feet of 5-foot chain link fence near Stony Brook gate house at Fens Pond, as shown on sketch. Fence post shall be 2½-inch diameter galvanized steel pipe, about 10 feet on centers set in concrete. Wire meshes shall be No. 6 gauge galvanized woven mesh. The work shall be paid for at an agreed price of \$5.40 per foot of fence complete in place. This work is necessary on account of the deepening of river near shore which is now dangerous to pedestrians. Estimated cost of extra work \$675.

Baker & Co., Inc., have been directed to perform the following extra work under the contract for sheet asphalt pavement in Garfield avenue and Washington street, dated December 19, 1949.

Items ordered: In Washington street, reset 200 linear feet of existing edgestone and reset 90 linear feet of new edgestone because of change in grade at \$1

per linear foot. In Washington street, remove 48 square yards of bituminous concrete pavement at 50 cents per square yard. Estimated cost of extra work \$314.

Hancock Construction Company, Inc., has been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Armstrong street, Gay Head street, Smith street, Terrace street, and Wise street, dated October 4, 1949.

Items ordered: In Gay Head street, furnish and lay approximately 82 square yards of bituminous concrete sidewalks, including preparing site, price to be paid, the sum of \$2 per square yard, \$164. In Terrace street, furnish and lay approximately 318 square yards of bituminous concrete sidewalks, including preparing site, price to be paid, the sum of \$2 per square yard, \$636. Estimated cost of extra work \$800.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with Modern Engineering Company, Inc., from September 15, 1950, to November 30, 1950. This extension was requested because of a shortage of material and slow shipment.

Approval has been given for the extension of the time of completion of the contract with Argus Electric Service Company for installing new A.C. service at Brandeis Vocational High School, from September 30, 1950, to November 30, 1950. This extension was requested because of a delay in obtaining main entrance and transformer switch due to a strike.

Approval has been given for the extension of the time of completion of the contract with John F. Shea Company, Inc., for roofing and other work at the Grover Cleveland School, from September 20, 1950, to November 30, 1950. This extension was requested because of difficulty in securing material required for this work, especially the heavy galvanized sheets.

Approval has been given for the extension of the time of completion of the contract with J. W. Praught Company for installing new feedwater heater at the Boston Trade High School, from September 15, 1950, to November 15, 1950. This extension was requested because of a delay in delivery of new feedwater heater.

FIRE DEPARTMENT.

Approval has been given to grant an extension of time until November 10 to J. A. Singarella Company for the performance of a contract for the erection of a new fire station, Engine 56, in the East Boston district. This extension was requested due to the fact that the contractor was unable to obtain metal toilet partitions and that subcontractors have been slow in completing certain odd job items.

HOSPITAL DEPARTMENT (Sanatorium Division).

It is agreed that the word and figures "August 1, 1950," appearing in the contract between the City of Boston and the McDonald Company, dated May 1, 1950, be stricken out, and the word and figures "September 5, 1950," be substituted in their place, for furnishing and erecting cafeteria and dishwashing equipment in Ward I at the Boston Sanatorium.

PARK DEPARTMENT.

P. J. Dinn & Co. have been granted an extension of time until November 15, 1950, for the completion of the contract for erecting wire fences and fence repairs at the animal ranges, Franklin Park Zoo.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with A. Singarella & Son, 22A Tremlett street, Dorchester, for bituminous concrete pavement in Bynner, Catawba, Cheney, Hutchings, and Laurel streets, from October 1, 1950, to November 15, 1950. This extension was requested for the reason that the progress of the jobs was delayed by late delivery of ready-mixed concrete.

ADDITIONS TO CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

John F. Shea Company, Inc., has been ordered to make the following additions to the contract for the Grover Cleveland School:

Cut back the bars on eight ventilating hoods to sound metal. Then furnish and install new T-bar extensions of sufficient length to bring the edges of the hoods to approximately the same positions as now obtained. The extensions are to be securely fastened to the existing bars after they have been cut back. Then proceed with the work on these hoods as specified by existing contract. On the small roof over the entrance on the driveway side, furnish and secure in place new 16-ounce copper roofing to be installed with standing seams. The copper is to be fastened to the limestone of the entrance roof with lead shields and brass bolts and is to be fastened into a reglet cut into the brick work above the entrance roof. Clean and paint the galvanized wall cap on the lower roof at the rear of the building. All loose paint and rust is to be removed by wire brushing. The exposed metal is to be spot painted with red lead and the entire wall cap is to receive one coat of lead and oil paint. For the extra work not called for in contract, add \$850, making the account as follows: Contract price, \$3,746; total additions, \$850; amount of contract, \$4,596.

CHANGES IN CONTRACTS.

BOSTON HOUSING AUTHORITY.

M. S. Kelliher Company has been ordered to make the following changes in the contract for the 36-house development, River street, Mattapan, for the general construction of veterans' houses at River street:

10,630 cubic yards of fill at \$2 per cubic yard.

An equitable adjustment of the contract price and the contract time is established as follows:

The contract price is increased \$21,300. The contract time is not changed.

HOSPITAL DEPARTMENT.

M. Solimando has been ordered to make the following changes in the contract for additions and alterations to

Dowling Building, Boston City Hospital, dated August 7, as follows, in connection with rock excavation, and removal of old concrete caissons and wood piles:

Open rock excavation, 334.02 cubic yards at \$14.85, \$4,960.20; trench rock excavation, 89.8 cubic yards at \$23.65, \$2,123.77; removal of old caissons, 5.8 cubic yards at \$40, \$232; removal of wood piles, 169 cubic yards at \$10, \$1,690—\$9,005.97.

Deduction on Excavation: 429.62 cubic yards of earth excavation at \$1.10, \$472.58; net amount of extra work, \$8,533.39.

Deduction—Allowances Carried in Contract: rock excavation, \$2,500; additional caisson construction, \$7,000—\$9,500.

Addition: Extra work as noted above, \$8,533.39; net deduction from contract, \$966.61.

Summary of Contract: Original contract, \$358,472; deduct, change order No. 1, \$966.61; total amount of contract to date, \$357,505.39.

The Mayor has approved the request of the Public Works Department for the following construction work:

Sixty linear feet of 10-inch pipe sanitary sewer, 55 linear feet of 10-inch pipe surface drain, 70 linear feet of 10-inch pipe catch-basin drain, and three catch basins in Cowing street, between Searle road and Partridge street, in the West Roxbury district, at an estimated cost of \$2,260.

One hundred thirty-five linear feet of 10-inch pipe sanitary sewer, 138 feet of 10-inch pipe surface drain, and one catch basin in Centola street, between Leo M. Birmingham Parkway and end of street, in the Brighton district, at an estimated cost of \$2,000.

Two hundred and twenty linear feet of 10-inch pipe surface drain and two catch basins in Havey street, between Durnell avenue and 220 feet southwest, in the West Roxbury district, at an estimated cost of \$2,500.

ORDER FOR SEWERAGE WORKS REVOKED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Whereas, An order of the Board of Street Commissioners, approved by the Mayor on November 28, 1949, and recorded in the Suffolk Registry of Deeds December 1, 1949, in Book 6565, page 362, provided for the construction of the following sewerage works in Cricket Lane, West Roxbury district: 1,248 linear feet of 10-inch pipe sanitary sewer and 1,248 linear feet of 10-inch pipe surface drain; and

Whereas, The Commissioner of Public Works has informed this Board that 824.92 linear feet of sanitary sewer and 792.11 linear feet of surface drain was constructed and it is unnecessary to construct the remaining portion of the sewerage works ordered; it is

Voted, That said part of said order ordering the construction of the unbuilt sewerage works be revoked, and that the assessment liens created by said order on the following assessment lots, be cancelled.

Lot.

1. Joan R. and Edmund B. Roche and James H. Dixon.
2. Joan R. and Edmund B. Roche and James H. Dixon.
3. Joan R. and Edmund B. Roche and James H. Dixon.
20. Joan R. and Edmund B. Roche and James H. Dixon.
21. Joan R. and Edmund B. Roche and James H. Dixon.

NO DAMAGES AWARDED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement, consisting of the discontinuance of a part of the highway named Harvard square, Charlestown district, under the order of the Board of October 3, 1950, and awards no damages therefor.

CIVIL SERVICE EXAMINATION.

SUPERVISOR OF ATTENDANCE, BOSTON SCHOOL DEPARTMENT, DECEMBER 9, 1950.

Salary: The minimum salary is \$3,040 a year; the maximum salary is \$4,208 a year.

Vacancies: At present there are 3 vacancies, to be filled on a permanent basis.

Duties: As defined in chapter 77, section 13, General Laws, supervisors of attendance shall inquire into all cases arising under sections 1, 2, 4 to 11, inclusive, and 15 of chapter 76, sections 3, 4, 5 and 8 of chapter 77, and sections 90, 92, 93 and 95 of chapter 149, and may make complaints and serve legal processes issued under chapter 77. They shall, if the court so orders, have oversight of children placed on probation under section 7, of children suffering want to whom sections 49 to 51, inclusive, of chapter 119 apply, of minors licensed by the school committee under section 19 of chapter 101, and of children admitted to or attending shows or entertainments contrary to section 197 of chapter 140. They may

apprehend and take to school without a warrant any truant or absentee found wandering in the street or public places.

A knowledge of the laws pertaining to this position is required.

Entrance Requirements: In accordance with Civil Service Rule 6, applicants shall be not less than 30 years of age nor more than 45 years of age at the time of filing application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Veterans who had not reached the maximum age limit at the time of entering military or naval service will not be disqualified by reason of age, within 5 years after the date of honorable discharge. (See chapter 179, Acts of 1950.)

Under the provisions of section 12 of chapter 77 of the Massachusetts General Laws, as amended by section 5 of chapter 573 of the Acts of 1948, applicants must meet the following standards for appointment as established by the State Department of Education.

1. The candidate must present certified evidence of two years of satisfactory full-time paid employment: (a) as classroom teacher in a public or private school, the curriculum of which meets the requirements set forth in sections 1 and 2 of chapter 71 of the General Laws (in the case of an elementary school) and of sections 2 and 4 of chapter 71 (in the case of high school); or (b) as a supervisor or director of guidance in a recognized public or private agency; or (c) in a professional capacity in a recognized public or private health, welfare, or law enforcement agency whose duties include the making of investigations of home conditions and problems of family members in such homes; or (d) as a social worker in a recognized public or private social or welfare agency; or (e) as a public parole, police, or probation officer whose duties have included special assignments to juvenile problems. *Substitution:* Successful completion of one year* of graduate education (beyond the Bachelor degree) from a recognized college or university in the field of education, guidance, welfare, or social work will be accepted as a substitute for one of the two years of employment required above. * (One year of education is equal to 30 semester hours' credit or the equivalent in term-hours, quarter hours, points, major, or courses.)

2. A knowledge of the laws pertaining to the position of supervisor of attendance under chapters 72, 76, 77, 101, 119, 140, and 149 of the General Laws Relating to Education, and a knowledge of the provisions of chapter 310 of the Acts of 1948, "An Act Relating to the Care and Protection of Wayward and Delinquent Children and Juvenile Offenders, etc."

Prior to the determination of the results of the written examination, applicants must furnish to the Division of Civil Service the certificate of the Department of Education that they meet the standards prescribed in paragraph 1. The written examination will determine compliance with the standards set forth in paragraph 2.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

PROCEEDINGS OF CITY COUNCIL.

Monday, October 23, 1950.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President HURLEY in the chair. Absent, Councilor Yerxa.

The meeting was opened with the salute to the flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.:

Weighers of Coal, for term ending April 30, 1951; Edmund A. Hancock, 146 Park Avenue Extension, Arlington, Mass.; David J. O'Connor, 25 Johnson street, Lynn, Mass.

Referred to Committee on Confirmations.

SEWER YARD IN CHARLESTOWN.

The following was received:

City of Boston,
Office of the Mayor, October 16, 1950.

To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of September 25, 1950, concerning the possibility of re-establishing the Sewer Yard in Charlestown, Ward 2.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
October 6, 1950.

Thomas G. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

In reference to City Council order of September 25, 1950, requesting possibility of re-establishing the Sewer Yard in Charlestown, kindly be informed that at present sewer complaints in Charlestown are answered by either the East Boston or the Albany Street yard, and that catch basin cleaning work is done by both yards, also by advertised contract. In the opinion of the Sewer Division this service is satisfactory.

In consideration of the above circumstances I do not believe that it is advisable to re-establish the Sewer Yard in Charlestown, which, when it did exist, consisted of two men directed by the paving foreman.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

WARREN STREET REPAIRS.

The following was received:

City of Boston,
Office of the Mayor, October 16, 1950.

To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of October 2, 1950, concerning the immediate repairing and resurfacing of the holes and broken surfaces on Warren street, from Grove Hall to Dudley street, Ward 12.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
October 9, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of October 2:

"Ordered, That the Public Works Commissioner, through his Honor the Mayor, be requested to immediately repair and resurface the holes and broken surfaces on Warren street, from Grove Hall to Dudley street, Ward 12."

I am sorry to report that the passing of the above order was justified, in view of the conditions that did exist on Warren street. I noted them several days before the order was passed and contacted the contractor and requested him to take steps to cold patch all areas opened by him and to adjust manhole covers and other castings in connection with the proposed resurfacing of Warren street.

The patching work has been done and the resurfacing work will proceed immediately. I trust that the entire work provided under the contract will now be completed with as little inconvenience as possible to the residents and motorists of the area affected.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

REPAIR OF CERTAIN SIDEWALKS.

The following was received:

City of Boston,
Office of the Mayor, October 16, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of October 2, 1950, concerning the restoration of cement and granolithic sidewalks where the Finance Commission made tests in their recent investigation as residents of my district have sustained serious personal injuries because of this condition and have filed claims against the city.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
October 9, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of October 2:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor to restore cement and granolithic sidewalks where the Finance Commission made tests in their recent investigation as residents of my district have sustained serious personal injuries because of this condition and have filed claims against the city."

All openings made in granolithic sidewalks during the current year were immediately patched by department forces, with the exception of openings made in a period of three or four days when the department was unable to obtain bituminous patching material. I believe that the latter-referenced condition occurred while the tests were being made on granolithic sidewalks in the Dorchester area. However, all such openings were patched as soon as the bituminous material became available, and, as stated, all openings made in sidewalk areas and also on roadway areas have been patched by department forces.

I shall, in view of the above-referenced order, issue instructions to our general foreman to make an immediate survey of all areas in which openings were made, in order to make certain that they are in a safe condition at this time.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

SIDEWALKS ON BREWSTER AND EAST SEVENTH STREETS.

The following was received:

City of Boston,
Office of the Mayor, October 23, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of October 9, 1950, concerning the installation of granolithic sidewalks on Brewster street and the entire length of East Seventh street in Ward 7.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
October 13, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Sir:

This is in reference to the following order that was passed in the City Council under date of October 9:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor to install granolithic sidewalks on Brewster street and the entire length of East Seventh street in Ward 7."

We are very pleased to cooperate with our new City Council in connection with the above-referenced matter, and I assure you, therefore, that every reasonable effort will be made to install new sidewalks, as soon as possible, on Brewster street, and on the section of East Seventh street located in Ward 7.

Arrangements have been made to advertise for bids to do this work, and I feel reasonably certain that—weather conditions permitting—the new sidewalks will be installed this fall.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

SIDEWALKS ON H STREET, WARD 6.

The following was received:

City of Boston,
Office of the Mayor, October 23, 1950.
To the City Council.
Gentlemen:

I transmit herewith communication from the Public Works Commissioner relative to your order of October 9, 1950, concerning the con-

struction of granolithic sidewalks on both sides of H street, from East Sixth to East First streets, Ward 6.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
October 18, 1950.

Thomas G. J. Shannon,
Chief Clerk, Mayor's Office.

Dear Mr. Shannon:

This is in reference to the following order that was passed in the City Council under date of October 9:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to construct granolithic sidewalks on both sides of H street, from East Sixth to East First streets, Ward 6."

We shall be unable to give favorable consideration to the above-referenced order at this time, because the appropriation for sidewalk construction and reconstruction work for the current year has been entirely expended.

You may be assured, however, that we shall give consideration to including the above-referenced project in next year's sidewalk construction program.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

BOUNDARIES OF HEALTH DISTRICT COVERED BY CURTIS HALL CLINICS.

The following was received:

City of Boston,

Office of the Mayor, October 16, 1950.

To the City Council.

Gentlemen:

I transmit herewith communication from the Health Commissioner relative to your order of September 11, 1950, concerning the redrawing of the boundaries of the health district covered by the clinics in Curtis Hall.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Health Department, October 10, 1950.

Mr. Thomas G. J. Shannon,

Chief Clerk, Mayor's Office.

Dear Sir:

This will acknowledge receipt of your memorandum of September 13, enclosing City Council order of September 11, requesting the redrawing of the boundaries of the health district covered by the clinics in Curtis Hall so as to include sections of Roxbury which are not conveniently located in the Whittier Street Health Unit district.

At present, a new dental clinic is being established at Curtis Hall in Jamaica Plain for the care of children in that area. It is anticipated that this new clinic will have been completed by the Department of Public Buildings approximately on November first. It is then planned to redistrict that section of the city which will insure greater efficiency in caring for the children in that locality. Consideration will be given to transportation facilities along main traffic thoroughfares in the redistricting.

Please be assured that when the facilities of Curtis Hall are enlarged, the best interests of the residents of the vicinity will be given consideration.

Yours respectfully,

JOHN H. CAULEY, M. D.,
Health Commissioner.

ATTENDANT ON HEALTH DEPARTMENT AMBULANCE.

The following was received:

City of Boston,

Office of the Mayor, October 23, 1950.

To the City Council.

Gentlemen:

I transmit herewith communication from the Health Commissioner relative to your order of October 9, 1950, concerning the assigning an attendant to the Health Department ambulance to assist the driver in carrying the stretcher when making his calls in emergency cases requiring hospital treatment.

Respectfully,

J. B. HYNES, Mayor.

City of Boston,

Health Department, October 19, 1950.

Mr. Thomas G. J. Shannon,

Chief Clerk, Mayor's Office.

Dear Sir:

This will acknowledge your communication of October 11, attached to order from the City Council pertaining to assignment of an attendant to

assist the driver of the Health Department ambulance in carrying the stretcher when making calls in emergency cases requiring hospital treatment.

This department maintains ambulance service for stretcher cases. Whenever such a case is transported by the Health Department ambulance, a female nurse is assigned to the ambulance to accompany the driver, whether from a home to a hospital, or from one hospital to another. Arrangements have been made for the ambulance driver to receive assistance at hospitals where patients are customarily taken or are received. In cases where it has been determined that assistance may not be received routinely, an assistant to the driver is provided and it is planned to continue this practice.

Yours respectfully,
JOHN H. CAULEY, M.D.,
Health Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 60.

I. 1951 GREATER BOSTON COMMUNITY FUND.

His Honor Mayor John B. Hynes, through the City Employees Group Chairman, has made an appeal to all city employees to participate in the 1951 Red Feather Campaign of the United Community Services of Metropolitan Boston in order that funds can be raised to aid many worthy agencies, such as hospitals, health services, social agencies, and other organizations conducted for the common welfare.

A quota of \$3,000 has been assigned to the Fire Department and in order to

obtain this amount the following schedule of donations is printed:

Privates, \$1.50; lieutenants, \$2; captains, \$3; district chiefs, \$4; deputy chiefs, \$5.

Civilian employees of the department receiving salaries equal to those above are asked to give according to the schedule. Persons receiving less than \$2,800 per year are asked to make a contribution of at least \$1.

The attainment of our goal of \$3,000 will be good for the department and the community in general. However, it is expressly understood that this is a voluntary effort.

Pledge cards are being distributed to the department today. Company commanders and heads of branch divisions are requested to personally interview each member of their commands, including employees on injured leave, and ask them to make a contribution. All pledge cards are to be made out and returned to Headquarters on or before November 15, 1950. However, completed cards with initial donations should be sent to Headquarters as soon as possible before November 15, and company commanders should not hold a number of completed cards while awaiting the receipt of one or two others. Company commanders shall fill in the stub and pledge cards as required and return the card to member donating money or pledging a contribution.

Also issued with this order are white report and currency envelopes, also sheets of carbon paper. Company commanders are requested to fill out the front of the report envelopes in triplicate and pull the two white copies out over the flap of the envelope before the envelope is sealed. Carbon sheets should be used so that all three copies can be made at once. List the names of members, the total amount subscribed by each member and the amount paid at the time of the pledge. Cash donations and pledge cards should be placed in the solicitor's white envelope, the envelope sealed as directed above and forwarded to Headquarters as soon as possible.

Envelopes containing pledge cards and currency will be received at Headquarters by Miss Margaret W. Plunkett on or before November 15, 1950. Delivery of envelopes can be made on any weekday, except Saturday, and must be made between the hours of 9 and 11 A.M.

No deductions will be made on department payrolls in this campaign as pledge cards appear to indicate.

II. CONGRATULATIONS.

The Fire Commissioner, officers and members of the Fire Department wish to extend their congratulations and best wishes to the Fire Department chaplain, Very Reverend Henry J. O'Connell, on his recent elevation to the Monsignori.

The members of the department are pleased to learn that Monsignor O'Connell will continue as department chaplain.

III. INSTALLATION OF NEW FIRE ALARM BOX.

The following fire alarm box will be installed in the near future:

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of September 30, 1948, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Acacia road, formerly Acadia road, be, and the same hereby is, amended, by adding to said order the amount \$200 as an award to Henry F. Meyer and Elizabeth A. Meyer, husband and wife as tenants by the entirety; that the amount \$200 be, and the same hereby is, awarded to Henry F. Meyer and Elizabeth A. Meyer, husband and wife as tenants by the entirety, for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of May 9, 1949, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Worley street, be, and the same hereby is, amended, by adding to said order the amount \$192 as an award to Joseph Sadow and Bella Sadow, husband and wife as tenants by the entirety; that the amount \$192 be, and the same hereby is, awarded to Joseph Sadow and Bella Sadow, husband and wife as tenants by the entirety, for the damages so sustained.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of an extension of Hackensack road, West Roxbury district, as a highway, from Leland road, 244 feet easterly, bounded and described as follows:

An extension of the highway named Hackensack road is hereby laid out, from Leland road, approximately 244 feet easterly, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Leland road, by three measurements, seventeen and 16-100 feet, fifty and 4-100 feet, and forty-one and 83-100 feet; northerly by the northerly line of said extension of said Hackensack road as hereby laid out, by three measurements, sixty-one and 11-100 feet on a curve of thirty and 71-100 feet radius, forty-three and 66-100 feet, and one hundred forty-six and 43-100 feet; easterly by the easterly line of said extension of said Hackensack road as hereby laid out, forty-five and 61-100 feet, on a curve of thirty feet radius; again northerly by the northerly line of said extension of said Hackensack road as hereby laid out, fifteen and 26-100 feet; again easterly by the easterly line of said extension of said Hackensack road as hereby laid out, forty feet; southerly by the southerly line of said extension of said Hackensack road as hereby laid out, by three measurements, one hundred sixty-nine and 19-100 feet on a curve of three hundred twenty-one and 53-100 feet radius, fifty-two and 56-100 feet, and thirty-eight and 31-100 feet on a curve of twenty-nine and 62-100 feet radius.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of said Hackensack road, as laid out under this order, from Leland road, approximately 244 feet easterly, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof of being shown on the plan hereinbefore referred to and on file in the office of this department.

ERECTING AND COMPLETING AN ADDITION AND ALTERATIONS TO THE MICHAEL J. PERKINS SCHOOL, REV. RICHARD A. BURKE STREET, SOUTH BOSTON DISTRICT, BOSTON, MASS.

NOTICE TO CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for erecting and completing an addition and alterations to the Michael J. Perkins School, Rev. Richard A. Burke street, South Boston district, Boston, Mass.

Proposals will be received at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., until 12 o'clock noon (Eastern Standard Time) on Wednesday, December 6, 1950, and at that time and place will be publicly opened and read aloud.

The proposal submitted to the Awarding Authority shall not be separated from the book of specifications. The additional copy of the proposal form shall be removed from the book of specifications and after filling out shall be sealed in an envelope and delivered to the Auditor of the City of Boston at City Hall, School street, Boston, before the time for the opening of the proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$10,000, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within 30 days after the actual opening thereof.

The rate per hour of wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Plans and specifications and other contract documents may be obtained at the office of the Awarding Authority upon deposit of a certified check for \$100, payable to the City of Boston. The full amount of the deposit will be refunded to each actual bidder upon return of all documents in good condition within 15 days after the opening of the bids. Plans and specifications and other contract documents may be examined without charge at the Boston office of Gainey's Construction News Letter, Dodge Reports, Brown's Letters or Construction Reports.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon (Eastern Standard Time), Friday, December 1, 1950.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in a sum of not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor. Information relating to performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

The Commissioner of Institutions of the City of Boston, hereinafter referred to as the Awarding Authority, invites sealed proposals for the alterations to Administration Building, Long Island Hospital, Long Island, Boston Harbor, Mass.

Proposals will be received until 12 o'clock noon, Tuesday, November 14, 1950, at the office of the Commissioner of Institutions, 1109 City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the architect, the John M. Gray Company, 175 High street, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the amount of 10 per cent of the base proposal shall be submitted with each bid filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract; and also comply fully with the rules and regulations governing the taking down of buildings and other structures as contained in Bulletin No. 49, revised as of January 2, 1944, of the Building Commissioner of the City of Boston.

Plans and specifications may be obtained at the office of the architect, the John M. Gray Company, 175 High street, Boston, Mass., on Monday, November 6, 1950. A deposit of \$50 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to the bidders upon receipt of said plans and specifications in good condition by the architect.

Subbidders bidding on the work of subcontractors shall use the proposal form obtainable from the architect upon request.

Subbids will be taken on the following portions of the work:

- A. Plumbing.
- B. Heating and Ventilating.
- C. Electrical.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidders no later than 12 noon, Friday, November 10, 1950.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston shall be submitted by subbidders listed under Item 2 of the general contractor's bid form, in not less than 10 per cent of the subbidder's bid price, and shall be submitted with each subbid.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The City of Boston reserves the right to reject any or all bids of the general bidders and to waive any informalities in bidding, if it be in the public interest to do so. The City of Boston also reserves the right to reject all bids of the subbidders on any item or

items and to waive any informalities in the bidding, if such rejection or waiver be in conformance with section 44C of chapter 149 of the General Laws.

Proposals will be received until 12 o'clock noon, Wednesday, November 22, 1950, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$250, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of the wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Plans and specifications may be obtained on and after 12 o'clock noon, Tuesday, November 7, 1950, at the Business Office of the Boston Public Library. All plans and specifications must be returned in good condition to said office at the time of filing bids. A deposit of twenty-five dollars (\$25) in cash will be required for each set of plans and specifications taken out for estimating, said deposit to be refunded on the return of the plans and specifications in good condition.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, November 20, 1950.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the total amount of his bid, shall be submitted by each subbidder with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

MAYOR RECEIVES GIFT OF HAMMOND ORGAN FOR CITY FROM CHAMBER OF COMMERCE PRESIDENT — TO BE PLACED AT PARKMAN BANDSTAND FOR CHRISTMAS FESTIVAL AND OTHER PUBLIC OCCASIONS.

President Harry J. Blake of the Boston Chamber of Commerce, and Chairman of the Christmas Festival Committee, yesterday presented Mayor John B. Hynes with an order for a new specially designed Hammond spinet electric organ valued at several thousand dollars for permanent installation at the Parkman Bandstand.

Mayor Hynes, upon receipt of the notification, sent Mr. Blake a letter thanking him for his magnificent gift and praising him for his public benefactions. Mr. Blake has long been noted for his generous contributions to charity and civic events.

(Continued on page 1136.)

The following communication has been received at the Mayor's office:

Boston, October 27, 1950.

HON. JOHN B. HYNES, Mayor of Boston.

DEAR SIR:

The committee appointed by you to review and analyze the recommendations contained in the survey reports of the Boston Finance Commission submits for your consideration the following comments on the report bearing the title "County Jail and Penal Institutions Department."

MAYOR NAMES NOTED IRISH PHYSICIAN ASSISTANT RESIDENT PHYSICIAN AT LONG ISLAND HOSPITAL.

Mayor Hynes announces the appointment of Dr. Arthur O'Keefe of Mitchelstown, County Cork, Ireland, as assistant resident physician at Long Island Hospital. He was officially admitted by immigration authorities on October 1, 1950. Last spring Doctor O'Keefe heard through medical channels that there was need at Long Island Hospital for resident physicians. It took six months to have his medical credentials sent here and certified and to obtain his passport.

From 1937-1945 he was a member of the Irish Army Reserve Corps. He is a graduate of the Cistercian College, Roscrea, Ireland, and the University College, County Cork, Ireland, from which he received his permit to practice medicine in December, 1947.

He interned in the North and South Infirmarys, Cork; Erinville Maternity Hospital, Cork, and the Coombe Maternity Hospital, Dublin, in Ireland.

He was later employed as resident physician at the City General Hospital, Leicester; Warrington Infirmary, Warrington, and Hull Royal Infirmary in England.

In the short time Doctor O'Keefe has been here he has gained the confidence of the patients and other resident physicians at Long Island Hospital.

He reports to Commissioner John R. McGillivray that he appreciates and enjoys his transfer from Ireland to an island in Boston Harbor.

This report covers thirty-five pages, and the findings of the surveyor are summarized under twenty-three specific recommendations. Since the Sheriff of Suffolk County was not available at the time the committee considered this report, it was necessary to limit discussions of the recommendations to a conference with the Penal Institutions Commissioner. Incidentally, it may be pointed out that the bulk of the recommendations in the report relate to the Penal Institutions Department. The attached schedule presents a classification of the recommendations submitted to the committee by the Penal Institutions Commissioner.

From an administrative point of view, the most important of the recommendations pertains to the future organization of the two county agencies covered in the report. In this respect, the surveyor recommends: "Abolish the Penal Institutions Department and place both the Jail and House of Correction under the jurisdiction of the Welfare Department."

LEGISLATIVE SANCTION.

Naturally, since the existence of the Jail and the Penal Institutions Department is provided by statute, the change suggested by the surveyor could only be made with legislative sanction and approval. So far, the committee has deferred

DEER ISLAND WORKERS PREPARING TO FURNISH TURKEYS TO ALL CITY INSTITUTIONS FOR HOLIDAY EVENTS — SOME 30 TO 40 MEN INMATES EMPLOYED.

The following communication has been addressed to Mayor John B. Hynes:

To the Mayor.

At this time of the year the poultry industry at the Suffolk County House of Correction is busy preparing turkeys for the different city institutions, namely, City Hospital, Long Island Hospital, Boston Sanatorium, Charles Street Jail, Chardon Street Home, and Deer Island, for the inmates and employees. This industry was established by former Mayor Maurice J. Tobin in 1938 with the following purposes in view.

The most important aspect of any industry in an institution of this type is to give the inmates a useful occupation. The husbandry of live stock has proved to be the most interesting type of work for these men. Between 30 and 40 men are employed in this industry at all times. Several of the men upon discharge from the House of Correction have been known to make use of the practical experience gained while working on this project.

Another important phase of the poultry industry is to supply the City Hospital and other institutions with chickens and turkeys of the highest quality. This allows the sick and the poor of the City of Boston to be served the most delicious poultry obtainable in the market today at the wholesale market price.

As evidence of the success of this supply phase of the industry stand the facts that, since the inception in 1938, there has been sold to the various city institutions nearly 1,000,000 pounds of chicken and 400,000 pounds of turkey.

It has been necessary from the initiation of this industry to make it as self-supporting as possible. This has been accomplished by careful management and by keeping up-to-date with all of the modern advances in the science of poultry husbandry.

Back in 1938, an initial appropriation of \$20,000 was assigned to this project. With no further appropriation required, and solely out of this industry's profits, the salary of the supervisor has been paid, the feed costs have been met, complete upkeep of the buildings used has been maintained, worn-out equipment has been replaced; in fact, in 1945 the income from the industry allowed for the erection of two new cement buildings. In addition to the foregoing items, the manure from the industry is used by the institution's farming department, and some manure has been utilized by the Boston Park Department. The institution has also found various uses for the cotton feed bags in which grain is received.

Under the present administration, and with the supervision of Mr. Henry Drewes, Supervisor of Poultry, further progress is planned. Now, both chicken and turkey eggs will be exclusively produced and hatched right on Deer Island. This will save a production cost of \$5,000 a year. A modern incubator has recently been installed. Previously, a few chickens and turkeys have been hatched in small incubators, but with only direct current available on the island, and the supervisor living away from the

project, it had of necessity been the policy to go outside and purchase day-old chicks and turkeys. These obstacles have now been overcome, as alternating current has been made available, and the supervisor now lives on the island.

By producing its own stock, the industry today is in a position to breed its own special type of market poultry. Arrangements have already been made for the delivery to the poultry plant of 500 poults next spring. These turkeys will come from one of the finest turkey flocks in the East, and will not be marketed, but will be kept as the industry's foundation flock.

This past year another advancement has been carried out via the injection of hormones eight weeks before marketing. These injections make a finer fleshed and heavier bird, which really results in bringing these birds up to a capon level.

A thought may be given in the future to enlarging the industry with the production of table eggs. This would call for the employment of an assistant poultryman.

Thus the industry comes to the end of another year, still fulfilling the original purposes for which it was established, and with even greater prospects for the future.

Penal Institutions Commissioner.

MAYOR HYNES PROPOSES UNITING CITY AND COUNTY CORRECTIONAL INSTITUTIONS UNDER ONE HEAD.

(Continued from page 1133.)

any comment on changes suggested in the various survey reports considered which were contrary to existing statutes. As stated in prior reports, it has been felt desirable to defer action on proposals involving legislative action until all departmental studies have been completed, at which time a general legislative program would be developed.

With regard to the surveyor's recommendation under consideration, however, the committee feels it necessary to offer the following comments. While the committee agrees that both of the agencies under discussion should be placed under the jurisdiction of a single administrative agency, we question the selection of the Welfare Department as the proper agency. The operation of penal or correctional institutions would appear to be far removed from the work of the Welfare Department. Moreover, it is highly questionable whether the Legislature would ever agree to a proposal which would radically alter the authority of

the Sheriff of Suffolk County in comparison with the authority enjoyed by similar officers in the counties. Under the provisions of section 16 of chapter 126 of the General Laws, the sheriffs of all counties except Suffolk have custody and control of the House of Correction as well as the Jail.

The committee feels that the exception which places Suffolk in a different category from all other counties should be removed and that the Sheriff should have custody and control not only of the Charles Street Jail but also the House of Correction. If this were done, it would be possible, we believe, to close the Charles Street Jail and consolidate all penal and correctional activities at Deer Island.

ECONOMIC ADVANTAGES.

The property now occupied by the Jail could then be disposed of and the proceeds realized from this sale applied to the rehabilitation and expansion of the plant at Deer Island. No difficulty should be experienced in disposing of the Jail property, since, as you are aware, the Massachusetts General Hospital is desirous of establishing clinical facilities in which members of its professional staff could be housed in one building. Being adjacent to the hospital, the Jail property could be utilized for the construction of a clinical center which would greatly add to the city's reputation and prestige in the field of medicine.

Since the present Jail structure is an old building, its continued operation will involve the expenditure of considerable sums in the future for repair and alterations. The city faces the same problem with regard to the institution at Deer Island, since the Island plant is made up of buildings erected fifty to one hundred years ago. The consolidation thus proposed should not only make for economy and efficiency but would also, through the funds received from the sale of the Jail, result in a vast improvement in institutional facilities.

Respectfully,
CHARLES J. FOX,
JOHN A. SULLIVAN,
JOHN DEMEULENAER,
JEROME L. RAPPAPORT.

CIRCULAR LETTER NO. 29.

CITY OF BOSTON,
MAYOR'S OFFICE, November 3, 1950.

To All Department Heads.

GENTLEMEN:

The United States Treasury, Bond Division, is conducting a drive during the month of November. The purposes of the drive are several, namely, to avoid inflation; to promote thrift; to supplement bonds which will be redeemed in January of 1951, of which there are \$60,000,000 worth in Massachusetts alone, and to aid in financing the situation in Korea.

I need not remind you of the advantages of purchasing bonds through the payroll savings plan and I urge all city employees who can to participate.

Department heads will appoint a member of their respective departments to canvass employees. The necessary applications may be obtained at the Bond Division of the City Treasurer's Office.

I congratulate the city employees for having the highest subscription of any municipality in Massachusetts for payroll savings.

Respectfully,
JOHN B. HYNES, Mayor.

PRESIDENT OF CHAMBER OF COMMERCE PRESENTS HAMMOND ORGAN TO CITY.

(Continued from page 1133.)

Mr. Blake, a prominent wool merchant, in notifying the Mayor of the gift stated that he has long wanted to do something that would be of practical value to his native city and, knowing of the need of an organ at the Parkman Bandstand for public concerts and other occasions, decided to present one. He himself is an accomplished organist.

Arrangements will be made, says Mayor Hynes, to have the organ installed in time for the opening of the Christmas festival on Friday evening, December 1. Appropriate dedication services will be held.

To protect the organ against inclement weather conditions and vandalism, the instrument will be installed in a specially built enclosed cabinet designed to blend with the bandstand architecture.

The Hammond organ was invented by Laurens Hammond of Chicago in 1934. It produces its tones by means of a synchronous motor revolving a set of small wheels, each of which has a different-shaped perimeter. The tone thus generated is inaudible but is picked up by an electromagnet set a fraction of an inch away from the rim of the wheel, and is then amplified electronically to any desired degree.

The fundamental tone produced by each individual wheel is then combined in any desired intensity with the tones produced by other wheels, and the result is a wealth of complex tones which duplicate all the qualities associated with organ music in the past as well as hundreds of new tone qualities possible on no other instrument.

The Hammond, impervious to the effects of heat, cold, or humidity, has brought organ music into many permanent outdoor locations where the installation of any other type of organ would be impossible.

The Hammond in the Hatch Memorial Shell on the Charles River Esplanade is the largest permanent outdoor installation in the country and is used for all concerts at the Shell from early May through October.

Another permanent outdoor installation of the Hammond was made at Braves Field last June, in a glassed booth on a catwalk over the third base grandstand. The console and its tone cabinet and a set of amplified chimes are placed here and fed through the public-address system of the park, and the organist is in touch with all parts of the park by telephone.

The Parkman Bandstand installation presented to the city by Mr. Blake will consist of the newest model of the Hammond. Despite its small size, the organ has two keyboards and pedal board and a complete Hammond tone generator producing all the hundreds of tonal effects for which the Hammond is famous.

The tone cabinet used with the organ is of a type that lends itself particularly well to outdoor installations, effectively overcoming the lack of natural indoor reverberation which has previously contributed to indifferent results outdoors from organs of a type other than the Hammond.

The Hammond never needs tuning. Hence this organ may be used at any time of year with assurance that every note will be always in true pitch.

MAYOR HYNES URGES GENEROUS SUPPORT FOR RED FEATHER DRIVE.

(Continued from page 1133.)

to provide a little ray of happiness for many thousands of our fellow citizens.

In this great community drive, the people cannot lose provided we are able to accomplish what we have set out to accomplish.

It is unfortunate, but true, that there is a strong trend to national or state socialism. Many people believe, with a wistful, foggy sort of thinking, that the national, state, or municipal governments can do everything for everybody, that all the ills of mankind can be cured if we place full dependence on government.

When, and if, that time comes, when government guides our entire destinies, then we have completely surrendered to the doctrines of socialism, we have destroyed the American character, and we have been false to the principles upon which this nation was founded and which have made it possible for us to be the greatest nation of modern civilization.

The needs of the community fund, although larger this year than last year, for very apparent reasons, are the minimum requirements to meet the essential activities which contribute to community well-being.

The untiring work of Bob Cutler and his committee has reduced the number of agencies participating in Red Feather activities to a bare minimum. We cannot do less without failing in our desire to make certain that our community meets its obligation toward the less fortunate members of the community. The test of a good community is its willingness to help those in the community needing help. It is strangely significant that most charitable-minded people seem to prosper and to them the old maxim applies—"Bread cast upon the waters comes back a hundredfold."

What we give, if it does not come back a hundredfold in a material way, comes back in some other form, certainly in that inner satisfaction of a duty well done for which there is no substitute.

I am especially interested in what the public employees do in this present drive. Two years ago, I was privileged to be in charge of the public employees' group and while we did not astound the waiting world with the results of our efforts, I think we did reasonably well. I hope the public employees, this year, will do even better than they have in the past.

During the past summer the annual Mayor's Field Day was conducted in Boston. This fund, as you know, is to take care of charitable requests which ordinarily the City of Boston cannot provide out of city funds. I am very pleased at this time to assure Tim Clark that the Mayor's Field Day Fund will contribute \$1,000 to the present Community Fund Drive.

In speaking of Tim Clark, let me say that he is a hardworking gentleman who is giving up a lot, giving up a year of his time without compensation, to help his brother man. What he is doing and what all the volunteers are doing in this drive, is not for the wealthy or well-born, or the secure, but for the ill, the aged, the young, the homeless, the struggling, and the friendless.

What is being done, and what will be accomplished, in this great drive is God's work, and on the book of life, He will record what we do for these "the least of our brethren."

And now, let me present to Miss Sheila R. Carroll, the winner of the oratorical contest of the Parochial schools, this cup which will be a comfort to her and a pride and joy for her all the days of her life.

CHIEF EXECUTIVES OF ALL NEW ENGLAND CITIES INVITED TO BOSTON BY MAYOR HYNES FOR CHRISTMAS FESTIVAL OBSERVANCES.

The chief executives of every city and town in New England were invited by Mayor Hynes through Harry J. Blake, chairman of the Boston Christmas Festival Committee, to make a pilgrimage to Boston during the month of December to join with the community in the 1950th anniversary of Christmas. Christmas hymns and carols, lights and decorations, all designed to remind the people of New England of the true significance of the season, will be the theme of the entire festival.

The festival will be formally opened Friday evening, December 1, at 7.30 P.M., with a program of Christmas music presented from the State House steps by several hundred trained vocalists representing twelve different nationalities, followed by the unveiling of a heroic-sized and magnificent Nativity Scene on adjacent Boston Common. Lithuanian, English, Greek, Irish, German, Italian, Norwegian, Armenian, Polish, Austrian and Ukrainian groups will participate in the musical program. A number of the groups will sing Christmas hymns and carols in their native tongues. "The Voice of America" will broadcast the program behind the "Iron Curtain."

It has been timed to commence simultaneously with Advent which begins the following Sunday in many of the Christian churches. In commemoration of the event, Mayor John B. Hynes will light a huge Advent wreath in front of City Hall earlier in the evening. The lighting of the wreath, in keeping with an ancient European custom, will be accompanied by appropriate Christmas hymns and carols. The other three candles in the wreath will be lighted one each week between then and Christmas.

Following the ceremonies at City Hall, the Mayor and musicians will move to Boston Common for the lighting of a municipal Advent candle. The candle will be erected on the top of the Brewer Fountain, near the Tremont Street Mall. In accordance with the ancient tradition, the candle will be red in color and will be lighted nightly throughout the Advent season.

After the native-language caroling at the State House, the scene of activities will shift to the Parkman Bandstand where the new Hammond spinet organ, presented to the city by Chairman Blake of the Festival Committee, will be dedicated. A number of the most famous and most accomplished organists in New England will provide Christmas music on the new organ. During the dedication program, Mayor Hynes will light the municipal Christmas tree.

Simultaneous with the unveiling of the Nativity scene, Santa Claus' Workshop, on Boston Common, the festival's big feature for children, will be revealed. Watching Santa at work while waiting for their Christmas-eve take-off will be eight live reindeer.

PRESIDENT TRUMAN THANKS MAYOR FOR SOLICITOUS MESSAGE ON ATTEMPTED ASSASSINATION.

Mayor Hynes, on November 6, received the following message from the President of the United States:

DEAR MAYOR HYNES:

My sincerest thanks for your kind message. I was touched by your solicitous interest in my welfare and want you to know that I appreciate your thoughtfulness in wiring.

Very sincerely yours,

HARRY TRUMAN.

BOSTON TRAFFIC COMMISSION.

Boston, October 30, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

At a meeting of this commission held on October 26, 1950, it was voted to authorize the commissioner to enter into a contract with the Boston Edison Company for doing the necessary underground work in connection with the installation of traffic lights in West Roxbury, at the intersection of Lorette street, Centre street, St. Theresa avenue and in front of St. Theresa's Church.

Your permission is therefore respectfully requested to enter into a contract, without public advertising, with the Boston Edison Company, in the amount of \$2,039, for doing this underground conduit and cable work in connection with the installation of the traffic signals.

Inasmuch as Boston Edison Company is the only company having the facilities to furnish the required electrical energy no advantage would accrue from public advertising.

Respectfully submitted,

WM. ARTHUR REILLY,
Commissioner.

HOSPITAL DEPARTMENT (Sanatorium Division).

Boston, October 11, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

YOUR HONOR:

We hereby request your Honor's permission to engage the services of James H. Ritchie & Associates for architectural services in connection with necessary repairs and alterations and renewals to Buildings A, B, D, C, E, K, L, and M at the Sanatorium Division.

Your approval is requested to dispense with advertising because of the personal nature of the services involved.

The estimated cost of this work is \$64,000, and the architect is to be paid a fee equal to 10 per cent of the actual cost of the above work, subject to the provisions of the contract for said services.

This matter was approved of by the Board of Trustees at a meeting held on September 15, 1950.

Respectfully yours,

MARY MOORE BEATTY, M. D.,
Assistant Superintendent.

INSTITUTIONS DEPARTMENT.

Boston, October 30, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your permission is respectfully requested to permit the Institutions Department to award a contract not to exceed \$3,569 to the Bethlehem Steel Company, Simpson Yards, East Boston, Mass., for the repair of the motor vessel

"James M. Curley," without the formality of public bidding.

As the vessel was underway, Monday afternoon, October 2, 1950, at 3 p.m., the engine fouled just about opposite Castle Island. There appeared to be a back-fire similar to that condition in an automobile, resulting in the entire vessel becoming filled with pungent smoke. The vessel slowed down and later stopped. A check showed no fire, but it was obvious that there was mechanical impairment. When the vessel docked, the captain reported that the supercharger was defective and the main thrust bearing was running hot. He advised removing the vessel to the shipyard for inspection. Upon inspection the Bethlehem Steel Company reported the nature of the repairs needed and gave an estimated cost of \$2,000.

On Friday, October 13, 1950, while making an approach for a landing at Long Island Wharf the motor vessel "James M. Curley" went aground. The tide on this date was unusually low and there was a northwest wind blowing at 35 miles an hour. The captain of the vessel made every effort to avoid the grounding, but the unusual weather conditions made this difficult. The Boston Tow Boat Company pulled the steamer free and then proceeded to the Bethlehem Steel Company. Upon inspection they gave an estimated cost of \$1,569 to repair the damage.

The Bethlehem Steel Company has performed work on the vessel in the past, and its prices and work have always been found satisfactory. The estimate and prices for this work have been carefully checked, and the price is considered fair for the amount of work to be done.

Respectfully submitted,

JOHN R. MCGILLIVRAY,
Commissioner.

AMENDMENT TO CONTRACT.**INSTITUTIONS DEPARTMENT.**

Permission has been given to permit the Institutions Department to amend the contract of Construction Units, Inc., 294 Washington street, Boston, now existing, for the building of a laundry at the Long Island Hospital, Boston Harbor. The cost of the additional work will be \$440.

The original contract called for a double-thick glass in the large monitor in the center of the main roof. The architect now recommends that because of the high winds and storms that sweep across the island, it would be advisable to change this glass to a wire glass to eliminate breakage.

The glass subcontractor's price is \$400; the general contractor's profit is \$40; total additional cost, \$440.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.**PUBLIC WORKS DEPARTMENT.**

Atlantic Roads Company, Inc., has been directed to omit and substitute the following work under the contract for laying bituminous concrete pavement in Crescent avenue, Greenbrier street and Ripley road:

Items ordered: In Crescent avenue, between Moseley and Carson streets:

Omit.

350 cubic yards earth excavation at 70 cents, \$245; 200 tons bituminous con-

crete base course at \$7.10, \$1,420; 300 tons bank gravel at \$1.25, \$375—\$2,040.

Substitute.

1,000 square yards existing pavement removed at 70 cents, \$700; 100 tons bituminous concrete base course at \$7.10, \$710—\$1,410.

Estimated cost of omitted work, \$2,040; estimated cost of substituted work, \$1,410; estimated decrease in cost, \$630.

Atlantic Roads Company, Inc., has been directed to omit and substitute the following work under the contract for laying bituminous concrete pavement in Crescent avenue, Greenbrier street, and Ripley road:

Items ordered: In Crescent avenue, between Dorchester avenue and Moseley street:

Omit.

400 cubic yards earth excavation at 70 cents, \$280; 240 tons 4-inch bituminous concrete base course at \$7.10, \$1,704; 300 tons bank gravel at \$1.25, \$375; 60 tons bituminous concrete wearing surface at \$7.10, \$426—\$2,785.

Substitute.

80 tons bituminous concrete wearing surface of varying thickness, but averaging about 1½ inches, at \$7.10, \$568.

Estimated decrease in cost, \$2,217.

EXTRA WORK UNDER CONTRACT.**PUBLIC WORKS DEPARTMENT.**

James D'Amico, Inc., has been directed to perform the following extra work under the contract for laying bituminous concrete pavement in Capen place, Hendry street, Hesston terrace, and Wenlock road:

Items ordered: In Wenlock road, furnish and lay approximately 193 square yards of 6-inch concrete mat over water trench opening approximately 290 feet long and 6 feet wide. Price to be paid, the sum of \$3.50 per square yard. Estimated cost of extra work, \$675.50.

Frank J. Guaragna has been directed to perform the following extra work under contract for laying artificial stone sidewalks in Columbia road, Forest Hills street, Francesca street, Morton street, and Pilgrim road, and bituminous concrete sidewalks in Carroll street:

Items ordered: Furnish and lay approximately 200 square feet of artificial stone driveways 6 inches thick according to City of Boston highway specifications in Pilgrim road. Price to be paid, the sum of 60 cents per square foot. Estimated cost of extra work, \$120.

EXTENSION OF CONTRACTS.**DEPARTMENT OF SCHOOL BUILDINGS.**

Approval has been given for the extension of the time of completion of the contract with F. C. Dolan & Sons, Inc., for furnishing and installing twelve metal sliding doors at the George Robert White Fund Schoolboy Stadium, from October 6, 1950, to December 15, 1950. This extension was requested because of delay in obtaining materials.

Approval has been given for the extension of the time of completion of the contract with J. & M. Brown Company, Inc., for installing emergency lighting with generator in the South Boston High School, from October 15, 1950, to November 15, 1950. This extension was requested because of delay in securing material.

POLICE DEPARTMENT ORDERS.

General Order No. 1373.

The Superintendent of Police is hereby directed to make the following details in connection with the State Election in this city on Tuesday, November 7, 1950.

1. The necessary number of patrolmen from the several police divisions to attend the several polling places in this city on State Election Day, to preserve order and protect voters in the full exercise of their rights.

2. Three patrolmen for duty in the office of the Board of Election Commissioners, 111 City Hall Annex, on arrival of ballots for the State Election at 10 o'clock A.M., Monday, November 6, 1950, such details to continue until all ballots cast at the Election have been received.

3. One patrolman for duty in parking area surrounding City Hall Annex, from 4 o'clock P.M., Monday, November 6, 1950 (the night before Election Day), to properly place "No Parking" signs and to keep the entire area clear for the following morning, so that twenty-five trucks coming to the Election Commissioners' Office for ballots at early hours on Election morning will be able to park without interference or delay.

4. One superior officer for duty at the City Hall Annex, to supervise the police detail for motor trucks from 5 o'clock A.M., Tuesday, November 7, 1950, until relieved.

One patrolman from 4 o'clock P.M., on the same date, until relieved, for duty at the same place, to keep clear the approaches to the office of the Board of Election Commissioners for motor vehicles returning from the polling places with ballot boxes, etc.

5. One sergeant for duty at basement vault of Board of Election Commissioners from 9 o'clock P.M. on Tuesday, November 7, 1950, until such time as all returns from the 362 precincts are in.

6. Twenty-five sergeants, one to a motor vehicle, to report at the office of the Board of Election Commissioners in ample time, to be prepared to leave that office for their respective destinations, according to the following schedule, in such vehicle with ballot boxes, ballots, etc., and deliver such ballot boxes, ballots, etc., to the police officer detailed in each precinct.

SCHEDULE FOR HOURS OF DEPARTURE OF SERGEANTS SO DETAILED FROM OFFICE OF BOARD OF ELECTION COMMISSIONERS ON MORNING OF NOVEMBER 7, 1950.

(One motor vehicle for each of the twenty-two wards, excepting Ward 14, Dorchester; Ward 18, Hyde Park, and Ward 20, West Roxbury, for which two trucks, each, have been engaged.)

Wards 19 and 20, 5.20 a. m.
Ward 21, 5.25 a. m.
Ward 22, 5.30 a. m.

7. For proper coordination in the delivery of ballot boxes, ballots, etc., by the sergeants, as herein set forth, to the police officers detailed at the various precincts, it is of the utmost importance that such sergeants leave the City Hall Annex on time as per schedule.

8. One patrolman to report at each of the three hundred and sixty-two precincts, as hereinafter set forth, on Tuesday, November 7, 1950, to receive ballot boxes, ballots, etc., from the sergeants detailed on motor trucks. Regardless of the use of voting machines in some precincts, a ballot box will be delivered to each one as usual, and it is essential that officer be there to receive it.

Attention is called to the necessity of having officers, so detailed, to report at their posts on time, so that there will be no delay in the opening of any polling place.

One patrolman shall be assigned outside each polling place to report at 4 p. m. and remain until close of the polls at 8 p. m. Officers assigned to duty outside the polls are to enforce the law which prohibits the distribution of campaign literature within 150 feet of the entrance to a polling place.

9. The detail of patrolmen at the various precincts will continue until the ballots are counted and the results declared. The officers are then to bring the ballots and returns to the Election Commissioners' office.

10. Cards with the ward and precinct number and location of voting booth printed thereon will be forwarded to the several police divisions. Division Commanders shall write on this card name, the division number, and the number of the officer detailed at the time stated on the morning of November 7, 1950, at the voting booth of each respective precinct on his division. This card shall be given to the officer detailed at the voting booth, will be retained in his possession until delivery by him to an employee of the Board of Election Commissioners, who will arrive, accompanying a sergeant, on the morning of November 7, 1950, with the ballot boxes, ballots, etc.

This card, when returned by such employee to the office of the Election Commissioners will be its receipt that the ballot boxes, ballots, etc., have arrived at their proper destination.

11. On receipt by the patrolman from the sergeant of ballot boxes, ballots, voting lists and other documents the patrolman shall deliver them to the warden or clerk of the precinct, allowing no person to take or handle them before such delivery, and hand the key of the ballot box to the warden. On delivery of the ballots to the warden, the patrolman will take from him a receipt for the same, which receipt will be returned to the Election Commissioners.

12. After the warden has opened the box and allowed the election officers and the public to see that it is empty, the box is to be again locked and the key given to the patrolman who is to retain it until after the polls have closed, except that, at the request of the warden, the patrolman may allow him to open the box for the purpose of pressing down the ballots, in order to make room for more ballots, after which the patrolman will see that the box is again locked, and the key returned to the police officer.

13. The patrolman will obtain from the warden copies of poster, which will be sent to the latter, in relation to smoking and the use of liquor in polling places, and post same in conspicuous places where they may be easily read. Tacks will be sent for the purpose.

14. The warden will deliver to the patrolman detailed at the polling place for his use at that place a copy of the descriptive voting list, which must be returned to the warden at the close of polls.

15. When the polls are opened, the patrolman will mark in the place indicated on tag attached to the key the figures which the register shows before any ballots are cast.

16. At 8 p. m., Tuesday, November 7, 1950, when the polls close, one sergeant will report in each of the 22 wards (excepting Ward 14, Dorchester; Ward 18, Hyde Park, and Ward 20, West Roxbury, for which wards two sergeants and two motor trucks, each, are provided), to meet motor vehicle at last point of morning distribution; thence to proceed to each of the several precincts in his

respective ward, and receive registering ballot box (which must be locked), and key thereof, voting lists envelope, signed by the warden and other election officers, receipts for ballots, unused ballot box, sealed and certified (containing unused and spoiled ballots), stamps for marking spoiled ballots and check lists, and individual envelopes containing keys to each voting machine, carry them to the Election Commissioners' office and deliver same to some member of the Board of Election Commissioners.

17. When the polls are closed, the patrolman will mark on the same tag the figures which the register shows after all ballots have been cast. He will then hand the key to the warden, who will open the box and take out all the ballots to be sorted and counted. The warden will then cause the voting lists, including the list used by the police officer, to be sealed up in an envelope, and the envelope certified by the signatures of himself and the other election officers and the same returned to the Election Commissioners. The patrolman will not allow this envelope to be put into the ballot box. The sergeant who will report on motor vehicle will keep it about his person until delivery at the office of the Election Commissioners.

The unused and spoiled ballots are then to be put into the box for unused ballots and the box sealed and certified, to be delivered to the office of the Board of Election Commissioners.

18. When returning from polls, all motor vehicles must drive to the east-erly side of City Hall Annex, Court square, where ballot boxes will be conveyed by chute to the basement.

19. It is important that the patrolman sees that the voting lists envelope is signed by the warden, clerk and all the inspectors. The patrolman will also see that the special book for signatures of voters is returned in the registering ballot box.

20. In case a patrolman is detailed to relieve another after the close of the polls, the commanding officer will see that he is properly instructed as to the duty of bringing official return, the box of ballots cast, and the press return to the Election Commissioners' office as soon as they are delivered to him by the election officers.

21. When the ballots have all been counted, the ballots thus counted, tally sheets and nothing else (the ballots to be in their separate boxes or envelopes) shall be placed by the warden in the leatheroid box sent for that purpose, which must be sealed up and signed by all the election officers. The patrolman will particularly see that this box is properly sealed up and that all the election officers have signed their names to the certificate on the box. The patrolman will then bring the box, official return, record book and press return to the City Hall Annex, Court square, and deliver same to the Election Commissioners.

The patrolman is directed not to allow the official return, press return or record book to be placed in the leatheroid box with ballots cast, but are to be returned by the officer to the Board of Election Commissioners.

22. While the polls remain open an officer of rank will visit the polling place in each division at stated intervals, to be designated by the captain, and in case of any disturbance will report the

fact to the commanding officer of the station house without delay. If additional men are needed beyond the number available in that division, the officer in charge will communicate immediately with headquarters.

He shall remind the officer and the warden on duty at the polls, that the official return, press return and record book are not to be placed in the leatheroid box, but shall be safely delivered to the Election Commissioners with the leatheroid box.

23. Attention is called to the fact that the polls at the State Election on Tuesday, November 7, 1950, shall open at 8 o'clock a. m., and close at 8 o'clock p. m.

24. Commanding officers of divisions will see that the officers detailed for duty on State Election Day, are furnished with a copy of the circular issued by the Board of Election Commissioners, entitled: "Instruction to Police Officers on Election . . . Days."

25. Voting machines will be used in the following precincts at the coming State Election:

Ward 1, all precincts.
Ward 2, all precincts.
Ward 3, all precincts.
Ward 4, all precincts.
Ward 5, Precincts 2, 4, 5, 7, 12, 14 and 15.
Ward 6, Precincts 2, 5 and 10.
Ward 7, Precincts 2 and 10.
Ward 8, Precincts 2, 10 and 12.
Ward 9, Precincts 7 and 15.
Ward 10, Precincts 3, 8, 10 and 12.
Ward 11, Precincts 3, 4, 7 and 11.
Ward 12, Precincts 3, 4, 5, 6, 10 and 17.
Ward 13, Precincts 15 and 16.
Ward 14, Precincts 1, 5, 8, 11, 13 and 19.
Ward 15, Precincts 10 and 12.
Ward 16, Precincts 6, 10, 12 and 13.
Ward 17, Precincts 8, 14, 15, 17 and 18.
Ward 18, Precincts 6, 9 and 14.
Ward 19, Precincts 3, 12 and 17.
Ward 20, Precincts 5, 9, 13, 17, 18 and 19.
Ward 21, Precincts 1, 14 and 15.
Ward 22, Precincts 14 and 16.

Officers assigned to duty in these precincts should be apprised of the procedure to be followed. When the warden has set up the machines for voting and the polls are declared open, he will give keys Nos. 2, 3 and 4 of each machine in the precinct to the police officer. The officer will have custody of these keys until the close of the polls. Since the law requires that a ballot box be furnished for challenged ballots, the officer will also have custody of the ballot box key during the polling hours. At the close of the polls, the officer will return the keys to warden. Keys Nos. 2 and 3 will be automatically locked into the voting machines. Key No. 4 will be given to the police officer to return to City Hall. This key is to be enclosed in a sealed envelope signed by all the election officers. Since the procedure is most important, the officers will check the envelopes—one for each machine—to be certain that they are in proper order. If any challenged ballots are cast in the precincts where machines are used, the officer will have ballots to return, but in any event he will return to City Hall Annex the box sent to the polling place for ballots cast, in addition to the envelopes containing the No. 4 keys.

IMPORTANT NOTES.

A. Officers shall strictly enforce the law pertaining to smoking. Smoking is prohibited within the confines of the polling places, during the entire day, while the polls are open, as well as after they are closed.

As polling places and their approaches and exits are, in many instances, in buildings used for places of religious worship, to say nothing of the danger to valuable property from careless persons, the importance of these instructions is apparent.

B. During the hours from 6 o'clock p. m. to 8 o'clock p. m., there has been a large increase in the number of persons who congregate outside the polling places. This makes it disagreeable to voters who are entering and leaving the polling places. Officers shall exert every effort to relieve this congestion.

Officers are reminded that it is the privilege of the voters to watch the count of the votes cast. It is understood that no disturbance or crowding is to be permitted and that the voters are to remain outside the rails.

C. Officers shall handle ballot boxes with great care.

D. At the close of the polls all persons waiting to vote, including any who might be in line at the entrance to the polling place, are to be placed in line by the warden and given cards bearing their names. The police officer is to stand at the end of this line to be certain that no additional persons are permitted to join it. All voters in the line are to be permitted to cast their ballots, whether by paper ballots or by machine.

E. A candidate running on "stickers" (or his representative) may stand at the entrance to the polling place to distribute "stickers."

F. Corrected books showing the locations of the polling places will be sent to each division. You will note that in many instances precincts have been combined in one building, but the number of precincts is 362.

G. Commanding officers shall direct all officers detailed at the polling places in the various precincts to report promptly according to schedule.

H. Officers shall be informed that in many instances there are two precincts located in the same building, as follows:

VERY IMPORTANT—COOPERATION WITH THE PRESS.

At the close of the polls the election officers will first count the vote for Governor and record the result of this contest on the press return slip. The slip is to be given to the police officer on duty who is to phone these figures without delay by police telephone to Police Headquarters. It is imperative that all officers be apprised of the necessity of complying with this instruction.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

Commanding officers of divisions will promulgate this order by reading it to their men at roll call this P.M.

EDWARD W. FALLON,
Superintendent of Police.

General Order No. 1378.

The transfer of the following-named person is hereby ordered, to take effect Friday, November 3, 1950, at 10 o'clock A.M.:

Patrolman Thomas F. Ryan, from Superintendent's Office (armed service roll) to Division 17.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Hackensack road, West Roxbury district, as a highway, from the Brookline boundary line approximately three hundred and fifty-three feet southerly, bounded and described as follows:

A highway named Hackensack road is hereby laid out, from Brookline boundary line approximately three hundred and fifty-three feet southerly, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Brookline boundary line, ninety-two and 69-100 feet; east-

erly by the easterly line of said Hackensack road, as hereby laid out, two hundred eighty-nine and 90-100 feet and sixty-three and 9-100 feet, on a curve of seventy-three and 13-100 feet radius; southerly by the southerly line of said Hackensack road, as hereby laid out, forty feet; westerly by the westerly line of said Hackensack road, as hereby laid out, forty-six and 89-100 feet and seventy-nine and 7-100 feet; northerly by the northerly line of said Hackensack road, as hereby laid out, twenty-eight and 74-100 feet on a curve of twenty feet radius, and again westerly by the westerly line of said Hackensack road, as hereby laid out, one hundred sixty-five and 86-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Hackensack road, as laid out under this order, from the Brookline boundary line approximately three hundred and fifty-three feet southerly, will receive benefit or advantage beyond the general advantage to all real estate in said city, from the improvement herein ordered, each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan heretofore referred to, and on file in the office of this department.

The Mayor has approved the request of the Building Commissioner to raze the following buildings:

To enter the building or other structure, or the abutting land or buildings, at 2611 and 2613 Washington street, Ward 9, with such assistance as required, and make safe, vacate forthwith or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

To enter the building or other structure, or the abutting land or buildings, at 2614 Washington street, Ward 9, with such assistance as required, and make safe, vacate forthwith or remove said unsafe or dangerous building or other structure, and to protect the public by a proper fence or otherwise as may be necessary.

CONGRESS VOTES COMPREHENSIVE HOUSING PROGRAM.

Under the new federal housing law signed by the President on July 15 federal funds for slum clearance and public housing are now available to cities that demonstrate a need for low-rent housing. Cities generally must supply proof of blight, a master redevelopment plan for the blighted area, and temporary housing for displaced slum dwellers. The new law provides advance money to help cities map plans. Many cities, especially those that have housing authorities, already have the necessary information and are among the first to qualify for federal aid. Among the cities that are making studies to determine their housing needs are Chicago, Louisville, Miami, Milwaukee, Philadelphia, and Boston. Legislatures of 42 states have authorized local governments to establish low-rent housing authorities, and at least 25 states have laws authorizing local participation in federally supported slum clearance projects. Iowa, Kansas, Oklahoma, South Dakota, Utah, and Wyoming do not as yet have housing-enabling laws that will qualify their cities for federal funds for public low-rent housing.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

Sixty linear feet of 10-inch pipe sanitary sewer, 55 linear feet of 10-inch pipe surface drain, 70 linear feet of 10-inch pipe catch basin drain, and three catch basins in Cowing street, between Searle road and Partridge street, in the West Roxbury district, at an estimated cost of \$2,260.

A sanitary sewer of 12-inch pipe in Pilgrim road, between 85 feet northeast of Francis street and 115 feet northeasterly, in the Roxbury district, at an estimated cost of \$1,100.

The City of Boston, acting through its Commissioner of Public Works (hereinafter called the Commissioner), hereby invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for collecting and removing garbage and refuse in South Boston, East Boston, Charlestown, Brighton, West Roxbury, Jamaica Plain, Dorchester North, Dorchester South, Elm Hill, Dudley, Mission Hill, Roxbury, Back Bay, Stuart, North and West Ends, South End, and Hyde Park districts. Proposal forms, together with the form of contract, may be had daily, between 9 A.M. and 5 P.M., at the Commissioner's office, 508 City Hall Annex (Contract Office), Boston.

Proposals shall be submitted in duplicate on forms obtained as aforesaid. A proposal may be submitted for the calendar year 1951 or for the calendar years 1951, 1952, and 1953. A bidder may submit his proposal on any one or both of the contract periods just mentioned. Each copy of the proposal shall be properly filled out, signed, enclosed in an envelope, sealed, and marked "Proposal for Collecting and Removing Garbage and Refuse, etc." One copy of the proposal accompanied by a bid deposit in the form of a certified check for FIVE THOUSAND (5,000) DOLLARS FOR EACH DISTRICT BID, payable to and to become the property of the City of Boston if, after acceptance, the proposal is not carried out, shall be filed with the Commissioner at his said office on or before 12 M., FRIDAY, NOVEMBER 17, 1950, at which time all proposals will be publicly opened and read in the Street Commissioners' hearing room, 401 City Hall Annex. The other copy of the proposal, without a bid deposit, shall be filed by the bidder before said day and hour at the office of the City Auditor, City Hall, School street, Boston. No proposal shall be withdrawn after the time hereinbefore set for the opening of proposals. There will be a minimum charge of two dollars (\$2) for each district set of proposal forms.

The Commissioner reserves the right to reject any and all proposals.

The successful bidder will be required (a) to furnish a faithful performance bond, executed by a surety company authorized to do business in the Commonwealth of Massachusetts, in the sum of one hundred per cent (100%) of the amount of the contract for the entire term, and (b) to maintain in a company authorized to do business in the Commonwealth of Massachusetts, and keep on file with the city policies, binders or certificates evidencing the maintenance of, Workmen's Compensation insurance and \$25,000/\$50,000 Public Liability insurance.

In each proposal the bidder will list the location and ownership of the dumps he proposes to use, and furnish satisfactory proof to the Commissioner as to his legal right to use them.

Proposals will be received until 12 o'clock noon, Thursday, November 30, 1950, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$3,500, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

Plans and specifications may be obtained at the office of the Awarding Authority.

Subbidders bidding on the work of subcontractors shall use the proposal form prepared by and obtainable from the Awarding Authority.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidder no later than 12 o'clock noon, Monday, November 27, 1950.

A bid deposit in the form of cash or a certificate of deposit issued by a responsible bank or trust company, payable to the City of Boston, in a sum not less than 5 per cent of the amount of his bid, shall be submitted by each subbidder with the copy of his proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

A deposit of a certified check in the sum of \$50, payable to the City of Boston, will be required in order to procure a complete set of plans and specifications. This deposit shall be returned, providing that all plans and specifications are returned in satisfactory condition within ten days after opening of bids.

A performance bond issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids. The Awarding Authority also reserves the right to reject all subbids or any item or items in accordance with the provisions of chapter 480 of the Acts of 1939.

PROPOSALS FOR REDECKING SECTIONS OF SPANS 1 AND 2, CHARLESTOWN BRIDGE, OVER CHARLES RIVER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for redecking sections of Spans 1 and 2, Charlestown Bridge, over Charles River. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Redecking Sections of Spans 1 and 2, Charlestown Bridge, over Charles River," and left at Room 508, fifth floor, City Hall Annex, before 12 M. of WEDNESDAY, NOVEMBER 22, 1950, with a certified check for SIX HUNDRED (600) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the hearing room of the Street Commissioners, Room 401, City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

INSTITUTIONS DEPARTMENT.

INVITATION FOR PROPOSALS FOR ALTERATIONS TO ADMINISTRATION BUILDING, LONG ISLAND HOSPITAL, BOSTON HARBOR, MASS.

The Commissioner of Institutions of the City of Boston, hereinafter referred to as the Awarding Authority, invites sealed proposals for the alterations to Administration Building, Long Island Hospital, Long Island, Boston Harbor, Mass.

Proposals will be received until 12 o'clock noon, Tuesday, November 14, 1950, at the office of the Commissioner of Institutions, 1109 City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the architect, the John M. Gray Company, 175 High street, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the amount of 10 per cent of the base proposal shall be submitted with each bid filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract; and also comply fully with the rules and regulations governing the taking down of buildings and other structures as contained in Bulletin No. 49, revised as of January 2, 1944, of the Building Commissioner of the City of Boston.

Plans and specifications may be obtained at the office of the architect, the John M. Gray Company, 175 High street, Boston, Mass., on Monday, November 6, 1950. A deposit of \$50 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to the bidders upon receipt of said plans and specifications in good condition by the architect.

Subbidders bidding on the work of subcontractors shall use the proposal form obtainable from the architect upon request.

Subbids will be taken on the following portions of the work:

- A. Plumbing.
- B. Heating and Ventilating.
- C. Electrical.

All subbidders' proposals must be in the possession of the Awarding Authority and delivered or mailed to the general bidders no later than 12 noon, Friday, November 10, 1950.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston shall be submitted by subbidders listed under Item 2 of the general contractor's bid form, in not less than 10 per cent of the subbidder's bid price, and shall be submitted with each subbid.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

Information relating to the performance bonds of subcontractors is set forth in the notice to subbidders.

The City of Boston reserves the right to reject any or all bids of the general bidders

and to waive any informalities in bidding, if it be in the public interest to do so. The City of Boston also reserves the right to reject all bids of the subbidders on any item or items and to waive any informalities in the bidding, if such rejection or waiver be in conformance with section 44C of chapter 149 of the General Laws.

The following is the address of Acting Mayor William F. Hurley at "Freedom for Poland Week" exercises at Faneuil Hall, Sunday, November 12:

Mr. Pucka, Toastmaster, the Honorable and Mrs. Archiseski, Members and Friends of the Polish American Congress:

As Acting Mayor of Boston I am proud to take part in these ceremonies—proud, too, that I also spring from a race in which there was restlessness without liberty—happy and proud that I can join with you and contribute in any way that I can towards the fulfillment of your objective in observing "Freedom for Poland Week." MAYOR HYNES LEADS BOSTON CITIZENS' EFFORTS TO OPPOSE TENTATIVE AUTO INSURANCE RATES—ISSUES DIRECTIVE TO LAW DEPARTMENT.

The following is the statement by Mayor Hynes on auto insurance rates:

I am directing the City Law Department to oppose the tentative schedule of compulsory automobile insurance rates when the public hearing is held November 27 and to investigate the reason for the \$2.50 increase for Boston.

It seems to me that Boston and several of the other cities in the metropolitan area are being penalized all out of proportion because of the increasing number of automobiles on our streets.

The statement that the insurance rates are going higher because of an increasing number of accident claims is not an adequate explanation. It is to be expected that the number of claims for accidents would increase in proportion to the number of cars that are registered. I will be interested in seeing statistics to determine whether the rise in claims is proportionately greater than the increase in the number of automobiles registered, since the insurance companies today obviously are taking in more money in premiums than ever before in the history of the state.

MAYOR JOHN B. HYNES APPROVES RECOMMENDATION OF BOARD OF STREET COMMISSIONERS FOR NAMING OF ADDITIONAL SQUARES AND INTERSECTIONS IN HONOR OF HEROES WHO LOST THEIR LIVES IN WORLD WAR II—PROPOSALS SENT TO CITY COUNCIL FOR CURRENT APPROVAL.

Mayor John B. Hynes has approved the recommendations of the Committee to Memorialize Veterans for the naming of intersections of streets and squares for eleven Boston citizens who gave their lives in World War II for their country. The communication from the Board of Street Commissioners to the Mayor reads as follows:

At a meeting of the Committee to Memorialize Veterans, held on November 14, it was voted to designate the following intersections in honor of the following-named veterans of World War II:

MAYOR HYNES HAS DISPATCHED 106 ADDITIONAL CHRISTMAS BOXES TO MEN AND WOMEN AT THE BATTLE FRONT IN KOREA IN NAME OF BOSTON'S CITIZENRY—SECOND SUCH SHIPMENT MADE IN TIME FOR CHRISTMAS ENJOYMENT AT THE FRONT.

Mayor John B. Hynes has announced that 106 additional Christmas boxes have been shipped, in time to reach Korea by Christmas, by the Christmas Festival Committee, to Boston men and women on duty in the Korea battle area. The boxes will be sent in the name of "the Grateful People of Boston."

"This will be the second shipment of Christmas boxes to residents of Boston on duty at Korea," the Mayor said. "The first shipment of boxes left here October 17.

"At that time the names of only 282 service men and women had been received by the committee. Since then 106 additional names have been received, with others expected to come, as units with Boston men and women arrive at the battle zone.

"The total amount of money subscribed by the public for the boxes, up to date is \$2,738.96. The total expenditures have been \$2,741, leaving a deficit of \$2.04. All of the money was raised through the cooperation of Boston radio stations and the newspapers, without any cost to the committee.

"I urge every man and woman in Boston to make a contribution to the

ACTING MAYOR HURLEY ADDRESSES FANEUIL HALL GATHERING.

(Continued from page 1153.)

always rise again" must be kept in mind. As has happened to others deserving. Poland will again take its proper place in the international scheme of things, because Poland is fundamentally a God-fearing, liberty-loving, humane nation. Yes, Poland will emerge from behind that

iron curtain of ruthlessness, and the godless forces now in power shall be put to flight.

Already, balloons carrying messages of hope and comfort to the people of Poland float over the dark shades of animal domination, and evil, brute force is destined for destruction.

America, which has known oppression, is doing its part. The United Nations of the world are determined to suppress communism and all that it means. America remembers the debt that it owes to men of Polish birth—Kosciusko, Pulaski and others—and it remembers that thousands of boys of Polish extraction took part in its defense.

America urges Polish Americans of this generation to keep in mind the duty they owe to civilization, to the end that the cruel Russian monster called a "bear" will end his existence as did Hitler, Mussolini, the Japanese war lords, and all others in the history of man's progress through the ages where there was failure to recognize that ultimately only universal observance of the Golden Rule must prevail if peace among the nations of the world is to be enjoyed.

God speed the day!

MORE CHRISTMAS BOXES SENT TO KOREA BY MAYOR HYNES.

(Continued from page 1153.)

Korea Christmas Box Fund. The men and women of this city on duty at Korea must not be forgotten. Needless to relate, they are offering their lives for us. The least we can do for them at this time is to remember them with a few Christmas gifts. All contributions should be sent to the Christmas Festival Committee, care of Robert Cutler, treasurer, 1 Federal street, Boston.

"Any surplus funds obtained through this solicitation will be spent at Christmas-time for the Korea wounded confined to Greater Boston hospitals."

MAYOR HYNES APPROVES DECISION OF FEDERAL POWER COMMISSION TO BRING NATURAL GAS TO NEW ENGLAND.

"I think the Federal Power Commission has acted wisely and in the public interest in its decision to have the New England area served with natural gas by two gas transmission companies," said Mayor John B. Hynes, in commenting on the Federal Power Commission action on natural gas for New England.

"This action should avert further delay caused by the controversy as to just how New England will be supplied with natural gas and bring this most economical fuel here at the earliest feasible date.

"It is important to Boston that we have natural gas here as quickly as possible not only because it will mean reduced fuel bills for our citizens but because it will enable our industries to compete on more even terms with those in other sections of the country.

"I am very pleased by the action of the Power Commission. The solution they have worked out seems fair to all concerned and, above all, to the people who are waiting for natural gas. I hope that no time will be lost in issuing certificates to the two companies which are to pipe the natural gas here."

MAYOR PRESIDES AT LAYING OF CORNERSTONE FOR NEW FIRE STATION FOR EAST BOSTON.

Mayor John B. Hynes presided at the laying of a cornerstone for the new fire station in the East Boston sector of the city on Wednesday afternoon, November 15.

This new station, which is located at the junction of Ashley and Blackinton streets, East Boston, will be manned by Engine Company 56 which will assume duties immediately.

In the acceptance of this station in East Boston, Mayor Hynes hopes to reduce all possible fire hazards in this area to a minimum, thus not only safeguarding the residents of that area but bringing about an increase in its property values.

MAYOR DISTURBED BY RECENT OUTBREAKS OF HOODLUMISM AND VANDALISM.

On November 9 Mayor Hynes issued the following statement:

I am disturbed by the recent outbreaks of hoodlumism and vandalism in our city. These outbreaks reflect a problem which we cannot ignore. Whatever may be the causes from which they stem, they must be ended. I am giving study to the proper steps that must be taken to see that they are ended.

MAYOR THANKED BY POLICE FOR EFFORTS IN BEHALF OF FIVE-DAY WEEK CAMPAIGN.

The following communication has been received at this office:

"BOSTON POLICE FIVE-DAY WEEK COMMITTEE,

1049 COLUMBUS AVENUE, ROXBURY,

November 11, 1950.

THE HONORABLE JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I wish to convey my personal thanks and those of the committee for your splendid support and cooperation in our recent five-day week campaign. We feel your personal endorsement of this cause was the deciding factor in obtaining a smashing victory.

The morale of the department will be greatly enhanced by a shorter work week. Boston police officers will now enjoy the five-day week like other city employees.

I feel certain that you will agree that the result of the Election proves that the citizens of Boston have confidence in their police force.

Yours truly,

LIEUT. PHILIP F. DENNEHY,
Chairman."

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

One hundred linear feet of sanitary sewer of 12-inch pipe in Old Colony Parkway (westerly side) between 1070 feet south of Mt. Vernon street and 100 feet southerly, in the Dorchester district, at an estimated cost of \$2,800.

On August 4, 1950, your Honor approved a contract to the Daniel Russell Boiler Works, Inc., for repairing and retubing boilers in various schools. This award was approved after advertising.

During the life of the contract additional retubing was found to be necessary in seventeen school buildings. This work was necessary in order to make the

boilers tight and ready for safe operation and must be done in order to secure certificates of operation required by the Department of Public Safety. All the work involved in the original contract, together with the extra work, was requested by the insurance company as a result of its annual inspection and the hydrostatic tests made while the work was being done.

In my opinion, the interests of the city are best served by having this work performed by the contractor already engaged under the original contract and that nothing would be gained by further advertising.

I therefore respectfully request your Honor's approval to amend said contract from the amount of \$5,380 to \$10,104.51.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

BOSTON, October 31, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

On September 29, 1950, your Honor approved a contract, without advertising, to Donato Antonellis for installation of structural lintels and beams over four window openings, rear elevation, tenth floor, School Administration Building, 15 Beacon street, Boston. Total cost of work covered by this contract not to exceed \$5,000.

The work called for under this contract is now substantially finished and it can be definitely ascertained that the cost of the work will be approximately \$2,400.

While the above work was going on and after scaffold had been suspended, it was found that the same dangerous condition as existed on the rear wall existed on side wall, and if anything, was a more dangerous condition. This could not be determined until scaffold had been suspended.

Concerning this matter, since it had been initially impossible, in view of the nature and location of the defective condition, to determine the exact amount of the work required to correct the dangerous condition, and since it has now been ascertained that so much more work needs to be done, I consulted the Law Department and was informed that it would be legal to amend the existing contract to include the additional work, therefore I respectfully request your Honor's approval to amend said contract to include the following work:

Transfer the scaffold from the rear wall to the side wall at the same elevation.

Remove and replace the corroded lintels on the side wall the same way as they were removed and replaced on the rear wall.

Point the masonry on the side wall from the sill of the windows where the lintels were changed to the parapet wall cap. This means the wall from the rear corner to the last lintel to be replaced and not to the front corner.

The same requirements regarding the cost of this additional work to prevail as outlined in letter dated September 19, 1950, and approved by your Honor, September 21, 1950.

The cost of this additional work, together with work called for in original contract approved September 29, 1950, is not to exceed \$5,000.

I am certain that such procedure will be in the best interests of the City of Boston.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

FIRE DEPARTMENT.

BOSTON, November 7, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Permission to award a contract, without public advertising, to Industrial Welding Company, 488 Dorchester avenue, South Boston, for making repairs to the pumper of Engine Company 27, which was badly damaged as the result of a recent accident.

Estimates for performance of the repair work were invited from several of the major auto repair concerns in and about Boston, but only two were received as follows:

Industrial Welding Company, \$2,996;
American LaFrance Foamite Corporation, \$5,826.06.

Inasmuch as the repair work should be performed as soon as possible it does not appear that any advantage would accrue to the city through publicly advertising for bids on the work, and in my opinion no lower price could be obtained for making the repairs.

Only recently the Industrial Welding Company performed a major repair job on Engine 22 hose wagon for the sum of \$675, which was approximately \$1,200 less than the estimate given by the second lowest bidder.

Respectfully yours,

MICHAEL T. KELLEHER,
Fire Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, October 30, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Your authority is requested to dispense with advertising and to issue service orders to the Northeast Weather Service and to Weather Services, Inc., for weather forecasting service covering the period from November 1, 1950, to April 30, 1951. The total amount to be paid for this service will exceed \$1,000, but neither firm will be paid more than \$685 for the service rendered.

The service to be furnished consists of weather forecasting advice telephoned twice daily to this department and immediate notice of any sudden changes in the latest forecast, long-range forecast for five days ahead, preliminary forecast 12 to 24 hours in advance, forecast of the approximate hour when snow will begin to fall, depth, character of the storm, etc.; time when temperature is expected to fall to freezing or below, when slush is on the streets, and 24-hour consultation service.

It is most important that this department receive early warning of impending snowstorms and the nature of those storms as far in advance as possible.

The services of two weather forecasting firms were employed last year and it is desirable that the same services be available for the coming winter.

Respectfully,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, October 31, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Under date of October 9, 1950, your Honor approved a contract for laying and relaying water pipes in Itasca street, Ellington street, and Greenwood street, Dorchester, and Maywood street, Roxbury, to Baker & Co., Inc., the lowest bidder, after publicly advertising for bids.

Due to the imminence of colder weather and the necessity of supplying water connections to homes in Vincent road and Latin road, West Roxbury, time will not permit of the advertising of bids for this work in order that it may be completed as soon as possible this year. The Baker & Co., Inc., firm has agreed with this department to do the work required in Vincent road and Latin road, West Roxbury, on the basis of the unit prices of their contract approved October 9, 1950.

It is my opinion, under the circumstances, that no advantage would be gained by publicly advertising for bids because of the reasons outlined above. Your approval is respectfully requested, therefore, to the award of a contract, without publicly advertising for bids, for laying and relaying water pipes in Vincent road and Latin Road, West Roxbury, to Baker & Co., Inc., 3475 Washington street, Boston, in the sum of \$3,460, based on the unit prices as set forth in the contract approved October 9, 1950.

Respectfully,

GEORGE G. HYLAND,
Commissioner of Public Works.

BOSTON, November 8, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Recently, similar contracts for repairing bituminous macadam pavements, where openings had been made by the Water Division of this department, were awarded to Martin J. Kelly Company, Inc., in the amount of \$4,000, and to Ward General Contracting Company in the same amount. The above-referenced amounts have been totally expended by these contractors in carrying out the terms of the contracts, but there is a great deal of macadam repairing work still to be done.

It would be most advantageous to the city if as much of this repair work as possible were done in the next few weeks, and, if the present ideal weather conditions continue, many of the areas that are in the worst condition can be repaired before the start of cold weather.

These contractors are expert in this type of work and they are performing similar repairs for the public utility companies in all sections of the city. The price for which they agreed to do this work for the department, in my opinion, is fair and reasonable, and no advantage, therefore, would accrue to

the city in publicly advertising for bids. Aside from this point, due to the lateness of the season, it would be impossible to publicly advertise for proposals and have any of this work done during the present construction season.

I respectfully request your approval, therefore, to the awarding of contracts, without publicly advertising for proposals, to the contracting firms of Martin J. Kelly Company, Inc., 95 Prince street, Jamaica Plain, and to Ward General Contracting Company, 157 Hampden street, Roxbury, for effecting repairs to bituminous macadam pavement areas in locations where openings have been made by the Water Division of this department, in connection with the maintenance and repair of the water system.

It is understood that the work done by either of the above-referenced contractors will not exceed \$2,000; and it is further understood that the total sum of \$4,000 for both contracts will be charged to the budget of the Water Division of this department.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

Boston, October 30, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from the Boston City Hospital for immediate delivery of 576 aluminum pitchers. On October 17, 1950, quotations were solicited among the leading supply houses of institutional kitchen equipment. Five bids were received and the Boston China Company submitted the lowest price of \$3.55 each pitcher.

Inasmuch as prices were received from all the vendors who submitted bids on the last public bid, no advantage would be gained by publicly advertising. Since time is of the essence, it is respectfully requested that permission be granted me to dispense with public advertisement and award a contract to the Boston China Company, the lowest bidder, and last supplier, as a result of public advertisement.

Total amount of contract will be \$2,044.80, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, October 31, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of several requisitions from the Water Division of the Public Works Department for water fittings.

Requests for prices were solicited among the three manufacturers and two bids were received. Owing to the possibility of government controls and also the present conditions of the copper market, it is respectfully requested that authority be granted me to award a contract, without public advertisement, to Mueller Company for the items on which this company can make delivery immediately or in the near future. For the same reasons, it is also requested that authority be granted me to issue

orders for the remaining items to Hays Manufacturing Company.

Total amounts of awards are as follows: Mueller Company, \$2,289; Hays Manufacturing Company, \$856.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

Boston, November 8, 1950.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of a requisition from your chief clerk for ten (10) Royal typewriters as specified.

It is respectfully requested to award a contract, without public advertisement, to Royal Typewriter Company, manufacturer of the typewriters requested. Inasmuch as Royal typewriters have been requested, no advantage could be gained by publicly advertising for prices.

Total amount of contract is \$1,334.55, net.

Respectfully yours,

JOHN V. MORAN,
Superintendent of Supplies.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

A. Singarella & Son, have been directed to perform the following extra work under the contract for laying bituminous concrete pavement in Bynner street, Catawba street, Cheney street, Hutchings street, and Laurel street, dated August 4, 1950.

Items ordered: Furnish, haul, and set new 2-foot corners for new driveways, including the cutting of the existing edgestone, excavation, labor and equipment, for the sum of \$20 per corner in the following streets: Hutchings street (22 corners), Catawba street (20 corners), Laurel street (8 corners), and Cheney street (4 corners). Estimated cost of extra work, \$1,080.

Walter Reed Corporation has been directed to perform the following extra work under the contract for sheet asphalt pavement in Haviland street, Ipswich street, and Washington street, dated August 10, 1950.

Items ordered: Remove and dispose of 643 square feet of reinforced concrete sidewalk, including labor and equipment, at \$1.10 per square foot; remove 20 linear feet of existing edgestone, and set in new location, at \$1.25 per linear foot. Estimated cost of extra work, \$732.30.

Baker & Co., Inc., have been directed to perform the following extra work under the contract for laying sheet asphalt pavement in Washington street, Ward 17, from Talbot avenue to Bowdoin street, dated July 31, 1950.

Items ordered: Reset existing Bradley head catch basin stone, including preparing site labor, material, and equipment, for the lump sum of \$25; cut existing edgestone and set one 2-foot corner, furnished by the City of Boston, for the lump sum of \$10; break out old existing concrete curb and set approximately 8 linear feet of straight edgestone (furnished by the City of Boston) near gas station, at Melville avenue, for the lump sum of \$15; make two cuts and remove approximately 8 linear feet of edgestone at tree, in front of No. 363 Washington street, for the lump sum of \$20. Estimated cost of extra work, \$70.

S. J. Tomasello Corporation has been directed to perform the following extra work under the contract for laying bituminous concrete pavement in Denby road, Eisen street, Gloria road, and Starr Lane, dated June 29, 1950.

Items ordered: In Starr Lane, rebuild one catch basin, including excavation, backfill, equipment, and labor. Price to be paid, the sum of \$50. Estimated cost of extra work, \$50.

ADDITION TO CONTRACT.

FIRE DEPARTMENT.

Approval has been given for the following addition in the contract of M. S. Kelliher Company for the erection of the new Headquarters Building and garage on Southampton street, Boston:

Addition No. 7.

Furnish labor and material for cutting off part of storeroom on second floor for use as rest room, including installation of partitions, plastering, and revisions to heating and electrical work; also installation of combination cabinet, \$2,440.87.

Original contract, \$1,684,932; additions, Nos. 1, 2, 3, 4, 5, 6, and 7, \$19,218.90; total contract, with additions, \$1,704,150.90; deductions, Nos. 1, 2, 3, 4, and 5, \$11,005; total contract, with additions and deductions, \$1,693,145.90.

The additional work is necessary in order that part of a large storeroom on the second floor may be utilized as a rest and recreation room by the employees of the Fire Commissioner's Office. This particular work was not contemplated in the original contract, but it is incidental thereto.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACT.

FIRE DEPARTMENT.

Approval has been given for the following additions and deductions in the contract of M. S. Kelliher Company dated December 30, 1949, for the erection of the new Headquarters building and garage on Southampton street, Boston:

Addition No. 4.

Furnish labor and material for installing explosion-proof electrical equipment for motor-operated door to apparatus paint shop, \$308.86.

Addition No. 5.

Additional caissons, work including rock excavation on same. Also, testing soil on 129 caissons, \$3,052.61.

Addition No. 6.

Rock excavation in areas outside caisson work, \$7,145.84.

Deduction No. 3.

Amount carried in contract for load-bearing tests in connection with anticipated additional work involving caissons for foundation bearings which will not be expended and which is deducted in amount of \$2,500.

Deduction No. 4.

Allowance carried in contract for gasoline tanks and pumps which will not be expended and is deducted in amount of \$4,000.

Deduction No. 5.

Amount carried in contract allowance for installation of auto lifts which will not be expended and is deducted in the amount of \$4,000.

Original contract, \$1,684,932; additions Nos. 1, 2, 3, 4, 5, and 6, \$16,778.03;

total contract with additions, \$1,701,-710.03; deductions, Nos. 1, 2, 3, 4, and 5, \$11,005; total contract with additions and deductions, \$1,690,705.03.

A motor-operated door is called for in contract for apparatus paint shop. The Fire Department requires explosion-proof door operating equipment which was not included in the original contract.

Considerable additional caisson work was necessary, including excavation of large granite boulders and several granite walls of old buildings which were found below the surface. Because of soil conditions, it was necessary to test the strata below 129 caissons and also excavate to extra depths on many of the caissons.

In connection with general excavation aside from the caisson work, the same rock condition was found in various parts of the area covering excavation for sewers, boiler room, truck lifts, sprinkler trench, and water tanks. This additional excavation work is in accordance with the provisions of the contract.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for the extension of the time of completion of the contract with Emerson Electrical Manufacturing Company for installing emergency lighting with generator at the Charlestown High School, from September 30, 1950, to November 15, 1950. This extension was requested due to a delay in receiving necessary material.

HOSPITAL DEPARTMENT.

Sanatorium Division.

(Contract for Remodeling Domestic Building and Basements of Wards A, B, and C at the Boston Sanatorium.)

Mr. Solimando has been allowed to amend the contract as follows:

It is agreed that the words "one hundred and fifty (150) days" appearing in the contract between the City of Boston and M. Solimando, dated December 15, 1949, be stricken out and the word and figures "October 31, 1950," be substituted in their place.

All other provisions of the aforesaid contract not inconsistent herewith shall remain in full force and effect.

Approval has been given for an extension of time from September 30, 1950, to December 31, 1950, on the contract of Remington Rand, Inc., for microfilming prepared medical records, Boston City Hospital. This extension is necessary because of delay beyond the control of the contractor in commencing the work to be done under this contract.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract with General Ship and Engine Works, Inc., 336 Border street, East Boston, for general repairs to ferryboat "Charles C. Donoghue," to November 17, 1950. This extension was requested for the reason that the contractor has been delayed on account of the Westinghouse Electric Company not completing repairs to generators and blower in time.

Approval has been given for the extension of the time of completion of the contract with J. J. Struzziery Company, Inc., dated July 28, 1950, for

sewerage works in Manila avenue, Vaughan street, Nelson street, Como road, and Imbaro road, Hyde Park, from September 28, 1950, to November 4, 1950. This extension was requested due to extra work made incident to the contract.

Approval has been given for the extension of the time of completion of the contract with A. Singarella & Son, 22A Tremlett street, Dorchester, for bituminous concrete pavement in Barry park, Hautevale street, Imbaro road, Sunnybank road, and Vallaro road, from November 1, 1950, to December 31, 1950. This extension was requested for the reason that the contractor was delayed in securing delivery of ready-mixed concrete.

CHANGE IN CONTRACT.

HOSPITAL DEPARTMENT.

M. Solimando has been ordered to make the following changes in the contract, dated August 7, for additions and alterations to Dowling Building, Boston City Hospital:

To do necessary work in connection with removal of fire alarm cable encountered during excavation, including temporary connections, and furnishing and installing new 2-inch conduit enclosing 15 wires, a distance of approximately 420 feet, as ordered by the Fire Department, and the Signals System Engineering Company. This shall also include cutting through foundation walls and floors, hand excavation for trenches, and general cutting and patching, all in accordance with proposal dated October 23, 1950, and proposal of the M. B. Foster Electric Company, dated September 29, 1950, for the sum of \$3,175.60.

To do necessary work in connection with roof drain located in existing chapel wing, which formerly illegally ran into a dry well, and furnish and install all connections and excavation and fill for proper connections as approved by the Sewer Department. This is in accordance with proposal dated October 24, 1950, and the proposal of Ferris & Mahoney Company, plumbing subcontractors, dated October 24, 1950, for the sum of \$461.

Total addition, \$3,636.60.

Deduction: allowances carried in contract: Additional electrical apparatus, \$1,900; pile tests, \$900—\$2,800.

Total addition, this change order, \$836.60.

Summary of Contract: Original contract, \$358,472; change order No. 1, deduct, \$966.61—\$357,505.39; this change order No. 2, add, \$836.60; total amount of contract to date, \$358,341.99.

OMIT AND SUBSTITUTE WORK UNDER CONTRACTS.

PUBLIC WORKS DEPARTMENT.

A. Singarella & Son have been directed to omit and substitute the following work under the contract for bituminous concrete pavement in Byner street, Catawba street, Cheney street, Hutchings street, and Laurel street, dated August 4, 1950.

Items ordered: Omit resetting of approximately 1,400 linear feet of edgestone in Hutchings street at 60 cents per linear foot and substitute approximately 1,400 linear feet of edgestone to be excavated, relocated, and set, in order to straighten edgestone line because of tree roots, at 80 cents per linear foot. Estimated cost of substituted work,

\$1,120; estimated cost of omitted work, \$840; estimated increase in cost, \$280.

Walter Reed Corporation has been directed to omit and substitute the following work under the contract for sheet asphalt pavement in Haviland street, Ipswich street, and Washington street, dated August 10, 1950.

Items ordered: Omit the building of one catch basin in Ipswich street and substitute the following work:

Furnish and lay 76 linear feet of 12-inch reinforced concrete drain pipe at \$2 per linear foot; furnish and place 19 cubic yards of concrete (Class 30) around drain pipe at \$15 per cubic yard; excavate and remove 50 cubic yards of earth and backfill by hand at \$4 per cubic yard; construct two drop inlets, including labor, material, and equipment, at \$75 per drop inlet. Estimated cost of substituted work, \$787; estimated cost of omitted work, \$350; estimated increase in cost, \$437.

Beacon Piping Company has been directed to omit and substitute the following work under the contract for new heating system and other mechanical work at the Calf Pasture Pumping Station, dated October 2, 1950.

Items ordered: Omit under Item 1, all piping 3 inches in diameter and over shall be flanged, \$699; substitute under Item 1, all piping 3 inches in diameter and over shall be welded, \$553.12; estimated reduction in cost for substituted work, \$145.88.

RECENT FEDERAL ACTIONS AFFECTING CITIES.

The Housing Act of 1949, approved on July 15, authorized a uniform 10 per cent payment to cities in lieu of taxes on housing projects, but the independent offices appropriation bill passed on August 15 contains a provision that for the fiscal year ending June 30, 1950, only payments provided for in the original contract between the housing authority and the city are authorized for federal reimbursement.

Federal aid for hospital construction has been approved for nearly 800 projects; more than 600 are general hospitals and the great majority are in towns of under 10,000 population.

TRAFFIC SAFETY AWARDS WON BY CITIES.

Cities winning awards for excellence in traffic safety have recently been announced in three national contests. A total of 578 cities with populations over 10,000 participated in the traffic safety contest conducted by the National Safety Council, and cities winning first place in their population groups were Washington, D. C.; Syracuse, New York; Berkeley, California; Jackson, Michigan; and Belmont, Massachusetts. Peru, Indiana, and Stillwater, Oklahoma, tied. The national grand award for cities was won by Washington, D. C. Cities winning second and third places were Buffalo, New York; Milwaukee, Wisconsin; Oklahoma City, Oklahoma; Kansas City, Missouri; Arlington, Virginia; Wichita and Topeka, Kansas; Oak Park, Illinois; Burlington, Iowa; Plainfield, New Jersey; Klamath Falls, Oregon; and Albert Lea, Minnesota. Other awards included a special honor roll of 92 cities of more than 10,000 population which completed 1948 without a traffic death.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of September 20, 1948, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Colchester street, be, and the same hereby is, amended, by adding to said order the amount \$180 as an award to Henry M. Dean; that the amount \$180 be, and the same hereby is, awarded to Henry M. Dean for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of September 30, 1948, as amended, determining damages caused by the making of the public improvement consisting of the laying out of Ansonia road, be, and the same hereby is, amended, by adding to said order the amount \$193.86 as an award to John J. and Anna G. Crowley, husband and wife, as tenants by the entirety; that the amount \$193.86 be, and the same hereby is, awarded to John J. and Anna G. Crowley, husband and wife, as tenants by the entirety, for the damages so sustained.

including the private way known as Milton street, from Moore street to Harmony street; and

Whereas, The Law Department of the City of Boston has informed this Board that property formerly owned by Gaetano Asci and Diomira Asci, situated on said street, was taken by the Metropolitan Transit Authority on December 16, 1949; it is

Voted, That part of said order creating an assessment lien on Lot 11, Gaetano Asci, Diomira Asci, \$500, be canceled.

POLICE DEPARTMENT ORDERS.

General Order No. 1,379.

In accordance with the provisions of chapter 735, Acts of 1950, a Detective Bureau is hereby established in the Boston Police Department effective Monday, November 6, 1950, at 7.45 o'clock A.M.:

"Chapter 735, Acts of 1950.

"The Commonwealth of Massachusetts.

"In the Year One Thousand Nine Hundred and Fifty.

"An Act Creating a Detective Bureau in the Police Department of the City of Boston and Establishing the Compensation of the Members of Such Bureau.

"Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

SECT. 1. A detective bureau is hereby established in the police department of the city of Boston, with the following grades: Lieutenant detective, sergeant detective, first-grade detective, second-grade detective and third-grade detective. As soon as may be after this act becomes fully effective, the police officers, including superior officers, serving in the bureau of criminal investigation in the police department of said city, and the officers assigned to and carrying on criminal investigation work in the divisions of said department, shall be classified as detectives and become members of said bureau. The police commissioner for the city of Boston shall have the right to assign any of said detectives to any division or department of said police department and they shall come under the supervision of the superior officers of the division or department to which they have been assigned. Police officers so classified with the grade of lieutenant shall thereby qualify for the grade of lieutenant detective, those with the grade of sergeant shall thereby qualify for the grade of sergeant detective. Patrolmen special officers, so called, so classified who have performed criminal investigation work for ten years or more shall thereby qualify for rating as first-grade detective. Patrolmen who have performed such work for five years or more, but less than ten years, shall thereby qualify for second-grade detective, and patrolmen who have performed such work for less than five years shall thereby qualify for third-grade detective. The police commissioner may transfer to the grade of third-grade detective the regular patrolmen who have performed extraordinary and outstanding service in line of duty if he is of the opinion that such promotion is desirable and in the best interests of the service; provided,

that in making such transfers, the requirements of chapter thirty-one of the General Laws need not be complied with; and provided, further, that such transfers shall be reported to the division of civil service as provided in section eighteen of said chapter thirty-one. For the purpose of promotions under section twenty of said chapter thirty-one, to the grades of captain, lieutenant and sergeant respectively, the grades of lieutenant and detective lieutenant shall be deemed to be in the next lower grade to that of captain; the grades of sergeant and sergeant detective shall be deemed to be in the next lower grade to that of lieutenant; and the first-grade detective, second-grade detective, third-grade detective and patrolman shall be deemed to be in the next lower grade to that of sergeant."
